Overall Progress Narrative:

In 2024 Qtr 2, OCD continued making progress on the implementation of the following programs:

- Restore20 Louisiana Homeowner Program;
- RLHP20 Flood Insurance Assistance Program;
- RLHP20 Interim Housing Program;
- Soft Second Mortgage Program;
- Middle-Market Loan Program;
- Neighborhood Landlord Rental Program;
- Permanent Supportive Housing Program;
- Rapid Rehousing Program;
- Resilient Mixed Income Gap Funding Program;
- HMGP Global Match Program;
- Nonfederal Share Match Program;
- Resilient Communities Infrastructure Program;
- Small Business Loan and Grant Program;

Furthermore, OCD worked with its local, State, regional partners, and stakeholders to assess outstanding unmet recovery needs, as well as develop and amend programs to address those unmet needs. The progress on the individual programs comprising the Flood grant is as follows:

Restore20 Louisiana Homeowner Program

The Restore Louisiana Homeowner Assistance survey opened on 2/1/2022 and closed 8/31/2023. Application deadline was 10/31/2023. Any application submitted past that date in which a damage assessment was not performed prior to 12/31/2023 are not guaranteed reimbursement without receipts and proof of payment.

- Phase 1 on May 11, 2022
- Phase 2 - 3 on Aug. 24, 2022
- Phase 4 - 5 on Nov. 28, 2022
- Phase 6 on Dec 15, 2022

As of 06/30/2024 - 39,324 surveys were submitted and 25,745 environmental reviews were completed. 25,735 respondents have been invited to complete application and 19,968 applications have been submitted. 12,375 grant awards have been offered to homeowners. Of those, 8,560 homeowners have executed their grant agreements. 3,194 Housing Projects have been completed.

Restore20 Louisiana Homeowner Program - Solution 4

The Solution 4 option of the Restore Louisiana Homeowner Assistance Program is a voluntary real property acquisition program. The buyout program is designed to move residents of damaged properties located in floodways or other high-risk areas out of harm's way to areas of lower risk. Awards are calculated using the fair market value of the damaged property minus any duplication of benefits.

As of 6/30/2024, all expenditures were for activity delivery.

RLHP20 Interim Housing Assistance Program

As different federal funding programs are tapering off and/or no longer available to reduce or eliminate interim housing costs paid to some program participants, the RLHP provides assistance related to additional eligible rental or mortgage expenses, for up to 20 months, provided the household is at or below 120% AMI and is an active applicant within the RLHP.

As of 6/30/2024, 1838 applications have been completed and submitted by homeowners. Of these, 635 applications have been approved and assistance offered. 493 grantees have executed grant agreements.

RLHP20 Flood Insurance Assistance Program

As of 6/30/2024, the program has received 1717 applications for Interim Housing assistance. Of these, 1205 applicants have been approved. Of these, 672 policies have been purchased.

Soft Second Mortgage Program

The Soft Second Mortgage Program provides homeownership assistance to first time low- and moderate-income homebuyers by providing soft second mortgages and closing cost assistance to acquire site-built homes outside the Special Flood Hazard Area. This program helps eligible renters to become homeowners in the relatively lower risk areas of storm-impacted parishes, thereby alleviating the rent burden potentially faced by some eligible applicants.

As of 6/30/2024, funds in the amount of \$324,000 were used to assist 9 households with down payment and closing cost assistance.

Middle-Market Loan Program

The Middle-Market Loan Program (MMLP) will provide gap financing to support the rehab and/or construction of multi-family buildings in impacted parishes that serve a range of household incomes, with the goal of achieving below-market rent affordability for LMI households.

That range of “middle-market” rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families and encourages socioeconomic integration into communities.

Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects but will also positively influence design and building standards for Louisiana’s affordable housing industry. \$3,900 in expenditures this quarter were for Activity Delivery.

As of 6/30/2024, Funds Expensed were for Administrative expense.

