

NOTICE OF INTENT

Department of Environmental Quality
Office of Solid and Hazardous Waste
Hazardous Waste Division

Waste Minimization Plan (LAC 33:V.2245)(HW056)

Under the authority of the Louisiana Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950, et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Hazardous Waste Division regulations, LAC 33:V.2245 (HW056).

This rule removes the requirement for small quantity generators to develop and maintain a waste minimization plan onsite. Requests were made to the department to remove the waste minimization plan requirement for small quantity generators. The department reviewed the rule and determined that this requirement places an unnecessary burden on small quantity generators.

This proposed rule meets the exceptions listed in R.S. 30:2019(D)(3) and R.S. 49:953(G)(3), therefore, no report regarding environmental/health benefits and social/economic costs is required.
