§353. Recovering Physical Therapy Program (RPTP)

A. Under the provisions of R.S. 37:2402 and following, the board has the authority to establish and implement recovery programs for PTs and PTAs as an alternative to the disciplinary process. The RPTP is established to assist board licensees who have demonstrated actual or potential inability to practice physical therapy with reasonable skill and safety to patients because of impairment as defined in §123. The goal of the RPTP is for PTs or PTAs to be treated and to return to practice in a manner which will not endanger public health, safety and welfare.

B. Eligibility. The following persons are eligible for participation in the RPTP:

1. a Louisiana-licensed PT or PTA;
2. a graduate of a school of physical therapy or physical therapist assisting eligible for licensure in Louisiana;
3. a PT or PTA currently enrolled in a peer assistance/alternative program in another jurisdiction and requesting licensure in Louisiana;

C. Objective. The RPTP objectives are:

1. to ensure the health, safety and welfare of the public through a program which closely monitors practitioners whose capacity to practice physical therapy with reasonable skill and safety to patients has been, or may potentially be, compromised because of impairment as defined by §123;

2. to encourage voluntary participation of licensees in appropriate rehabilitative medical treatment and ongoing aftercare and monitoring;

3. to promote safe physical therapy care by preventing and/or restricting the practice of-impaired licensees; and

4. to provide a structured program for participants seeking recovery from impairment.

D. Referrals to RPTP. Upon receipt of a complaint which involves a licensee, or reliable information of the impairment of persons eligible for participation in the RPTP as specified in Subsection B of this Section, the executive director may refer eligible persons for participation in the RPTP. Only eligible persons whose conditions have reliable indicators for return to safe practice will be permitted to participate in the RPTP.

E. Defer or Suspend Disciplinary Proceedings. When disciplinary proceedings have been initiated or could be initiated against a licensee pursuant to R.S. 37:2401-2424, such proceedings may be deferred or suspended to allow the licensee to participate in the RPTP.

F. An eligible person as defined in Subsection B of this Section not meeting the criteria of §357 may be admitted into the RPTP by the board pursuant to any adjudication order.

G. In addition to providing an alternative to discipline, the RPTP accepts eligible persons who have been diagnosed with a physical, and/or mental impairment, or substance abuse and/or dependency and eligible persons already subject to discipline ordered by the board.

H. When a licensee ceases to be in compliance with his RPTP agreement, he shall be referred back to the board for regular disciplinary proceedings or such action as authorized in the RPTP agreement.

I. Use of Outside Contractor. The RPTP may be administered by board staff directly or the board may delegate to a qualified outside contractor the administration and operation of all or part of RPTP on such terms as it deems prudent. Such contractor shall be charged with the powers and responsibilities set forth in these rules. If delegated to a qualified outside contractor, the board shall cooperate with a contract operator of RPTP and shall act responsibly to meet its obligations under the Practice Act, board rules, RPTP agreements and contracts with outside contractors.

B. Involvement by the participant in the CRPTP will remain confidential and shall not be subject to discovery in a legal proceeding except as required by federal and state confidentiality laws as long as the licensee complies with all stipulations of the RPTP agreement.

1. The board may cause to be made non-confidential the records, files and information related to a successfully completed RPTP in the event that a former participant becomes the subject of a subsequent disciplinary action for violation of the Practice Act or board rules related to substance abuse and/or chemical dependency unless such records are protected by federal and state confidentiality laws and regulations.

A. Declaration of Purpose; Interpretation and Application. Physical therapists and physical therapist assistants owe a fiduciary duty to patients to exercise their professional judgment in the best interests of their patients in providing, furnishing, recommending, or referring patients

for health care items and services, without regard to personal financial recompense. The purpose of these rules and the laws they implement is to prevent payments by or to a health care provider as a financial incentive for the referral of a patient to a health care provider for diagnostic or therapeutic services or items. These rules shall be interpreted, construed and applied so as to give effect to such purposes and intent.

B. As used in R.S. 2420 A.(8) of the Practice Act, the phrase "engages directly or indirectly in the division, transferring, assigning, rebating, or refunding of fees received for professional service with a referring practitioner or any relative or business associate of that referring practitioner" means the exploitation of the physical therapy referral mechanism so that a referring practitioner receives compensation, payment, or anything of value, including but not limited to rental fees in excess of fair market value, or any other unearned monies or value in kind, in return for a patient referral when the referring practitioner does not have an ownership interest in the physical therapy practice involved.

C. Violation of R.S. 37:1744 shall be a violation of these rule and the laws they implement.

F. Sanctions. Upon proof of a violation, the board may suspend or revoke, refuse to issue, or impose probationary or other restrictions on any license and shall order the refund of all such sums received in payment for the goods and services furnished or rendered without disclosure of financial interest. Such a refund shall be paid to the individual patient, third-party payor, or other entity who made the payment.

G. The board shall submit to the commissioner of insurance an annual report listing the investigations undertaken pursuant to this Section, including the number of violations and the sanctions imposed, if any.

C. The purpose of a disciplinary proceeding is to determine contested issues of law and fact; whether the Respondent did certain acts or omissions and, if he did, whether those acts or omissions violated the Practice Act or board rules; and to determine the appropriate disciplinary action.

