Human Resource Policies Beneficial to Women and Families Link:

Public Safety Services grants flexible work schedules, when possible, to accommodate employees with child-care or other family issues. The Department will make reasonable accommodations for known physical or mental disabilities of an applicant or employee as well as known limitations related to pregnancy, childbirth or a related medical condition. The Department has an Employee Assistance Program that provides information and guidance for employees and/or family members. In accordance with Federal Law, the Department supports all Federal and State labor laws, the Family and Medical Leave Law Act, the Americans with Disabilities Act, and the Affordable Healthcare Act and upholds practices within those guidelines, supporting employees and families.

Explanatory Notes:

ASCLD/LAB offers a voluntary program in which any crime laboratory may participate in order to demonstrate that its management, operations, personnel, procedures and instruments, physical plant and security, and personnel safety procedures meet certain standards. The accreditation process is one form of a quality assurance program, which may be combined with proficiency testing, continuing education and other programs to help the laboratory strive to give better overall service to the criminal justice system. The Crime Laboratory seeks to maintain ASCLD/LAB accreditation by meeting the established quality assurance standards as outlined in the Laboratory Accreditation Board Manual.

Explanatory Notes:

The Applicant Unit at the Bureau processes requests for civil checks of criminal history information for those authorized to receive them. These include such professions as teachers, day care workers, gaming employees, and nursing home employees. The Bureau provides prospective employers with information to ensure that disqualified persons are not hired. The objective is to decrease the response time for the information reported back to the employer to ensure that only qualified individuals are given access to those that the laws seek to protect.

Explanatory Notes:

The mission of DPS Police, Capitol Detail is to ensure the safety and security of visitors, employees, elected officials, and state department agencies through law enforcement, cooperation, and education, and by providing other essential public safety services. Through direct traffic enforcement efforts towards violators, not only in proportion to the frequency of their occurrence but also in terms of traffic related needs identified in the areas, and by developing partnerships and resources within the community to build problem solving coalitions, the DPS Police strive to instill a sense of mutual responsibility for enhancing public safety, increase the community capacity to resolve issues related to criminal and traffic enforcement, and improve the quality of life.

DEPARTMENT ID: 08 - PSAF

AGENCY ID: 419 - Office of State Police

PROGRAM ID: 4193 - Operational Support

PM OBJECTIVE: 4193-12 - The Technology and Business Support section will improve LSP's use of technology and efficiency during the course of this five-year plan by migrating or transforming all active functions of IBM Lotus Notes used by the Department to contemporary, serviceable technology. Inactive applications and functions of Lotus Notes will be archived by the end of the five-year plan. At a minimum, all non-supervisor Patrol personnel will have e-citation equipment and capabilities by the end of the strategic plan and will no longer utilize paper ticket books to issue misdemeanor summonses or traffic citations. This will improve the safety and efficiency of Patrol officers, allowing officers to spend less time in the presence of each violator while exposed to nearby traffic, and more time actively detecting motor vehicle violations.

Explanatory Notes:

Each complaint is tracked individually. When a complaint is received, it is logged into a computer database. When an investigation is opened, this date is logged in as well. Additionally, when the complaint is cleared and/or closed, this date is logged. A complaint is "cleared" when it is determined to be unsubstantiated or a Notice of Violation is warranted. A complaint is closed when the administrative hearing process is completed. This process may take several months or even years, depending on the scope of the investigation.

Explanatory Notes:

In total, there are 13,174 boilers in the state. Of these, 3,218 are assigned to be inspected by the Office of State Fire Marshal inspectors and 9,956 are assigned to insurance company inspectors. In the event that an insurance inspector is delinquent by 90 days in inspecting, it is the state's duty to inspect. Thus, the number of actual inspections completed by the Office of State Fire Marshal may be more than the original assigned number.

Explanatory Notes:

The arson clearance rate is calculated by the addition of all criminal cases investigated that are closed by arrest and exceptional clearance, and dividing by the total number of criminal investigations. These investigations are conducted in accordance with LRS 40:1563.1. Exceptional clearance; is utilized in those cases in which the following conditions are met: (a) the investigation clearly and definitely establishes the identity of at least one offender, (b) sufficient probable cause has been developed to support the arrest, charging, and prosecution of the offender, (c) the exact location of the offender is known so that an arrest could be made, and (d) circumstances beyond the control of the investigator of investigative agency dictate that no prosecution of the offender is forthcoming (examples: under-age offender, plea agreement through prosecuting agency, death of the offender, etc.).

Explanatory Notes:

The Louisiana Highway Safety's goal is to reduce the number of traffic fatalities by one percent each calendar year through 2028. Rates measure reduction of risk based on exposure. Reducing fatalities and injuries with an increase in vehicle miles traveled (increase in exposure) represents a reduction in risk. The Louisiana Highway Safety Commission measures success by reducing the traveling public's risk of being killed or seriously injured in a motor vehicle crash. Increases or decreases in licensed drivers/ vehicle miles traveled affect raw data. The U.S. fatality rate for 2021 was 1.37, up from 1.34 in 2020, per 100 million vehicle miles traveled.

Explanatory Notes:

Alcohol is the primary contributing factor in traffic crashes throughout the country, representing 31% of total traffic fatalities for 2021. In 2021, the blood alcohol concentration (BAC) for drivers tested in fatal crashes in Louisiana was at or above .08% in 36% of the cases. Impaired driving programs will continue to be implemented by state and local government and non-profit organizations. Youth activities such as special enforcement efforts, LHSC Youth Programs in local communities, and networking activities with agencies such as Alcohol and Tobacco Control and the SHSP Regional Safety Coalitions will continue to be supported.