Rental Restoration and Development (RRDP)

The Neighborhood Landlord Rental Program will offer funding for applicants to rehabilitate existing housing units or construct new affordable housing units. NLRP will also revitalize communities impacted by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms by reducing the blight of damaged properties as it redevelops them into affordable rental housing.

As of 6/30/2024, all expenditures were for activity delivery.

Permanent Supportive Housing Program

The Permanent Supportive Housing Program (PSHP) model is a proven, evidenced-based best practice housing model that results in long-term improved outcomes for people whose disabilities would otherwise severely compromise their housing and economic security.

PSHP achieves these outcomes in two ways:

- Creates affordable rental housing units in a non-institutional setting linked with flexible community-based supportive services. This approach leads to reduced utilization of emergency room services and other high-cost health / social service interventions, and to cost savings that outweigh spending required to provide the supportive services.
- Creates a program network coordinated at the State level rather than at the provider level, systematizes access to a pipeline of affordable housing units, and opens up opportunities to leverage Medicaid funding and disaster recovery funds for long-term housing solutions.

This approach emphasizes the long-term resilience of both the individuals who benefit from supportive housing and the institutional networks that serve them.

Rapid Rehousing Program

The State has established a model of Rapid Rehousing for households following disasters. The Rapid Rehousing Program (RRH) is based on an effective solution to address the needs of persons at risk of becoming homeless by providing a combined solution of affordable housing and support services that help households to be self-sufficient. This includes preventing homelessness whenever possible by rapidly rehousing people when homelessness is imminent and providing ‘wrap around’ services that stabilize the cost of housing and supports self-sufficiency for the household.

As of 6/30/2024, LHC is providing rental subsidy assistance to 65 clients. Also working to provide aid to 20 clients who were in the housing search process when Start Corp ended their contract. Family Endeavors continues to provide case management for rental subsidy assistance to participants in Region V and VI.

Resilient Mixed Income Gap Funding Program (PRIME)

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments.

PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program's policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents.

With the additional proposed resources from PRIME, the State can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters.

In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

As of 6/30/2024, funds expended on program costs for 20 different draws for 14 different developments.

HMGP Global Match Program

The State will work with eligible applicants and other State agencies to identify the most efficient means of implementing a global match program for approved FEMA's Hazard Mitigation Grant Program (HMGP) projects.

Nonfederal Share Match Program (FMA-SWIFT)

Investments in infrastructure repair and rebuilding in areas impacted by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms helps to secure investments in housing recovery and bolsters confidence in communities continuing to rebuild. Without assistance to meet the State and local match requirements, the infrastructure and resources typically provided by State and local governments will be severely at-risk, as the State and local governments will be required to either a) forgo assistance from FEMA PA or b) divert funding needed for other community needs toward meeting the match requirements. The State will dedicate funds to offset the burden of the non-federal share match requirements faced by State and local entities and jurisdictions.

As of 6/30/2024, funds expended on Non-Federal Match.

Resilient Communities Infrastructure Program

The State will create a program for eligible sub-recipients to revitalize designated commercial districts damaged by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms.

Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community.

As of 6/30/2024, funds expended were for planning costs. These activities include development of the Recovery Proposal, Citizen Participation activities and strategy development, recurring programmatic meetings, trainings, eligibility reviews, website requirements, completion of categorical exclusions, and review of application development requirements, public hearings, fact finding and research, coordination to determine priority projects and alternate projects, preparing and submission of Disaster Recovery Proposal.

Small Business Loan and Grant Program

The State will administer a lending program for disaster-impacted small businesses for non-construction related expenses. The State will enter into sub-recipient agreements with

implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the State is unable to identify local community development organizations that can serve the entire impacted area, the State may issue awards directly to small businesses that meet the program criteria.

The 2020 Restore Small Business Loan program expenditures, \$35,616, are for Activity Delivery per a task order for Cohn Reznick. The following Lenders have been selected to administer the 2020 Restore Small Business Loan Program: New Corp, South Central Planning, New Orleans Regional Loan Corp, and North Delta Planning.

