DEPARTMENT NUMBER AND NAME: DOC - DOC

DEPARTMENT MISSION:

The mission of Corrections Services is to enhance public safety through the safe and secure incarceration of offenders, effective probation/parole supervision and proven rehabilitative strategies that successfully reintegrate offenders into society, as well as to assist individuals and communities victimized by crime. Through its partnership with the Louisiana Sheriffs' Association, the Department utilizes parish and local jails in addition to state correctional facilities to house offenders who have been committed to state custody and are awaiting transfer.

DEPARTMENT GOALS:

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: We provide for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service. Our employees conduct their duties and responsibilities with a high degree of integrity and a respect for the value and dignity of human life.
- II. Provision of Basic Services: We provide services relating to food, clothing and shelter. We are further committed to delivering quality and cost effective health care services that maintain medical and behavioral health services during the offender's incarceration and to prepare him / her for release by providing linkage to care in the community.
- III. We promote moral rehabilitation through program participation and provide an environment for offenders that encourages positive behavior change. On behalf of individuals demonstrating motivation for change and a desire to participate in programming, the Department seeks educational, rehabilitative, and productive work opportunities, either within the institution or in the community for individuals under supervision.
- IV. Opportunity for Making Amends: Through the opportunities to work and volunteer in prison jobs and educational programs, make restitution, participate in community restorative initiatives, and communicate in victim-initiated victim-offender dialogue, offenders are able to repair and/or learn from the harm caused by their crime. We believe that victims of crime have the right to an active role in shaping how their needs can be met.
- V. Reentry: We recognize the role of community participation and support in the successful delivery of our vision and mission. By using evidence-based practices and following criminal justice reform legislation, we will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate with the end goal of safely reducing recidivism within Louisiana. We are committed to working with the public to reduce barriers and stigma faced by offenders that hinder their successful reintegration upon their return to our communities.

AGENCY NUMBER AND NAME: 109 - Coastal Protection and Restoration Autho

AGENCY MISSION:

The Coastal Protection and Restoration Authority (CPRA) was established as the single state entity with authority to articulate a clear statement of priorities and to focus development and implementation efforts to achieve comprehensive coastal protection for Louisiana. The CPRA's mandate is to develop, implement and enforce a comprehensive coastal protection and restoration master plan. For the first time in Louisiana's history, this single state authority will integrate coastal restoration and hurricane protection by marshaling the expertise and resources of other state agencies, to speak with one clear voice for the future of Louisiana's coast. Working with federal, state and local political subdivisions, including levee districts, the CPRA will work to establish a safe and sustainable coast that will protect our communities, the nation's critical energy infrastructure, and our bountiful natural resources for generations to come. The CPRA was initially established as a Board of Directors by Act 8 of the 1st Extraordinary Session of 2005. Act 545 of the 2008 Regular Session and Act 523 of the 2009 Regular Session provided the Board of Directors with an implementation arm by integrating coastal restoration and flood protection divisions of the Department of Natural Resources (DNR) and the Department of Transportation and Development (DOTD), creating the Office of Coastal Protection and Restoration (OCPR) within the Executive Department. To avoid confusion, in the first quarter of FY 2012 OCPR began operating under the CPRA name. Act 604 of the 2012 Regular Session of the Louisiana Legislature formalized this name change.

AGENCY GOALS:

Provide benefit to Louisiana's citizens and communities, the nation's critical energy infrastructure, and our bountiful natural resources through protecting, restoring, enhancing or creating vegetated wetlands and through non-structural improvements, annually from FY 2023-2024 through FY 2027-2028, in accordance with CPRA's Annual Plans.

Protect the public and property by levee improvements coast wide, annually from FY 2023-2024 through FY 2027-2028, in accordance with CPRA's Annual Plans.

AGENCY NUMBER AND NAME: 160 - Agriculture and Forestry

AGENCY MISSION:

The mission of the Louisiana Department of Agriculture and Forestry is to administer the laws, rules and regulations of the state regarding the growing, harvesting, processing, storing and sale of forest, crop and livestock commodities. These laws, rules and regulations are to ensure that foods are prepared in sanitary processing facilities and are safe to eat; that the state's food manufacturing sector receives the full benefit of the agency's marketing expertise; that the state's soil and water resources are protected to ensure the optimum growth and yield of crops and forests; that the state's forests are protected from harmful diseases and fires, and that Louisiana livestock receives the best in veterinary care. The department also works with other state, regional, national and international sectors of business and government in fulfillment of its goal to provide oversight services and administrative assistance in the conduct of the affairs of rural Louisiana.

AGENCY GOALS:

1. Foster efficiency by maintaining effectiveness and low administrative costs by enabling the success of all other departmental programs.
2. Create and sustain markets and affect jobs through the development of value-added food, agriculture and forestry products industries by way of financial assistance and counsel.
3. Assure that feed, fertilizer, horticultural products, pesticides and seeds meet quality standards.
4. Maintain a safe and healthy food supply for the people of Louisiana, while simultaneously protecting and safeguarding the producers of these products.
5. Provide regulatory services to ensure consumer protection for Louisiana producers and consumers.
6. Ensure the sustained high level of production of wood fiber while enhancing the recreational, wildlife habitat, watershed protection, and air quality values of forest lands.
7. Bring to the people of Louisiana the best technical assistance possible in order to protect and enhance the state's soil and water resources.

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

In regard to Human Resource policies that are beneficial to women and families we presently have established: Flexible Work Schedules to accommodate employees with child care or other family issues. Employees are allowed to choose the work schedule that best suits their needs. Tuition Reimbursement Policy: Though not specifically targeting women or families the Department has a tuition reimbursement policy. Contingent upon prior approval of the Commissioner and availability of funds, the Department allows for reimbursement of tuition for employees pursuing work related degrees. While not specifically designated for women, this policy has the potential to benefit our female employees and/or the families of any of our employees.

Educational Leave Policy: The department has an "educational" leave policy, which may potentially be of benefit to employees and their families. FMLA policy: As required of all state agencies, we adhere to the requirements of the Family Medical Leave Act, which provides: Job and Health Insurance protection to employees that need to be off from work due to serious personal illness or to care for a seriously ill family member. The policy also covers leave related to birth, adoption, or placement of a foster care child. Flexible Benefits Plan: Includes a Dependent Day Care Spending Account - results in a tax savings for qualified participants. "START" Program: College tuition savings program for children of employees is made available through the Louisiana Office of Student Financial Assistance.

EXTERNAL SERVICE DELIVERY: Blood Drives: In conjunction with United Blood Services, the department hosts bi-annual blood drives. As a consequence, all Baton Rouge Headquarters employees and their immediate family members are covered by a Blood Assurance Plan. Miscellaneous Products and Services: With the Commissioner's approval, various vendors are allowed to set up and offer their products to our employees and their families. These products/services include cellular phones/service; financial services such as savings bonds, etc.; farmers offering fresh produce, etc.

Agency Goals

AGENCY NUMBER AND NAME: 307 - Office of the Secretary

The Louisiana Department of Health (LDH) is committed to providing health and medical services for the prevention of disease for the citizens of Louisiana, particularly those individuals who are indigent and uninsured, persons with mental illness, persons with developmental disabilities and those with addictive disorders. It is our mission to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all citizens of the State of Louisiana. The Office of the Secretary (adherence to departmental policies) has the following policies in place that are helpful and beneficial to women and children:

POLICY NUMBER: 26.2

SUBJECT: CRISIS LEAVE POOL

It is the policy of LDH to provide an opportunity for employees to assist fellow employees who need paid leave to cover a crisis period by implementation of a crisis leave pool in accordance with Civil Service Rule 11:34 and Act 1008 of the 1992 Legislative Session. A crisis leave pool is a means of providing paid leave to an eligible employee who has experienced a catastrophic illness or injury to himself/herself. Contributions to the crisis leave pool are strictly voluntary; no employee is coerced or pressured to donate leave. An employee may donate a minimum of four hours of annual leave and donations are limited to 240 hours of annual leave per employee per calendar year.

POLICY NUMBER: 34.2

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY, EEO COMPLAINTS

This policy states the department's position on equal employment opportunity, affirmative action responsibilities and the responsibility of management to ensure compliance with federal, state and local governmental regulations concerning equal employment opportunity and nondiscrimination. LDH Office of the Secretary reaffirms the policy for Equal Employment Opportunity (EEO) by hereby stating that no person shall, on the basis of race, color, religion, sex, age, national origin, disability, veteran's status or any other non-merit factor, be discriminated against in any employment practice. LDH Office of the Secretary is committed to this policy because it is morally right, and it is legally required by Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, the Civil Rights Act of 1991, and the Americans with Disabilities Act of 1990 (PL 101-336).

POLICY NUMBER: 29.2

SUBJECT: FAMILY MEDICAL LEAVE ACT

It is the policy of the Louisiana Department of Health (LDH) to provide up to 12 workweeks of "job-protected" paid or unpaid leave during any 12-month period to eligible employees for certain specified family and medical reasons; to maintain eligible employees' group health insurance coverage during leave; and to restore eligible employees to their same or equivalent positions at the conclusion of their leave as provided by the Family and Medical Leave Act of 1993.

POLICY NUMBER: 56.4

SUBJECT: SEXUAL HARASSMENT

LDH does not tolerate verbal or physical conduct by any employee who sexually harasses another employee or who creates a sexually intimidating, offensive or hostile work environment. Each supervisor has the responsibility to maintain a workplace free of sexual harassment and to discuss this policy with all employees under his/her supervision.

In addition to those policies listed above, the LDH agencies, including the Office of the Secretary, offers flexible time and attendance policies that permit the use of flexible time schedules for employees as approved by their supervisor or manager. Other examples of policies/strategies include the Employee Assistance Program and Funeral Leave. The Employee Assistance Program (EAP) is designed to assist and support employees who are experiencing personal problems. These problems include alcohol abuse, drug abuse, family and marital, financial, and other problems that affect job performance, job security, or the health and well-being of the employee. The services provided by the EAP representatives are free of charge and participation in the program does not jeopardize the employee's current position or future job opportunities.

To assist employees through periods of bereavement following the death of a relative, employees with permanent or probational status may be granted up to two days of Funeral Leave to attend funeral services of immediate family members. Annual leave may be approved in accordance with normal policy to attend the services of other relatives and friends or to extend funeral leave beyond the allowed time.

AGENCY NUMBER AND NAME: 310 - Northeast Delta Human Services Authority

AGENCY MISSION:

NE Delta HSA serves as a catalyst for individuals with mental health, developmental disabilities, and addictive disorders to realize their full human potential by offering quality, excellent care with greater accessibility.

AGENCY GOALS:

Goal I: Improve the outcomes of citizens by expanding access to a network of appropriate, quality prevention and wellness, integrated care and developmental disability services. Goal II: Provide integrated services that promote holistic care through best practices and strategies; ensure a person centered approach through prevention, treatment, support, education, and advocacy. Goal III: Evaluate and analyze outcomes to strengthen internal operations to accommodate trending healthcare environments, payments, and electronic health records systems to produce data-driven decisions that best maximize efficiency and effectiveness. Goal IV: Proactively address risks that impact the behavioral health of our citizens by using collaboration and sound communication practices both internally and with key partners and providers.

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

The Northeast Delta Human Services Authority abides by all state Civil Services guidelines and procedures regarding equal opportunity for staff and, in particular, women and their families. AGENCY NUMBER AND NAME: 320 - Office of Aging and Adult Services

AGENCY MISSION:

To provide access to quality long-time services and supports for the elderly and people with adult-onset disabilities in a manner that supports choice, informal caregiving, and effective use of public resources.

AGENCY GOALS:

Goal I - To promote and develop health and Long Term Supports and Services (LTSS) delivery systems that improve care and outcomes for the high risk, high cost population served by OAAS and achieve LTSS rebalancing consistent with the Americans with Disabilities (ADA) and the U.S. Supreme Court's decision in Olmstead v. L.C.

Goal II - To timely complete investigations of abuse, neglect, exploitation, and extortion of vulnerable adults.

Goal III - To administer and manage resident care programs at Villa Feliciana Medical Complex in a manner that ensures compliance with applicable standards of care; and to promote policies and practices that improve the quality and cost-effectiveness of privately-owned nursing facilities.

Goal IV - To administer and operate OAAS programs in a cost - effective manner while achieving high quality outcomes

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

The majority of older adults and adults with disabilities who receive long term supports and services through OAAS programs are women, and women are the primary providers of elder care. The provision of Home and Community-based waiver services are of benefit in allowing family caregivers, the majority of whom are female, to support and maintain elderly family members, who are also majority female, in their own homes and in the community.

Twelve hour/varied shifts at agency facilities provides flexible hours that are helpful and beneficial to women and families.

STATE OF LOUISIANA Operational Plan Form Agency Goals

AGENCY NUMBER AND NAME: 327 - Office of Surgeon General

The Louisiana Department of Health (LDH) is committed to providing health and medical services for the prevention of disease for the citizens of Louisiana, particularly those individuals who are indigent and uninsured, persons with mental illness, persons with developmental disabilities and those with addictive disorders. It is our mission to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all citizens of the State of Louisiana. The Office of the Surgeon General (adherence to departmental policies) has the following policies in place that are helpful and beneficial to women and children:

POLICY NUMBER: 26.2

SUBJECT: CRISIS LEAVE POOL

It is the policy of LDH to provide an opportunity for employees to assist fellow employees who need paid leave to cover a crisis period by implementation of a crisis leave pool in accordance with Civil Service Rule 11:34 and Act 1008 of the 1992 Legislative Session. A crisis leave pool is a means of providing paid leave to an eligible employee who has experienced a catastrophic illness or injury to himself/herself. Contributions to the crisis leave pool are strictly voluntary; no employee is coerced or pressured to donate leave. An employee may donate a minimum of four hours of annual leave and donations are limited to 240 hours of annual leave per employee per calendar year.

POLICY NUMBER: 34.2

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY, EEO COMPLAINTS

This policy states the department's position on equal employment opportunity, affirmative action responsibilities and the responsibility of management to ensure compliance with federal, state and local governmental regulations concerning equal employment opportunity and nondiscrimination. LDH Office of the Secretary reaffirms the policy for Equal Employment Opportunity (EEO) by hereby stating that no person shall, on the basis of race, color, religion, sex, age, national origin, disability, veteran's status or any other non-merit factor, be discriminated against in any employment practice. LDH Office of the Surgeon General is committed to this policy because it is morally right, and it is legally required by Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, the Civil Rights Act of 1991, and the Americans with Disabilities Act of 1990 (PL 101-336).

POLICY NUMBER: 29.2

SUBJECT: FAMILY MEDICAL LEAVE ACT

It is the policy of the Louisiana Department of Health (LDH) to provide up to 12 workweeks of "job-protected" paid or unpaid leave during any 12-month period to eligible employees for certain specified family and medical reasons; to maintain eligible employees' group health insurance coverage during leave; and to restore eligible employees to their same or equivalent positions at the conclusion of their leave as provided by the Family and Medical Leave Act of 1993.

POLICY NUMBER: 56.4

SUBJECT: SEXUAL HARASSMENT

LDH does not tolerate verbal or physical conduct by any employee who sexually harasses another employee or who creates a sexually intimidating, offensive or hostile work environment. Each supervisor has the responsibility to maintain a workplace free of sexual harassment and to discuss this policy with all employees under his/her supervision.

In addition to those policies listed above, the LDH agencies, including the Office of the Surgeon General, offers flexible time and attendance policies that permit the use of flexible time schedules for employees as approved by their supervisor or manager. Other examples of policies/strategies include the Employee Assistance Program and Funeral Leave. The Employee Assistance Program (EAP) is designed to assist and support employees who are experiencing personal problems. These problems include alcohol abuse, drug abuse, family and marital, financial, and other problems that affect job performance, job security, or the health and well-being of the employee. The services provided by the EAP representatives are free of charge and participation in the program does not jeopardize the employee's current position or future job opportunities.

To assist employees through periods of bereavement following the death of a relative, employees with permanent or probational status may be granted up to two days of Funeral Leave to attend funeral services of immediate family members. Annual leave may be approved in accordance with normal policy to attend the services of other relatives and friends or to extend funeral leave beyond the allowed time.

AGENCY MISSION:

The mission of Corrections – Administration is to provide for the custody, control, care, and treatment of adjudicated offenders through enforcement of the laws and management of programs designed to ensure the safety of the public, staff, and offenders and to reintegrate offenders into society.

