Section 1.0 – General

1.1 - INTRODUCTION

This manual is intended to acquaint vendors with Louisiana's procurement process and encourage them to become suppliers to the State of Louisiana. State Purchasing developed it, but most of the information included is also applicable to state agencies. Procurement is a major activity for the state, and the system is designed to ensure a fair and equitable treatment of all persons who participate in the procurement process. You are an important element in this process and your participation is crucial to the success of existing and new programs.

Procurement is rapidly changing at State Purchasing to meet the needs of the agencies we serve. We continue to look for ways to improve existing programs and create new and innovative programs to obtain the best value for goods and services. You will find information on some of our programs and processes in this guide such as the RFP, La Carte (the procurement card), and LaPAC (Louisiana Procurement and Contract Network). As part of the LaPAC program you as a vendor have the opportunity to publicize your business to potential buyers and obtain a listing of other registered businesses. You will also find information on our contracting methods with Master Pricing Agreements and Internet Catalog Contracts. In the future, we plan to implement the Vendor Performance Program that will include tracking of contract compliance and performance, recognition of vendor excellence, and vendor training. Visit our website often at <http://www.doa.louisiana.gov/osp>, where you

will find the latest information to familiarize you with our programs.

This is provided as a general guideline to help you understand some of the processes. Nothing contained herein shall be construed to amend or override any statute, rule, regulation, policy or procedure of the State of Louisiana, or the provision of any document used in any competitive procurement. State Purchasing reserves the right to modify this manual without prior notice and without issuance of such modification to all holders of the manual.

You are encouraged to visit our office. An appointment made in advance will enable productive utilization of time for both parties. Our business hours are 8:00 to 5:00 weekdays excluding State holidays. Vendors should bring catalogs, brochures, descriptive material, and price lists to familiarize the State Purchasing Officer with their products and services. A list of State Purchasing Officers with telephone numbers, E-mail addresses and their commodities can be found on our website.

Any “qualified individual with a disability” as defined by the Americans with Disabilities Act who wishes to attend a scheduled meeting or has submitted a bid and desires to attend the meeting or bid opening, must notify this office in writing not later than seven days prior to the meeting or bid opening date of their need for special accommodations. If the request cannot be reasonably accommodated, the individual will be informed prior to the meeting or bid opening.

State Purchasing

1.2

OUR VISION

Simplify and improve the procurement process.

OUR MISSION

The mission of State Purchasing is to develop and implement sound procurement practices in accordance with executive policy and legislative mandates, and to provide quality and timely services to the agency and vendor communities.

OUR PHILOSOPHY

Be **P**roactive in recommending and implementing legislative, policy and procedural changes.

Be **R**esponsive to management and customer needs.

To **O**versee the process to ensure that goods and services are purchased within legal parameters.

To **C**ommunicate timely and effectively with state agencies, vendors, and executive and legislative management.

Be **U**niform in dispensing interpretations of the Procurement Code.

To **R**esolve issues in a timely and professional manner.

To **E**ncourage innovation and better value for state purchases.

To **M**anage change effectively and efficiently.

Be **E**thical in the performance of all of our duties.

To **N**otice and give recognition for the good work of others.

Be **T**eam players and actively promote collaboration to achieve mutual goals in the best interest of the state.

To **S**implify the purchasing process wherever possible.

1.3 – Location and Address

State Purchasing is located on the 2nd floor of the Claiborne Building. A map with directions is on the next page.

The U. S. Postal Service does not make deliveries to our physical location.

Bidders are solely responsible for ensuring that their courier service provider makes inside deliveries to our physical location. The Office of State Purchasing is not responsible for any delays caused by the bidder's chosen means of bid delivery. Bidders are solely responsible for the timely delivery of their bids. Failure to meet bid opening dates and times shall result in rejection of bids.

Our mailing address:

Section 2.0 – Purposes and Policies

Purposes and Policies of the Central Purchasing Office (RS39:1552.B)

(1) To simplify, clarify, and modernize the law governing procurement by this state.

(2) To permit the continued development of procurement policies and practices.

(3) To provide for increased public confidence in the procedures followed in public procurement.

(4) To ensure the fair and equitable treatment of all persons who deal with the procurement system of this state.

(5) To provide increased economy in state procurement activities by fostering effective competition.

(6) To provide safeguards for the maintenance of a procurement system of quality and integrity.

Section 3.0 – Authority and Responsibility

3.1 - Authority and Duties of the Commissioner of Administration (RS39:1561)

The Commissioner shall have the authority and responsibility to promulgate rules and regulations governing the procurement, management and control of any and all supplies, services and major repairs required to be procured by most state agencies.

3.2 - Authority of the State Director of Purchasing (RS39:1564)

The Director serves as the central procurement officer of the State. The director, within the limitations of regulations, shall:

- Supervise the procurement of all supplies, services and major repairs needed by the state
- Adopt rules governing the internal procedures
- Exercise supervision over all inventories of warehoused supplies belonging to the state
- Establish and maintain programs for the inspection, testing and acceptance of supplies, services and major repairs

3.3 - Delegation of Purchasing Authority (RS39:1566)

Each non-exempt state agency is formally delegated a purchasing authority in writing by the Director of State Purchasing within certain dollar limits based on the number of purchasing classifications, training, and performance. This is known as a “Delegated Purchasing Authority” (DPA). Non-exempt agencies may process purchases within their delegated authority unless excluded by other provisions such as labor and material project purchases.

Non-contract purchases over a non-exempt agency’s delegated authority are sent to State Purchasing for processing.

Exempt and non-exempt agencies must submit all vehicles, certain telecommunication purchases, and certain information technology purchases for processing and/or approval by State Purchasing.

Section 4.0 – Ethics

Vendors should refrain from offering anything of economic value to a state employee who exercises procurement responsibility or influences procurement

decisions. Questions concerning ethics should be directed to the Louisiana Board of Ethics. The ethics law (RS42:1101-1170) can be searched from our website under legal information.

Section 5.0 – Procurement Statutes, Rules and Regulations, and Small Purchases Executive Order

5.1 - Statutes Governing Procurement
State Purchasing’s primary objective is to serve the taxpayers of this state, the departments for which it acts as an agent, and the business community through the use of sound, prudent, and consistent competitive bidding practices. Political and arbitrary considerations do not affect awards. State Purchasing makes decisions according to purchasing rules and regulations that are in the State’s and therefore its taxpayers’ best interest.