As of 6/30/2024, two of the four lenders of the 2020 Restore Louisiana Small Business Loan Program have closed 81 loans totaling. Two Lenders submitted 13 Activity Delivery Costs draw requests. A total of \$17,655.50 was paid to the authorized vendors for administration.

Narrative:

The Solution 4 option of the Restore Louisiana Homeowner Assistance Program is a voluntary real property acquisition program. The buyout program is designed to move residents of damaged properties located in floodways or other high-risk areas out of harm's way to areas of lower risk. Awards are calculated using the fair market value of the damaged property minus any duplication of benefits.

As of 6/30/2024, all expenditures were for activity delivery.

Narrative:

As different federal funding programs are tapering off and/or no longer available to reduce or eliminate interim housing costs paid to some program participants, the RLHP provides assistance related to additional eligible rental or mortgage expenses, for up to 20 months, provided the household is at or below 120% AMI and is an active applicant within the RLHP. As of 6/30/2023, the program has assisted 48 total active RLHP20 homeowners with temporary housing assistance while their homes are being repaired or reconstructed, with \$239,308.42 in assistance paid to date. Of these, 45 applicants were temporarily housed in a hotel; 3 applicants were housed directly to a rental unit. The obligated total funding for the total 130 approved IHA participants is \$660,169.18. (218 total Applicants)

As of 6/30/2024, 1838 applications have been completed and submitted by homeowners. Of these, 635 applications have been approved and assistance offered. 493 grantees have executed grant agreements.

Narrative:

The Middle-Market Loan Program (MMLP) will provide gap financing to support the rehab and/or construction of multi-family buildings in impacted parishes that serve a range of household incomes, with the goal of achieving below-market rent affordability for LMI households. That range of “middle-market” rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families and encourages socioeconomic integration into communities. Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects but will also positively influence design and building standards for Louisiana’s affordable housing industry. \$3,900 in expenditures this quarter were for Activity Delivery.

As of 6/30/2024, Funds Expensed were for Administrative expense.

Rental Restoration and Development (RRDP)

Grant	Proposed Budget		Proposed MID Threshold Budget HUD Identified		Proposed MID Threshold Budget Grantee Identified	
	This Period	To Date	This Period	To Date	This Period	To Date

Narrative:

The Neighborhood Landlord Rental Program will offer funding for applicants to rehabilitate existing housing units or construct new affordable housing units. NLRP will also revitalize communities impacted by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms by reducing the blight of damaged properties as it redevelops them into affordable rental housing.

As of 6/30/2024, all expenditures were for activity delivery.

Resilient Mixed Income Gap Funding Program (PRIME)

Narrative:

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments. PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program's policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents. With the additional proposed resources from PRIME, the State can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters. In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

As of 6/30/2024, funds expended on program costs for 20 different draws for 14 different developments.

Narrative:

The State has established a model of Rapid Rehousing for households following disasters. The Rapid Rehousing Program (RRH) is based on an effective solution to address the needs of persons at risk of becoming homeless by providing a combined solution of affordable housing and support services that help households to be self-sufficient. This includes preventing homelessness whenever possible by rapidly rehousing people when homelessness is imminent and providing 'wrap around' services that stabilize the cost of housing and supports self-sufficiency for the household.

As of 6/30/2024, LHC is providing rental subsidy assistance to 65 clients. Also working to provide aid to 20 clients who were in the housing search process when Start Corp ended their contract. Family Endeavors continues to provide case management for rental subsidy assistance to participants in Region V and VI.

Narrative:

The State will create a program for eligible sub-recipients to revitalize designated commercial districts damaged by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms. Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community.

As of 6/30/2024, funds expended were for planning costs. These activities include development of the Recovery Proposal, Citizen Participation activities and strategy development, recurring programmatic meetings, trainings, eligibility reviews, website requirements, completion of categorical exclusions, and review of application development requirements, public hearings, fact finding and research, coordination to determine priority projects and alternate projects, preparing and submission of Disaster Recovery Proposal.

