147_4000 — Investment Management

Program Authorization: Louisiana Constitution Article IV, Section 9, R.S. 36:761C, R.S. 49:307, 321, 327(A)(B)(d); R.S. 17:3803

Program Description

The mission of the Investment Management Program (organizationally expressed as the Office of State Depository Control and Investments) is to invest state funds deposited in the State Treasury in a prudent manner, consistent with the cash needs of the state, the directives of the constitution and statutes, and within the guidelines and requirements of various funds under management. This involves:

- The authorized investments; maturity; and interest rates of the state's General Fund. The Treasury is responsible for providing a reasonable return on the investment of the state's funds while, at the same time, fostering the economy of the state by maintaining a reasonable proportion of funds on deposit with in-state financial institutions.
- The investment authority of the State Treasurer in managing the Louisiana Education Quality Trust Fund (LEQTF also known as the 8g Fund). The Treasury is responsible for growing the principal portion of the Permanent Fund and providing a stable flow of income from the investments to the LEQTF beneficiaries, the Board of Elementary and Secondary Education, and the Board of Regents.
- The security required for deposit of state funds. The Treasury has the responsibility to determine if the types and amounts of securities that collateralize the deposits of state funds meet all requirements as statutorily determined.

The Investment Management Program maintains several investment portfolios (each with differing characteristics) that, in combination, average \$2.25 billion, and annually manages approximately \$365 million in certificates of deposit in financial institutions throughout the state.