State Purchasing operates under the authority of numerous statutes. The primary statutes governing procurement are listed:

RS 38:2211 - 2296	Public Contracts
RS 39:196 - 200	Data Processing
RS 39:1551 – 1755	La. Procurement Code
RS 39:1761	Lease/Purchase
RS 42:1101 – 1170	Code of Ethics
RS 43:1 - 34	Printing
RS 43:111 - 211	Advertisements
RS 44:1 – 41	Public Records

5.2 - Exemptions (RS 39:1572)

The following agencies are exempt from central purchasing (except for certain commodities) but may avail themselves to the central purchasing facilities whenever the best interest of such governmental body and the State may be served. These agencies are subject to the requirements of the Louisiana Procurement Code and the Rules and Regulations:

- Louisiana State University System (This includes the Health Care Service Division that operates the charity hospitals).
- Southern University System
- Board of Trustees of State Colleges and Universities System
- Vocational-technical schools, special schools, and other institutions under the supervision of the Board of Elementary and Secondary Education
- Department of Education for items other than those listed in second bullet of next paragraph
- The office of the State Bond Commission in the Department of the Treasury for printing only

The following agencies are exempt from central purchasing and regulations of the Commissioner of Administration but shall nevertheless be subject to the requirements of Chapter 17 (Louisiana Procurement Code) and such regulations as may be promulgated by the head of such governmental body:

- The Department of Transportation and Development, for procurement of materials and supplies that will become a component part of any road, highway, bridge, or appurtenance thereto

- Textbooks, scientific and laboratory equipment, teaching materials, teaching devices, and teaching supplies procured by the Department of Education
- The New Orleans Food Center Authority
- The Louisiana Crawfish Market Development Authority

5.3 - Rules and Regulations

Our Rules and Regulations are Title 34 of the Louisiana Administrative Code. You may access a copy of the Rules and Regulations that State Agencies operate under from our website at <http://www.doa.louisiana.gov/osp>. If you do not have access to the Internet, you may contact State Purchasing for a copy at the address or telephone number shown in Section 1.3 of this manual.

5.4 - Small Purchases Executive Order

The Governor's Small Purchases Executive Order prescribes small purchase procedures, definitions, guidelines and exemptions for State Agencies. You may access a copy of this executive order from our website at <http://www.doa.louisiana.gov/osp> under legal info. If you do not have access to the Internet, you may contact State Purchasing for a copy at the address or telephone number shown in Section 1.3 of this manual.

Section 6.0 - The State's New LaGov ERP System

This is provided for your information. The State has implemented a new LaGov ERP system that will eventually bring one business system to all state agencies.

DOTD is the pilot agency and they are currently processing their procurements in LaGov. Some statewide contracts are processed in LaGov. As a result of the new system, some of our processes have changed slightly such as the new vendor enrollment portal and new commodity codes. This guide has been updated to reflect those changes.

Although we have a new vendor enrollment portal, we will continue to solicit vendors that were previously enrolled through LaPac. LaPac vendors will be notified when it becomes necessary to enroll in the new vendor portal.

Section 7.0 – Vendor Registration and Additional Information

It is not necessary to register with the State to do business but you may want to consider registration if you want to be automatically notified of invitations to bid. The following options are available to you:

7.1 - Self Monitor

All procurements of \$25,000 or greater are advertised in the official journal, The Advocate, and a newspaper of general circulation printed in the parish where the goods or services will be delivered. You can monitor these publications and request copies of invitations to bid as they are published. You may also request copies of any invitation to bid you are aware of as long as you have a reference number.

7.2 - LaGov On-line Registration

All vendors interested in doing business with the State of Louisiana through the procurement process are encouraged to register on-line in LaGov at **no charge** at

https://lagoverpvendor.doa.louisiana.gov/irj/portal/anonymous?guest_user=self_reg accessible from our website at <http://www.doa.louisiana.gov/osp>. Once you are enrolled, you have the ability to manage your account and update your information at any time from this link <https://lagoverpvendor.doa.louisiana.gov/irj/portal>. By enrolling as a vendor, you will receive automatic email notifications of all solicitations and addenda that are posted to LaPac (Louisiana Procurement and Contract Network) by the Office of State Purchasing and other governmental agencies in your selected commodity classes. You can search in LaPAC for solicitations by bid category (commodity groups), by department, bid number, or open bids. You may view the complete bid documents on line and those of interest can be printed and submitted by mail.

Instructions for searching and printing bid forms are located on the website. If you do not have a computer, you may take advantage of public resource centers and libraries.

Registered vendors must submit a Federal W-9 form, Request for Taxpayer Identification Number and Certification, prior to receiving an award. You will be notified when this is required.

If you have any questions or need assistance with vendor registration, contact the Office of State Purchasing, Vendor Enrollment Section, at telephone

(225) 342-8049, or e-mail your inquiries to vendr_inq@la.gov

Vendors doing business with other agencies, universities, etc., will need to continue to work with those agencies to stay on their bid list since they may not use the State's vendor list and may not post all of their solicitations in LaPAC. LaPAC posting is required by all state agencies that follow the Louisiana Procurement Code on all Requests for Proposals and Invitations to Bid.

If you find that your company is not receiving any bids or e-mail notifications of solicitations, you may not be enrolled in the correct commodity class or may have an incorrect e-mail address on file. The commodity class drives the electronic bid list. Companies can bid in a commodity class other than the ones designated on their on-line registration; however, they are responsible for requesting the solicitations.

7.3 - Commodity Code

State Purchasing has converted from the NIGP (National Institute of Governmental Purchasing) to the UNSPSC (United Nations Standard Products & Services) commodity codes for vendor enrollment and product category classification in LaGov.

New vendors that wish to register to do business with the state will need to register in LaGov. The link to the LaGov vendor portal for registration is on OSP's website along with help scripts and the UNSPSC commodity code search.

Vendors can no longer enroll using NIGP commodity codes. However; for a period of time OSP will continue to use

NIGP commodity codes on solicitations, contracts, and purchase orders that are still processed in AGPS.

7.4 - Selection of Bidders

State Purchasing solicits all bidders enrolled in the class for the requested item that is being bid on all routine purchases.

State agencies have the option of using State Purchasing's computerized vendor list and posting their solicitations on LaPAC, but they are only required to post those solicitations which exceed the Small Purchase limit. State agencies are responsible for soliciting the correct number of bona fide bidders in accordance with the law.

Most exempt and many non-exempt agencies, have their own vendor databases. We suggest that you contact the purchasing department at each agency in order to be included in their database. You may access a listing of all state agencies from our website. That list will be the most current; however, we have included the most current listing as of this publication date in the back of this publication.