Authority for this program is established by promulgated rule (LAC Chapter 48: IX. Chapter 11; the Flexible Family Fund (FFF) services are linked to Act 378 of the 1989 Regular Session of the Louisiana Legislature; the Children's Choice Waiver, Supports Waiver, Residential Options Waiver and New Opportunities Waiver services are linked to CMS Home and Community-Based Services (HCBS) Settings criteria according to 42 CFR 441.530.

Explanatory Notes:

Explanatory Note: A developmental disability can present special challenges for individuals and their families. The Florida Parishes Human Services Authority provides information, individualized service planning, and/or referrals. A developmental disability refers to a documented diagnosis of developmental disability and/or intellectual disability appearing before the age of 22 years. It can also mean a severe or chronic disability resulting from cerebral palsy, epilepsy, autism, or any condition other than mental illness. In addition, there must be a substantial limitation in three of six life skills areas (i.e., learning, self-care, mobility, etc.).

DEPARTMENT ID: 09 - LDH

AGENCY ID: 301 - Florida Parishes Human Services Authority

PROGRAM ID: 3011 - Florida Parishes Human Services Authority

PM OBJECTIVE: 3011-03 - Through the Executive Administration activity, FPHSA will work to continuously improve the effectiveness and efficiency with which the previous objectives are accomplished through the management of available resources in response to needs to the communities served.

Children's Budget Link:

Children's Budget Link: Not applicable

Human Resource Policies Beneficial to Women and Families Link:

Human Resource Policies Beneficial to Women and Families Link: The following Florida Parishes Human Services Authority (FPHSA) policies/procedures currently in place that benefit women and families are: Equal Employment Opportunity, Discrimination and Harassment Complaints, Cultural Diversity and Competency, and Workplace Violence Prevention (also domestic violence). FPHSA, through its Human Resources Office, continues to develop and implement policies that are helpful and beneficial to women and families. FPHSA adheres to all federal, state and/or local laws, including those applicable to women and families. Additionally, FPHSA currently utilizes several of the Louisiana Department of Health Human Resource policies, such as the Family Medical Leave Act and the Grievance Policy, just to name a couple, until such time as the agency can finalize policy implementation of these policies. As part of the policy implementation process, continued monitoring of all applicable resources will ensure that these policies are regularly maintained and updated to ensure accuracy.

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other): Get a Game Plan: Emergency Preparedness-Staff members of FPHSA are appropriately trained in state emergency preparedness initiatives and are ready to serve when called upon. Coordination is provided by the Executive Administration activity .

Explanatory Notes:

Explanatory Note: FPHSA directs the operation and management of community-based programs. The Executive Administration oversees the budget, contracting, and purchasing processes, ensuring that the agency optimizes tax-payer dollars; develops, implements, and monitors agency compliance with policies and procedures modeled after state and national best-practices; assesses staff training needs and fosters workforce development by connecting employees with appropriate training opportunities; reduces or eliminates inefficiencies by analyzing and improving on agency processes; keeps pace with the rest of the state by early adoption of technological improvements; and ensures agency adherence to state and federal regulations. A goal of Executive Administration is to avoid duplication, to streamline service delivery, and to improve the quality of care and service delivery to the individuals who are served.

AGENCY ID: 302 - Capital Area Human Services District

PROGRAM ID: 3021 - Capital Area Human Services District

PM OBJECTIVE: 3021-01 - Through the Administration activity, Capital Area Human Services District (CAHSD) will support and oversee programmatic operations that improve health outcomes of the citizens served by ensuring that administrative functions are carried out in a manner that safeguards state assets and protects state resources against fraud, theft and other illegal or unethical activity.

Children's Budget Link: N/A

Human Resource Policies Beneficial to Women and Families Link: N/A

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other): N/A

Explanatory Notes: Capital Area Human Services District (CAHSD) is a political subdivision of the state created in 1996 to provide the publicly funded mental health, addictive disorders and developmental disabilities services in the former Louisiana Department of Health (LDH) Region 2. CAHSD operations is governed by a 17 member Board of Directors nominated by local government and appointed by the Governor. An Executive Director (ED), hired by the Board, is responsible for implementation of successful programmatic and administrative functions. Administration (in conjunction with an Executive Management Team), under the direction of the ED, establishes strategic goals and objectives, develops policy and procedures, provides direction, training and guidance, and monitors compliance with state and federal regulations, departmental directives and legislative mandates.

DEPARTMENT ID: 09 - LDH

AGENCY ID: 302 - Capital Area Human Services District

PROGRAM ID: 3021 - Capital Area Human Services District

PM OBJECTIVE: 3021-04 - Through the Children's Behavioral Health Services activity, CAHSD will provide an integrated, comprehensive behavioral health system of care, prevention and treatment services for at-risk youth and their families, ensuring that at least 90% of clients would continue to receive services at CAHSD clinics if given the choice to go elsewhere.

Children's Budget Link:

This objective is linked to Objective I.1.a. of the Children's Budget. This activity supports Act 5 of 1998 [First Extraordinary Session] by utilization of individualized care teams in the de-escalation and resolution of potential crisis in the home and preventing out-of-home placement, and collaboration with treatment partners (DCFS, FINS, OJJ, school officials, truancy officials) to assess and address the needs of children at risk of out-of-home placement, hospitalization or incarceration so that the child may thrive in the home and in school.