AGENCY GOALS:

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: We provide for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: We provide basic services relating to adequate food, clothing and shelter. We are further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: We promote moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunity for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: We are committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. We recognize the importance of the role of the community, the victim and the offender in the successful criminal justice system. AGENCY NUMBER AND NAME: 402 - Louisiana State Penitentiary

AGENCY MISSION:

Louisiana State Penitentiary (LSP), a maximum security facility, is located at Angola, on an isolated 18,000- acre site in a bend of the Mississippi River. It was opened in 1901 and today is the largest correctional facility in the south and one of the largest in the United States. Within LSP's boundaries are the 2,000-man Main Prison and four "outcamps," which are largely self-contained living units of various sizes. The LSP also houses Louisiana's death row and execution chamber. On the LSP grounds is a community of approximately 250 homes and 750 people (staff and family members), which is supported by a post office, community center, grocery store, and recreational facilities. The Louisiana State Penitentiary attained American Correctional Association (ACA) accreditation in January 1994 and has since maintained accreditation. LSP was removed from court oversight on April 7, 1999. Current operational capacity is 3,990.

The mission of the Louisiana State Penitentiary is to incarcerate in a humane, professionally sound manner offenders sentenced to prison and to provide safe prison operations. This includes quality hiring and in-service training of correctional officers, protecting the public from escape risks, and protecting prison staff, contractors, and offenders from any exposure to violence to the extent possible within budgetary resources. It also includes re-entry programs which provide pre-release education and transition services for offenders who have been committed to a state facility.

AGENCY GOALS:

Goals and priorities are built around the Department's commitment to public safety and rehabilitation and serve to guide our performance in carrying out our mission.

- I. Staff and Offender Safety: We provide for the safety of staff and offenders by maintaining an organized and disciplined system of operations which enhance the stability of all programs. All employees are provided training on the principles of the Code of Ethics of the American Correctional Association to demonstrate our commitment to professional and compassionate service.
- II. Provision of Basic Services: We provide basic services relating to adequate food, clothing and shelter. We are further committed to delivering cost effective, quality health care services that maintain basic health and quality mental health services to contribute to the offender's satisfactory prison adjustment, and to diminish public risk presented by offenders upon release.
- III. Opportunity for Change: We promote moral rehabilitation through program participation and will provide an environment for offenders which enables positive behavior change. This will be accomplished by making or identifying educational and rehabilitative opportunities available within the institution, or in the community for offenders under supervision, who demonstrate motivation for change and the desire to participate in such programs.
- IV. Opportunity for Making Amends: Through the availability of opportunities for making restitution and participating in community restorative initiatives, offenders will be provided a mechanism to compensate individuals and communities harmed by crime.
- V. Reentry: We are committed to developing partnerships throughout our communities to include victims, relevant groups and public and private agencies. We recognize the importance of the role of the community, the victim and the offender in the successful criminal justice system. By using evidence-based practices, we will increase compliance with conditions of parole supervision and the ability of the offenders to reintegrate, which will result in safely reducing recidivism among Louisiana parolees and probationers.

AGENCY MISSION:

The Office of Juvenile Justice protects the public by providing safe and effective individualized services to youth, who will become productive, law-abiding citizens.

AGENCY GOALS:

The goals of the Office of Juvenile Justice are:

1. To partner with stakeholders to reduce recidivism among juvenile offenders.
2. To target all available resources to provide services to at-risk and delinquent youth.
3. To ensure high quality services through effective administration and management of a system of behavioral interventions, and a quality continuum of care. This includes responsible management of secure facilities, proper selection and monitoring of juvenile delinquency prevention and diversion projects and residential and nonresidential community programs, effective administration of juvenile probation and parole services, and comprehensive staff development.
4. To partner with local, state and national juvenile service programs who utilize recognized performance/evidence-based standards.
5. To enhance family participation in rehabilitative services to youth in our care.
6. To implement effective strategies to address recruitment and retention of staff.
7. To recruit, develop and retain a workforce focused on treatment and rehabilitative needs of our youth.
8. To improve data resources and information sharing.
9. To connect youth and families to appropriate continuum of care providers, including the community-based partners initiative.
10. Increase collaboration with community stakeholders.
11. Support a system of behavioral interventions and a quality continuum of care which serves the needs of youth.

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

Office of Juvenile Justice grants flexible work schedules, when possible, to accommodate employees with child-care or other family issues. The Department will make reasonable accommodations for known physical or mental disabilities of an applicant or employee as well as known limitations related to pregnancy, childbirth or a related medical condition. The Department has an Employee Assistance Program that provides information and guidance for employees and/or family members. In accordance with Federal Law, the Department supports all Federal and State labor laws, the Family and Medical Leave Law Act, the Americans with Disabilities Act, and the Affordable Healthcare Act and upholds practices within those guidelines, supporting employees and families.

AGENCY NUMBER AND NAME: 431 - Office of the Secretary

AGENCY MISSION:

The Office of the Secretary was created by R.S. 36:354(A)(4) and provides leadership, guidance, and coordination to ensure consistency within the Department, as well as externally. The program serves to promote the Department, implement the Governor's and Legislature's directives, and functions as Louisiana's natural resources ambassador to the world. Its customers are the Governor, Legislature, oil and gas industry, alternative energy industries, coastal management stakeholders, employees of the Department and other state agencies and departments, other governmental entities, and the citizens of the state of Louisiana.

To lease and/or explore for the development and production of minerals, oil and gas, or alternative energy sources on state-owned lands and water bottoms in an environmentally sound and safe manner. To prudently manage said resources by providing timely, accurate, and cost-effective mineral royalty collection and disbursement services. These functions are performed under the authority and direction of the State Mineral and Energy Board. The primary customers of this Office are the citizens of Louisiana, the oil and gas industry, mineral right holders, alternative energy producers, the Legislature and the Division of Administration.

The Office of Coastal Management (OCM) is the agency responsible for the conservation, protection, management and enhancement or restoration of Louisiana's coastal resources. OCM implements the Louisiana Coastal Resources Program (LCRP), established by Act 361 of the 1978 Louisiana Legislature. The LCRP is Louisiana's federally approved coastal zone management program. The OCM also coordinates with various federal and state task forces, other federal and state agencies, the Office of the Governor, the public, the Louisiana Legislature and the Louisiana Congressional Delegation on matters related to the protection, conservation, enhancement and management of Louisiana's coastal resources. Its clients include the U. S. Congress, legislature, federal agencies, state agencies, the citizens and political subdivision of the coastal parishes within Louisiana's coastal zone and ultimately all the citizens of Louisiana and the nation whose economy is impacted by the sustainability of Louisiana's coastal wetlands.

The state legislature created the Louisiana Oil Spill Coordinator's Office (LOSCO) in 1991. LOSCO serves as the single point of contact for programs related to oil spills in Louisiana. LOSCO's mission is to minimize unauthorized discharges of oil, provide for an effective spill response, compensate the public for damages to the state's natural resources and services, and assist the public through education, service, and public outreach.

The Department of Wildlife and Fisheries administers several educational programs beyond mandatory hunter and firearm education that benefit women and families.

Becoming an Outdoors Woman (BOW) - This program focuses on providing opportunities for women to learn skills that enhance and encourage participation in hunting, fishing and other outdoor activities. The department conducts this weekend workshop once a year for up to 132 participants. Over 32 individual classes are taught over this 3 day workshop.

Beyond Becoming an Outdoors Woman (BBOW) - This program is an extension of BOW and provides advanced hunting skills training to women including participating in an actual deer hunt. BBOW is historically held for 6-8 participants and takes place on restricted WMA to ensure a greater opportunity for success.

Families Understand Nature (FUN) Camp - These camps offered parents and their children an opportunity to spend a weekend in the outdoors re-establishing bonds and honing outdoor skills. Two FUN camps were held last year and reached 42 participants.

Archery in Louisiana Schools (ALAS) - ALAS is Louisiana's version of the National Archery in the Schools Program. ALAS promotes international style target archery as part of the physical education curriculum for grades 4-12. This program is designed so that students compete on an equal playing field regardless of age, gender, ethnicity, or background. Approximately 40% of the program's participants are female. LDWF hosts two regional, one 3-D tournament, and one state archery tournament annually. Participation in ALAS is a performance indicator under the Education Outreach activity.

Louisiana Youth Bow-hunter Challenge (LYBC) - is a new program instituted this year, where all youth statewide are invited to attend 3-D target archery tournaments in realistic hunting situations at 3 locations statewide; Bodcau WMA, Woodworth Education Center, and Waddill Refuge.

Hunting 101 courses - The Education staff has developed and implemented 4 novice hunting classes to give new participants the knowledge and encourage and instill confidence to break out on their own. Squirrel 101, Wood Duck hunting 101, Archery 101, and Waterfowl 101 were implemented last year reaching an average of 17 in-person attendees per event. Future events will be broadcast live on social media (where possible) to educate those who cannot attend in-person. In addition to these developed classes, 23 additional classes have been identified for development including Deer Hunting 101, Public Lands Hunting Opportunities, Outdoor Survival, Small Game Cleaning, and Herpetology 101.

Youth Hunter Education Challenge (YHEC) – YHEC is an all-inclusive advanced skills-based program for youth, ages 10-17, that enhances and sharpens skills in Wildlife Identification, Hunter Safety, Conservation and Ethics, 3-D Archery, Shotgun, Rifle, Orienteering, and Muzzleloader. Led by Hunter Education Volunteer instructors, teams from across the State of Louisiana train for a regional competition held annually in June, with the highest scoring divisions of and boys and girls qualifying for national YHEC competition. Female participation in YHEC is substantial, estimated overall at approximately 45%. Last year 108 students participated in the state competition.

National Hunting and Fishing Day (NHFD) – NHFD is a department-wide event aimed at introducing families to the conservation efforts of the LDWF, and is held at four locations statewide on the third Saturday of September each year. LDWF conservation programs and activities, food, and various shooting sports such as archery, shotgun, rifle, and air rifle activities are offered at these events, which draw thousands people annually. AGENCY NUMBER AND NAME: 561 - Municipal Fire and Police Civil Service

AGENCY MISSION:

The mission of the Office of State Examiner, Municipal Fire and Police Civil Service, is to provide support and guidance to local jurisdictions who administer an effective, cost-efficient civil service system based on merit, efficiency, fitness, and length of service, consistent with the law and professional standards, for fire fighters and police officers in covered municipalities, Parish Fire Departments, and Fire Protection Districts, in order to provide a continuity in quality of law enforcement and fire protection for the citizens of the State in rural and urban areas.

AGENCY GOALS:

I. To advance the public safety and welfare of the citizens of Louisiana by developing and administering tests of fitness, validated in accordance with professional standards for employee selection, in order to determine the eligibility of applicants for employment and promotion in positions of the fire and police services. (LSA-R.S. 33:2479(G)(3); R.S. 33:2539(3); R.S. 33:2492; and R.S. 33:2552)

II. To advance public safety and welfare of the citizens of Louisiana by establishing and maintaining a Firefighter, Police Officer, Fire Communication Officer, Police Communication Officer, Jailer, Records Clerk, and Secretary to the Chief statewide eligibility list containing names of persons eligible for appointment to these classes by any municipality, parish, or fire protection district under the municipal fire and police civil service system. (LSA R.S. 33:2479(G)(3); R.S. 33:2491(1); R.S. 33:2494(A)(2); R.S. 33:2539 (3); R.S. 33:2492; and R.S. 33:2552)

III. To advance the public safety and welfare of the citizens of Louisiana by providing operational guidance to fire and police civil service boards, governing and appointing authorities, department chiefs and other public officers, and the employees of the classified fire and police services regarding the legal requirements of the Municipal Fire and Police Civil Service System and the administration and management of personnel within the classified service. (LSA R.S. 33:2479(G)(1),(2),(4),(5),(6); R.S. 33:2539(1),(2),(4),(5),(6); R.S. 33:2483; and R.S. 33:2543)

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

The Office of State Examiner has adopted a policy which addresses responsible leave management. This special policy encourages responsible usage, a condition which we hope will improve the efficiency of service to those served by this office. The policy is intended to encourage advance leave planning, so that we may more efficiently meet work demands while also allowing employees to have needed time away from the office. The OSE is sensitive to the needs and concerns associated with family care situations. The Office of State Examiner has also adopted a Family and Medical Leave policy which provides for leave of absence in accordance with the provisions of the Family and Medical Leave Act of 1993.

AGENCY NUMBER AND NAME: 600 - LSU System

AGENCY MISSION:

The Louisiana State University (LSU) System mission is to create an environment of learning and exploration, by providing the citizens of Louisiana with the opportunities and benefits of a full-scale university, endowed with special responsibilities of a land-grant institution, to effect improvement in the quality of life of the people of the state. This mission involves development of the highest levels of intellectual and professional endeavor in programs of instruction, research, and public service. LSU, therefore, serves the people as an instrument for discovery, as well as transmission of knowledge. Each campus has a unique, but complementary role in the overall mission of LSU. This principle of geographic, as well as academic differentiation, allows the campuses to extend basic, along with exclusive programs, to citizens throughout the state.

LSU is one of the most diverse, comprehensive, and complete higher education systems in the country. The institutions range from two-year community colleges, master's, and doctoral granting four-year institutions, to a major research university. In addition, LSU provides a comprehensive group of professional schools including Law, Veterinary Medicine, Medicine, Dentistry, and the full spectrum of Allied Health professions.

LSU also consists of state-of-the-art standalone research centers such as the Pennington Biomedical Research Center, the Lions Eye Center, the Stanley Scott Cancer Center, and the Center for Advanced Microstructures and Devices (CAMD). The LSU Agricultural Center has one of the most developed cooperative extension services in the country; this public service entity reaches all parishes in the state. The agricultural experiment stations focus on areas such as aquaculture, rice experiments, livestock, cropland, landscape horticulture, timber, fruit, nut, and sweet potatoes. Research is analyzed in every major Louisiana agricultural product, and the dissemination of this information reaches all corners of Louisiana's diverse agricultural industry.

In 1997, LSU was charged with the responsibility of administering ten public hospitals, previously under the authority of the Louisiana Health Care Authority. Beginning in 2013, LSU started transitioning the management and/or services of its hospitals to private hospital partnerships. The interim LSU public hospital, Leonard J. Chabert Medical Center, University Medical Center, Washington-St. Tammany Regional Medical Center E.A. Conway Medical Center, and the LSU Medical Center in Shreveport are currently managed by private partners. Earl K. Long, W.O. Moss Regional Medical Center, and Huey P. Long Medical Center closed, and their services are provided for by utilizing private partners. Lallie Kemp Medical Center in Independence remains under the management of LSU.

AGENCY GOALS:

In implementing its mission, LSU is committed to:

- I. Offering a broad array of undergraduate degree programs and extensive graduate research opportunities designed to attract and educate highly-qualified undergraduate and graduate students;
- II. Employing faculty who are excellent teacher-scholars, nationally competitive in research and creative activities, and contribute to a world-class knowledge base transferable to educational, professional, cultural, and economic enterprises;
- III. Using its extensive resources to solve economic, environmental, and social challenges.

STATEMENT OF AGENCY STRATEGY FOR DEVELOPMENT OF HUMAN RESOURCE POLICIES THAT ARE HELPFUL AND BENEFICIAL TO WOMEN AND FAMILIES:

LSU offers several policies that benefit women and families such as Equal Opportunity policy (PS-1), Stopping the Tenure Clock for faculty members, flexible work hours, wellness options, and leave plans. In addition, our employee benefits support the needs of LSU families through health insurance and a variety of supplemental insurances. Administration, along with the University Council on Gender Equity, continues to monitor and recommend improvements to family-friendly policies.

LPB participates in Well-Ahead Louisiana, a program of Louisiana Department of Health/Office of Public Health that offers all employees online resources that support individual health and wellness and includes agency policies that encourage healthy choices and lifestyles.

LPB conducts educational programs which provide parenting education for parents/caregivers to address the needs of young children. Programs emphasize education, parenting skills, appropriate use of technology & digital media, and related subjects designed to enhance educational and social development, and overall health of young children and their families. During COVID-19, LPB developed an "at-home learning" website for families and educators to help them seamlessly access quality educational resources. These resources remain accessible to all at lpb.org/at home. Webinars are scheduled quarterly to help families and educators navigate and learn how to use the variety of helpful resources LPB provides. LPB offers children's programming from 5 AM to 5 PM weekdays, mornings to 9 AM on weekends on its main channel, as well as 24/7 on its LPB PBS KIDS channel.

LPB seeks to build better communities by supporting teachers on multiple levels with educational resources and content, as well as professional development workshops. Through PBS LearningMedia, Discovery Education and the Louisiana Digital Media Archive, teachers have access to a rich array of standards-aligned digital resources and content designed to capture students' attention and imaginations and make learning in classrooms transformational. These resources include state-focused history and cultural content, as well as online professional development opportunities. LPB is partnering with Bright By Text to deliver parenting tips and resources proven to positively impact a child's healthy development and school readiness through the direct text messaging to parents and caregivers.