The Governor's executive order for small purchases prescribes the required number of bids to solicit and dollar thresholds. You may access this executive order from our website under "Legal Info".

7.5 - Discrimination Prohibited

Vendors submitting signed bids agree to EEOC compliance and certify that they

agree to adhere to the mandates dictated by Title VI and VII of the Civil Right Act of 1964, as amended by the Equal Opportunity Act of 1972, Federal Executive Order 11246, the Federal Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Act of 1975, and agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

Bidders must agree to keep informed of and comply with all federal, state and local laws, ordinances and regulations which affect their employees or prospective employees.

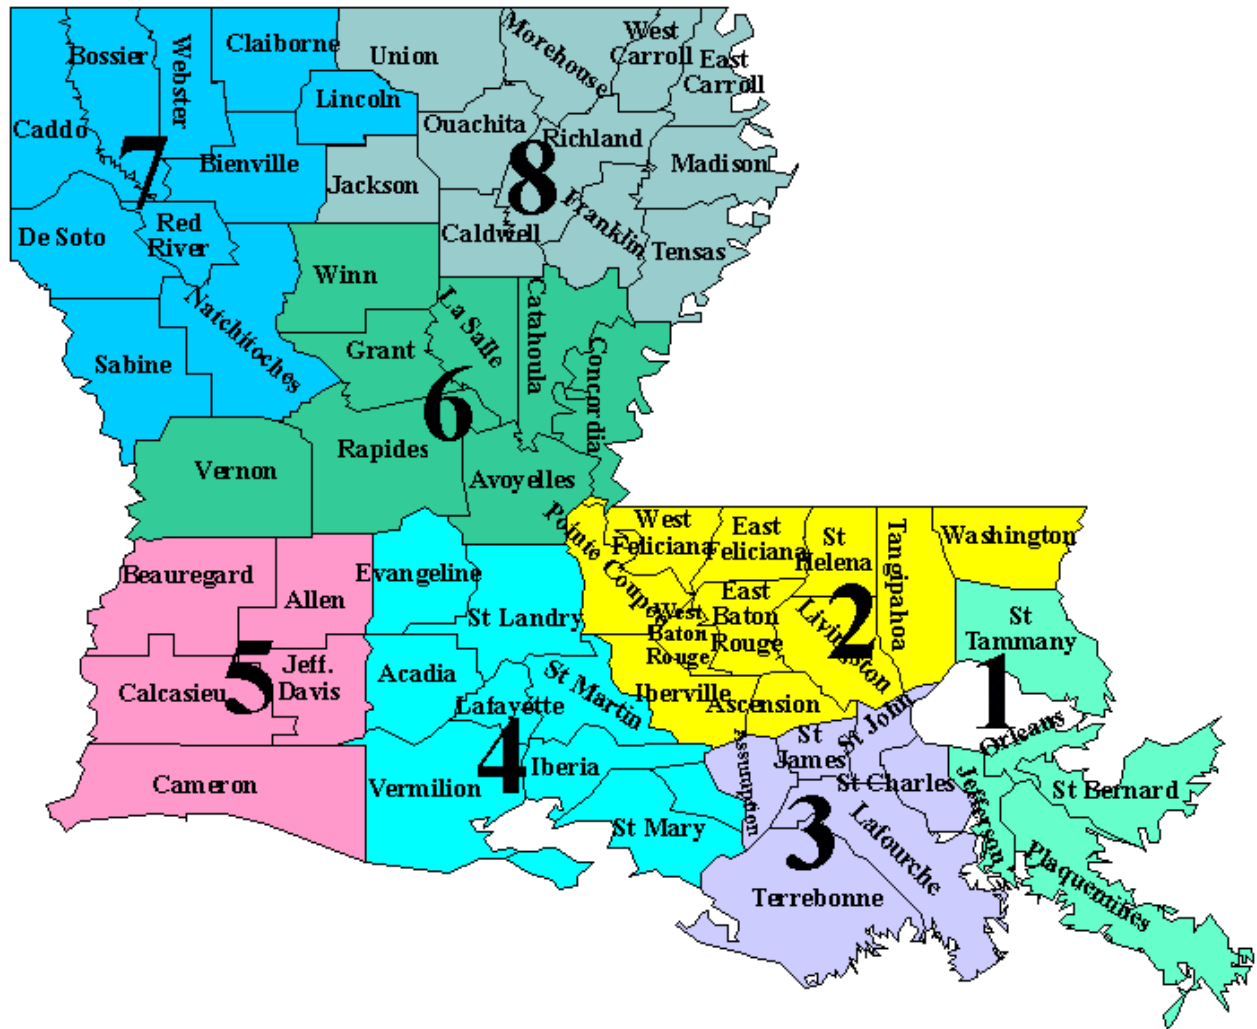

7.6 - Gray Market Vendors

All equipment purchases must carry the manufacturer's warranty and liability on such equipment. Evidence to substantiate the dealer's relationship with the manufacturer may be required.

7.7 - Marketing

Although you must be the lowest responsible bidder, marketing is a key ingredient to becoming a successful vendor with the State. Merely getting on the bid list will not ensure automatic awards. You are encouraged to build a business rapport with the state procurement officers and product users and target your sales to the state as you would any other customer. The most successful vendors understand the purchasing process, know their product, and work diligently to market their product to the state.

Section 8.0 – Procurement Methods and Source Selection

8.1 - Small Purchases

Small purchases are defined in the Governor's Small Purchases Executive Order. It can be viewed on our website <http://www.doa.louisiana.gov/osp/legalinfo/bj2010-16.pdf> or a copy can be obtained from the Office of State Purchasing.

8.2 - Sole Source

Sole source procurements are permissible only when properly justified and approved, determined to be available from only one source, and in the State's best interest.

8.3 - Proprietary Purchases

In accordance with R.S. 39:1655.A, a specification may be drafted which describes a product which is proprietary to one company only where:

(1) No other kind of specification is reasonably available for the state to describe its requirements; or

(2) There is a requirement for specifying a particular design or make of product due to factors of compatibility, standardization, or maintainability; or

(3) Such specification includes language which specifically permits an equivalent product to be supplied. Such specification shall include a description of the essential characteristics of the product.

(4) Such specification is determined to be in the best interest of the state as provided for by R.S. 39:1613.

Proprietary purchases are permissible when properly justified and approved, in

the State's best interest, and available from more than one source. Solicitations indicate when a purchase is proprietary.