Human Resource Policies Beneficial to Women and Families Link:

This objective supports Act 1078 by providing access to and provisions of school-based mental health and addictive disorders services to children in their parish of residence.

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Healthy People 2020: Reduce substance abuse to protect the health, safety and quality of life for all, especially children. TANF: Utilizing TANF funds in cooperation with DCFS and OBH, we are now able to provide the treatment services necessary for TANF-eligible women and their children with addiction problems to maintain a lifestyle free from the harmful effects of addiction. The goals of this TANF program include not only addictive disorders treatment for the mother, it also includes family reunification, developmental testing, and safe housing services for the dependent children.

Explanatory Notes:

This activity reflects the performance of the Children's Behavioral Health Services unit of the Capital Area Human Services District. The multi-specialty staff helps manage the many issues causing or arising from a child's emotional, mental and/or addiction problems.

DEPARTMENT ID: 09 - LDH

AGENCY ID: 302 - Capital Area Human Services District

PROGRAM ID: 3021 - Capital Area Human Services District

PM OBJECTIVE: 3021-06 - Through the Prevention and Primary Care activity, CAHSD will improve physical health and emotional well-being of the adult uninsured and underinsured population and ensure that at least 95% of new adult admissions in the three largest behavioral health clinics receive a physical health screen.

Children's Budget Link: N/A

Human Resource Policies Beneficial to Women and Families Link: N/A

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other): The social workers provide care management, assistance with basic care needs (transportation, access to medication, housing, and legal services), health education, referral to tobacco cessation, mental health counseling, and psychosocial assessment. The tobacco cessation model utilized is the Freedom from Smoking Program of the American Lung Association (the mentally ill make up 44% of smokers).

Explanatory Notes: Integration of behavioral health and primary care is critical and supported by a review of academic journals which indicates that public behavioral health clients die 25 years earlier due to risky behaviors, the complexity of their medication management, and the lack of care addressing other chronic illness. 41% of our clients have 4+ co-morbid physical health problems. This highly specialized program focuses on connecting the severely mentally ill individual with primary care providers to eliminate and/or improve chronic illnesses, to educate them on the importance of good overall health care (behavioral and physical) and to increase the life expectancy of the individuals receiving services in our public behavioral health clinics.

| 39963 | 24027 | K | During FY 2023 - 2024, the Council's Executive Director resigned August 31st, and the Deputy Director became the Interim Executive Director until officially hired in April 2024. Unfortunately, during most of this fiscal year, the Council was understaffed and activities in the Council's FY24 Action Plan were not all covered. The Council will be fully staff for the new fiscal year (FY2025), so the Executive Director is assigning each activity to Council staff to ensure all activities are covered and work is done on each goal. Council staff will continue to strive to meet all of the plan objectives to get back to previous performance. |

| 39964 | 24026 | K | During FY 2023-2024, the Council was again successful in their advocacy efforts. Their legislative agenda included three items which included: Recurring Funding for Families Helping Families Regional Resource Centers, Funding to increase the night rate in intellectual and developmental disabilities waivers to match the day rate and Funding to Eliminate the Flexible Family Fund Waitlist. The Council's grassroots advocacy network, LaCAN, was successful during the 2024 legislative session and succeeded in advocating for additional funding for the FHF Regional Resource Centers in the amount of \$500,000 and Funding to Increase the Night Rate in the Intellectual and Developmental Disabilities Waivers to the Day Rate in the amount of \$10.1M. Unfortunately, the request for \$9.4M to eliminate the FFF Waitlist was not included in the FY2025 budget. This program consistently has a waiting list of over 2,000 children. The Council was also unsuccessful in obtaining recurring funding in the amount of \$500,000 for the FHF Centers, but overall, the Council was very successful during the 2024 legislative session despite those shortcomings. |

| 39965 | 10697 | K | The Council has advocated for an additional \$500,000 in State General Funds for the last four years to help support the Regional Families Helping Families Centers. They have been successful since FY 2022 in advocating for the legislature to add these additional funds to the Developmental Disabilities Council budget. For FY 2025, the additional \$500,000 was not included in the Council's budget initially, and therefore the Council again advocated during the 2024 legislative session for the additional \$500,000 in State General Funds be included in their budget for FY 2025. Their advocacy was again successful, and this funding has been included in the Council's budget to continue to support the FHF Centers across the states. The number of information and referral services, peer to peer support opportunities and trainings have increased as a result of the additional funding since initially receiving the funding in FY2022. The number of outreaches conducted also increased significantly due to the additional funding especially in rural areas which has made a greater impact across the state, not just in urban areas but specifically in rural areas. These increases have also led to parents/family members and individuals with intellectual and developmental disabilities feeling satisfied with the services and support they have received from the FHF Centers. |
| 39969 | 14074 | G | In FY2024, the Council discovered some very alarming legislative audits for Families Helping Families Southeast (New Orleans La). The results were included in the FY2023 Operational Plan. The Council took very swift action and asked the Executive Director of FHF Southeast as well as the Board of Directors that governs the Center to submit a detailed corrective action plan with specific policies and procedure to ensure the issues do not arise again. The Council also placed them on a probationary period for FY24 and if they did meet contract requirements and items in the Corrective Action plan to the satisfaction of the Council, the Center will not be funded in FY25. After reviewing financial documents and having the Executive Director of FHF NOLA present the current state of the Center, the Council decided to continue to contract with the Center for FY25. The Center will continue on the probationary period until a new audit is released stating that all issues have been resolved. Therefore, the percent of FHF maintaining compliance decreased, but the Council is hopeful that it will return to 100% in FY26. |