Soft Second Mortgage Program

Narrative:

The Soft Second Mortgage Program provides homeownership assistance to first time low and moderate-income homebuyers by providing soft second mortgages and closing cost assistance to acquire site-built homes outside the Special Flood Hazard Area. This program helps eligible renters to become homeowners in the relatively lower risk areas of storm-impacted parishes, thereby alleviating the rent burden potentially faced by some eligible applicants.

As of 6/30/2024, funds in the amount of \$324,000 were used to assist 9 households with down payment and closing cost assistance.

Narrative:

The State will administer a lending program for disaster-impacted small businesses for non-construction related expenses. The State will enter into sub-recipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the State is unable to identify local community development organizations that can serve the entire impacted area, the State may issue awards directly to small businesses that meet the program criteria. The 2020 Restore Small Business Loan program expenditures, \$35,616, are for Activity Delivery per a task order for Cohn Reznick. The following Lenders have been selected to administer the 2020 Restore Small Business Loan Program: New Corp, South Central Planning, New Orleans Regional Loan Corp, and North Delta Planning.

As of 6/30/2024, two of the four lenders of the 2020 Restore Louisiana Small Business Loan Program have closed 81 loans totaling. Two Lenders submitted 13 Activity Delivery Costs draw requests. A total of \$17,655.50 was paid to the authorized vendors for administration.

Narrative:

The Restore Louisiana Homeowner Assistance survey opened on Feb. 1, 2022 and closed August 31, 2023. Application deadline was 10/31/2023. Any application submitted past that date in which a damage assessment was not performed prior to 12/31/2023 are not guaranteed reimbursement without receipts and proof of payment.

- Phase 1 on May 11, 2022
- Phase 2 – 3 on Aug. 24, 2022
- Phase 4 – 5 on Nov. 28, 2022
- Phase 6 on Dec. 15, 2022

As of 06/30/2024 - 39,324 surveys were submitted and 25,745 environmental reviews were completed. 25,735 respondents have been invited to complete application and 19,968 applications have been submitted. 12,375 grant awards have been offered to homeowners. Of those, 8,560 homeowners have executed their grant agreements. 3,194 Housing Projects have been completed.

Activity Description:

The Middle-Market Loan Program will provide gap financing to support the rehab and/or construction of multi-family buildings that serve a range of household incomes, with the goal of using higher-cost units to generate deeper affordability for LMI renters. That range of “middle-market” rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families, and encourages socioeconomic integration in communities. Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects, but will also positively influence design and building standards for Louisiana’s affordable housing industry.

Activity Description:

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments. PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program’s policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents. With the additional proposed resources from PRIME, the state can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters. In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

Location Description:

Activity Progress Narrative:

7/24/2024 - Funds expended were for Program costs to for 20 different draws for 14 different developments. GM

Activity Description:

The Louisiana Housing Corporation (“LHC”) will implement the Rental Restoration and Redevelopment Program to provide assistance to landlord applicants (“Eligible Applicants”) experienced in renting residential properties to tenants, or developing infill residential rental housing to be located in areas adversely affected by Hurricanes Laura, Delta, Ida and the May of 2021 Floods. LHC will accept applications from applicants who will construct new residential rental housing units (“New Units”) or will renovate residential rental housing units (“Existing Units”) in a qualified project, located in one of the parishes declared to be disaster areas (“Eligible Parish”) as a result of Hurricanes Laura, Delta, Ida and the May of 2021 Floods .

Activity Description:

The state will administer a lending program for disaster-impacted small businesses for non- construction related expenses. The state will enter into subrecipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the state is unable to identify local community development organizations that can serve the entire impacted area, the state may issue awards directly to small businesses that meet the program criteria.

Location Description:

Activity Progress Narrative:

7/23/2024 - Funds expended on administrative cost for vendors. GM
