

STATE OF LOUISIANA
TECHNOLOGY ADVISORY GROUP
MEETING AGENDA

November 19, 2009, 1:30 PM
Bienville Building, Room 173

I. OIT Priorities

Procurement

Discussion by OIT of the expectations/role TAG can play in framing enterprise agreements

Establishment of task oriented, focused committees to assist with the development of enterprise agreements and/or streamlined procedures for the procurement of:

- Workstations
- Printers
- Storage Area Networks
- Servers
- Software
- Consulting Services

Shared Services

Develop a list of services that could potentially be shared across departments at a lower overall service delivery cost while providing higher customer satisfaction

Network Consolidation

II. Topics of interest/concern presented by TAG committee members

Examples: Hardware/software maintenance costs
Cloud computing
Virtualization
Ideas for cost reduction taken from other states

III. Establishment of priorities, committees, tasks and timelines for TAG initiatives