8.4 - Emergency Purchases

An emergency condition is a situation which creates an immediate and serious need for supplies, services, or major repairs that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of Louisiana government; the preservation or protection of property; or the health or safety of any person. The source selection method used shall be selected with a view to the end of assuring that the required supplies, services, or major repair items are procured in time to meet the emergency. Given this constraint, such competition as is practicable should be obtained.

8.5 - Professional, Personal, Consulting and Social Service Contracts

Central Purchasing does not process professional, personal, consulting and social service contracts. They are processed by the Office of Contractual Review which may be contacted at (225) 342-7097.

8.6 - ITB – Invitation to Bid

The Invitation to Bid is a solicitation process for procuring goods and services by evaluating bids against specifications, terms and conditions and awarding to the lowest responsive and responsible bidder who is technically compliant. The evaluation is done by the purchasing agent with technical assistance from the user or agency.

8.7 - RFP - Request for Proposal

The RFP procurement process is used for highly technical equipment, complex services or when contracting with group purchasing organizations. This method of procurement is used when cost is not the only selection criteria to be used and/or when soliciting solutions to a defined problem when it appears that sealed bidding is not practical or advantageous to the State. The RFP defines requirements, asks suppliers for proposed solutions, defines criteria for evaluation and outlines terms and conditions. Recommendations for award are made by a multi-function selection team who determine which offer is in the best interest of the State based on evaluation criteria defined in the RFP. This process requires a contract with monitoring and reporting. Proposals are publicly opened on the scheduled date/time and only the names of the proposers are revealed to those present, pricing is not revealed at this time.

8.8 – RFX – Request for something

This is a new acronym used in the State’s LaGov system. An RFX can be a request for bid, request for quotation, request for proposal, etc. The type of request will be identified in the solicitation.

8.9- RFI or RFR

The RFI (Request for Information) or RFR (Request for Response) is utilized when an agency desires information regarding a product or service and/or when they are establishing a prequalified products list. Prices are not requested in this process and awards are not made. It is not a bid process. It is a process for gathering information only.

Requests for Information generally result in a Request for Proposal being issued. RFPs are often mentioned when a “value-added” or “best practice” process is being considered. “Value added” or “best practice” means a process, or practice that brings greater value or enhancement to the overall operation of a particular department or an entire organization... that could mean easing the way we perform a function, time or money savings, or delegating greater authority and responsibility to the end users in order to reduce the number of people involved in the purchasing process.

8.10 – LaCarte (Procurement Card)

LaCarte is the procurement card program which provides our agency customers with increased flexibility in expediting small purchases, reducing procurement cycle times, number of purchase orders, invoices and payments.

8.11 - Statewide Term Contracts

Statewide contracts are developed to group the needs of several agencies, to standardize, to combine usage for lower prices, and to ease the purchase process of commonly used items. Contracts are usually in effect for an initial 12 month period and may have two additional 12 month renewal options, which may be exercised if proven to be in the best interest of the state. Multi-year contracts may be utilized if properly justified and in the state’s best interest. Competitive contracts include specifications that allow for multiple brands to compete. Brand name contracts allow only the specified brand to be bid. Procedures for requesting a brand name or LaMAS contract and making changes to them follows in the next paragraphs. There may be times when moratoriums are

issued that prohibit creation of new contracts for certain commodities.

8.12- Procedures for Requesting a Brand Name or LaMAS Contract

Visit our website for additional information and updates concerning this type of contract at <http://www.doa.louisiana.gov/osp/Contracts/lamas/lamas.htm>. These are the general procedures for requesting brand name or LaMAS (Louisiana Multiple Award Schedule) contracts issued by the Division of Administration, Office of State Purchasing. Other procedures might apply to specific commodities. Please contact State Purchasing to ensure that you have the latest procedures for your specific commodity.

LaMAS contracts are based on prices no higher than GSA and will only be considered when the Office of State Purchasing determines that the commodity is open for consideration. State Purchasing will consider the commodity when there are no existing Louisiana statewide competitive contracts for the commodity or there is a valid business case. State Purchasing will post commodities on their website that are open for LaMAS contract consideration.

1. Please submit the following when requesting establishment of a brand name or LaMAS contract:
 - a. Letterhead request for the establishment of a contract with all pertinent information included from:
 - 1) Manufacturer or his authorized representative for brand name contracts, or
 - 2) GSA contractor that includes consent to extend prices no

higher than GSA to the state for LaMAS contracts.

- b. Detailed specifications of the item(s) requested by the agencies to be placed on contract, including packaging, model numbers, product literature and MSDSs (when applicable). Items requested should be separated into like commodity categories such as Janitorial Chemicals, Water Treatment Chemicals, Laboratory Reagents, Catheters, Office Equipment, etc.
- c. A minimum of three (3) letters from three (3) separate agencies as defined below is necessary to designate their intent to purchase or rent the items if placed on contract. However, if a strong business case is presented by a single agency, the requirement for three letters may be waived. Only one letter is required when submitted by agencies that are responsible for numerous agencies such as Department of Social Services. The only acceptable letters for brand name contracts will be from state agencies. Acceptable letters for LaMAS contracts may be from state agencies and/or political subdivisions or quasi-public agencies.

Letters must include items that the agency intends to purchase or rent, correct packaging (where applicable), and the anticipated annual usage per item. ***Letters must be signed by an agency representative authorized to obligate funds for the agency and must certify***

their agency's full intent to purchase from the contract once established. Failure to submit accurate and complete information will cause your request to be delayed.

In order to expedite your request, it is best to submit all of the above information as one complete package at the same time. The request for a brand name or LaMAS contract is subject to approval after all information is received in proper order. Feasibility questionnaires may be needed to clarify information.

2. When approval is granted, a solicitation will be prepared by State Purchasing including those items in specific packaging as requested in the agency letters.
3. Vendors must submit with bid the most recent, published, manufacturer's printed price list or a signed and notarized typed listing of manufacturer's prices covering all items requested for brand name contracts. Vendors must submit the most recent GSA price schedule for LaMAS contracts.
4. All vendors seeking to establish a brand name or LaMAS contract should submit a W-9 (form is available on our website)
5. Each brand name and LaMAS contract will be reviewed annually by the Office of State Purchasing, approximately four (4) months prior to expiration of contract. Contracts are expected to have at least \$20,000 usage for the previous twelve months. This usage amount may be waived in whole or in part due to extenuating circumstances in the state's best interest. Contract

purchases from both state agencies and political subdivisions will be considered. Prime contractors are required to furnish a contract usage report reflecting governmental sales within the most recent twelve- month period, inclusive of sales by any authorized distributors. The report should show the names of the purchasing entities, their order numbers, and vendor corresponding invoice numbers. It should also include a summary of the total order quantities and dollars by individual contract line numbers. We reserve the right to require copies of orders and invoices to substantiate vendor usage reports. The inability or failure to timely produce usage reports evidencing adequate sales volumes may result in cancellation of brand name and LaMAS contracts without consideration for reestablishment for a period of two (2) years. Individual items with no usage may be deleted unless copies of purchase orders from agencies can substantiate these.