Monthly newsletters are distributed by LPB to parents and educators to keep them aware of upcoming children's programming, as well as provide fun at-home and school activities, development tips and educational resources to help children get ready for school.

LPB works closely with the Governor's Office, other state agencies and non-profit organizations to keep the public informed of matters consequential to health and safety. This has included providing the public with emergency coverage throughout the COVID-19 pandemic and during weather related crisis, in addition to offering the educational resources and programming upon

PROGRAM MISSION:

The mission of the Administrative Program of the Executive Office of the Governor is to manage the Governor's action initiatives and oversee implementation of gubernatorial policies, respond to constituent requests and provide the general administration and support services required by the Governor. This mission is further defined by the mission of the activities in the Executive Office.

PROGRAM GOALS:

- I. Improve the quality of life for all the citizens of Louisiana by providing opportunities for: excellent education supplied by well-paid teachers, accountable primary, secondary, postsecondary educational institutions; and productive employment enhanced by superior workforce preparation, coordination between job training and the needs of business and industry and a strong economy.
- II. Serve Louisianans through a government which: is customer-oriented and efficient; and practices good stewardship of our bountiful natural resources, as well as ensuring a litter free, healthy environment.

PROGRAM ACTIVITY:

The goals of the Administrative Program of the Executive Office of the Governor are expressed in the goals of the activities included in the program. The Administrative Program of the Executive Office of the Governor includes the following major activities: the Louisiana Commission on Human Rights, the Governor's Office of Disability Affairs, Coastal Activities and the Governor's Office of Community Programs.

The mission of the Louisiana Commission on Human Rights is to enforce the Louisiana Employment Discrimination Law and the state's law against discrimination in public accommodations and banking and lending. The Louisiana Commission on Human Rights handles complaints of employment discrimination based on race, color, religion, sex, disability, age, sickle cell trait, pregnancy, childbirth and related medical conditions. The goal of the Louisiana Commission on Human Rights is to investigate cases in a timely manner.

The mission of the Governor's Office of Disability Affairs is to promote the rights of and opportunities for persons with disabilities in the State of Louisiana. The goals of the Governor's Office of Disability Affairs are to have public and private delivery systems in compliance with the Americans with Disabilities Act, Section 504 of the 1973 Rehabilitation Act and all other disability related laws; to improve transportation, education, employment, and accessibility for the disabled; and to coordinate activities among disability service providers and citizens with disabilities.

The mission of the Governor's Office of Community Programs is to provide coordination and communication between programs within the Office of the Governor resulting in providing quality services to citizens throughout Louisiana. Through program accountability, the Governor's Office of Community Programs reduces operational costs and provides more effective and efficient services to the citizens of the state. The goal of the Governor's Office of Community Programs is to provide coordination, accountability, collaboration, evaluation and communication to departments, agencies and citizens throughout the state.

The mission of Coastal Activities (CA) is to provide aggressive state leadership, direction, and coordination in the development and implementation of policies, plans and programs which encourage multiple uses of the coastal area and achieve a proper balance between development and conservation, restoration, creation and nourishment of coastal resources.

PROGRAM AUTHORIZATION:

Authorization for the functions provided for the Office of State Inspector General is found in Louisiana Revised Statutes 49:220.21 through 220.26, 36:4.I, and 44:4.1.B.(34).

PROGRAM MISSION:

The Office of State Inspector General's principal mission as a statutorily empowered law enforcement agency is to investigate, detect, and prevent fraud, corruption, waste, inefficiencies, mismanagement, misconduct, and abuse in the agencies comprising the executive branch of state government, referred to collectively as "covered agencies". This also extends by law to contractors, subcontractors, grantees, and sub-grantees of covered agencies, and joint investigations with other law enforcement and oversight agencies.

PROGRAM GOALS:

1. To provide the Governor, state officials and employees, and the general public with an independent law enforcement body that will investigate fraud and public corruption cases, work with federal and state prosecutors to obtain criminal indictments and convictions whenever criminal burdens of proof can be met and make recommendations with respect to the prevention and detection of fraud, corruption, waste, inefficiencies, mismanagement, misconduct, and abuse in state government.
2. To increase public confidence and trust in state government by providing the general public with a means to report concerns and have those concerns investigated as authorized by LSA-R.S. 49:220.21-26.

PROGRAM ACTIVITY:

The Office of State Inspector General (OIG) has only one programmatic activity that includes the following functions:

1. To investigate, detect, and prevent fraud, waste, corruption, misconduct, abuse, waste, inefficiencies, and mismanagement in the executive branch of state government, including contractors, grantees, and subcontractors. Specifically, the OIG will:
 - i. Conduct independent criminal investigations and partner with prosecutors to obtain indictments and convictions whenever criminal burdens of proof can be met.
 - ii. In keeping with La. R.S. 49:220.24 (J,K, and L), examine all complaints for evidence of violations of Louisiana and federal criminal statutes and determine whether such evidence warrants additional involvement by appropriate federal, state, or local agencies.
 - iii. Assist state government officials in the performance of their duties by identifying internal control deficiencies and making recommendations for recovery and improvement that will prevent or mitigate the risk of potential future losses.
 - iv. When the facts warrant, determine whether disciplinary action is appropriate and make further recommendations as needed.
 - v. Engage in prevention activities, including, but not limited to, reviewing legislation, rules, regulations, policies, procedures, and transactions; providing for training and education; and making recommendations to the Governor and the legislature to strengthen public integrity laws.
2. To document the receipt of complaints and how we intend to proceed within 30 days. Specifically, the OIG will:
 - i. Establish and maintain a toll-free fraud hotline and website for anonymous reporting complaints.
 - ii. Receive complaints via mail, phone, fax, online complaint form, email, or walk-in.
 - iii. Screen complaints within 30 days of receipt to determine if within OIG jurisdiction and/or if sufficient information is provided to warrant an audit or investigation.

L.R.S. 28:64

PROGRAM MISSION:

The mission of the Mental Health Advocacy Service is to ensure that our clients' voices are heard and that they receive every right and remedy afforded them by law, in accordance with federal court order (Brad v. Treen, C.A. 81-1094 (E.D. La.)) and with state law (La. R.S. 28:64, Ch. Code Arts. 1405 & 1405.1).

PROGRAM GOALS:

The goals of the Mental Health Advocacy Service are:

1. To provide trained legal representation to every adult and child admitted for behavioral health treatment in Louisiana who is subject to commitment or institutionalization.
2. To provide trained legal representation to children in "child in need of care" proceedings in those parishes designated by the Louisiana Supreme Court.
3. To ensure that our clients' legal rights are protected.
4. To address systemic issues that affect more than one client and require a remedy.
5. To act as a clearinghouse for information to consumers, caregivers, mental health professionals, child welfare professionals and other interested parties.

PROGRAM ACTIVITY:

Mental Health Advocacy

Mental Health Advocacy (MHA) ensures that the rights and remedies afforded to children and to adults under federal and state law are protected by 1) providing legal representation to the respondent in every civil commitment proceeding in Louisiana; 2) providing legal counsel to all behavioral health patients, including but not limited to, representation in proceedings relating to, voluntary or involuntary admission, commitment, legal competency, change of status, transfer, and discharge; 3) providing legal representation for every person who has been civilly committed, subsequent to the commitment; and 4) providing legal representation to children pleading mental incapacity or insanity in delinquency proceedings. The program acts as a clearinghouse for information relative to behavioral health law and provides training to over 700 persons annually. MHA also addresses "systems" issues, i.e., issues that affect the rights of more than one person with a behavioral health diagnosis which require a change in policy or practice to be remedied. Finally, MHA attorneys sit on numerous boards and commissions in their communities.

Child Advocacy Program

The Child Advocacy Program provides legal representation to children in "child in need of care" proceedings in the following parishes designated by the Louisiana Supreme Court: Caddo, Calcasieu, Cameron, St. Mary, St. Martin, Iberia, East Baton Rouge, West Baton Rouge, Iberville, Pointe Coupee, East Feliciana, West Feliciana, St. Helena, Livingston, Tangipahoa, Washington, St. Tammany, Orleans, and Plaquemine. PROGRAM AUTHORIZATION:

R.S. 1831-1837 & HB ACT 19-1998

PROGRAM MISSION:

The Louisiana Tax Commission will serve Louisiana taxpayers fairly and with integrity by administering property tax laws. The agency reviews and certifies the various parish assessment rolls and acts as an appellate body for appeals by assessors, taxpayers, and tax recipient bodies after actions by parish review boards; provides guidelines for assessment of movable property and performs and reviews appraisals or assessments and where necessary modifies (or orders reassessment) to ensure uniformity and fairness. Assesses all public service property, as well as valuation of banks and insurance companies, and provides assistance to assessors.

PROGRAM GOALS:

PROGRAM A: PROPERTY TAXATION REGULATORY/OVERSIGHT

The Property Taxation Regulatory/Oversight Program is responsible for the administrative activities of the Commission, thereby, managing the fiscal and business affairs of the Commission to assure compliance with all statutes relative to the duties and responsibilities of the Commission.

Through the Property Taxation Regulatory/Oversight Program, the Commission conducts public hearings concerning appeals from taxpayers or assessors. The Commission also determines the tax assessment of all public service properties, insurance companies, and banks. Ratio studies are completed in all 64 parishes on an annual basis to ensure uniformity of tax assessments. Random audits are conducted on personal and public service properties throughout the year by the audit staff.

Through the review of assessments, the Commission will certify the assessment rolls and process all change orders submitted by the local assessors.

PROGRAM B: SUPERVISION AND ASSISTANCE TO LOCAL ASSESSORS

This program is being combined with Program A: PROPERTY TAXATION REGULATORY/OVERSIGHT, Administrative, Banks, and Insurance Assessments, and Hearing activity where the funds for this program are managed and the functions of this program are performed. The mission and goals below are combined in the Administrative, Banks and Insurance Assessments, and Hearing activity above.

The mission of this activity is to act in an oversight capacity, assisting the assessors and providing instructions as required by Louisiana law and to ensure that all assessment rolls are submitted in the approved format for inclusion in the LTC website.

GOAL:

- To ensure that all property in Louisiana is assessed fair and equitable and placed in the property assessment roll to be included on the LTC website.
- To post all parish proposed assessment lists on the LTC website as required by ACT 310 of the 2005 Regular Legislative Session.

- To assure compliance with all statutes relative to the duties and responsibilities of the LTC R.S. 47:1837.
- To improve the image of the LTC. To promote the highest degree of voluntary compliance.
- To assess all property and casualty insurance companies and state-chartered stock financial institutions annually and certify these numbers to assessors by September 1.
- To ensure that all property in Louisiana is assessed fair and equitable and placed on the property assessment roll to be included on the LTC website.
- To post all parish proposed and certified assessment lists on the LTC website as required by Act. 310 of the 2005 Regular Session of the Louisiana Legislature.

PUBLIC SERVICE AND AUDIT

This activity's mission is to fairly and uniformly appraise and certify assessments of all public utility property and continue to provide a comprehensive audit program for all personal and public service property in the state.

- To correctly apply Louisiana laws in the determination of fair market value of public service properties and certify these public utility assessments annually to each parish assessor by September 1.
- To make available all public utility forms on the internet.
- To conduct in-depth audits of personal property and public utility companies as required or as requested by parish assessors.
- To maintain a professional staff through education and training and to improve employee productivity through the use of updated technology.

APPRAISAL

This activity's mission is to ensure accurate and uniform assessments of all real property in the state.

- To use oversight authority to ensure accurate and uniform administration of real property taxation by local parish assessors.
- To maintain a professional staff through education and training and to improve employee productivity through the use of updated technology.
- To become increasingly efficient with respect to information used in the appraisal process.

The Coastal Protection and Restoration Authority (CPRA) was initially established as a Board of Directors by Act 8 of the 1st Extraordinary Session of 2005. Act 545 of the 2008 Regular Session and Act 523 of the 2009 Regular Session provided the Board of Directors with an implementation arm by integrating coastal restoration and flood protection divisions of the Department of Natural Resources (DNR) and the Department of Transportation and Development (DOTD), creating the Office of Coastal Protection and Restoration (OCPR) within the Executive Department. To avoid confusion, in the first quarter of FY 2012 OCPR began operating under the CPRA name. Act 604 of the 2012 Regular Session of the Louisiana Legislature formalized this name change.

PROGRAM MISSION:

The mission of the Coastal Protection and Restoration Authority-Implementation Program is to implement the projects approved by the Coastal Protection and Restoration Authority Board and in accordance with the Comprehensive Master Plan for a Sustainable Coast and the Annual Plan.

PROGRAM GOALS:

Provide benefit to Louisiana's citizens and communities, the nation's critical energy infrastructure, and our bountiful natural resources through protecting, restoring, enhancing or creating vegetated wetlands and through non-structural improvements, annually from FY 2023-2024 through FY 2027-2028, in accordance with CPRA's Annual Plans.

PROGRAM GOALS:

GOHSEP consists of one program, Administrative. Therefore, the goals of the agency and the goals of the program are the same.

PROGRAM ACTIVITY:

Executive:

The Executive activity provides leadership and support to the entire agency. The Director and his executive leadership ensure that the mission and related performance objectives are achieved by all other activities. Other essential functions within the Executive activity include: provide executive counsel support, provide regional coordination among local and state agency stakeholders, provide public information to media outlets, Louisiana citizens and other stakeholders, promote emergency preparedness for our citizens through the "Get a Game Plan" campaign.

Administration:

The Administration activity provides support for the entire agency in the areas of facility management, safety, fleet, travel, procurement, contracts, policy development, grant administration for disaster and non-disaster mitigation and preparedness grants, compliance monitoring, liaison for audit, human resources, information technology, finance and budget.

Emergency Management:

Emergency Management preparedness efforts support the enhancement of planning efforts between local, state, and federal levels of government. Technical reviews of parish and state emergency operations plans identify statewide planning, resourcing, and training gaps within those plans. Additionally, this activity supports training and exercise activities in support of state and local plans. Specifically, first responders are provided training to enhance necessary skill sets identified and required to execute parish and state plans. Exercises are used to validate both training activities and plans. GOHSEP works closely with other agencies to track domestic and foreign terrorist activities throughout the state and assist the public and private sector in better securing critical infrastructures.

GOHSEP provides education and outreach and also coordinates with FEMA (the State's Individual Assistance program), which provides financial assistance and if necessary direct assistance to eligible individuals who, as a direct result of a major disaster or emergency, have necessary expenses and serious needs and are unable to meet such expenses or needs through other means.

GOHSEP maintains and operates the State's Emergency Operations Center (SEOC) as a multi-agency coordination center that maintains situational awareness and responds to requests for support to all incidents and emergencies affecting the citizens of Louisiana. GOHSEP assists parishes in planning for all hazards; provides situational awareness to parishes for potential hazards and in the event of a disaster declaration, facilitates state and federal response efforts to support local government in accordance with appropriate laws and regulations to save lives, protect property, public health, and safety. It is the responsibility of GOHSEP to coordinate the aid that is being requested by local or state agencies in order to extinguish the incident and return the affected area back to normal operations as soon as possible. GOHSEP maintains accurate accountability of consumables and other resources required to support state and local agencies. Homeland Security and Interoperability:

The GOHSEP Director serves as the Homeland Security Advisor (HSA) to the Governor. GOHSEP plays an important role in efforts that keep the homeland secure and prevent and reduce vulnerability to all-crimes/all-hazards events including terrorism. GOHSEP develops and implements strategies for enhancing our collective response capabilities and capacity to prevent and reduce vulnerability within local and Tribal communities, the State and the Nation. Using a whole community approach, GOHSEP has identified a strategic direction – State Homeland Security

Federal and private sectors in an all-hazards environment, GOHSEP – with its partners – provides timely information for use in promoting public safety and national security against terrorism and other threats.

GOHSEP works in partnership with Unified Command Group (UCG) and the Statewide Interoperability Executive Committee (SIEC) to develop, implement, and maintain interoperable communication across jurisdictional and geographical boundaries. Working with the SIEC, GOHSEP leads the statewide interoperable communication governance board; represents local, tribal, and state interests on a national level; establishes protocols, procedures, and policies; and directs the use of available funding. GOHSEP develops and maintains the Statewide Communications Interoperability Plan (SCIP), and assists local, tribal, and regional governmental representatives in developing and maintaining their respective communication plans.

Public Assistance:

This activity supports management of Louisiana's recovery efforts under the public assistance program and individual assistance grant program. Through the Public Assistance program, FEMA awards grants to assist state and local government, federally recognized Indian Tribes and certain Private Nonprofit entities with the response to and recovery from disasters. The program provides funding assistance for debris removal, implementation of emergency protective measures, and permanent restoration of damaged infrastructure.

