This rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

Rule

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopts the following requirements for the reimbursement of clinical laboratory services.

B. A panel code (80002 - 80019) must be billed after the performance of the first, rather than the second, automated, multichannel test.

C. If more than one of the codes listed below is billed by the same billing provider for the same recipient for the same date of service, the first billing will be paid and the second will be denied with the message "Multi blood tests billed; to be combined to panel."

82040	82250	82251	82310	82315	82320
82325	82330	82374	82435	82465	82565

82555	84478	82550	84160		

II. Hepatic Function Panel and General Health Panel

A. If individual tests and panel codes are billed for the same recipient for the same date of service by the same billing provider, the first billing will be paid and the second billing will be denied with the message "Blood component billed with panel code."

B. The panel codes begin with 80002 and extend through 80019 and include panel codes 80050 and 80058. The individual codes included in this edit are the ones listed under I.C above.

III. Hematology

A. Incorrect billings of hematology components, indices and profiles will be denied with the message "Hematology components/indices/profiles billed incorrectly."

B. Only one of codes 85021 - 85027 shall be paid to the same billing provider for the same recipient for the same date of service. A second billing of any of these codes on the same date of service for the same recipient by the same billing provider will be denied. Code 85021 should be billed by itself or one of 85022, 85023, 85024, 85025 or 85027 should be billed.

C. The billing of more than two of the hematology component codes (85007, 85014, 85018, 85041, 85048, 85595) by the same billing provider for the same recipient for the same date of service will result in denial of the third code in this group as a profile code should be billed if more than two tests in this group are performed.

D. The billing of one of the above profile codes (85021 - 85027) and one or more of the component codes 85014, 85018, 85041 or 85048 by the same billing provider for the same recipient for the same date of service will result in payment of the first billing and denial of the second as the component codes are included in the profile codes.

E. The billing of code 85007 and codes 85022 and/or 85023 on the same date of service for the same recipient by the same billing provider will result in payment of the first claim and denial of the second. Procedure code 85007 is included in codes 85022 and 85023.

F. A billing of code 85595 and codes 85023, 85024, 85025 and/or 85027 by the same billing provider for the same recipient for the same date of service will result in payment of the first claim and denial of the second claim. Procedure code 85595 is included in codes 85023, 85024, 85025 and 85027.

IV. Panel Codes

A billing of more than one panel code (80002 - 80019, 80050 and 80058) on the same date of service for the same recipient by the same billing provider will result in denial of the second billing with the message "Max allowed. One panel per day per billing provider."

V. Prenatal Lab Panels

A. A billing of more than one prenatal lab panel code (Z9001, Z9002, Z9003) on the same date of service for the same recipient by the same billing provider will result in denial of the second billing with the message "One prenatal panel per pregnancy payable."

B. Only one prenatal lab panel code is to be paid per pregnancy. Therefore, a second billing of Z9001, Z9002 or Z9003 within a 270-day period by the same billing provider for the same recipient will be denied with the message "Max allowed. Only one payable per pregnancy."

C. Procedure code 80055 (Obstetric Panel) will be placed in nonpay status as the Louisiana Medicaid Program has locally-assigned codes for prenatal lab panels.

D. Providers who have been reimbursed for a Z9001, Z9002 or Z9003 on a recipient will not be reimbursed also for codes 85018, 85022, 85025, 86592, 86762, 86900, 86901 or 86850 on that same recipient.

E. Only one claim for code 81000 will be reimbursed per recipient per pregnancy (270 days) per billing provider.

VI. Urinalysis

A. A billing of code 81000 and one or more of 81002, 81003, or 81015 by the same billing provider for the same recipient for the same date of service will result in denial of the second billing with the message "Urinalysis billed incorrectly" because 81002, 81003 and 81015 are inappropriate with 81000.

B. A billing of code 81002 and 81003 on the same date of service for the same recipient by the same billing provider will result in denial of the second claim with the same message because the descriptions of the two codes are contradictory.

C. A billing of code 81001 and 81002, 81003 or 81015 on the same date of service for the same recipient by the same billing provider will result in denial of the second claim as the descriptions of the latter three codes are contradictory to that of code 81001.

D. A billing of code 81000 and 81001 on the same date of service for the same recipient by the same billing provider will result in denial of the second claim as the two codes have contradictory descriptions.

VII. Panels and Component Codes within Panels

A. A billing of panel code 80050 and component codes 80012 - 80019, 85022, 85025 and/or 84443 by the same billing provider on the same date of service for the same recipient will result in denial of the second claim with the message "Billed panel and individual code within panel."

B. A billing of panel code 80058 and component codes 82040, 82250, 84075, 84450 and/or 84460 by the same billing provider on the same date of service for the same recipient will result in denial of the second billing with the same message.

C. If panel code 80059 is paid, component codes 86287, 86291, 86289, 86296, and 86302 will not also be paid on the same date of service for the same recipient to the same billing provider.

D. The above rule also applies to panel codes 80061, 80072, 80090, 80091, 80092 and their components.
