## 7100 Power Scrubber

Cleans quickly, quietly with fume-free battery power.

More productive and cost-effective than a walk-behind scrubber.

Scrubs aggressively.

Extremely quiet 72 dBA operation.

Small, 28" path allows unit to get into close, congested areas.

On-board electronic self-diagnostics.

		<u>Part Number</u>	<u>1 unit</u>	<u>2-5 units</u>	<u>6-8 units</u>
<b>7100 Scrubber 28" Disk</b>	<b>Scrubber, Battery Power, Model 7100 with Disk Brushes, 28" scrubbing path and frame no wider than 33". Dispenses solution, scrubs with two disk brushes, and vacuum from a 30-gallon is recovered into a 45-gallon (includes a dries in one pass dirty solution demisting chamber) recovery tank. The scrubber has a scrub head that will allow it to clean flush next to walls and pallets. It has on-board electronic self-diagnostics. This is designed to check the actuators, propelling system, brush motors, vacuum fan, and other sensors. Should any problems be detected, the control panel will indicate to the operator and/or the mechanic what needs to be corrected. No-tool squeegee blade replacement. Powered by a 36-volt, 244 amp hour battery pack (#390828). Includes a 25 amp, 12-volt "smart" charger, headlights, power shutdown button, a Nationally Recognized Testing Laboratory Label on the machine, an automatic squeegee lift, and two nonscuff poly brushes (#222320). The vacuum fan shall be protected by an inline synthetic filter.</b>	M7100	\$11,038.33	\$10,868.51	\$10,698.68
<b>7100 Scrubber 28" Cylindrical</b>	<b>Scrubber, Battery Power, Model 7100 with Cylindrical Brushes, same as above, but with cylindrical scrub brushes and debris pickup capability. Includes two cylindrical scrub brushes (#374041).</b>	M7100	\$11,724.05	\$11,543.67	\$11,363.30
<b>7100 Scrubber 32" Disk</b>	<b>Scrubber, Battery Power, Model 7100 with Disk Brushes, 32" scrubbing path, same features as 7100 28" Disk machine above. Includes two nonscuff poly brushes (#30241).</b>	M7100	\$11,724.05	\$11,543.67	\$11,363.30

## T16 Power Scrubber

Cleans quickly, quietly with fume-free battery power.

More productive and cost-effective than a walk-behind scrubber.

Scrubs aggressively.

Extremely quiet 73 dBa operation.

Small, 36" path allows unit to get into close, congested areas.

FaST® - Foam-action Scrubbing Technology System. The only scrubbing system certified by NFSI to increase floor traction up to 21%.

		<u>Part Number</u>	<u>1 unit</u>	<u>2-5 units</u>	<u>6-8 units</u>
<b>T16 Scrubber Disk</b>	<b>Scrubber, Battery Power, Model T16 with Disk Brushes, 36" scrubbing path, and frame no wider than 40.25". Dispenses solution from a 45-gallon solution tank, scrubs with two disk brushes, and vacuum dries in one pass. Dirty solution is recovered into a 55-gallon recovery tank with a 20-gallon demisting chamber. Comes with Solid State Electronic Touch Panel Controls with On-Board Diagnostics. Unit has automatic parking brake, squeegee lift, water shutoff, brush shutoff when idle and brush shutoff at 80% battery discharge. Unit also includes No Tool Squeegee and Brush Change, headlights and taillights as well as Underwriters Laboratory (UL®) "E" Certification.</b>	MT16D	\$18,286.48	\$17,901.49	\$17,516.51

## **MODEL 7300 POWER SCRUBBER**

**Cleans quickly, quietly with fume-free battery power.**

**Scrubs aggressively.**

**Easy to operate, scrubs up to a 48" path.**

**Leaves any floor - whether smooth or rough - nearly dry and spotless.**

**FaST® - Foam-action Scrubbing Technology System.**

### **7300 Scrubber Disk w/MaxPro® 1000**

**Scrubber, Battery Power, Model 7300 Disk Brushes w/MaxPro® 1000**, 40" scrubbing path with a frame no wider than 45". Dispenses solution from a 57-gallon solution tank, scrubs with two disk brushes and vacuum dries in one pass. Dirty solution is recovered into a 74 gallon (including the demisting chamber) recovery tank. The sliding scrub head allows it to clean flush next to walls and pallets. To prevent damage, the scrub head retracts on impact. It has on-board electronic self-diagnostics. This is designed to check the actuators, pumps, brush motors, vacuum fan and other sensors. Should any problems be detected, the control panel will indicate to the operator and/or the mechanic what needs to be corrected. Scrub head automatically lifts in reverse, when machine is in idle, or when batteries reach 80% discharge. Slide on/off squeegee blade replacement. Has recovery tank warning light, automatic vacuum fan shutoff, plugged recovery system indicator (363328), battery discharge indicator with hour meter, a Nationally Recognized Testing Laboratory Label on the machine and two brushes (14953). **Does not include battery and charger.**