Hazard Mitigation:

This activity supports management of Louisiana's mitigation efforts under the hazard mitigation program and non-disaster mitigation assistance grant programs (flood mitigation assistance and pre disaster mitigation). Through these programs, FEMA awards grants to assist state and local government, federally recognized Indian Tribes and certain Private Nonprofit entities with mitigation efforts to reduce the potential impact from emergencies and disasters. In addition, the grants provide funds to eligible entities following a presidential major disaster declaration or for any sustained action taken to reduce or eliminate long-term risk to people and property from natural hazards and their effects.

PROGRAM MISSION:

To aid all residents of the State of Louisiana who served in the military forces of the United States during any war, combat, campaign or any special periods of service during peacetime, along with their dependents and beneficiaries, to receive any and all benefits to which they may be entitled under the laws of the United States or the states thereof.

PROGRAM GOALS:

To provide the service programs of the Department with administrative and support personnel, assistance and training necessary to carryout the efficient operation of their offices. This program is carried out by the management and administrative headquarters staff, including the LDVA Secretary, Deputy Secretary, Deputy Chief of Staff, Deputy Assistant Secretaries, Human Resources Division, Accounting and Purchasing Division, Contact Assistance Training and Information Division, and LaVetCorps, Gold Star, Incarcerated Veterans and MFA/Honor Medal Programs staff.

PROGRAM ACTIVITY:

The Secretary has jurisdiction over the entire Department and allied agencies. The Secretary is responsible to the Veterans Affairs Commission and to the Governor for the activities, performance and overall operation of the Department of Veterans Affairs.
The Human Resources Division is directed by the Human Resources Director. Responsibilities include, but are not limited to, all human resources program areas such as operations (personnel records management and processing), position classification, pay administration, selection and placement, employee relations, equal opportunity, training, performance appraisal, benefits, grievances/disciplinary actions, manpower planning and continuing education.
The Accounting and Purchasing Division is directed by the Chief Fiscal Officer (Accounting Administrator). This division plans, prepares and executes annual Department operating budgets for the approval of the Secretary. It is responsible for requesting funds; oversees program compliance with budget allocations at fund and sub-fund levels; maintains and controls financial records of receipts and disbursements. The Contact Assistance Training and Information Division is responsible for staffing all LDVA Parish Service Offices, and providing consistent and updated specialized classroom and field training to all appointed Veterans Assistance Counselors.
The LaVetCorps program serves Louisiana's veteran students and their families by hiring and training LaVetCorps Navigators to work in student Veteran Centers on Louisiana's public and private college and university campuses across Louisiana to personally help Veteran Students access the state and federal benefits they have earned.

PROGRAM GOALS:

To ensure that all potential eligible clients are aware of benefits available. To provide counseling and assistance for all veterans and their dependents who want to file a claim for benefits from the U.S. Department of Veterans Affairs, any branch of service, and the State of Louisiana. To assist veterans and their families who encounter obstacles in accessing veterans benefits, such as medical services, compensation and pension, education, home loan guarantee, and insurance.

PROGRAM ACTIVITY:

This program has been given the task of educating veterans and their dependents about veterans' benefits and programs available from state and federal agencies. As veterans service officers accredited by the USDVA, we also assist clients with preparing, submitting, and monitoring applications for veterans' benefits. We participate in outreach events to inform the veteran community about topics important to them. The U.S. Department of Veterans Affairs benefits program is one of the most complex in government. The majority of claimants cannot properly prepare and submit applications for benefits on their own without incurring delays and denied claims that can take years to resolve. The SenioRx program processes applications to pharmaceutical companies who assist seniors with medication which is either free or at a reduced cost. This program also counsels and assists Medicare eligible individuals in the enrollment into a beneficial Medicare Part D plan. This is an asset to having the same worker help with the Medicare Programs and assisting with the access to medications from the pharmaceutical companies when a client hits the "donut hole" in their program or the individual's prescription medication is not covered by their insurance. The ADRC/SenioRx worker is able to assist with the application process to prevent a lapse in medication coverage.

Legal Assistance Program 42U.S.C.3027(a)(18), State Long Term Care Ombudsman LSA R.S. 40:2010.1 et seq

PROGRAM MISSION:

Leading Louisiana in serving older individuals.

PROGRAM GOALS:

- The goal of Title III, V,VI, and NSIP is to increase the number of elderly who receive services that will enable them to live dignified, independent, and productive lives in appropriate settings
- The goal of Title V is to serve the low-income elderly of Louisiana, age 55 and over by providing meaningful part-time employment opportunities, enhance community involvement and place the older worker back in the mainstream of the labor market.
- The goal of Title VII is to promote the rights and well being of residents in Louisiana's long term care facilities and empower residents, their families and communities to participate more fully in the actions and decision-making that impacts their lives.

PROGRAM ACTIVITY:

- Title III and NSIP: The Administration for Community Living provides federal funding to the state as mandated by the Older Americans Act. These funds are distributed to providers based on an approved formula and the state funds are also distributed by a formula as dictated by state law. Stakeholders for this program are the Parish Council on Aging, Area Agencies on Aging and the elderly population with the greatest social and economic needs. This elderly population is defined as individuals who are in need of services and may reside in rural areas. They may have a great economic or social need, limited income, disabled, suffer from Alzheimer's or other types of disabilities. The Family Caregiver Support Program was added in FY 02 and assists caregivers who are caring for a person over 60. Recipients of the congregate or home delivered meal programs and homemaker services are age 60 and older.
- Title V: Recipients of the senior employment services are fifty-five (55) and older and meet an income criteria. This program provides senior citizens with training and the opportunity to return to the workforce on a part-time basis. The participants' goal is to move to unsubsidized employment.
- Title VII: Ombudsman promote the rights of residents in long term care facilities, assisted living and board and care facilities by making regular visits. The Ombudsman empowers the residents to make decisions regarding their own care. Elder Rights and Ombudsman stakeholders are the residents in long term care facilities, their families and other individuals in the community.

PROGRAM MISSION:

The mission of the Administrative Program is two-fold: (1) To assist the Secretary of State in carrying out the duties of his office by providing the legal, financial and management control services for the department and its various programs; and (2) as Keeper of the Great Seal, attest to the Governor's signatures on Executive Orders and pardons, issue commissions for elected and appointed officials in the State; record and maintain information relative to individual wills, and produce various publications as required by Louisiana law.

PROGRAM GOALS:

To provide the Department with the leadership and management necessary to meet its Program's objectives while performing the constitutional and statutory responsibilities of the Secretary of State and the Department of State.

PROGRAM ACTIVITY:

Executive Services includes the elected official, Secretary of State, and his executive administrative staff, Public Information, and Publications. The leadership and management functions of this activity ensure duties and responsibilities of the department are carried out in an efficient and effective manner.

Primary Support Services includes Accounting/Purchasing and Human Resources Divisions. These functions provide primary services to agency personnel. Accounting/Purchasing conducts budget and fiscal functions as well as accounting duties including, but not limited to, processing cash and check deposits, credit card payments and charges, vendor payments, travel expenses, election cost distribution and election worker payroll. The Purchasing function provides direct support in the acquisition of supplies, equipment, and services for the agency. Human Resources provide personnel support to managers, supervises payroll time accounting, and provides liaison with State Civil Service.

Legal Support Services includes the Legal Division and Commissions Division. The Legal Division reviews and approves all ballot propositions, including bond, debt and tax propositions; wet/dry propositions; stock law propositions; home rule charter propositions; recall elections; and constitutional amendments prior to the propositions being placed on all ballots. The Legal Division drafts and reviews Department of State contracts and submits the contracts and supporting documents to the Department of State Civil Service and Office of Contractual Review for approval. The Legal Division processes, prepares and responds to public records requests and extraditions/requisitions. The Legal Division also represents the Department of State in federal court, including actions under the National Voter Registration Act of 1993; on a statewide basis in election contests, objections to candidacy and various other cases, including actions at the trial court and appellate court levels. The Commissions Division provides advice and interpretation of multiple statutes. The Commissions Division authenticates certificates, for both walk-in customers and mailed requests that authenticate the signature of State Registrars, Judges, Sheriffs, Clerks of Court and their Deputies, Notaries Public, and other officials. The Commissions Division receives and processes notifications of resignation and retirement from elected officials and determines compliance with applicable statutes in Title 18 (The Election Code). The Commissions Division prepares and mails commission certificates, oaths of office forms, laminated identification cards, and mailing labels for every elected candidate.

Information Technology Support Services is the Information Technology Division. The Information Technology Division assists in the planning, implementation, and upgrades for critical applications and is responsible for preventive maintenance and repair of hardware and software required for the day to day operations of the agency.

PROGRAM MISSION:

The mission of the Elections Program is to ensure the integrity of the electoral and election management process in Louisiana for its voters, citizens and for other interested parties in Louisiana and the United States, and in general to encourage public participation in the election process by educating voters and potential voters about the elections process through effective outreach programs.

PROGRAM GOALS:

1. To provide and keep, at a high level of readiness at all times, the best available equipment that accurately and confidentially records and counts the votes cast by Louisiana voters.
2. To prepare election ballots that accurately reflect the candidates and issues for each precinct holding an election.
3. To administer the laws governing voter registration; to develop programs for the statewide voter registration system to better assist the parish registrars of voters and serve the general public; and to ensure the accuracy and integrity of the information contained in the statewide voter registration system.
4. To promote voter registration through education and public awareness programs.
5. To provide a mechanism for the public to report voter fraud and other illegal election activity; to investigate reports of improper election activity.
6. To coordinate with local law enforcement and prosecutorial agencies to address voter fraud and illegal election activity.

PROGRAM ACTIVITY:

The Administrative Services activity includes elections administration, registration administration, elections compliance, and outreach functions. This activity processes candidates for state office and prepares ballots for all elections. This activity directs, assists, and prescribes rules, regulations, forms, and instructions to be applied uniformly by each registrar of voters in the state. This activity is responsible for encouraging qualified Louisiana citizens to register and vote by developing and promoting a program of education for school-aged children and adults on the registration and voting process. This activity is also responsible for providing investigative support to every program and providing an outlet for citizens to report fraudulent or illegal activity, investigating such reports, and coordinating with local law enforcement agencies and district attorneys for the prosecution of such illegal conduct.

The Registrar of Voters activity is the parish level offices that register all persons interested in becoming voters and updates voter registration data. In accordance with statutory requirements, the Secretary of State is required to pay the state's share of the salaries for registrars of voters and their employees, as well as, a prorated portion of the annual canvass cost. The canvass examines the validity of the addresses of record for the registered voters in Louisiana.

The Election Support Services activity includes Technical Operations, Field Operations, and Operations Administration functions. This activity is responsible for the day to day maintenance and repair of voting machines, emergency repair or replacement of voting machines on election days, and programming electronic voting machines with election ballots.

PROGRAM MISSION:

The mission of Louisiana State Archives is to collect, preserve, display, and make available those records essential to the reconstruction of Louisiana's colorful history and heritage. Its Records Program ensures the government and public continued access to essential information created by the State through a viable and responsive records management program and a comprehensive preservation effort, making the archival materials acquired and maintained by the program readily available for researchers and educational programs.

PROGRAM GOALS:

To provide the services, information and facilities necessary to promote and support the State's governmental records management programs and identify, preserve and make available governmental records and other archival materials of interest to the citizens of Louisiana.

PROGRAM ACTIVITY:

The Archives Services activity operates under a mandate to identify, collect, preserve, maintain, and make available those records and artifacts that enhance our endeavors to understand the dynamics and nuances of Louisiana's remarkable history. The Archives Administrative Services provides leadership and management to the various department programs in order to accomplish a comprehensive preservation effort for documents of historical relevance and interest. Archival materials acquired and maintained by Collections Management and Reference Services are readily available for researchers and educational programs. Conservation Services designs, develops, and promotes exhibits that utilize historic documents and materials to highlight the archives and the history of the state of Louisiana.

The Records Services activity provides the services, information, and facilities necessary to promote and support the State's governmental records management program. Records Services provides storage for business records for state agencies and retains them according to approved retention schedules. This activity also trains Record Management Liaisons for statewide agencies and reviews retention schedules submitted by these agencies. PROGRAM MISSION:

The mission of the Commercial Program is to provide the business, financial and legal communities timely and efficient service in the certification and registration of documents relating to securing, retaining business entities and assets; the processing of legal services documents and communication of business licensing information as required by law and to make such information concerning these business entities available to the public; and to ensure the quality of the notary database.

PROGRAM GOALS:

To ensure compliance with the commercial filing laws at the lowest possible cost to taxpayers by maximizing the efficiency of document processing and information services.

PROGRAM ACTIVITY:

The Administrative Services activity functions in three areas. 1) The activity provides the business community timely and efficient service in business registration. This activity collects fees and tracks annual reports for businesses operating in Louisiana. 2) The activity also serves as the service of process agent for the state on some foreign filings, corporations and all foreign insurance companies, and for out-of-state motorists involved in suits resulting from automobile accidents on Louisiana highways. The activity receives legal processes in such cases from State and Federal courts, and forwards it to the person designated to receive same. This activity also serves as the agent for service of process for taxicab owners, business opportunity, mineral leases, and political subdivisions. 3) The activity is the home of the Uniform Commercial Code (UCC) notification system. Users can file the UCC finance documents with any of the 64 parish filing offices and the information will be incorporated in the statewide database.

geauxBIZ.com is a starting point for customers to obtain information regarding which state and local agencies need to be contacted for a variety of registration documents. geauxBIZ staff will prepare a customized business license checklist tailored to any specific business licensing need. geauxBIZ.com offers a wide array of free and helpful services for the new business owner. The web site offers frequent updates about regulation changes, tips and ideas from business owners, including testimonials of business owners who have used geauxBIZ.com.

The Notary Services activity maintains a database on notary publics in Louisiana and processes annual reports. The activity takes orders for and ships Fundamentals in Louisiana Law and Practice Study Guide to individuals wanting to prepare for the state notary exam. The activity processes applications for the state notary exam.

To defend the State of Louisiana by providing competent and superior professional legal services while defending the state's constitution and its duly enacted laws, as well as to provide legal representation, counsel and assistance to fulfill the needs of the State of Louisiana.

PROGRAM GOALS:

Provide superior legal and professional services to the State of Louisiana and its citizens. As necessary for the assertion or protection of any right or interest of the state, this division will institute, prosecute, or intervene in any civil action or proceeding.

PROGRAM ACTIVITY:

The Civil Division, a part of the Civil Program, defends the constitution and laws of the State of Louisiana, provides information and legal services, e.g. opinions, counsel, and representation, in the areas of general civil law, general governmental law, public finance and contract law, education law, environmental law, and land and natural resource law.

The Education/Interagency Transfer Section represents the Board of Elementary and Secondary Education, the Board of Regents, the Department of Education, and various other public agencies on education related litigation. This section represents public officials in various litigation involving education law. The Education Section responds to requests for attorney general opinions from the various state and local education boards on issues related to elementary, secondary and higher education.

The Interagency Transfer Section includes administration of attorneys in other state departments, including Work Force Commission. The attorneys in this section represent these agencies in a variety of capacities, including confidential assistant, general counsel, litigation defense, and the defense of statutory law alleged to be unconstitutional.

The Governmental Section defends the State of Louisiana in constitutional challenges to state laws brought in both state and federal courts. This section also defends state agencies and elected officials in injunctive proceedings, declaratory judgment actions, mandamus actions, and petitions for judicial review. This section generally performs legal services for state and local officials in the form of rendering advisory opinions, and/or serving as statutory legal counsel to the state's justices of the peace, constables, parish board of election supervisors, and registrars of voters. Attorney general opinions rendered by this section cover a broad spectrum of questions from open meetings, public records, dual office holding, elections and general governmental law. This section represents and/or assists a number of state boards and commissions, including but are not limited to the following: Chiropractor Examiners Board, Social Work Board, Psychology Board, Professional Counselor's Board, Private Investigator's Board, Massage Therapy Board, and Auctioneer's Board. This section handles reapportionment and election cases both independently and in conjunction with other state officials. This section also provides legal representation, renders advice, and prepares educational publications and training for the state's 776 elected Justices of the Peace and Constables. This section approves forms used by the Secretary of State.