AGENCY ID: 304 - Metropolitan Human Services District

PROGRAM ID: 3041 - Metropolitan Human Services District

PM OBJECTIVE: 3041-01 - Through Care Management/Administration - MHSD, serving as the planning body, will implement a single point-of-entry care management system that bridges the current gap between inpatient and outpatient behavioral health and developmental disabilities services, assessing the consumer's broad needs, planning and linking the individual to resources to assure access to medical and behavioral health care, and partnering with other community based providers to increase consumer choice around housing and other supportive services. This work will be supported by creating an administrative structure that is efficient, equitable, effective/evidence-based, patient-centered, safe, and timely.

| Form Instance | Performance Indicator | Level | Footnotes |
|---------------|-----------------------|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 37905 | 2219 | K | Per the contract, 100% of all error-free claims need to be adjudicated within 30 calendar days from receipt of the claim Section 2.7.4.4.2(5) |
| 37905 | 25556 | K | <p>The FY23-24 actual yearend performance is less than the performance standard due to the development of the modularity RFPs and National Association of State Procurement Officials (NASPO) Participating Addendums that are still in progress and have not been completed. Therefore, the current vendor Gainwell has continued to provide services for FY 2023-2024.</p> <p>Due to the ongoing development of RFPs and NASPO procurements for modularity, Gainwell, the current provider, will continue to provide services for FY2025–2026. Gainwell has proposed a 10% reduction for the next three years of the current services, which is the reason for the decrease in the price.</p> |
| 37905 | 26087 | K | There were 55,189,455 capitation payments processed from April 2023 through March 2024 so the expectation is that an increase in capitated payments will continue. |
| 37992 | 26572 | G | Invitations for demonstrations were issued for two NASPO competitive procurements in 2022-2023 - Provider Management and Claims and Encounters Processing and Financial Management. |

Activities/Objectives - Performance Indicators

DEPARTMENT ID: 09 - LDH

AGENCY ID: 325 - Acadiana Area Human Services District

PROGRAM ID: 3251 - Acadiana Area Human Services District

PM OBJECTIVE: 3251-01 - To provide programmatic leadership and direction to the programs of behavioral health (addictive disorders and mental health) and developmental disabilities services under AAHSD; to continue the operational activity of the AAHSD administrative office in relation to the Readiness Assessment Criteria and other regulatory/licensure processes and according to the terms of the Memorandum of Understanding (MOU) each year through June 30, 2025.

Children's Budget Link:

Acadiana Area Human Services District services for children are related to the health policy outlined in the Children's Budget Link which mandates that all Louisiana children will have access to comprehensive healthcare services, and are linked via the Acadiana Area Human Services District agency's budget.

Human Resource Policies Beneficial to Women and Families Link:

Human Resource Policies Beneficial to Women and Families Link: The Acadiana Area Human Services District abides by all state Civil Services guidelines and procedures regarding equal opportunity for all staff and in particular women and their families. The Acadiana Area Human Services District also addresses specific issues in respect to female employees and their families in the Human Resources policies for the agency and the Acadiana Area Human Services District Personnel Handbook. All policies are reviewed annually and changes/additions are made accordingly to new mandates or as issues arise.

| 33198 | 26138 | K | Data reflected is for 4th quarter (July 2023 -June 2024). The variance of -9.98% is a result of MCOs continuing to work to develop their networks to meet new contractual standards implemented last year. The MCOs are continuing to develop their networks to meet the new access standards by recruiting and implementing various strategies that focus on timely access to services. The MCOs are providing monthly updates of their recruitment efforts, progress and any barriers faced in building their networks. If there is a need for specialized behavioral health services and a network provider is not identified, the MCO will execute a single case agreement to meet the needs of the enrollees. In addition a couple of MCOs are having internal data issues causing inaccurate information to be reported. These issues are closely monitored and are improving. |
| 33198 | 26139 | K | Data reflected is for 4th quarter (July 2023 -June 2024). The variance is -5.56%. This improvement is due to completion of several actions plans such as MCOs reinforcing performance expectations by educating providers on the acceptable appointment availability criteria; extensive monitoring of non-compliant practices; assessing their networks to identify network gaps areas; recruiting providers as needed; and incorporating termination as an option of remediation for providers that show repetitive noncompliance. |

| Form Instance | Performance Indicator | Level | Footnotes |
|---------------|-----------------------|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 33202 | 26156 | K | The percentage of individuals reporting a decrease in gambling activities after attending a residential gambling treatment program exceeded expectations. This success can be attributed to the comprehensive treatment services provided by the Center of Recovery (CORE) staff and the inclusion of additional recovery supports, such as expanded educational programs on relapse prevention and gambling. |
| 33202 | 26157 | K | The lower completion rate underscores the challenges of engaging individuals with gambling problems in sustained treatment. Problem gambling is often difficult to treat due to its hidden nature, denial by those affected, and complex psychological factors. Additionally, some individuals may lose motivation to continue treatment once the immediate crisis has passed, leading to discharges prior to completion. |
| 33202 | 330100001 | K | Objective baseline has been adjusted. Data submitted through the LGE data submission process were found to be overinflated numbers (individual were carried over from year to year without discharge and not receiving treatment services). Baseline of objective has been updated to reflect a more accurate measurement. |

Human Resource Policies Beneficial to Women and Families Link:

The Central Louisiana Human Services District abides by all state Civil Service guidelines and procedures regarding equal opportunities for staff and in particular women and their families. The Central Louisiana Human Services District also addresses specific issues in respect to female employees and their families in the Human Resources policies for the agency and in the Central Louisiana Human Services District Personnel Handbook. Applicable policies are: the Family Medical Leave Policy (29.1), the Sexual Harassment Policy (56.1) and the Equal Employment Opportunity/Complaints Policy (34.1).