8.13 - Procedures for Requesting Changes to an Existing Brand Name or LaMAS Contract

1. The following procedures should be followed when requesting the addition of item(s) to an existing brand name or LaMAS contract:
 - a. Letterhead request from the contract holder requesting the addition of the item(s) with all pertinent information included.
 - b. Detailed specifications of the item(s) requested to be placed on contract are necessary, including model numbers, product name, product codes, packaging information, description and

- literature, and price to State of Louisiana.
- c. Prime vendor must submit with the request for item(s) the most recent, published, manufacturer's printed price list or a signed and notarized typed listing of manufacturer's prices covering all items requested for brand name contracts. LaMAS contractors must submit their most recent GSA price schedule or proof that item(s) has been added to their GSA contract.
 - d. A minimum of one (1) letter from an agency is necessary to designate their intent to purchase or rent the specific item(s) if placed on contract. The only acceptable letters for brand name contracts will be from state agencies. Letters from political subdivisions or quasi-public agencies will be considered for LaMAS contracts only. Letters must include those items that the agency intends to purchase or rent, the correct packaging (where applicable), including the anticipated annual usage per item. *Letters must be signed by an agency representative authorized to obligate funds for the agency and must certify their agency's full intent to purchase the item(s) once established.* Failure to submit accurate and complete information will cause your request to be delayed. In order to expedite your request, it is best to submit all of the above at the same time. The request for the addition of item(s) is subject to approval after all information is received and in proper order.
 - e. Item(s) requested to be added to a contract at the time of award will be expected to comply with all of the above.
2. Additions to brand name or LaMAS contracts will be made only twice during the contract period, other than amendments made at the time of bid or renewal.
 3. Distributor vendor changes, price reductions and item deletions may be made at any time during the contract period. The prime vendor must submit a written request for these changes.
 4. Price increases will be considered only when provided for in the state's contract terms and conditions and must be authorized by GSA or tied to a recognized index.

Waivers

Only the Director of State Purchasing can approve waivers to procedures. All requests for exceptions must be submitted in writing.

8.14 - Procedures for Requesting a Microcomputer Contract

Procedures are available on OSP's website under Vendor

8.15 – LaPS (Louisiana Pricing Schedules)

State Purchasing creates many statewide Brand Name, LaMAS and Multi-State contracts for agencies' convenience. Agencies are encouraged to shop and compare products on these contracts, where same or similar items appear on more than one contract, and to make a best value decision when making their selection. Where LaPS exist for the

same or similar item(s), i. e. routers, fire trucks, microcomputers, and the total procurement exceeds \$25,000.00, all eligible users of these contracts are to comply with the rules L.A.C. 34:1709 http://www.doa.louisiana.gov/osr/lac/34v01/34v01.doc#_Toc187460918. Rules require that agencies prepare Request for Responses and submit to at least three LaPS contract holders, whenever available, offering functionally equivalent products and/or services that will meet their needs. Review the rules for additional information.

Note: All statewide contracts can be searched from OSP website by clicking on the LA eCat (Louisiana's Electronic Catalog) link. eCat is an Internet-based search tool where contracts can be searched in AGPS or LaGov using multiple criteria. You may want to use the AGPS tab if you are not interested in DOTD specific information.

8.16 - Cooperative Purchasing

Pursuant to LRS 39:1701 et. Seq., other public procurement units may be permitted to purchase from contracts administered by the Office of State Purchasing. The contractor may however, at its option, amend a bid so that any contract awarded will not apply to other public procurement units. Other public procurement units wishing to purchase commodities from state contracts must submit, prior to their first purchase, a completed State Contract Questionnaire, available on our website <http://www.doa.louisiana.gov/osp/online/forms/docs/statecontrqtnr.pdf> to Denise Lea, Director, Office of State Purchasing, Post Office Box 94095, Baton Rouge, LA 70804-9095. To access the State Contract Questionnaire from our website, click on Online

Forms, Quasi Agency, then State Contract Questionnaire.

To access a current listing of Louisiana state agencies, colleges and universities and approved quasi agencies on our website, click on About Us, Contacts and then make your selection.

A vendor's willingness or denial to participate in cooperative purchasing does not affect his status with State Purchasing.

8.17 - Other Procurement Methods

We have indicated the most common types of procurements in the previous paragraphs. Please refer to the Rules and Regulations on our website for other allowable procurement methods.

8.18 - Steps of Competitive Purchasing Process For Invitation to Bid (ITB)

<u>Participation</u>	<u>Action</u>	<u>Activity</u>
Requesting Department/ Agency	Identify need, enter requisition, proposed specifications, transmit to Central Purchasing if agency's delegated authority is exceeded.	Agency Requisition
Central Purchasing (State Purchasing Officer)	Review and Modify specifications, include terms and conditions, and issue ITB.	ITB Issued
Bidders	Prepare bid responses and return by due date and time.	Bid Responses
Central Purchasing	Open, publicly read and tabulate bids.	Bid Tabulated
Central Purchasing (State Purchasing Officer)	Evaluate and award bids to the lowest responsive and responsible bidder.	Bid Evaluated
Central Purchasing	Obtain approval on some files required by supervisor and purchasing management.	Approval
Central Purchasing	Issue purchase order and mail to vendor and agency.	Purchase Order

8.19 - Steps of Competitive Purchasing Process For Request for Proposals (RFP)

<u>Participation</u>	<u>Action</u>	<u>Activity</u>
Requesting Department/ Agency	Identify need, submit request letter with RFP justification, draft RFP, evaluation criteria and point value	Agency RFP Request Letter
Central Purchasing	Review request for RFP procurement	Approval
Requesting Department/ Agency	Select evaluation committee	Committee Selection
Central Purchasing	Instruct evaluation committee, review and modify RFP, select proposers and issue RFP	RFP Issued
Proposers	Prepare proposal response and return by due date and time.	Proposal Response
Central Purchasing	Proposals opened and proposers revealed (prices not public until award)	Proposals Opened
Evaluation Committee/ Agency	Evaluate proposals and recommend award to best offeror based on evaluation criteria	Proposals Evaluated
Central Purchasing	Review award recommendation and Issue Intent to Award Letter(s) and Regret Letter(s)	Intent to Award and Regret Letters Issued
Central Purchasing at Proposer's Request/Agency	Debrief proposers	Proposers Debriefed
Central Purchasing, Agency, and Contractor	Negotiate, obtain approvals and Issue Contract	Contract Issued