The Lands & Natural Resources Section advises and renders legal support to state agencies, levee boards, commissions, and other political subdivisions pertaining to lands, water bottoms, boundaries, accretion and erosion, oil and gas, public rights of use and access, sale and acquisition of lands, expenditure of public funds, and related activities. In addition, this section administers the Department of Justice's responsibilities for disaster response matters related to cemeteries as well as representing the state on matters such as grave desecration and human remains theft. This section represents numerous state agencies on bankruptcy matters related to oil and gas, state lands, and wildlife matters. Large components of the section's litigation are consumed by takings claims against the state arising from public works and coastal protection projects, including levee servitudes, flowage easements, and large-scale constructions. In addition, this section represents the state in numerous licensing proceedings throughout the year to ensure that the cemeteries of this state are being operated pursuant to law. Part of this work also includes the recovery of often hundreds of thousands of dollars a year in cemetery trust fund underpayments or mismanagement that directly benefit consumers. This section defends the title of the state and its political subdivisions to land and water bottoms, and safeguards the interests of the state in lands and mineral transactions involving publicly owned lands and water

bottoms. Increasingly, this section has led efforts to recover funds from various entities for the plugging and abandonment of oil and gas wells. The section brings actions against mineral companies that owe the state for royalty underpayments. The Lands & Natural Resources Section defends the constitutionality of statutes within its sphere of expertise. The Lands & Natural Resources Section also authors attorney general opinions on topics including lands, natural resources, cemeteries, coroners, and water bottoms.

The agencies and political subdivisions served by this section include several state departments, such as the Division of Administration, the State Mineral & Energy Board, the Department of Culture, Recreation and Tourism, Louisiana Coastal Protection and Restoration Agency, the Department of Natural Resources, the Louisiana Department of Transportation and Development, the Louisiana Department of Wildlife and Fisheries, the Board of Trustees for state Colleges and Universities, the Louisiana Military Department, the Governor's Office of Homeland Security and Emergency Preparedness, the Department of Health, the Louisiana Cemetery Board, the Louisiana Division of Archaeology, as well as numerous school boards, police juries, all state universities, assessors, district attorneys, and levee boards. In addition to its legal representation, the section's personnel serve as members of the Louisiana Geographic Information Systems Council, the Statewide Cemetery Response Task Force, and the Slavery Ancestral Burial Grounds Preservation Commission.

The Public Finance and Contracts Section provides competent and professional representation to statewide elected officials such as the treasurer, as well as other state boards and commissions, including the State Bond Commission, the Tobacco Settlement Financing Corporation, the Architects Selection Board, the Engineers Selection Board, the Office of State Procurement, and the Office Facilities Corporation. This section has the responsibility for the preparation or review of all legal documents required for issuance of state general obligation bonds and state revenue anticipation notes. This section reviews revenue bond issues of the state including issues of the Transportation Trust Fund and the Office Facilities Corporation. This section provides counsel to the State Bond Commission which entails reviewing all items brought before the Bond Commission and responding to questions and concerns of the members and staff on all areas of finance law. This section initiates legal proceedings necessary for appointment of a fiscal administrator for political subdivisions. This section provides an attorney general representative to the procurement support team. This section reviews and approves hospital acquisitions. Opinions rendered by this section center around areas of taxation, violations of Louisiana Constitution, Article VII, §14, public finance, public bid law, and contracts.

The Environmental Section assists the Attorney General in the discharge of his duties under the Environmental Quality Act and in connection with the constitutional responsibility and power of the Attorney General as chief legal officer of the state to institute, prosecute, or intervene in any civil action in order to assert or protect a state natural resource interest. The Environmental Section represents the Coastal Protection and Restoration Authority, State Land Office, Department of Natural Resources, the Department of Environmental Quality, the Department of Public Safety, the Department of Wildlife and Fisheries, the Department of Culture, Recreation and Tourism, the Office of Public Works, the Department of Agriculture, the Capital Area Groundwater Conservation District, the Louisiana Professional Engineering and Land Surveying Board, Louisiana State Board of Embalmers and Funeral Directors, and other interested state agencies or subdivisions. Representation not only includes litigation counsel, but also includes general counsel, regulatory counsel, i.e. drafting and promulgating regulations, and service as hearing officer for professional regulatory boards. Further, this section prepares opinions, analyzes legislation, and advises officials and employees of these same state agencies and other governmental entities. The Environmental Section includes members of the Public Access Task Force and the Surface Water Sales Study Group. Staff personnel also assist the Solicitor General in preparing comments to draft federal rules and regulations and defend the interests of the state and its residents relating to federal overreach in the environmental or natural resources realm. Examples include comments or letters relating to the Clean Water Act, Clean Air Act, Endangered Species Act, and fisheries management. This Environmental Section prepares opinions, analyzes legislation, and advises officials and employees of the Department of Natural Resources, the Department of Environmental Quality, the Department of Public Safety, the Department of Wildlife and Fisheries, the Department of Culture, Recreation and Tourism, the Office of Public Works, the Department of Agriculture, the United States Corps of Engineers and other interested federal and state agencies or subdivisions. The Environmental Section plays an important role in the administration of the Red River Compact and Sabine River Compact and protection of the state's water by providing legal counsel to the state's delegates. The Environmental Section attends hearings throughout the state and visit problem sites and meet with representatives of both government and industry to seek resolution of environmental problems. Staff personnel also respond to inquiries and complaints from city-state coastal zone regulations in connection with offshore leasing by the U.S. Department of the Interior, and numerous administrative enforcement actions involving hundreds of thousands of dollars of assessed penalties against environmental violators in Louisiana.

Consumer Protection Section attorneys, investigators, program specialists, and other staff engage in extensive outreach activities that educate consumers and businesses. The section has engaged in a series of presentations and outreach events that provide practical, proactive, and tangible information geared towards consumer protection, including fraud prevention. This prevention information covers a diverse range of topics including identity theft, sweepstakes fraud, ending opioid abuse, elderly fraud, landlord and tenant, automobile, contractor fraud, charitable giving, financial fraud, and general consumer and business issues under the Louisiana Unfair Trade Practices and Consumer Protection Law (LUTPA). In an effort to achieve its strategic goal, the Consumer Protection Section uses its outreach programs to reach various consumers, businesses, seniors, minority communities, students, homeowners, renters, military service members and veterans. This section is also charged with the duty of enforcing the antitrust and related laws relative to the regulation of trade and commerce, including but not limited to, the protection of the welfare of small business interests and the interests of any persons injured by antitrust violations and conspiracies in restraint of trade and other patterns of organized business extortion and theft.

Equal Opportunity Section is responsible for the administration and enforcement of the Louisiana Equal Housing Opportunity Act. This section is active in the investigation, conciliation, and judicial enforcement of fair housing claims. Staff personnel cooperate with the federal government in the enforcement of statutes prohibiting discrimination in public accommodations based on an individual's race, color, national origin, religion, sex, handicap, or familial status. The section also provides information to Louisiana citizens on their rights regarding the rent/purchase of dwellings under the Louisiana Equal Housing Opportunity Act and the Federal Fair Housing Act.

The Securities and Insurance Section direct involvement and knowledge of insurance liquidations in Louisiana. This section performs legal work, supervises contract counsel, and works with the Department of Insurance, the Louisiana Receivership Office, and the courts. Staff personnel conduct research in insolvency cases and maintain a proactive position in the area of insurance liquidation. This section reviews legal bills of contract attorneys, incorporates terms of engagements and development with contract attorneys and the Department of Insurance case management plans for liquidations. The section relies totally upon self-generated revenues for its operation.

The Community Education Assistance Section through empowerment, community awareness, and education develops and supports collaborative initiatives that respond to the needs of citizens. Various programs include youth education and violence prevention in the areas of school violence, teen dating violence, gang abatement, internet safety, and underage drinking. In addition to youth initiatives, the section houses the state's only statewide domestic violence in the workplace technical assistance and training program which works with employers in Louisiana and nationwide to develop policies and other appropriate responses supportive to the special needs of battered working women.

The Tobacco Section enforces the Tobacco Master Settlement Agreement (MSA) by investigating and litigating violations, performs site and event checks for violations, educates public officials and the public through presentations on the MSA, and collects penalties from its work.

PROGRAM NUMBER AND NAME: 1413 - Criminal Law and Medicaid Fraud

PROGRAM AUTHORIZATION:

Louisiana Constitution, Article 4, Section 8; R.S. 36:701; Louisiana Code of Criminal Procedure 66; R.S. 13:4862; LA C.Cr.P. 734; R.S. 13:5036, LA C.Cr.P. 264; R.S. 49:251, LA C.Cr.P. 61; 42 Code of Federal Regulations 1007.1-1007.21; LA C.Cr.P. 62; R.S. 36:702; LA C.Cr.P. 63; R.S. 36:703; LA C.Cr.P. 64; R.S. 36:706; LA C.Cr.P. 65; R.S. 36:704

PROGRAM MISSION:

The mission of the Criminal Program of the Louisiana Department of Justice safeguards the rights of the citizens of the State of Louisiana by providing prompt, professional, and ethical prosecutions of criminal matters referred to this division. The Criminal Division also investigates violations of criminal laws, maintains governmental integrity, assists and advises local district attorneys in the analysis and prosecution of criminal cases, and protects and serves the public.

PROGRAM GOALS:

- I. Provide superior legal and professional services to Louisiana citizens, private sector organizations, and all governmental entities.

PROGRAM ACTIVITY:

The Criminal Program conducts or assists in criminal prosecutions, acts as advisor for district attorneys, legislature and law enforcement entities, provides legal services in the areas of extradition, appeals and habeas corpus proceedings, defends criminal's post-conviction challenges, defends constitutional challenges, processes expungements, files amicus curiae on behalf of the State of Louisiana on issues of state-wide importance, and prepares attorney general opinions concerning criminal law. In addition, the Criminal Program investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities.

In addition, the Louisiana Bureau of Investigation (LBI) is housed within the Criminal Program. This investigatory arm provides for services related to Cyber Crime Unit, Fugitive Apprehension, Special Investigation, and Trial assistance. These units are responsible for the investigation of alleged violations of the criminal laws of this state, including investigations of public corruption, computer related crimes, child exploitation, institutional and insurance fraud, intellectual property crimes, and fugitive apprehension. The LBI also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. The LBI responds to the numerous requests for investigative assistance from local, state and federal governmental agencies.

The General Prosecution Section prosecutes violations of all criminal laws of the state by conducting or assisting in criminal prosecutions pursuant to the recusal or request of district attorneys. This section prosecutes cases, including but not limited to, white collar crime, public corruption, narcotics violations, violent crimes, and violations of the state's environmental laws. This section also serves as advisor to the district attorneys, law enforcement, and the legislature, a training agency for law enforcement, and a liaison between all levels of law enforcement within the state.

The Appeals and Special Services Section provides legal services to the state in the areas of extraditions, federal habeas corpus and post-conviction relief, as amicus curiae in matters pending before the U.S. Supreme Court, constitutional challenges, and attorney general opinions in matters of criminal law.

The Insurance Fraud Support Unit fulfills three primary responsibilities: providing legal advice and consultation to the other two task force agencies, i.e. the Louisiana State Police and the Louisiana Department of Insurance, in insurance fraud matters, prosecuting individuals charged with insurance fraud, and presenting insurance fraud information and training to the insurance industry, as well as other state and federal agencies.

The primary objective of the Assistant Attorneys General, within the Criminal Division of the Louisiana Department of Justice's Insurance Fraud Support Unit, is to provide superior legal representation to the Louisiana Department of Insurance and the Louisiana State Police in insurance fraud investigations and prosecutions. Attorneys assigned to the Insurance Fraud Support Unit, within the Criminal Division of the Louisiana Department of Justice, prosecute violations of Louisiana's criminal laws under Titles 14, 22, 23, and 47, by conducting, or assisting in, criminal prosecutions, upon the recusal or request for assistance by local district attorneys, and providing legal support to law enforcement agencies investigating criminal insurance fraud.

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 1413 - Criminal Law and Medicaid Fraud

In Louisiana, the responsibility to investigate and prosecute provider fraud is assigned to the Medicaid Fraud Control Unit of the Department of Justice. The U.S. Department of Health and Human Services, the Louisiana Department of Health and Hospitals, the Medicaid Fraud Tip Hotline, and other sources serve as the initial entry point for Medicaid fraud complaints.

The U. S. Department of Health and Human issues regulations requiring the Medicaid Fraud Control Unit to review complaints alleging abuse or neglect of Medicaid patients in health care facilities and to investigate those cases which indicate a substantial potential for criminal prosecution. The Medicaid Fraud Control Unit investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities.

The Sexual Predator Apprehension Team (SPAT) supervises the statewide implementation and enforcement of Louisiana's sex offender and child predator registration and notification laws applicable to approximately 13,000 registered sex offenders and child predators. SPAT works with federal, state, and local investigative resources, and the public, ensuring that offenders meet their registration requirements, or imposing the criminal consequences for failure to adhere to the statutory mandate. In addition, SPAT is responsible for ensuring substantial compliance with the federal Adam Walsh Act by advising the legislature when changes are proposed to Louisiana's registration and notification laws and reporting any changes to the U.S. Department of Justice. Furthermore, SPAT provides trainings and consultations to law enforcement, prosecutors, and other state and federal agencies related to sex offender and child predator registration and notification requirements. Lastly, SPAT manages all litigation related to the application of sex offender registration and notification laws and calculates official registration end dates for particular offenders who are not required to register for a lifetime.

The authorities and duties of SPAT are set forth in R.S. 15:544(E), R.S. 15:544.1, R.S. 15:544.2, and R.S. 15:552.

The Cyber Crime Unit (CCU) is a specialized unit with attorneys, investigators, and computer forensic experts all trained in the specific field of cyber-crime investigation and prosecution. This specialized unit concentrates on combating crimes involving digital technology. The CCU includes the first state computer forensic center and provides forensic examinations of digital evidence to the Louisiana Department of Justice, as well as other local, state, and federal government agencies. The section includes the Louisiana Internet Crimes Against Children Task Force (ICAC) that investigates crimes relating to child exploitation and abuse on the Internet. ICAC investigators conduct proactive online undercover operations and investigate child exploitation cases referred to the department from other agencies, as well as the National Center for Missing and Exploited Children. The CCU Forensic Lab also works cases involving online auction fraud, death investigations, domestic violence, economic fraud including online fraud and counterfeiting, email threats, harassment and stalking, extortion, identity theft, narcotics, prostitution, human trafficking, software piracy, and telecommunications fraud. CCU also provides training to local law enforcement and gives public service presentations in regard to technology based crimes and internet safety throughout the State of Louisiana.

The Investigations Section is divided into two squads that are responsible for the investigation of alleged violations of the criminal laws of this state, conducting of civil and special investigations including investigations of public corruption, institutional and insurance fraud. The section also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. This section also responds to the numerous requests for investigative assistance from local, state or federal governmental agencies.

The Trial Unit provides investigative services to the attorneys in the Criminal Division to include follow-up and support on criminal prosecution cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and trial evidence management.

The Fugitive Apprehension Unit (FAU) is dedicated to assisting local law enforcement agencies in locating and arresting wanted individuals who either cannot be located by the local agency, or where the suspect is believed to be located in a jurisdiction other than where the arrest warrant is issued. The majority of the suspects are aware they are being sought by law enforcement and have taken measures to evade capture. Due to pending caseloads and other considerations, local law enforcement agencies may not have the time or resources available to locate them. Crossing jurisdictional lines can also be problematic for local law enforcement when searching for wanted individuals who reside in, or have fled to, a different city, parish, or state. The FAU has statewide jurisdiction and can dedicate all the time and resources necessary to bring these fugitives to justice. The FAU has also worked successfully with law enforcement in surrounding states in locating and apprehending fugitives from Louisiana.

PROGRAM MISSION:

The Litigation Division is responsible for providing legal representation to the State of Louisiana, State agencies, and state employees in all tort claims seeking damages. The Litigation Division defends claims managed by the Office of Risk Management and by any post-secondary education institution granted an exemption from the state's risk management program.

PROGRAM GOALS:

I. Provide superior legal and professional services to Louisiana citizens, private sector organizations, and all governmental entities.

PROGRAM ACTIVITY:

The Litigation Division is divided into sections: Executive, Case Administration, Appeals, Civil Rights, General Liability, Medical Malpractice, Road Hazard, Transportation and Workers' Compensation. The Litigation Division is headquartered in Baton Rouge with five regional offices located in Alexandria, Lafayette, Monroe, New Orleans and Shreveport. The Litigation Division is one of the largest defense firms across the state, with a combined full-time staff of 172 employees, consisting of attorneys, paralegals, and support personnel.

The executive staff ensures that the daily activities, duties, and responsibilities of the division are accomplished. The staff consists of the director, three deputy directors, an associate deputy director, two administrative assistants, a property and procurement manager, a property and procurement assistant, special litigation counsel, assistant special litigation counsel, an executive management officer, an executive secretary, case administration specialists, and a receptionist.

The Special Litigation Counsel defends the state's judiciary, the Disciplinary Counsel, and the Judiciary Commission. The Special Litigation Counsel also defends cases deemed in need of special handling with other divisions and contract counsel regarding specialized litigation issues.