AGENCY ID: 376 - Central Louisiana Human Services District

PROGRAM ID: 3761 - Central Louisiana Human Services District

PM OBJECTIVE: 3761-04 - Through the Developmental Disabilities activity, the CLHSD will promote and facilitate independence for citizens with disabilities via the availability of home and community based services.

Children's Budget Link:

Central Louisiana Human Services District services for children are related to the health policy outlined in the Children's Budget Link which mandates that all Louisiana children will have access to comprehensive healthcare services, and are linked via the Central Louisiana Human Services District agency's budget.

Human Resource Policies Beneficial to Women and Families Link:

The Central Louisiana Human Services District abides by all state Civil Service guidelines and procedures regarding equal opportunities for staff and in particular women and their families. The Central Louisiana Human Services District also addresses specific issues in respect to female employees and their families in the Human Resources policies for the agency and in the Central Louisiana Human Services District Personnel Handbook. Applicable policies are: the Family Medical Leave Policy (29.1), the Sexual Harassment Policy (56.1) and the Equal Employment Opportunity/Complaints Policy (34.1).

| Form Instance | Performance Indicator | Level | Footnotes |
|---------------|-----------------------|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 38409 | 25294 | K | This indicator is difficult to predict because it not only involves the needs of people served but also the individual family support system and other multidimensional factors. All approvals were based on the needs and available funds. |
| 38409 | 25295 | K | There are a total of 102 slots. However, as slots are vacated by recipients, we may serve more or fewer individuals depending on the eligibility and/or recidivism of the applicants. |
| 38412 | 25297 | G | The indicator is an amalgamation of several program activities including family support, family flexible funds, and waiver services. The indicator is sensitive to fiscal limitations, eligibility requirements, and recidivism of the population served. The indicator summarizes all services provided by DD. |

AGENCY ID: 360 - DCFS - Office for Children and Family Services

PROGRAM ID: 3603 - Division of Family Support

PM OBJECTIVE: 3603-07 - Ensure that the Child Support Employment and Training (CS E&T) program engages the courts and community-based organizations to provide at least twenty-four (24) custodial parents and two hundred and sixteen (216) non-custodial parents with an assessment, tailored case management, training, education and support services to overcome barriers and move program participants to employment that produces a living wage by the end of the current fiscal year. Thus, reducing poverty, increasing money flow into households and providing parents with the ability to sufficiently, support their families.

| 36796 | 23785 | K | In previous years, our unit's objective (and the corresponding 95% target rate) was measured by calculating the number of employers that compliance staff investigated and determined were not in compliance with workers' compensation laws. For these employers, compliance staff would complete its investigation by creating a Mandatory Insurance Compliance System (MICS) case for further review and handling by the units legal staff. The unit created a substantial number of MICS cases beginning in 2020, due to the COVID-19 pandemic and the requirement that office staff temporarily work from home. As a result, there is a backlog of approximately 6,000 MICS files. It is estimated that approximately 240-300 MICS files were created weekly by compliance staff from March 2020 through March 2023. In April 2023, due to the considerable number of backlogged files, the unit instituted a temporary pause in creating new MICS cases and has been reviewing the backlogged inventory. For fiscal year 2024, the unit has completed its review and investigation of approximately 1,884, or 31%, of the backlogged inventory. |

Human Resource Policies Beneficial to Women and Families Link:

The Department of Wildlife and Fisheries administers several educational programs beyond mandatory hunter and firearm education that benefit women and families. * Becoming an Outdoors Woman (BOW) - This program focuses on providing opportunities for women to learn skills that enhance and encourage participation in hunting, fishing and other outdoor activities. The department conducts this workshop once a year for roughly 130 participants. Over 32 individual classes are taught over this 3 day workshop. * Beyond Becoming an Outdoors Woman (BBOW) - This program is an extension of BOW and provides advanced hunting skills training to women including participating in an actual deer hunt. BBOW is historically held for 6-8 participants and takes place on restricted WMA to ensure a greater opportunity for success. * Families Understand Nature (FUN) Camp - These camps offer parents and their children an opportunity to spend a weekend in the outdoors re-establishing bonds and honing outdoor skills. Typically, two FUN camps are held each year with roughly 40 participants. * Archery in Louisiana Schools (ALAS) - ALAS is Louisiana's version of the National Archery in the Schools Program. ALAS promotes international style target archery as part of the physical education curriculum for grades 4-12. This program is designed so that students compete on an equal playing field regardless of age, gender, ethnicity, or background. Approximately 40% of the program's participants are female. LDWF typically hosts two regional, one 3-D tournament, and one state archery tournament annually. Participation in ALAS is a performance indicator under the Education Outreach activity. * Louisiana Youth Bow-hunter Challenge (LYBC) - Youth statewide are invited to attend 3-D target archery tournaments in realistic hunting situations at 3 locations statewide; Bodcau WMA, Woodworth Education Center, and Waddill Refuge. * Hunting 101 courses - Typically, 4 novice hunting classes to give new participants the knowledge and encourage and instill confidence to break out on their own. Examples of these courses are, Squirrel 101, Wood Duck hunting 101, Archery 101, and Waterfowl 101. Future events will be broadcast live on social media (where possible) to educate those who cannot attend in-person. * Youth Hunter Education Challenge (YHEC) – YHEC is an all-inclusive advanced skills-based program for youth, ages 10-17, that enhances and sharpens skills in Wildlife Identification, Hunter Safety, Conservation and Ethics, 3-D Archery, Shotgun, Rifle, Orienteering, and Muzzleloader. Led by Hunter Education Volunteer instructors, teams from across the State of Louisiana train for a regional competition held annually in June, with the highest scoring divisions of and boys and girls qualifying for national YHEC competition. Female participation in YHEC is substantial, estimated overall at approximately 45%. This course services roughly 100 individuals each year. * National Hunting and Fishing Day (NHFD) – NHFD is a department-wide event aimed at introducing families to the conservation efforts of the LDWF, and is held at four locations statewide on the third Saturday of September each year. LDWF conservation programs and activities, food, and various shooting sports such as archery, shotgun, rifle, and air rifle activities are offered at these events, which draw thousands people annually. These events are free for all who wish to attend.