8.20- DIFFERENCES BETWEEN

ITB (Invitation to Bid)

RFP (Request for Proposal)

Used when agency has a definitive need. Award is made to the lowest responsive and responsible bidder.	Used when seeking a solution to a definitive problem, for highly technical equipment, complex services or contracting with a group purchasing organization. Award is made to the responsible offeror whose proposal is the most responsive and advantageous to the state with consideration to cost as well as other evaluation criteria.
Agency identifies need and submits requisition to State Purchasing with specifications and suggested sources for processing.	Agency identifies need, submits RFP request letter with justification, draft RFP, evaluation criteria with point value of each to State Purchasing.
State Purchasing reviews and modifies, includes terms and conditions, selects bidders and issues ITB.	State Purchasing reviews request and RFP draft after approval, modifies, includes terms and conditions, selects bidders with assistance from agency, and issues RFP.
	Evaluation committee is selected by agency and instructed by State Purchasing.
If over \$25,000, file is advertised and posted to LaPAC for 21 days (minimum of 10 days statutorily required) prior to bid opening and bids are mailed to all known bidders. Other requirements apply to long contracts that involve labor and material.	File is advertised, posted to LaPAC, and notices are mailed to all known potential offerors at least 30 days prior to proposal opening.
Bidders prepare bid response and submit prior to bid opening.	Offerors prepare offer and submit prior to proposal opening.
Bids are publicly opened. Names of bidders and prices quoted are read.	Proposals are publicly opened and only the names of offerors are read.
Bids are tabulated and given to the State Purchasing Officer.	Copies of all proposals are distributed to the Evaluation Committee.
The State Purchasing Officer evaluates the bids against specifications in the ITB solicitation and obtains technical advice from agency when required.	Evaluation Committee members conduct independent reviews of each offer based on evaluation criteria defined in the RFP and meet to arrive at consensus scoring.
State Purchasing Officer awards the purchase order to the lowest responsive and responsible bidder.	Evaluation Committee develops award recommendation, project leader obtains agency management approval, and forwards to State Purchasing.
	State Purchasing administratively reviews award recommendation and obtains approval from the Assistant Director.
	“Intent to Award” letter(s) and “Notice of Regret” letter(s) are sent to all offerors, as appropriate.
Bids may be examined within 72 hours of request after bid opening, by request.	Proposers may be debriefed by contacting the Office of State Purchasing. Offerors may submit a public records request and information is provided within 72 hours.
Bids cannot be negotiated. Purchase order is issued.	All RFP awards must be reduced to a contract. Contract terms and conditions and non-mandatory requirements can be negotiated.
State Purchasing Officer signs the purchase order.	Agency and successful offeror sign the contract and forward to Director of State Purchasing for signature.
	Agency must monitor contract, evaluate contract performance and utility of the final product and provide report to State Purchasing any time upon request during contract term and within 120 days of completion.

Section 9.0 – Bid Preparation

9.1 - Preparing a Response to an Invitation to Bid (ITB)

The following should help you prepare and submit bid documents to the Office of State Purchasing:

1. Thoroughly read and understand the bid documents, including all specifications, terms, and conditions in the solicitation. Unless otherwise specified in the solicitation, a bidder may contact the buyer whose name appears on the bidding documents for clarification of specifications or terms and conditions.
2. Indicate the bid price in the proper areas of the ITB for the unit size requested. Prices must be typed or written in ink. Corrections, erasures, and clarifications of pricing information must be initialed by the person signing the bid. Prices must be complete, including transportation prepaid by bidder to destination and firm for acceptance for a minimum of 30 days.
3. Indicate brand name, model and number when requested. You may bid more than one brand and model on the same bid proposal as long as each brand and model and price are identified so that it can be clearly understood what you are bidding. Any alternates must meet or exceed the minimum specifications as outlined in the solicitation.
4. Indicate delivery terms and shipment information on the signature page. Bids other than F.O.B. destination may be rejected.
5. Bids must be signed by a person authorized to bind the vendor. In accordance with L.R.S. 39:1594, the person signing the bid must be:
 - Either a corporate officer who is listed on the most current annual report on file with the secretary of state or a member of a partnership or partnership in commendam as reflected in the most current partnership records on file with the secretary of state. A copy of the annual report or partnership record must be submitted to OSP before contract award.
 - A representative authorized to submit bids as evidenced by documents such as corporate resolution, certification as to corporate principal, etc. If this applies a copy of the resolution, certification, or other supportive documents must be attached to the bid.
 - One who has filed with the secretary of state an affidavit or resolution or other acknowledged/authentic

document indicating that the signer is authorized to submit bids for public contracts. A copy of the applicable document must be submitted to OSP before contract award.

- One who has been designated as authorized to submit bids on the bidder's vendor registration on file with OSP.

By signing the bid, the bidder certifies compliance with the above.

6. Bidders should ensure that the correct company name is indicated on the bid form.
7. Indicate a telephone number in the space provided and a FAX number if available.
8. Submit bid in the envelope if provided which is color-coded to ensure recognition as a bid and is identified with the file number, bid opening date and time. If you use another envelope, always mark the outside of your envelope with the file number and/or solicitation number and the bid opening date and time. If recognized before bid opening and made a part of the bid opening, it will be considered. State Purchasing will not be responsible if a bid is not recognized on time because of use of an improper envelope/lack of proper marking.
9. Submit the ITB prior to the time and date specified in the solicitation. If bids are mailed

through an expedited mail service such as Overnight Letter, Federal Express, etc., the bid must arrive at the Office of State Purchasing prior to the scheduled bid opening date and time. Late bids will not be accepted.

10. Include literature, if required in the ITB, so that the Office of State Purchasing can verify that the product offered meets specifications.
11. When samples are required be sure they are labeled with the appropriate solicitation or file number and arrive by the time specified in the bid.