The Case Administration Section is responsible for management of the case intake and case resolution processes, which involves the coverage and risk analysis for the determination of covered claims, claims processing into the electronic case tracking system, management of the database, and tracking the claims throughout the litigation process. The Case Administration Section has two attorneys and five support staff members.

The Appeals Section was created to handle in-house cases during the appeals process. The Appeals Section is staffed by designated employees throughout the Litigation Division housed across the state. The division benefits from having its own in-house appellate specialists, who are familiar with the regional areas in which they practice.

The Civil Rights Section defends suits filed in both state and federal court involving the deprivation of a person's civil rights. Such suits include, claims brought pursuant to 42 United States Code § 1983, the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act of 1993, the Rehabilitation Act of 1973, and parallel state statutes. The Civil Rights Section also provides legal representation to state agencies, its officials, and employees in civil rights actions brought pursuant to the Religious Land Use and Institutionalized Persons Act.

The General Liability Section defends all tort suits arising from incidents that do not come under the purview of any other section. The types of claims include injuries occurring on the premises of a state agency, including slip-and-fall incidents, broken chairs, and other defective items, lawsuits involving failure to train, supervise, or protect students, foster students, or children placed in state custody, general maritime claims, asbestos claims, defamation claims, and abuse and neglect claims.

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 1414 - Risk Litigation

The Medical Malpractice Section defends the state, state agencies, and state health care providers against claims of medical malpractice in both the medical review panel process and in subsequent lawsuits filed in state court. The attorneys in the Medical Malpractice Section also defend the interests of state health care providers in depositions, hearings, and trials where these healthcare providers have been subpoenaed as witnesses.

The Road Hazard Section defends the Department of Transportation and Development (DOTD) against claims where a condition of the roadway or its maintenance is alleged to have caused or contributed to the accident at issue. All money judgments against DOTD for road hazard claims, whether through trial or an agreement between the parties, must be satisfied by an appropriation from the Louisiana Legislature and approved by the governor prior to payment.

The Transportation Section defends the state, state agencies, and state employees in lawsuits involving automobile accidents and other automobile-related actions that occurred while the state employee was engaged in on-the-job activities, including accidents involving inmate transport.

The Workers' Compensation Section defends the state and all of its agencies in workers' compensation proceedings, where a dispute arises concerning benefits payable under the Workers' Compensation Act. The Workers' Compensation Section also files suit to recover funds from third parties that the State paid to either injured state employees or to state agencies. The Workers' Compensation Section also represents the state in seeking reimbursement of workers' compensation benefits paid by Office of Risk Management (ORM) from the Second Injury Fund by appealing decisions of the Second Injury Board wherein ORM's claim for reimbursement from the board is denied.

The Alexandria Regional Office serves the following parishes across north and central Louisiana - Allen, Avoyelles, Beauregard, Catahoula, Concordia, Grant, LaSalle, Natchitoches, Rapides, and Vernon. The Alexandria Office also defends state court suits filed in Sabine Parish, federal suits filed in Winn Parish, and workers' compensation claims filed in the Office of Workers' Compensation District 2.

The Lafayette Regional Office serves the following parishes in south and southwest Louisiana - Acadia, Calcasieu, Cameron, Evangeline, Iberia, Jefferson Davis, Lafayette, St. Landry, St. Martin, St. Mary, and Vermilion. The Lafayette Office also defends workers' compensation claims filed in the Office of Workers' Compensation Districts 3 and 4.

The Monroe Regional Office serves the following parishes in northeast Louisiana - Caldwell, East Carroll, Franklin, Lincoln, Madison, Morehouse, Ouachita, Richland, Union, Tensas, and West Carroll. The Monroe Office also defends workers' compensation claims filed in the Office of Workers' Compensation District 1E.

The New Orleans Regional Office serves the following parishes in southeast Louisiana - Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. John the Baptist, St. Charles, St. Tammany, Terrebonne, and Washington. The New Orleans Office also defends federal suits filed in Tangipahoa Parish, as well as workers' compensation claims filed in the Office of Workers' Compensation Districts 7, 8, and 9.

The Shreveport Regional Office serves the following parishes in northwest and north-central Louisiana - Bienville, Bossier, Caddo, Claiborne, De Soto, Jackson, Red River, Webster, and Winn. The Shreveport Office also defends state suits filed in Winn Parish and federal suits filed in Sabine Parish, as well as workers' compensation claims filed in the Office of Workers' Compensation District 1E.

The Financial Accountability and Control Program provides the accounting for the monies on deposit in the Treasury. This broad statement of responsibilities is a component of the law in many different citations. The primary authority is in LRS 36:765-766 which defines the management and finance functions of the Treasury. Additionally, the primary authority of this program is found in LRS 49:307 which lists the duties of the State Treasurer. Many of those duties are carried out in this program: for example, the receipt and disbursement of public monies from the Treasury, the keeping of a true, just and comprehensive account of all public money received and disbursed and the keeping of a true, just account of appropriations and the related disbursements made under them. This program also keeps an accounting of all investments made by the Treasury and the related investment income pursuant to LRS 49:327. This program also carries out the requirements of many sections of the Louisiana Constitution from Article III, Section 16 to LRS 39:82 related to the remission and withdrawal of monies at fiscal year end.

PROGRAM MISSION:

The mission of the Financial Accountability and Control Program is to provide the highest quality of accounting and fiscal controls of all monies deposited in the Treasury and to assure that monies on deposit in the Treasury are disbursed from Treasury in accordance with constitutional and statutory law for the benefit of the citizens of the State of Louisiana and to provide for the internal management and finance functions of the Treasury.

PROGRAM GOALS:

The Financial Accountability and Control Program will provide an accurate accounting and reconciliation of all public monies on deposit in the Treasury and will control disbursement of those monies in a manner that ensures disbursements are made in accordance with Article III, Section 16 and Article IV, Section 9 of the Louisiana Constitution of 1974.

PROGRAM ACTIVITY:

The Fiscal Control activity provides a centralized bank account for the deposit of public monies, maintains a record of the investment of monies on deposit and provides an accounting by fund which dedicates the monies for purposes designated by the Legislature.

Oversee the development of cooperative endeavor agreements with Treasury to provide for the accountability of public funds disbursed to recipients for the period ending June 30, 2025.

Executive: Directs all operations of the PSC except those performed in District Offices which are under the supervision of the five elected Commissioners. The Commission currently regulates 1,000+ public utilities and common carriers. The Executive Division ensures the efficient and accountable operation of all activities within the department by providing the highest quality of leadership, professionalism, and oversight necessary to remain on the forefront of utility, common carrier, and Do Not Call regulation. At the same time, the role of the Executive Division includes monitoring, analysis, and management of state and federal legislation in regard to energy, utilities, climate change, common carriers, fiscal matters, and any other pertinent issues. Additionally, the Executive Division's expertise and leadership provides advice and counsel as well as any other necessary and/or requested support to the Commissioners.

The Office of Executive Counsel ("OEC"), which includes the Legal Division, serves as the legal representative of the Commission at all levels, including all matters before the Commission, as well as in the Judicial System before the 19th Judicial Court, other state courts, and other state and federal regulatory bodies, to ensure the Commission fulfills its constitutional mandated duties. The OEC also advises the Commission in areas of administrative law, civil service regulations, public records and open meeting laws, governmental ethics issues and any other legal issues that may arise during the course of agency operations. The OEC represents the Commission in prosecuting the violators of the Do Not Call solicitation program and violations of any other constitutional or legislatively delegated program. The Legal Division represents the Commission as counsel of record in all docketed cases before the Commission, including complaints against regulated companies, Commission investigations, rate cases, and rulemaking proceedings. Legal Staff is responsible for accurate and orderly processing of all formal proceedings that are acted upon by the Commission, including investigations and issuing discovery regarding complaints and applications; prosecutes regulated entities for violating orders, rules, and regulations; develops regulatory plans; assists in the determination of the opportunity for earnings of regulated entities; and drafts Commission Orders, which formalize Commission decisions. In addition to the above, Legal Staff initiates and issues recommendations and proposals in rulemaking dockets, which ultimately result in regulations applicable to regulated entities.

The Management and Finance division is responsible for providing services necessary to the overall operation of the Commission. The division consists of Fiscal, Human Resources, and Information Technology.

Fiscal: Fiscal successfully manages accounts payable and receivable, revenue collection and classification of approximately \$10 million annually; accountable for property control, fleet management program, supplies, inventory, and the safety program. Staff is responsible for managing the department's appropriation by compiling the necessary information for budget development, budget projections, and monitoring budget changes through expenditures, revenue collections, legislation and mid-year budget adjustments.

Human Resources: Provides a positive service experience for the PSC through the management of all personnel matters, including ensuring compliance with Civil Service Rules and applicable State and Federal laws.

Information Technology: Provides exceptional end user support, delivers high quality custom applications and solutions while maintaining a innovative, reliable and secure computing environment.

The "Do Not Call" ("DNC") Program was created by the "Telephone Solicitation Relief Act of 2001," which recognized that becoming a residential telephone subscriber should not undermine or lessen a person's right of privacy and found that there was a compelling state interest to protect the privacy of such subscribers who wish to avoid unsolicited and unwanted telephone solicitations. As a result, the "Do Not Call General Order" ("DNC GO") was developed to provide the rules and regulations necessary to implement this program activity, and as of January 1, 2002, the DNC Program has been providing this protection for our residents. There is no cost to any Louisiana taxpayer or consumers that choose to participate in the program. Businesses that wish to offer their products or services by telephone must operate in compliance with the DNC GO. Absent an authorized exemption, these companies pay a fee to register and obtain the information they need to prevent making calls in violation of the DNC Program. Consumers registered with the program may submit complaints reporting any non-exempt solicitation they receive. A telemarketer that operates in violation of the DNC GO can be cited, and ultimately be required to pay significant penalties. Such penalties provide a real deterrent to unauthorized infringement of our consumer's privacy. Enforcement investigations of complaints are conducted, using all available resources. Staff members are trained, knowledgeable, and able to respond to questions regarding not only DNC issues, but the frequently related subjects of fraud and identity theft, debt collection, and market research. In declared states of emergency, the DNC GO provides for a suspension of all telephonic solicitation. This action can be crucial when phone lines are compromised and resources must be reserved for vital emergency response communications.

PROGRAM NUMBER AND NAME: 1582 - Support Services

PROGRAM AUTHORIZATION:

Constitution of State of Louisiana, Article IV, Section 21; Louisiana Revised Statutes 36:721 and 722; 45:1161 et seq; 45:1177 (A)(2) and (3) and (C); 45:1177.1; 45:1177.1; 45:1180 and 45:1181 (A), et seq.

PROGRAM MISSION:

The mission of the Support Services Program is to review, analyze, and investigate rates, as well as charges filed before the Commission with respect to prudence and adequacy of those rates; to manage the progress of adjudicatory proceedings and conduct evidentiary hearings in an impartial, fair, professional, and orderly manner; and to make rulings and recommendations to the Commissioners which are just and generate the highest degree of public confidence in the Commission's integrity and fairness.

PROGRAM GOALS:

- Ensure that jurisdictional companies' rates are fair and reasonable to the consumer and provide the opportunity for a fair rate of return to the company by providing the Commission with accurate reporting of regulated utility and common carrier companies' financial condition; level of earnings; rate of return; adherence to federal, state, local and Public Service Commission laws, regulations, and guidelines to assist in decision-making responsibilities.
- Ensure that all parties to adjudicatory hearings are provided a fair and impartial hearing, orderly progress of the case, a complete record, and a sound decision.

PROGRAM ACTIVITY:

The State Constitution establishes the Commission's authority to regulate public utilities and common carriers. The Utilities Division, which oversees the Audit Division, is tasked with the implementation of this mandate. The Utilities Division is responsible for the maintenance of all rate schedules and terms of service filings of all regulated utilities and telecommunication service providers, including overall historical records of rates, terms of service, and correspondence filings. The Utilities Division maintains and manages the annual reports, compliance reports, and other reports required to be filed by the utilities and telecommunications service providers subject to Commission authority. It assists and advises other staff members, consumers, and industry representatives on a wide variety of utility related topics which could include Commission initiated or third party requested investigations. It also provides to the public, industry, and governmental agencies statistical data such as utility rate and fee comparisons, fuel and natural gas costs, and utility outages during state declared emergencies. With the assistance of the Audit Division, the Utilities Division examines and audits electric utility fuel adjustments and local distribution gas utility purchases of natural gas. The Audit Division provides the Commission with financial and compliance audit expertise. During the course of conducting its review and analysis of rate increase proposals and Rate Stabilization Plan ("RSP") annual filings, the Audit Division determines the accuracy of the regulated company's overall results of operations, rate base, and rates of return on equity and capital, upon which consumer rates are based. The Audit Division conducts cost of capital studies, as necessary, and issues reports and makes recommendations on utility rates to the Commission, to ensure that consumers pay fair and reasonable rates and regulated utilities have the opportunity to earn a reasonable return on their investment. The Audit Division also reviews and analyzes site specific utility rate filings and utility asset management agreements, which impact economic development in the state. In addition to conducting rate increase reviews for regulated utilities, the Audit Division is also responsible for conducting reviews and analyses for rate increase proposals of regulated common carriers, including passenger, waste hauling, household goods moving, non-consensual towing, and pipeline services. The Audit Division also conducts annual audits to determine whether common carriers and public utilities regulated by the PSC are compliant with all Inspection and Supervision Fee ("ISF") filings and payments, as required by Louisiana R.S. 45:1177.

The Administrative Hearings Division ("AHD") conducts fair and impartial public evidentiary hearings on complex issues within the Commission's jurisdiction, creates a public record and transcript of the proceedings, prepares proposed findings of fact and conclusions of law for consideration by the Commissioners in making final decisions, and renders final decisions where such authority has been delegated by the Commission. The utility cases handled by the AHD are quite possibly the most complex and financially significant of any cases currently handled by administrative law judges (or the equivalent thereof) in any Louisiana state agency. The AHD handles cases that (1) have statewide application – affecting citizens, public utilities, certain common carriers, industries, and commercial enterprises throughout the state; (2) have significant impact on economic development in the state including whether Louisiana is perceived as favorable to business and industry; (3) are extremely technical, involving testimony presented predominantly by expert witnesses; (4) are monetarily significant – resulting in multi-million and billion dollar decisions; and (5) involve constitutionally protected property rights. Through a delegation of authority from the Commissioners, the administrative law judges issue subpoenas; administer oaths; convene status conferences and prehearing conferences; establish procedural schedules; preside over hearings; compel discovery; examine witnesses; make evidentiary rulings; accept testimony and exhibits into evidence; require the filing of memoranda of law and the presentation of oral argument; receive offers of proof; submit written proposed findings of fact and conclusions of law to the Commissioners; make final determinations in proceedings where the Commissioners have delegated such authority; render interlocutory rulings on motions, exceptions and other preliminary matters; and prepare orders. Court reporters record all hearings and Commission Business and Executive Sessions and prepare verbatim transcripts as well as assemble hearing exhibits admitted or proffered into the record by the parties for all hearings; transcripts and exhibits are made available to the public and utilized in the Commission's decision-making and become part of the official record if a Commission decision is appealed.

PROGRAM NUMBER AND NAME: 1583 - Motor Carrier Registration

PROGRAM AUTHORIZATION:

Constitution of State of Louisiana, Article IV, Section 21; Louisiana Revised Statutes 36:721 and 722; 45:161 et seq

PROGRAM MISSION:

The mission of the Motor Carrier program is to provide fair and impartial regulation of intrastate common and contract carriers offering services for hire.

PROGRAM GOALS:

- Administer the rules and orders of the Commission to assure the public of safe and dependable transportation services.
- More effective enforcement activities to improve carrier compliance with regulatory requirements; thus, protecting the consumer and carriers against unjust, unreasonable and discriminatory rates and charges.

PROGRAM ACTIVITY:

The Motor Carrier Division activity fulfills its constitutional and statutory mandates by providing fair and impartial regulation of intrastate common and contract carriers offering services for hire. The Division administers and enforces the rules and orders of the Commission and the laws of Louisiana to assure the public has safe, dependable and reasonably priced transportation services provided by the carriers of household goods, waste, passengers, pipelines, and by the providers of non-consensual towing and recovery. The Division regulates approximately 800+ common carriers statewide. Staff receives and processes applications for authority. By statute, carriers of waste must apply to the Commission for authority and prove fitness in a hearing. Waste applicants are assisted with their application and the hearing process, if necessary. If the waste applicant proves fitness and the authority is granted, the applicant is assisted with the registration process. All other applicants, which includes carriers of household goods, passengers, saltwater, pipelines and providers of non-consensual towing and recovery, are required to receive Staff approval for the issuance of authority, and are assisted with the registration process. Staff maintains insurance filings on all certificated carriers verifying that said carriers have continuously effective insurance coverage as required by law. Staff receives and reviews Annual Reports from all certificated carriers assuring that said carriers are financially viable and able to provide the services to the public for which they were granted authority. Staff receives and reviews request for pipeline rate increases assuring that said pipelines charge rates that are just and reasonable, and not unreasonably discriminatory, for services offered under the same or similar circumstances. Enforcement includes audits of licensed waste disposal sites and the investigation of consumer and motor carrier complaints. Citations are issued to carriers and shippers when it is determined that the rules of the Commission and the laws of Louisiana have been violated. The Motor Carrier Division also provides an ongoing review of all motor carrier and pipeline regulations through the Commission's rulemaking process to continually meet the needs of the public, including regulated carriers.