The Office of State Examiner has adopted a policy which addresses responsible leave management and unplanned absences. This special policy encourages responsible usage, a condition which we hope will improve the efficiency of service to those served by this office. The policy is intended to encourage advance leave planning, so that we may more efficiently meet work demands while also allowing employees to have needed time away from the office. The Office of State Examiner is sensitive to the needs and concerns associated with family care situations, and for this reason unforeseen family care issues (that is, absences which could not have been reasonably anticipated) which require employees to be absent from work have been excluded as unplanned absence. Such family care issues include doctor's appointments for, or a sudden illness of a child or other family member for whom the employee is responsible. The Office of State Examiner has also adopted a Family and Medical Leave policy which provides for leave of absence in accordance with the provisions of the Family and Medical Leave Act of 1993.

Other: State Outcome Goals Link: PUBLIC SAFETY The Office of State Examiner was established under the Municipal Fire and Police Civil Service Law, in part, to provide lists of qualified eligible candidates for appointment to positions in the fire and police services. Qualified fire and police personnel insure a continuity of public safety protection across both rural and urban areas of the state. Carefully developed and administered employment tests have long been recognized by private and public organizations for their value in identifying applicants who possess the knowledge, skills and abilities (KSAs) or competencies necessary to perform well on the job, to be responsive to training, to contribute to the general welfare of the organization and its customers, and to commit to a long term employment relationship. Citizens of the state of Louisiana deserve to live and work in an environment where they are free from threats and hazards that imperil their lives and property, and should be assured of a standard of professionalism from public safety employees throughout the state. It is, therefore, necessary that government must attract and retain personnel who possess the qualities that assure public safety.

Explanatory Note: This Activity Objective encompasses the following strategic objectives set forth in the FY 2023-2024 - FY2027-2028 Five Year Strategic Plan: OBJECTIVE 1.1: By June 30, 2028, efficiently and cost-effectively respond to the needs of administrators, classified employees, and the 1.8 million Louisiana residents protected by the MFPCS system by providing validated selection tests and lists of qualified eligibles for hire and promotion.

Activities/Objectives - Performance Indicators

DEPARTMENT ID: 17 - CSER

AGENCY ID: 565 - Board of Tax Appeals

PROGRAM ID: 5651 - Administrative

PM OBJECTIVE: 5651-01 - Process cases and conduct hearings as requested by parties.

Children's Budget Link: Not Applicable

Human Resource Policies Beneficial to Women and Families Link: Not Applicable

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other): Not Applicable

Explanatory Notes: The essential product of the Board is conducting fair and impartial due process hearings, an activity not easily quantified or qualified. One can count the number of petitions filed, hearings conducted, decisions rendered and recommendations reviewed, but impartiality and constitutional due process are not measurable. The number and type of cases the Board is likely to receive as a result of new taxpayers, new tax laws and new regulations is not determined in advance and will fluctuate greatly. The Board hears not only appeals from taxpayers aggrieved by assessments, denials of refunds by the Louisiana Department of Revenue (LDR) and claims against the state, but also responds to requests and recommendations made by LDR. The Board does not generate its own input and cannot control the number and types of cases it receives. LDR makes a determination as to whether it will sue a taxpayer in district court or impose an assessment, which can be appealed to the Board. Upon receiving a notice of assessment from LDR, a taxpayer decides whether to pay the amount owed, appeal to the Board or go to district court. Thus, the taxpayer determines how many petitions are filed with the Board. The Board processes 100% of these cases. The Board cannot control the number of assessments or denials of refunds issued by LDR, or the number of taxpayers who choose to contest the decisions of LDR by appealing to the Board. After a petition is filed with the Board, the taxpayer may withdraw the petition or settle the matter with LDR. In addition, the number of attorneys in the Legal Division at LDR has an effect on the number of cases the Board will hear. When LDR has fewer attorneys, the number of cases it is able to try before the Board is reduced. Conversely, an increase in the number of attorneys at LDR allows the Board to hear many more cases. The Board hears all cases when all the parties are ready to try the case.

DEPARTMENT ID: 17 - CSER

AGENCY ID: 565 - Board of Tax Appeals

PROGRAM ID: 5651 - Administrative

PM OBJECTIVE: 5651-02 - Computerize all docketed cases by scanning files and entering all data in the docketing system, so all case information is in digital form and readily available.