9.2 - Mistakes Commonly Made by Vendors When Preparing a Bid

- failure to sign the bid documents or indicate intent to be bound
- failure to mail or submit bid document in a timely manner
- failure to submit samples or literature on specification when required
- failure to submit a bid bond when required or bid bond amount is insufficient
- failure to respond to mandatory requirements contained in the bid invitation such as: furnishing bid bonds, mandatory price list, returning all pages when mandatory, etc.
- failure to submit the bid in the envelope provided by the Office of State Purchasing or properly identifying the bid on the outside of the envelope if a plain envelope is used, or mailing the bid to the requesting state agency for whom the solicitation was issued

- failure to indicate on bid when bidding other than specified
- changing the F.O.B. point to something other than “agency destination” may cause your bid to be rejected
- taking exception to terms and conditions of the ITB or requiring the Office of State Purchasing to agree to the laws of another state
- failure to visit the jobsite (when required)
- failure to submit bid on the State’s standard forms

9.3 - Faxed Bids and Addenda

Faxed bids **are not** acceptable for sealed bids. A faxed proposal does not guarantee the integrity and confidentiality of the sealed bid process. Faxed bids are allowed for emergency procurements and when authorized by the Governor’s Small Purchases Executive Order and when identified as such in the bid documents.

- Faxed addenda **are** acceptable provided both your original bid and addendum have been received and time-stamped before the published bid opening date and time.

9.4 - Withdrawal of Bids

A written request for the withdrawal of a bid or any part thereof will be granted if the request is received prior to the specified time of opening. If a bidder withdraws a bid, all bid documents shall remain the property of the State, unless return is requested in writing.

9.5 - Cash Discount for Prompt Payment

If a cash discount for prompt payment is offered, it must be shown in the space provided on the bid form. Cash discounts for less than 30 days or less

than 1% will be accepted, but will not be considered in determining awards. On indefinite quantity term contracts, cash discounts will be accepted and taken but will not be considered in determining award.

9.6 - New Products

Unless specifically called for in the solicitation, all products for purchase must be new, never previously used, and the current model and/or packaging. No remanufactured, demonstrator, used or irregular product will be considered for purchase unless otherwise specified in the solicitation. The manufacturer’s standard warranty will apply unless otherwise specified in the solicitation.

9.7 - Taxes

Vendors are responsible for including all applicable taxes in the bid price. State agencies are exempt from all state and local sales and use taxes.

9.8 - Bid Bonds

A bid bond may be required. When required, the amount of the bid bond will be stated in the solicitation as a set amount or as a percentage of the total bid amount. Bid bonds must accompany the bid. A bid bond, cashier’s check, or certified check is acceptable made payable to the Department of the Treasury of the State of Louisiana.

Bid bonds remain in the file. Checks are returned to the bidders after the award is made.

9.9 - Performance Bonds

A performance bond may be required. When required, the amount of the performance bond will be stated in the solicitation as equal to or a percentage of the contract sum. The successful bidder

will be notified by letter to secure a performance bond according to solicitation requirements.

The Bond must be received within the time specified from the date of notification. If the bond is not received within this period of time, the Division of Administration reserves the right to award to the next acceptable low bidder, or to reject all bids and rebid, whichever is in the best interest of the State of Louisiana.

9.10 - Specifications

Specifications are usually developed by the using agencies and/or State Purchasing Officers working together as a team. The primary purpose of a specification is to provide a basis for obtaining a product or service that will satisfy a particular need at an economical cost. Specifications are written to invite maximum reasonable competition unless otherwise statutorily exempted. Specifications should not be unduly restrictive. By nature, however, a specification sets limits and thereby eliminates, or potentially eliminates, items that are outside the boundaries drawn. Bidders should notify State Purchasing if they feel specifications are unduly restrictive. Brand names, models and numbers may be provided to indicate a quality level; however, alternate brands on equivalent products are given every reasonable consideration unless the solicitation indicates otherwise. Louisiana statutes allow for proprietary specifications when properly justified and approved.

9.11 - Conflict Resolution

Any person who is aggrieved in connection with the solicitation or award of a contract may protest to the chief

procurement officer. Protests with respect to a solicitation shall be submitted in writing at least two days prior to the opening of bids. Protests with respect to the award of a contract shall be submitted in writing within fourteen days after contract award.

Section 10.0 – Bid Response

10.1 - Bid Openings

Bidders may attend bid openings, but no information or opinions concerning the ultimate contract awards will be given at the bid opening or during the evaluation process. Prices will not be revealed on Request for Proposals (RFP) at the proposal opening.

10.2 - Late Bids

Under no circumstances will late bids be accepted, regardless of the reason. All bids must be received by the bid opening date and time shown on the bid document. If a bid is delayed by actions of the Office of State Purchasing or the agency, and this delay prejudices a vendor, then State Purchasing or the agency must cancel the solicitation and rebid. Late bids are not returned to the bidders unless requested in writing within 2 months after bid opening. Late bids are destroyed 2 months after bid opening.

10.3 - No Bids

It is not necessary to return “no bids”. A company will not be removed from State Purchasing’s bid list and a company’s bidder status will not be adversely affected.

10.4 – Award Information

Award results are not available the day of the bid opening. Bids are tabulated in our automated purchasing system prior to release to the purchasing agents for evaluation. Depending on workloads, the tabulation process may take several days.

Tabulations are not given over the telephone. Award information including successful vendor and their award total is posted on our website in LaPAC. Successful vendors are notified in the form of a purchase order.

10.5 - Inspection of Bids or Request for Proposals

Bids may be examined within 72 hours after request. RFP responses may be examined after the “Notice of Intent to Award” has been issued. Proposers on RFPs may be debriefed after the Notice of Intent to Award has been issued. It is suggested that you call prior to your visit to review the file. Information pertaining to completed files may be obtained by visiting State Purchasing during normal working hours.

Section 11.0 – Evaluation and Awards

11.1 - Evaluation and Awards

After the bids are opened and tabulated, the State Purchasing Officer evaluates the bids for compliance with the terms and conditions and the specifications contained in the solicitation. The State reserves the right to award items separately, grouped or on an all-or-none basis and to reject any or all bids and waive any informalities.

After proposals are opened they are evaluated by a committee. Each member reviews proposals independently and the committee meets to arrive at a consensus scoring.

Award(s) are made on competitive sealed bids (Invitations to Bid or ITB) to the lowest responsive and responsible bidder(s) whose bid meets the requirements and criteria set forth in the solicitation. Awards are made on competitive Request for Proposals (RFP) to the offeror whose proposal conforms to the RFP and will be the most advantageous to the state, considering price and other evaluation factors set forth in the RFP.

State Purchasing does not consider the following in evaluating bids:

- Assistance in developing specifications or other advisory services a vendor provides. Although such assistance is appreciated, there can be no preferential treatment for these services.
- Cash discounts for early payment in accordance with Section 8.5.
- Equipment a vendor installs on a free trial basis.