<b>Part Number</b>	<b>1 unit</b>	<b>2-5 units</b>	<b>6-8 units</b>

## M20 Power Scrubber-Sweeper

Cleans quickly. Gasoline, LP or Diesel power available.

FloorSmart™ - Patent-pending, single solution for both scrubbing and sweeping, combined with a high capacity, high dump debris hopper.

Includes FaST® (Foam Action Scrubbing Technology) as well as 1-Step™ Button Memory Controls for scrubbing and sweeping ease.

2-year/2,000 hour warranty on all components except normal wear items, 6 months labor.

### **M20 Gasoline Scrubber-Sweeper**

**Scrubber-Sweeper, EPA Certified Gasoline Engine Power, Model M20**, 40" cleaning path, dispenses solution from a 52-gallon hygienic solution tank, scrubs and sweeps with two hybrid scrub/sweep brushes. Dirty solution is recovered into a 72-gallon (including the 16-gallon demisting chamber) hygienic recovery tank. The scrubber-sweeper is equipped with a multi-level dump debris hopper and a dual-seal panel filter. It is also equipped with a tilt steering wheel with horn, deluxe suspension seat, retractable seat belt and ergonomic propel pedal. The unit has LCD screen display with fuel level indicator, oil pressure and hydraulic temperature indicators, clogged filter indicator and recovery tank full/solution tank empty indicator. The unit has built-in maintenance diagnostics with service reminder. Comes with 1-Step™ Button Memory controls for scrubbing and sweeping as well as No Tool squeegee and brush change and InstantAccess™ No Tool panel filter change.

## 8300 Power Sweeper/Scrubber

**Cleans quickly, quietly with fume-free battery power.**

**Sweeps and scrubs aggressively.**

**Easy to operate, scrubs up to a 48" path.**

**Leaves any floor - whether smooth or rough - nearly dry and spotless.**

**FaST® - Foam-action Scrubbing Technology System.**

**2-year/2,000 hour warranty on all components except normal wear items, 6 months labor.**

### **8300 Disk 1000 Sweeper/Scrubber**

**Sweeper/Scrubber, Battery Power, Model 8300 Disk with MaxPro® 1000**, 40" scrub path with a frame no wider than 45". Dispenses solution from a 57 gallon solution tank, scrubs with two disk brushes and vacuum dries in one pass. Dirty solution is recovered into a 74-gallon (including the demisting chamber) recovery tank. The sliding scrub head allows it to clean flush next to walls and pallets and retracts on impact to prevent damage. The sweeper/scrubber is equipped with a 60" multi-level dump debris hopper and a 52.5 sq. ft. dust filter that traps dust to 3 microns. When the hopper is raised the brushes are deactivated. The dust filter is cleaned with a timed filter shaker motor. The unit includes an automatic fire sensing device that is permanently mounted, resettable and maintenance free. The fire sensing device automatically shuts down the vacuum fan and power steering. It has on board electronic self-diagnostics. This is designed to check the actuators, pumps, brush motors, vacuum fan and other sensors. Should any problems be detected, the control panel will indicate to the operator and/or the mechanic exactly what needs to be corrected. Scrub head automatically lifts in reverse, when the machine is in idle or when batteries reach 80% discharge. Slide on/off squeegee blade replacement. Has recovery tank warning light, headlights and taillights, automatic vacuum fan shutoff, plugged recovery system indicator, battery discharge indicator with hour meter, a Nationally Recognized Testing Laboratory Label on the machine, one 363868 sweeping main brush, one 87419 side sweeping brush and two 14953 scrubbing brushes. **Does not include batteries and charger.**

## R14 DUAL TECHNOLOGY CARPET MAINTAINER

Carpets are clean, dry and ready for traffic in less than 30 minutes with ReadySpace® technology.

Remove even the most deeply-embedded dirt from carpets with powerful restorative extraction.

ReadySpace® technology uses 80% less water, and leaves behind up to 90% less water versus traditional extraction, helping to reduce mold growth and increasing environmental health and safety.

The R14 has superior ergonomics to prevent operator fatigue.