D. Pursuant to 45 CFR 60.1, the board is required to report certain information, including final adverse actions it has taken against its licensees, to the NPDB. A. Some complaints may be settled informally by the board and the Respondent without a formal hearing. The following types of informal dispositions may be utilized:

1. Disposition by Correspondence. For less serious complaints, the executive director or legal counsel may write to the Respondent explaining the nature of the complaint received. If the Respondent's subsequent response satisfactorily explains the situation, the matter may be dropped. If the situation is not satisfactorily explained, it may be scheduled for an Informal Conference.

2. Informal Conference. An Investigative Committee of the board may conduct an Informal Conference with the Respondent. The Respondent shall be given reasonable notice to participate in the Informal Conference and provided with a description of the issues to be discussed, the possible violations of law or rules and whether admissions by Respondent in the Informal Conference may later be used in a formal hearing.

3. *letter of concern*, as defined in §123;

4. consent order. If the respondent and the board member participating in the Investigative Committee agree on the essential facts and law arising out of the complaint and on sanctions to be imposed on the respondent, the complaint may be resolved by a consent order to be presented by the participating board member or by board legal counsel for approval, amendment or rejection. If accepted by the board and the respondent, the consent order shall be finalized as a board order and shall be reported to the NPDB and published as a disciplinary action of the board;

6. education. After review and investigation of a complaint, the Investigative Committee may require the licensee to participate in an educational meeting with the Investigative Committee, or other persons as delegated by the Investigative Committee, to discuss the laws and rules as they apply to the practice of physical therapy. Request for an educational meeting shall be in writing and shall provide the date, time, location, and matters to be discussed. This meeting shall be confidential and shall not be reported to the NPDB nor published as a disciplinary action of the board. Failure to comply with the request for an educational meeting shall be deemed a failure to cooperate with the board in violation of §383.A.

B. An Agreement reached between a complainant and a Respondent shall not preclude disciplinary action by the board on the issues raised in the complaint brought to the board.

B. If the Respondent does not respond to the original communication from the board within ten days of a request

by the board, a second letter shall be sent to the Respondent by certified mail, return receipt requested, seeking a response by a specified date.

C. If the Respondent fails to reply to the board's second request or otherwise fails to cooperate with the board, the board shall record the circumstances of the failure to cooperate and shall notify the Respondent of the date for an Informal Conference or Formal Hearing and that failure to appear and participate may result in action which could eventually lead to suspension or revocation of license, or other appropriate sanctions under the law.

The board and the Respondent accused of a violation are the parties to the proceeding. The person has the right to appear and be heard, either in person or through counsel; the right to notice, a statement of what accusations have been made; the right to present evidence and to cross examine; and the right to have witnesses subpoenaed.

B. If the Respondent does not appear, either in person or through counsel, after proper notice has been given, the Respondent is deemed to have waived these rights and the board may proceed with the hearing without the presence of the Respondent.

C. Disciplinary proceedings shall include certain steps, and may include other steps as follows.

1. The board has received or originated a complaint alleging that a licensee or applicant has acted in violation of the Practice Act or board rules.

2.a. The complaint is investigated by the Investigative Committee as defined in §123 to determine if there is sufficient evidence to warrant disciplinary proceedings. Once the complaint is under investigation, no board member (except board members serving as members of an Investigative Committee) shall receive or review any information relevant to the subject matter of the investigation or communicate with the respondent or his legal representative, potential witnesses, or any member of the Investigative Committee concerning any issue of fact or law relevant to the investigation. A board member who has served on the Investigative Committee shall not serve as a member of a hearing panel of the board in the adjudication of a case previously investigated by the board member.

b. A decision to initiate a formal complaint or charge is made if one or more of the following conditions exist:

i. the conduct complained of is sufficiently serious;

ii. the Respondent, through board correspondence, has been given an opportunity to show compliance with lawful requirements for the retention of his license without restriction as contemplated by R.S. 49:961.C, but the Respondent fails to respond, affirmatively waives the opportunity or provides an unconvincing response to the board's correspondence; or

iii. an Informal Conference is conducted, but fails to resolve all of the issues or reach a Consent Order acceptable to the board and the Respondent.

3. A sworn complaint is filed, charging the violation of one or more of the provisions of the Practice Act and/or board rules and the specific violation thereof.

4. A time and place for a hearing is fixed by the chairman or an agent of the board.

5. a. At least 20 days prior to the date set for the hearing, a copy of the charges in the form of an Administrative Complaint shall be served on the Respondent by certified mail with return receipt as well as by regular first class mail at the most current address reflected in the official records of the board, or by personal service on the Respondent. Respondent is obligated to provide current contact information to the board as required by §317. If service by certified mail is not effective or is returned unclaimed, attempted personal service does not succeed and attempted notice at Respondent's email address and telephone number

also are unsuccessful, the complaint may be adjudicated by default pursuant to R.S. 49:955.D.

b. The content of the charges limits the scope of the hearing and the evidence which may be introduced. The charges may be amended at any time up to ten days prior to the date set for the hearing.
