

## List of Louisiana Pricing Schedule (LAPS) Contracts

You can do a "string search" by pressing Ctrl-f to do a Find. Enter any portion of the record for which you are searching and it will go to the record below containing a matching string.

To view contracts coupled with any of the T-numbers, to directly search on the Contract Number listed, click on the applicable field, and you will be taken to LA eCAT search. Either type in the T-Number or Contract Number in the appropriate field, click "Find it" and the contract(s) will populate on your screen. If a specialized website is tied to your contract selection, in lieu of linking to LA eCAT, you will be directly linked to the associated web address.