PROGRAM NUMBER AND NAME: 1584 - District Offices

PROGRAM AUTHORIZATION:

Constitution of the State of Louisiana, Article IV, Section 21; Louisiana Revised Statutes 36:721; 45:1161 et seq

PROGRAM MISSION:

The mission of the District Offices is to provide accessibility and information to the public on regulation as it applies to the services provided the consumer.

PROGRAM GOALS:

- Provide effective and efficient services to ensure that consumer problems, issues, and complaints are sufficiently monitored and addressed in a timely manner.
- Promote fair regulation of the public utilities and common carriers operating in the State of Louisiana.

PROGRAM ACTIVITY:

Districts One, Two, Three, Four and Five: The Public Service Commission (PSC) regulates 1,000+ public utilities and common carriers and serves over two million direct and countless others who benefit indirectly. The regulation of such public utilities is critical to the economic climate and quality of life for all citizens of Louisiana. The public as well as business and industry has easy access to the services of the PSC via District Offices located strategically across Louisiana. The five elected Commissioners maintain and promote accessibility and information to the public. Accessible, effective and efficient services ensure that consumer problems, issues, and complaints are addressed in a timely manner. The fair, equitable regulation of the public utilities and motor carriers and the service to those companies regulated by the PSC is constant. District Offices work in concert with the PSC Central Office to protect the ratepayer as well as to provide services to the citizens and regulated companies while promoting regulatory balances. Regulatory balance begets safe, reliable, service with reasonable, fair rates to the consumer and allows the utilities an opportunity to earn a fair rate of return on their investment. For over 100 years, the PSC has regulated public utilities and common carriers in a firm but fair manner to ensure that the regulated community is provided the opportunity to earn a fair rate of return and Louisiana consumers enjoy low rates and high quality service.

PROGRAM AUTHORIZATION:

R.S. 36:626

PROGRAM MISSION:

The mission of the Office of Management and Finance is to specify, procure, and allocate resources necessary to support the mission of the Louisiana Department of Agriculture and Forestry. The Office of Management & Finance is comprised of the Executive Office, Administrative Services, Fiscal, Information Technology, Auditing, Fleet & Facility Maintenance, Procurement, and Human Resources. All functions related to accounting and budget control, procurement, contract management, program analysis, management information systems, auditing, personnel, payroll, fleet management, building maintenance, printing and typesetting, information technology and federal grants for all divisions of the department are performed within the Office of Management & Finance. In addition, our Promotion and Research promotes the development, production, and sale of Louisiana commodities through research and marketing activities.

PROGRAM GOALS:

The goals of the Office of Management & Finance are to provide department-wide coordination, personnel, and basic resources which are essential to the accomplishment of the department's mission in a timely, effective, and accurate manner and in compliance with applicable laws, rules, and regulations. Our Promotion and Research team strives to improve the ability of Louisiana producers to capitalize upon promotion and research opportunities, to strengthen Louisiana's farmers markets and roadside vegetable stands, and to educate potential consumers of the positive benefits of buying fresh local agricultural products.

PROGRAM ACTIVITY:

FISCAL SERVICES

Fiscal Services directs, coordinates, prepares, and administers budget development, implementation, and control; prepares the operational and capital outlay budget requests; manages the operating budget for the offices of the department and numerous programs; reports the department's strategic performance measures on a quarterly basis to the Division of Administration; prepares the strategic operation plan, strategic measures, and indicators on an annual basis; provides for federal reimbursement processing, vendor and contractor disbursements, depositing all incoming revenues, payment of bills, reconciliations, maintaining general ledgers, and producing the Annual Financial Report for the department and four (4) boards and commissions.

HUMAN RESOURCES

Human Resources recruits and employs qualified candidates for department positions and ensures that employees are properly compensated for their work. Human Resources is responsible for auditing and processing all personnel actions and maintaining employee records. This program administers the employee benefits program, including insurance, retirement and service awards; trains employees and supervisors on personnel policies such as Performance, Planning, & Review, workplace violence, discrimination, harassment, substance abuse, and discipline; oversees adherence to federal employment laws, Fair Labor Standards Act, Americans with Disability Act, Equal Employment Opportunity, and Family and Medical Leave Act.

INFORMATION TECHNOLOGY

Information Technology Services provides the department with all network infrastructure, security/database administration, application development and support, and tools including internet and e-mail services to ensure the department meets today's demands for information and efficient processing. The division also provides data submission and interfaces as required by the federal government and state agencies and provides public access to vital department information via the internet. They support 30 locations of computing systems and support 800-plus users on more than 100 custom and third-party software applications. The division assists users in the areas of licensing, permitting, registrations, inspections, testing, accounting, imaging, printing, mapping, hardware installation, repairs, maintenance, and archiving.

PROCUREMENT

Procurement assures that all purchases of supplies, equipment and services requested by the department are made in accordance with all Division of Administration policies, procedures, Executive Orders, Revised Statutes, Louisiana Administrative Codes, and department policies. Procurement is responsible for handling the bid process and provide assistance to department administrators through direction and training; assures all bidders are treated equally and fairly in the bid process, both through the evaluation and awarding of all bids.

FLEET

This division is responsible for the maintenance and repairs of the department's fleet valued at \$36.5 million that consists of 614 road vehicles, 114 trailers, 126 tractors, and other equipment.

FACILITY

This division is responsible for the repairs and maintenance of 50 properties and 161 buildings (assets valued at \$96.1 million dollars) and ensuring compliance with building codes, laws, policies, and procedures; and maintaining a safe and comfortable work environment for department personnel.

AUDIT

Auditing is primarily utilized in a regulatory capacity to perform audits on agricultural related entities. These audits may be required by the various boards and commissions under the department. Audits pertain to licensing requirements or to ensure the proper reporting and remittance of fees. The internal audit section is part of the internal control of the department in compliance assurance of department financial policies and procedures; investigating and analyzing functions within the department.

LEGAL

The legal division is composed of four attorneys who handle all legal affairs, reviews all contracts and provides consultation and legal advice to the department.

PROPERTY CONTROL

This division is responsible for maintaining records on all property, equipment and supplies.

PRINT SHOP/MAILSERVICES

Provides the department with cost effective reproduction and efficient mail/messenger services to six main programmatic areas.

MARKETING

This division operates financial, informational, promotional, and market development activities. Financial assistance is provided through the Louisiana Agricultural Finance Authority to agribusinesses and producers. The goal is to expand opportunities for growth of the food and agricultural products industries through financial assistance programs, expansion of resident agribusinesses, recruitment of new agribusiness investment to Louisiana, providing unbiased market information to enhance orderly marketing of agricultural products, and by increasing sales of food and agricultural products. This division further provides informational assistance programs through accurate and unbiased market reports depicting current conditions on supply, demand, price, trend, movement and other pertinent information relating to the trade of the agricultural commodities reported that will promote orderly marketing and enhance competition; and through the advertising of agricultural items for sale to subscribers of the Market Bulletin resulting in the sale of items not normally available in commercial trade channels.

COMMODITY PROMOTION AND RESEARCHThe Department administers promotion and research development programs that serve farmers and consumers through state trade shows, retail promotions, chef demonstrations, market research, development and implementation of promotion and research activities by commodity specific boards, a Senior Farmer's Market Nutrition Program, and WIC Farmer's Market Nutrition Program. The division also provides one-on-one assistance to farmers and consumers for varied promotion services and for information about Louisiana agriculture outlets such as Farmers Markets and Roadside stand sales opportunities. The Department administers the Louisiana Milk Producers Tax Credit program to assist dairy producers when market factors are not conducive to maintaining financial stability. Producer eligibility and credit amounts are determined by reviewing market prices and production costs in a given tax year. The Department works in cooperation with the LSU Agcenter, the Louisiana Farm Bureau, and the Federal Milk Order Administration to collect and evaluate data used in determining eligibility. PROGRAM MISSION:

The mission of the Office of Agricultural and Environmental Sciences is to ensure that fertilizers, agricultural liming materials and pesticides meet all requirements of law; to monitor, prevent, control and eradicate plant pests and diseases that threaten Louisiana's agriculture, environment and economy; to facilitate agricultural exports through certification of products; to oversee the qualifications and practices of persons engaged in the green industry; to protect human health and the environment by ensuring the proper labeling, distribution, storage, use, application and disposal of pesticides, and through enforcement of all pesticide laws; to ensure that seed sold for planting meets label guarantees and quality standards; and to ensure a safe, abundant supply of food and fiber. The Office of Agricultural and Environmental Sciences is comprised of four divisions: Agricultural Chemistry Programs, Horticulture & Quarantine Programs, Pesticide & Environmental Programs, and Seed Programs.

PROGRAM GOALS:

The goals of the Office of Agricultural and Environmental Sciences are to: 1) assure, through sampling and inspection, that fertilizer, lime, horticultural products, imported and exported agricultural products, pesticides, and seeds meet or exceed the quality standards set by federal and Louisiana laws, rules, and regulations; and 2) through licensing, certification, surveillance and training, assure a level of competency in services and products provided by those industries regulated in an effort to protect the public and the environment.

PROGRAM ACTIVITY:

HORTICULTURE & QUARANTINE PROGRAM

The Horticulture & Quarantine Programs monitor and provide for the prevention, control, and eradication of regulated and exotic crop pests or diseases endangering Louisiana's agricultural (food and fiber), forestry, horticultural, and apiary industries and the environment; ensures that products certified for export from Louisiana are free from regulated pests; and oversees the qualifications and practices of persons engaged in the green industry. The division licenses and permits horticulture related businesses, and inspects, samples, surveys, monitors, and oversees eradication efforts for plant pests, including boll weevil. These activities are accomplished through the implementation and enforcement of the Horticulture Law, Boll Weevil Eradication Law, Crop Pests and Diseases Law, and Apiary Law. Additionally, they partner with USDA and the LSU AgCenter for many of its quarantine or regulated pest activities, safeguarding agriculture and the environment for Louisiana stakeholders with the greatest efficiency and effectiveness possible.

PESTICIDE & ENVIRONMENTAL PROGRAM

The Pesticide & Environmental Programs inspect, enforce and regulate the registration, distribution, sale, offering for sale, and application of pesticides. The division regulates, trains and certifies private and commercial pesticide applicators, structural pest control applicators, restricted use pesticide (RUP) salespersons, agricultural consultants, and worker protection standards (WPS) trainers, as well as regulates and licenses or permits respective businesses. They also monitors the state's water resources for pesticides and participates in affiliated federal programs such as Endangered Species, Worker Protection and USDA Food Safety.

AGRICULTURAL CHEMISTRY PROGRAM

The Agricultural Chemistry Programs administer state laws and regulations which regulate the manufacturing and sale of fertilizers and agricultural liming materials for the purpose of ensuring that the products meet the standards outlined in law. The Agricultural Chemistry Laboratory is responsible for analyzing agricultural chemicals and other farm input components as part of regulatory enforcement. It is the testing laboratory for the Pesticide & Environmental Programs, providing analysis in the enforcement of the Pesticide Law. Agricultural Chemistry also provides analytical support for the Office of Animal Health Services, the LSU AgCenter and general public.

SEED PROGRAM

The Seed Programs ensures that seeds sold for planting purposes meet seed label guarantees and quality standards. In doing so, it prevents Louisiana from becoming a dumping ground for low quality planting seed and ensures that a mechanism is in place to provide a reliable source of high quality seed from superior new crop varieties for Louisiana producers. Their responsibilities are: 1) Enforcement of the Seed Laws and Regulations; 2) Management of the Seed Certification Program; and 3) Operation of the Official State Seed Testing Laboratory.

PROGRAM MISSION:

The mission of the Office of Animal Health & Food Safety, through state and federal mandates, is to guard and protect the integrity of the livestock industry against animal diseases through diagnostic, preventative, eradication, and the safety of commercial feeds. Additionally, the office is responsible for protecting the food chain, public health, and general welfare of the Louisiana citizenry by assuring that meat, seafood, poultry, eggs, fruits, vegetables, and their products are properly identified, labeled, inspected, and accurately graded. The Office of Animal Health & Food Safety shall also be responsible for the control of livestock theft and denying a market for stolen cattle and horses in Louisiana, all in accordance with applicable law. The Food Distribution Program administers the USDA Commodity Program (Sections 2 and 6 of the Richard B. Russell National School Lunch Act, The Emergency Food Assistance Act of 1983, and 7CFR 250, 251). The Office of Animal Health & Food Safety is presently responsible for coordinating the department's Emergency Management & Response before, during, and after a disaster. The office administers ESF-4, Firefighting and ESF-11 Agriculture. The office's Emergency Management Division manages the business of these vital functions; a complex endeavor that requires planning, preparation, and practice to fulfill the mission when the need arises.

PROGRAM GOALS:

The goal of this program is to maintain a safe and healthful food supply for the people of Louisiana, while simultaneously protecting and safeguarding the producers of these products. The program inspects and grades food products, controls livestock diseases, and tracks ownership of livestock through a branding activity. The activities of this program are: Administrative, Federal/ State Meat Program, Poultry and Egg Inspection, Food Quality Services, Livestock Disease Prevention, Livestock Theft Prevention, Emergency Response Team, Food Distribution Program, and Commercial Feed Program.

PROGRAM ACTIVITY:

LIVESTOCK BRAND COMMISSION - (RS 3:732)

The Livestock Brand Commission is responsible for the protection of property through the investigation of farm related crimes with the main focus on the identification of livestock through registered brands and markings. Six employees across the state are commissioned law enforcement officers who protect lives and property, deter and investigate agricultural related crimes, bring perpetrators to justice, and perform other related duties. They are responsible for performing the following tasks: monitoring and inspecting all livestock at video or public sales as well as any livestock either in shipping or to be shipped; identifying criminal activity involving farm related crimes and apprehending criminals; providing specialized assistance when a massive application of manpower is required during disaster, civil disturbance, or terrorist situation; providing assistance to law enforcement agencies in investigating farm related crime; providing assistance to persons unable to help themselves, or are in danger or in need of other emergency services; conducting various informational programs for the public in regards to livestock identification and farm related crimes.

FOOD QUALITY SERVICES PROGRAM

Food Quality Services (FQS) provides unbiased third party (collaborator) inspections, state inspections, and shipping point inspections for fresh fruits and vegetables grown in Louisiana. This program inspects and certifies grade, quality, and condition of fresh fruits, vegetables, peanuts, and pecans at shipping ports and receiving markets in the state; and inspects and certifies fresh produce purchased by federal and state institutions. FQS has a cooperative agreement with the USDA Fresh Fruit & Vegetable Branch to provide federal and state inspection services. Implementation of the Food Safety Modernization Act (FSMA) produce safety rule began in 2016.

POULTRY & EGGS DIVISION - (R.S. 3:405; 3:410) (Title 3, Chapter 5) Poultry & Eggs is responsible for establishing grades for poultry and eggs sold in Louisiana. The division is authorized through cooperative agreements with the USDA to establish and maintain grading services at authorized USDA poultry and egg plants; provide fee grading services at off-plant locations; and perform shell egg surveillance at all shell egg plants and hatcheries. The division is responsible for enforcing state laws, rules, and regulations for egg and poultry production, packing, and sales.

The Louisiana Egg Commission is charged with the duty of promoting eggs and egg products in Louisiana; and issuing licenses to all producers, packers, processors, wholesalers, brokers, or any other entity except retailers. In addition, the Commission has the authority to hold hearings on any violation of the State Egg Marketing laws and revoke or suspend licenses if necessary. The Poultry & Egg division is responsible for the regulation and enforcement of all rules and regulations pertaining to the Egg Commission. The Commission is composed of seven members appointed by the Commissioner of Agriculture & Forestry who serves as an ex-officio member. The Commissioner appoints someone from his staff to serve as Director of the Egg Commission and the department provides staffing for the Commission. In return, the Commission provides \$30,000 per year to the department to cover the cost of these services. The Egg Commission derives its funding from a \$.02 per case assessment on all eggs sold in Louisiana, a \$100 per year license fee, and per diem and travel charges for audit work. The Commission generates an average of \$525,000 a year on fee collection from companies doing business in Louisiana.

