

HOW CAN I CLEAR MY AGENCY'S ERRORS ON THE ZX02 MISMATCH REPORT??

(Part Three)

Issued 12/30/05

This week we will review how to correct the following ZX02 errors:

NO IT0016 EXISTS,

NO PERM STAT DATE

and

ERROR - PERM STAT DATE

NO IT0016 EXISTS This employee is a classified state employee but has no **Contract Types** infotype (0016) to indicate employment status. To remove this error from ZX02, a Contact Types infotype should be stored for the employee with the correct information.

NO PERM STAT DATE This employee is a classified permanent state employee but has no **Permanent Status Date** stored on the **Contract Types** infotype (0016). To remove this error from ZX02, a Permanent Status Date should be stored for the employee on the Contact Types infotype.

ERROR - PERM STAT DATE This employee is **not** a classified permanent state employee but has a Permanent Status Date stored on the **Contract Types** infotype (0016). To remove this error from ZX02, the Permanent Status Date on this employee's Contact Types infotype should be removed.