Children's Budget Link: Not Applicable

Human Resource Policies Beneficial to Women and Families Link: Not Applicable

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other): Not Applicable

Explanatory Notes: This objective is directly dependent on legislative funding to achieve 100% of cases being scanned and entered into the docketing system. To provide reliable and accurate information to the public, state employees and for performance data in an accessible and cost-effective manner, cases are digitized and entered into the docketing system. The digitized information is backed up daily, which will prevent the loss of data in a disaster.

AGENCY ID: 600 - LSU System

PROGRAM ID: 6002 - Louisiana State University - A&M College

PM OBJECTIVE: 6002-02 - Increase the percentage of first-time in college, full-time, degree-seeking students retained to the second fall at the same institution of initial enrollment by 1.6 percentage points from the fall 2020 cohort (to fall 2021) baseline level of 83.4% to 85.0% by fall 2026 (retention of fall 2025 cohort).

Children's Budget Link:

Not applicable.

Human Resource Policies Beneficial to Women and Families Link:

Not applicable.

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Closely linked to objective in Board of Regents Master Plan for Public Postsecondary Education.

Explanatory Notes:

This indicator tracks degree seeking first-time in college students enrolled full-time in credit courses as of the 14th class day of the fall semester. It does not reflect the total retention for the college. The indicator will be reported at the end of the fourth quarter. This will allow time for collection, aggregation, and editing of the data. This number is calculated using the institutionally classified cohort of degree seeking first-time in college, full-time, students in a given fall who re-enroll the following fall semester at the same institution. The number of students re-enrolled will be divided by the number of students in the cohort to obtain a retention percentage. Source: Student level data submitted by the institution to Regents Statewide Student Profile System (SSPS).

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Closely linked to objective in Board of Regents Master Plan for Public Postsecondary Education.

Explanatory Notes:

This indicator tracks degree seeking first-time in college students enrolled full-time in credit courses as of the 14th class day of the fall semester. It does not reflect the total retention for the college. The indicator will be reported at the end of the fourth quarter. This will allow time for collection, aggregation, and editing of the data. This number is calculated using the institutionally classified cohort of degree seeking first-time in college, full-time, students in a given fall who re-enroll by the third fall semester at the same institution. The number of students found still enrolled will be divided by the number of students in the cohort to obtain a retention percentage. Source: Student level data submitted by the institution to Regents Statewide Student Profile System (SSPS).

Explanatory Notes: Data will be retrieved from the Board of Regents Statewide Student Profile System (SSPS). This system has been in existence for over 25 years. The data are submitted by the colleges twice annually, at the end of the fall and spring semesters of an academic year. For this indicator, the fall data is used. This is the National Standard for reporting headcount enrollment. The headcount measurement is made on the 14th class day of the Fall semester.

Closely linked to objective in Master Plan for Postsecondary Education.

Explanatory Notes:

FTF Cohort defined as first-time in college, full-time, degree-seeking students as reported by the campuses to IPEDS. These students are tracked for 150% of normal time of degree completion at the institution of initial enrollment (e.g. Associate Degree = 3 years, for a Bachelors Degree = 6 years). This graduation rate is calculated using institutionally reported data to the Integrated Postsecondary Education Data System (IPEDS). The number of reported cohort completers is divided by the total revised cohort (with allowable exclusions). The indicator will be reported at the end of the fourth quarter. This will allow time for collection, aggregation, and editing of the data.

Activities/Objectives - Performance Indicators

DEPARTMENT ID: 21 - ANCI

AGENCY ID: 816 - Division of Administrative Law

PROGRAM ID: 816T - Division of Administrative Law

PM OBJECTIVE: 816T-01 - Through the providing impartial administrative hearings activity, to docket cases and conduct administrative hearings as requested by parties.

Children's Budget Link:

N/A

Human Resource Policies Beneficial to Women and Families Link:

DAL's Human Resources functions are performed by DSCS. DAL does not have any program or service directed toward women and families. DAL complies with DSCS Human Resources policies relative to women and families. DAL has implemented flexible work schedules for its employees. DAL provides anti-discrimination training to its employees.

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

DAL will docket cases and provide hearings in TANF cases.

Explanatory Notes:

The following explanatory notes identify potential factors beyond the control of DAL, which could significantly affect the achievement of its goals or objectives and the attainment of its performance indicators. DAL's chief function is to conduct fair and impartial administrative hearings as needed and required by executive branch agencies and/or the Louisiana residents they serve. Although we can quantify the number of hearings docketed, hearings conducted, and decisions issued, we cannot measure fairness, impartiality and due process. These are the fundamental elements brought to each administrative matter docketed with DAL's experienced staff and each hearing conducted by a trained and knowledgeable administrative law judge. DAL, as an independent agency, provides a neutral forum for challenging certain actions or decisions made by executive branch entities, and increases public confidence by issuing fair decisions only after proper notice has been given and all parties have had the opportunity to be heard. Since its creation in 1996, the number of cases docketed at DAL has fluctuated each year based on several factors, such as how many appeals Louisiana residents choose to file, how many appealable actions or decisions executive branch agencies make in a given year, and DAL's jurisdiction. The number and types of cases DAL is likely to receive as a result of new laws or rules enforced by other agencies are not determinable in advance and can fluctuate greatly. Changes to DAL's jurisdiction or litigation challenging AL's jurisdiction can impact the resources required to serve our core function and meet performance indicator values. DAL efficiently conducts administrative hearings. Hearings are conducted by experienced administrative law judges and decisions are rendered without delay. DAL issues decisions in an average of thirty days or shorter from the date in which a case record was closed. DAL has implemented electronic case transfer. Most agencies file cases electronically with DAL, which has been a tremendous cost and resource saving measure. In addition to conducting administrative hearings in person, DAL also conducts hearings by telephone and video conferencing technology, which increases residents' access to justice, and saves time and money in travel to hearings for DAL and the citizens it serves. DAL's expertise and core mission is providing fair and impartial hearings for governmental entities and the residents they serve. There is significant duplication of services provided by DAL when other executive branch agencies, boards or commissions conduct their own administrative hearings. Expanding DAL's jurisdiction to include administrative hearings currently being conducted by other government entities would save the State time and money, while ensuring due process requirements are met. External Comparison: The central panel comparison chart provides data concerning centralized administrative hearing tribunals in other states. States continue to realize the benefits of consolidating the administrative hearings functions held by various agencies into one centralized agency. While each state's jurisdiction is different, with cases of varying types and complexity, the data demonstrates an effective comparison of the operating costs and personnel needs of a statewide centralized administrative hearings agency. The information from this chart was gathered from existing state central panels via responses to a survey conducted from June to Oct. 2024. DAL is operating efficiently. DAL support staff processes, docket, and schedules cases, but does not serve as secretaries to the administrative law judges. Relying on technology, DAL staff works effectively and as a team. When compared to other states, DAL is making effective use of its staff and resources.

| 38339 | 10583 | K | Beginning in FY 2022-2023, the objective and indicator have been adjusted to include the BCRLF & OSG program loan and grant applications in addition to the CWSRF applications. The Clean Water and Brownfield activities are Business Type Activities, and are accounted for and reported differently than traditional governmental funds. As Business Type Activities they are generally held in an Enterprise fund, and that is why they are combined. The OSG program was created by the Federal government to be funded in conjunction with CWSRF loans, and that is why they are combined. |

GENERAL ADDENDA

State of Louisiana

EXECUTIVE DEPARTMENT
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 24-11

Actions to Mitigate the State's Impending Fiscal Cliff

WHEREAS, on January 17, 2024, the Five Year Baseline Projection was presented to the Joint Legislative Committee on the Budget documenting the projected revenues based on the adopted Revenue Estimating Conference forecast and the projected expenditures for the current fiscal year and the ensuing four fiscal years.

WHEREAS, the Five Year Baseline Projection is commonly used to determine if the state is expected to have a surplus or deficit in future years.

WHEREAS, the Five Year Baseline Projection shows the incoming administration is facing a (\$64,770,901) deficit for Fiscal Year 2024-2025 for which it is responsible for preparing a balanced Governor's Executive Budget by February 9, 2024.

WHEREAS, the Five Year Baseline Projection also shows a large deficit (commonly called a fiscal cliff) in Fiscal Year 2025-2026 of (\$558,784,913), growing to a deficit of (\$733,381,780) in Fiscal Year 2027-2028.

WHEREAS, the fiscal cliff in Fiscal Year 2025-2026 is caused by projected revenues decreasing by (3.47%) or (\$416,200,000) as compared to projected expenditures increasing by 0.65% or \$77,814,012.

WHEREAS, one month after taking office, the new administration will address the Fiscal Year 2024-2025 deficit of (\$64,770,901) in the Governor's Executive Budget presented on February 9, 2024.

WHEREAS, it is advantageous to begin addressing the future fiscal cliffs as early as possible in order to provide a balanced budget for all ensuing fiscal years.

NOW THEREFORE, I, JEFF LANDRY, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution do hereby order and direct as follows:

Section 1: Every department shall review the following areas through the end of the current fiscal year in order to identify savings that can be implemented in Fiscal Year 2024-2025 to begin preparing for the fiscal cliff in Fiscal Year 2025-2026:

- A. Review expenditures planned for the remainder of the current fiscal year and identify opportunities for reductions. The savings identified in the current year will result in annualized savings in future fiscal years.
- B. Evaluate contracts, especially those that are expiring, to determine if they are necessary to renew or if they can be reduced or terminated going forward.
- C. Evaluate staffing and determine where funded vacancies can be eliminated.
- D. Evaluate all large acquisitions to determine if there are more cost-effective alternatives or if the acquisition is necessary at all.
- E. Review all programs that are not statutorily required to determine if they can be eliminated, reduced, or phased out.
- F. Review all activities to identify areas of duplication within the department or across departments.
- G. Determine any other discretionary State General Fund spending that can be reduced or eliminated.
- H. Determine any other efficiencies that can be implemented to save State General Fund dollars or improve delivery of services without increasing costs.

Section 2: Each department's November 1, 2024 budget request shall include the savings identified in accordance with Section 1 of this Order.

Section 3: This Order is effective upon signature and shall remain in effect until November 2, 2024.

IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana in the City of Baton Rouge, on this 24th day of January, 2024.

Jeff Landry
GOVERNOR OF LOUISIANA

ATTEST BY THE
SECRETARY OF STATE

BR Addendum #6

9/24

Section 1H: Determine any other efficiencies that can be implemented to save State General Fund dollars or improve delivery of services without increasing costs.

Explain the nature and source of the identified efficiencies below:

A large, empty rectangular box with a thin black border, intended for the user to provide details on the nature and source of identified efficiencies. The box is currently blank.