11.2 - Responsive Bidder

A responsive bidder is a person who has submitted a bid under R.S. 39:1594 which conforms in all substantive respects to the invitation for bids including the specifications set forth in the invitation. Some of the responsive indicators are specifications, signing the bid, bonding requirements, delivery time, license requirements, product testing and/or samples.

11.3 - Responsible Bidder

A responsible bidder is a person who has the capability in all respects to perform the contract requirements and the integrity and reliability which will assure good faith performance. Some of the responsible indicators are ability to perform, inventory, staff and technical support, equipment, complaints on file, financial capabilities, and prior contracts.

11.4 - Mistakes in Bids

Patent errors in bids or errors in bids supported by clear and convincing evidence may be corrected, or bids may be withdrawn, if such correction or withdrawal does not prejudice other bidders, and such actions may be taken only to the extent permitted under the Purchasing Rules and Regulations. A request to withdraw a bid after the bid opening must be made within three business days after bid opening, and supported in writing. If it is determined that the error is patently obvious, then the bid may be withdrawn, and if a bid guaranty was required it shall be returned to the bidder.

11.5 - Tie Bids

A tie bid exists where two or more responsive bids from responsible bidders are identical in price and meet all requirements and criteria set forth in the solicitation. The award shall be made in any manner that will discourage tie bids. This includes, but is not limited to, consideration of such factors as resident business, proximity to the agency, past performance, delivery, and completeness of bid proposal. Tie bids with a value of \$10,000 or greater or suspected antitrust violations are reported to the Attorney General's office.

11.6 - Preferences

Louisiana statutes allow for preferences for:

- Products produced, manufactured, assembled, grown, or harvested in Louisiana
- Vendor residency on a reciprocal basis
- Organizing rodeos and livestock shows
- Sheltered workshops
- Steel rolled in Louisiana
- Buy America

11.7 - Rejection of Bids/ Cancellation of Solicitation

Solicitations may be cancelled in whole or in part when the chief procurement officer or a head of a purchasing agency determines in writing that such action is in the State's best interest. Some of the reasons are included in Section 1307 of the Rules and Regulations, which may be accessed from our website. When a solicitation is cancelled, a notice of cancellation is sent to all bidders if the amount exceeds the "Small Purchases" Executive Order. The notice of cancellation will explain the reason(s) for the cancellation. If the file is rebid, bidders will be given an opportunity to compete on the rebid.

Section 12.0 – Vendor Performance

12.1 - Purchase Orders

Written purchase orders are sent to the successful bidders to authorize shipment.

12.2 - Deficiency/Complaints

If an agency is unsuccessful in resolving problems relative to late or non-deliveries, inferior products, or vendor's failure to perform in accordance with the

contract, agencies utilize a form to report the deficiency to State Purchasing. State Purchasing forwards a copy of the complaint to the vendor requesting a written reply. Vendors must reply to written complaints within the designated time frame. Copies of all deficiency/complaints and related correspondence are maintained in each vendor file.

12.3 - Default of Contractor

Failure to deliver within the time specified in the bid will constitute a default and may cause cancellation of the contract. Where the State has determined the contractor to be in default, the state reserves the right to purchase any or all products or services covered by the contract on the open market and to charge the contractor with cost in excess of the contract price. Until such assessed charges have been paid, no subsequent bid from the defaulting contractor will be considered.

Section 13.0 – Changes after Award

13.1 - Cancellation of Purchase Orders

Purchase orders are issued as legal binding documents and cancellations can only be made in writing. Agencies may request cancellation if provisions were part of the solicitation, the vendor is in default, or the vendor grants permission. Vendors may request cancellation in writing and relief may be granted by the Director of State Purchasing for circumstances not attributed to the fault or negligence of the vendor.

13.2 - Change Orders

Written change orders may be issued to change quantities if allowed by Louisiana law or provisions were part of the solicitation or for administrative reasons if it does not change the scope of the contract.

13.3 - Assignments

No contract or purchase order or proceeds thereof may be assigned, sublet or transferred without written consent of the Commissioner of Administration. This does not include agencies exempt in R.S. 39:1572.

Section 14.0 – Small and Emerging Business Development

The Division of Small and Emerging Business Development (SEBD) is a division of the Louisiana Department of Economic Development. SEBD has several assistance programs. To obtain information about their programs, contact their agency at 1051 N. Third St., P. O. Box 94185, Baton Rouge, LA 70804-9185, telephone number (225) 342-3000.

In accordance with the Governor's Small Purchase Procedures, Executive Order (see our website for review of complete document), at least one bona fide SEB, small entrepreneurship, or a veteran or service-connected disabled veteran-owned business shall be solicited on purchases exceeding \$5000 but not exceeding \$15,000, where possible. At least two bona fide SEBs, small entrepreneurs, or a veteran or service-connected disabled veteran-

owned businesses shall be solicited for purchases exceeding \$15,000 but not exceeding \$25,000, where possible.

The State of Louisiana does not have a set aside program for small, woman owned or minority owned businesses.

Section 15.0 – Small Entrepreneurships (Hudson and Veteran Initiatives)

The Small Entrepreneurship Programs are intended to provide additional opportunities for certified Louisiana-based small entrepreneurships to participate in contracting and procurement activities with the State of Louisiana.

General information about the small entrepreneurship programs:

- They are race and gender neutral
- They are goal oriented
- All state agencies are required to participate
- All agencies are required to have an initiative coordinator
- Agencies determine how they will meet goals or which solicitations are deemed suitable for small entrepreneurship participation
- Statutes – R.S. 39:2001 through 2008 and 39:2171 through 2179
- Rules – LAC 19:VIII. Chapters 1 through 13 and LAC 19:IX. Chapters 1 through 13

A Small Entrepreneurship is a business that has been certified as a small entrepreneurship by the Department of Economic Development (LED).

To obtain information about certification, visit the Department of Economic Development's Small Business Certification System website at http://smallbiz.ledlouisiana.com/index_2.asp or telephone number (800) 450-8115 or (225) 342-3000.

In addition to LED certification, it is **important** that small entrepreneurships **enroll in** LaGov and select applicable UNSPSC commodity codes. LaGov is the state's free online vendor self-enrollment program and is separate from LED's vendor certification data base. Vendors who enroll in LaGov will automatically receive email notifications of opportunities that are posted to LaPAC based on the selected UNSPSC commodity codes. LaPAC is used by most state agencies to post bid and contract opportunities. Notifications are also sent to previously enrolled LaPac vendors.