VETERINARY HEALTH DIVISION (formerly known as LIVESTOCK SANITARY BOARD) - (R.S. 3:2091)

Veterinary Health helps protect LA livestock from infectious diseases by administering state/federal programs that include disease reporting, monitoring, investigation, diagnostics, containment, and eradication. The division has personnel who work with other governmental agencies, private veterinarians, producers, industry, and academia to insure the safety of the meat and poultry that will enter the food chain. Office personnel maintain paper and electronic records of health certificates and livestock testing of animals within, leaving, and entering the state. Field personnel conduct farm inspections, animal feed testing, reportable disease investigations, and monitor livestock sold at auction markets for signs of disease. Livestock identification and premises information is collected and maintained to trace an animal's movement or to stop animal movement in the face of a disease outbreak. The Poultry Diagnostic Lab personnel work with commercial and backyard flock owners testing birds that may be sold locally, nationally, or internationally, or that may be entered into a local 4-H show. The division provides outreach to producers and veterinarians at local and regional meetings and to veterinary students through federal accreditation and loan repayment programs. The division coordinates activities of the Board of Animal Health and the Louisiana Aquatic Chelonian Research & Promotion Board. Federal/State Programs include: 1) Animal Disease Traceability, 2) Cattle Health, 3) Swine Health, 4) Avian Health, 5) Equine, Cervid, & Small Ruminant Health, 6) Zoonotic Disease/Foreign Animal Disease Surveillance, 7) Alternative Livestock, 8) Trichomoniasis, 9) Equine Infectious Anemia, 10) Reportable Diseases, 11) Farm-raised Turtles, 12) Livestock movement permitting, 13) Brucellosis Calf-hood vaccinations, 14) National Veterinary Accreditation, 15) Veterinary Loan Repayment, 16) Auction Market/livestock buyer registration, 17) 4-H Show livestock inspections, 18) Biological approvals, 19) Meat Inspection Disposal Letters, 20) Prison Enterprise Bull Inspections, 21) Certified/Accredited Cattle Herds, and 22) Supplies for accredited veterinarians.

MEAT INSPECTION - (R.S. 3:4201)

Louisiana's Meat & Poultry Inspection Program is a cooperative federal-state program. Its mission is to provide consumers with safe, wholesome, and properly labeled meat and poultry products. The program is responsible for inspecting all livestock harvested and processed in Louisiana facilities; inspecting meat processing facilities for compliance with federal and state requirements; operating an accredited laboratory that analyzes meat and poultry products for economic and microbiological adulteration; reviewing and approving the labels of meat and meat products to assure that accurate product information is supplied to the consumer. This program provides continuous inspection to 46 commercial slaughter and processing facilities, as well as periodic inspection of 22 custom slaughter and processing plants. Inspected slaughter establishments, inspected processors, custom slaughterers, custom processors, and warehouses distributing meat and poultry products must be permitted by the Louisiana Department of Agriculture & Forestry. The program is also made up of a compliance segment responsible for investigating violations of meat and poultry regulations such as the illegal slaughter, processing, and sale of uninspected meat products. State compliance investigators conduct food safety surveillance reviews at stores, restaurants, and distribution warehouses to ensure meat products in commerce have been inspected, are being stored properly, and have not been adulterated or contaminated after leaving the processing facility. Compliance investigators also address consumer complaints related to meat and poultry products. Under the state-federal cooperative agreement, the program must enforce requirements "at least equal to" those imposed under the Federal Meat Inspection Act and the Poultry Products Inspection Act. Food Safety Inspection Service (FSIS) provides up to 50% of the state's operating funds, as well as training and other assistance. Grading & Certification: Meat Inspection conducts a voluntary Grading and Certification Program for meat and meat products and fish and fishery products. This program assures that products purchased by institutions and schools meet the Institutional Meat Purchasing Specifications and general requirements for Fish and Fishery Products. The Grading & Certification Program prevents a vendor from shipping a lower valued product than what the purchase order calls for, resulting in substantial savings for both state institutions and participating school systems. This Program is funded through a \$.04/pound fee paid by participating vendors for the certification of their product.

FOOD DISTRIBUTION

demonstrated many times that enhanced nutrient intake and improvements in nutrient intake are associated with significant improvements in student academic performance. A hungry child cannot learn. The donated foods distributed through our Emergency Food Assistance Program are distributed to over 144,000 low income households on a monthly basis. The program ensures the USDA commodities are distributed to eligible recipient agencies and that those agencies are reviewed as required. Further, the office ensures the safe storage and handling of the commodities until consumed. Food Distribution is responsible for the ordering, warehousing, and distribution of foods purchased by the United States Department of Agriculture (USDA) for use in federally approved child nutrition programs and for food purchased for distribution to low income citizens and families. It also is responsible for ensuring that recipient agencies are operated in compliance with federal requirements (agreement, regulation, and law) by monitoring receiving agencies (schools, summer feeding sponsors, food banks, and their member agencies), resolving findings and reporting activities to the USDA which ensure that these foods are protected and are distributed only to those who are eligible to receive these benefits.

COMMERCIAL FEED PROGRAM (R.S. 3:1381)

Commercial Feed is responsible for administering the state laws and regulations which regulate the manufacturing and distribution of livestock feeds, feed ingredients and pet foods to ensure that all feeds and pet foods sold in Louisiana are safe to protect the health of both animal and man. Commercial Feed issues company and product registrations and verifies through label review practices that all registered labels contain the required information that is necessary for the safe feeding of the product. The program also inspects Louisiana manufacturers to confirm that each firm is utilizing good manufacturing practices to produce safe animal feeds. Samples are collected in both manufacturing facilities and retail locations throughout the state and analyzed to substantiate the guaranteed analysis and to confirm that the feeds are not adulterated with contaminants. The program also responds to consumer complaints regarding concerns of animal feed related illness or death.

PROGRAM MISSION:

The mission of the Office of Agro-Consumer Services is to ensure that equity prevails in the marketplace by regulating various aspects of commerce and trade and by promoting and heightening consumer awareness of Louisiana's agricultural commodities to increase sales, thereby enhancing the economic well being of Louisiana farmers and the State as a whole. The Office ensures that Louisiana consumers get what they pay for, that producers have markets available and receive fair compensation for their commodities, and that businesses have a favorable environment in which to operate. To carry out this mission, the Office of Agro-Consumer Services Program: 1) regulates the measuring, sampling, and transportation of dairy products, and audits all processors, distributors and retailers of dairy products; 2) licenses, inspects, and audits all grain dealers, warehouses, and cotton merchants in the state; 3) inspects and certifies all commercially used weights, measures, and weighing and measuring devices including motor fuel dispensers, certifies taxi meters, and point of sale price scanners; 4) licenses service companies and their technicians and public weighmasters; 5) provides price stability in the marketplace and assures an environment for fair and equal competitiveness as provided under Dairy Stabilization Board rules and regulations; and 6) maintains the official state standards of mass, length and volume, which are traceable to the National Institute of Standards and Technology.

PROGRAM GOALS:

The goal of the Office of Agro-Consumer Services is to provide services that ensure consumer protection for all Louisiana citizens as well as businesses, to promote economic growth in the state by maintaining a fair and competitive business environment, and to ensure that equity prevails in all commercial transactions throughout Louisiana.

PROGRAM ACTIVITY:

The Metrology Laboratory 1) maintains the standards of mass, length and volume; 2) calibrates and certifies those standards and instruments used in commerce, industry, education and research institutions, and 3) supports state government by providing calibration and certification services in the measurement field. All industries and institutions in the state rely on our Weights and Measures standard certification. R.S. 3:4601-4705

MILK AND DAIRY

The Louisiana Dairy Stabilization Board (LDSB) addresses problems created in the marketplace and provides a regulatory program designed to stabilize the dairy industry in order to assure an adequate supply of dairy products to consumers at fair prices. We license all processors, distributors, and retailers of dairy products in order to protect the dairy farmers from price wars and disruptive trade practices. Complaints are investigated and violations of the regulations for unfair methods of competition, unfair or deceptive acts or practices and disruptive trade practices are sanctioned. Dairy product promotions and coupons are reviewed for compliance with the LDSB statutes, rules and regulations. R.S. 3:4101

The Milk Buyers Bonding law ensures dairy farmers are paid for the dairy products they sell. The bond is required by all milk plants and cooperatives that purchase milk from Louisiana dairy producers. In cases of insolvency, etc., bond proceeds are used to compensate unpaid dairy producers. R.S. 3:641-645

The Dairy Stabilization Board with support from our Weights and Measures personnel, investigate all complaints that could be in violation of LAC Title 7, Part XXXI. These can include, but are not limited to, unfair or disruptive trade practices. If found in violation, the Board can take further action to ensure compliance.

PROGRAM AUTHORIZATION:

R.S. Title 3, Chapter 9, Parts I & II

PROGRAM MISSION:

The fortitude of Louisiana's economic, social and environmental state is intrinsically linked to the productivity of its soil and water resources. The mission of the Office of Soil and Water Conservation (OSWC) is to conserve and sustain these resources on Louisiana's croplands, grasslands, woodlands, wetlands, urban areas and waterways. This mission is accomplished by providing financial assistance, administrative guidance and coordination to Louisiana's 44 Soil & Water Conservation Districts, and implementation of conservation and resource management programs on private lands. The conservation districts, with assistance from the OSWC and USDA Natural Resources Conservation Service, provide conservation planning implementation assistance to Louisiana land owners and land managers. Through this unique federal-state-local partnership, a wide range of management practices are planned and implemented to protect soil health, water quality and to enhance the state's natural resources. The enhancement and protection of Louisiana's natural resources are paramount to the health, safety, livelihood and general welfare of Louisiana's citizens.

PROGRAM GOALS:

To achieve a productive balance between Louisiana agricultural production and processing and a healthy environment, wherein soil loss is reduced to within tolerable limits, water quality impairments due to agricultural processes are significantly reduced, and the quality of the state's wildlife habitat, wetlands and other natural areas and resources are enhanced.

PROGRAM ACTIVITY:

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 1652 - Market Compliance

Office of Licensing - Consists of Producer Licensing Division, Company Licensing Division, Licensing Call Center and Statutory Deposits. Producer Licensing Division maintains license and records of all producers, surplus lines brokers and adjusters to determine their qualification to conduct business in accordance with Louisiana laws. Company Licensing Division oversees the licensing of foreign and domestic insurance companies, third party administrators, dental referral plans, health maintenance organizations, risk purchasing groups, risk retention groups, vehicle mechanical breakdown insurers and viatical settlement brokers and providers, and discount medical plans, utilization review organizations and independent review organizations. The Licensing call center receives all incoming producer licensing calls and provides information as needed by the consumer. Statutory Deposits receives, reviews and maintains various types of deposits required by the Insurance Code in order for a company to comply with its licensing standards.

Office of Health, Life and Annuity - Consolidates the regulation of state and federal requirements applicable to commercial and government-operated health benefit plans. Provides protection to Louisiana consumers; assures continued viability of health, life, annuity and viatical settlement plans. The Office of Health, Life and Annuity consists of three regulatory divisions (Health Forms, Life and Annuity and premium rate review) and an advisory commission, the Louisiana Health Care Commission. The Health Forms Division, reviews and approves/disapproves contract/policy forms, advertising and, where authorized, rates. The staff reviews all filings for compliance with applicable statutes, rules and regulations and implements approvals made by the Interstate Insurance Product Regulation Compact. Life and Annuity and Long Term Care Division reviews and approves/disapproves contract/policy forms, rates for long-term care and acknowledges advertising where authorized. The staff reviews all filings for compliance with applicable statutes, rules and regulations for life insurance, annuities, long-term care insurance and viatical settlement products and implements approvals made by the Interstate Compact Product Regulation Compact. Premium Rate Review Performs review of health premium rates for small group or individual market. The review involves an actuarial process to determine if the premium rate increases are in compliance with state and federal law.

Office of Financial Solvency - Analyzes and examines the financial condition of all insurers approved to conduct the business of insurance in Louisiana. The type of regulated insurer varies and includes Louisiana domiciled (domestic), out of state (foreign) and out of country (alien) insurers. These companies may operate as life, health, property and casualty, health maintenance organizations, surplus lines, self-insurance funds (primarily workers' compensation insurance), and vehicle mechanical breakdown companies. The Office of Financial Solvency plans, coordinates and administers the rehabilitation and liquidation of insolvent insurers pursuant to Part XVI and other applicable statutes contained in the Louisiana Insurance Code and under the supervision of the 19th Judicial District Court of Louisiana.

Office of Property and Casualty -Regulates insurance matters relative to the lines of coverage that are considered property and casualty lines. OPC consists of two regulatory divisions and an advisory commission. Insurance Policy Forms Division reviews, approves and/or disapproves contract forms submitted by insurers. The forms are reviewed by Division staff for compliance with applicable statutes, rules and regulations. Insurance Rating Division reviews, approves and/or disapproves all manual rates and rules that are submitted to the Commissioner of Insurance for approval. By statute, the rates submitted by insurers are reviewed by the Division and staff actuaries to ensure that rates are not excessive, inadequate or unfairly discriminatory. The rates and rules submitted for review must be approved by the Commissioner of Insurance prior to implementation by an insurer.

Division of Legal Services - Acts as the legal counsel and enforcement arm of the Department. Its functions include drafting regulations, directives, bulletins and advisory letters; preparing and monitoring legislation; representing the Department in litigation before federal, state courts, and the Division of Administrative Law; enforcing insurance regulatory laws in administrative hearings; and assisting Department staff by providing legal advice on policy forms and any other insurance related matters. It also serves as a liaison between the Department and other federal, state and local government departments, agencies and commissions as well as insurance companies, producers and consumers.

Division of Insurance Fraud - Investigates all instances of alleged or suspected fraud committed by or upon insurance producers, brokers and companies. The Division of Insurance Fraud assists local, state and federal authorities in fraud investigations, as necessary, and cooperates with industry associations and organizations in the investigation and prevention of fraud. The Enforcement section coordinates and records the civil or regulatory actions and fines of the department to ensure that departmental rules and regulations, state corporate laws and the laws contained in the Louisiana Insurance Code are followed.

Office of Consumer Services - Consists of Market Conduct and Consumer Complaints. Market Conduct Performs market conduct examinations and analysis of insurers and examinations of producers to assure that policyholders, claimants and beneficiaries are being treated fairly and in line with laws, rules and regulations. The Consumer Complaints monitors all the marketing, customer service and claims handling practices of health, property and casualty, and life and annuity insurance issuers and producers conducting business in the state of Louisiana. Additionally, this Division provides information, advice and assistance to consumers and industry representatives by responding to inquiries, making public presentations and supplying pamphlets and brochures to interested parties.

PROGRAM MISSION:

The mission of the Executive and Administration Program is to provide leadership, along with quality administrative and legal services, which sustains and promotes a globally competitive business climate that retains, creates, and attracts quality jobs and increased investment for the benefit of the people of Louisiana.

PROGRAM GOALS:

The goals of the Executive and Administration Program are:

- Maintain an internal structure and the processes that enable the Department to accomplish its mission and create an environment that attracts/retains a talented staff and promotes teamwork.
- Identify actions to improve Louisiana's economic competitiveness.
- Operate an internationally recognized workforce development program that provides turnkey customized recruitment, screening and training for new and expanding companies in Louisiana.
- Maintain international recognition as an accredited economic development organization by International Economic Development Council (IEDC).

PROGRAM ACTIVITY:

The Executive and Administration Program has three (3) activities: Office of the Secretary, State Economic Competitiveness, and LED FastStart.

1. The Office of the Secretary provides leadership, quality administrative services, and internal controls which sustains and promotes a globally competitive business climate for retention, creation, and attraction of quality jobs and increased investment to the state. The Office of the Secretary - Executive and Administration activity includes a wide range of leadership and administration services that are essential for LED to deliver against its mission, including reviewing laws, policies, and rules that impact economic development and the management of the department, and promulgating or recommending changes as appropriate. The Office also promotes collaborations among governmental units, businesses, and non-profit organizations to advance economic development in the state and pursues funding and resources necessary to make Louisiana globally competitive in terms of business recruitment, retention and entrepreneurship.
2. The State Economic Competitiveness (SEC) activity develops and initiates implementation of best-in-class economic development policies, processes, and investments to enhance state economic competitiveness. The activity identifies actions to improve our state economic competitiveness through benchmarking, ranking comparison, developing plans for the improvement of economic development-related public infrastructure, and developing plans for improving competitiveness of industry-specific growth sectors. SEC's role is to understand all of the policy and business development avenues that can accelerate economic development in the state.
3. The LED FastStart program provides customized turnkey recruitment and training solutions for company relocation and/or expansion projects in partnership with other key State agencies, as well as development and delivery of key certification programs across Louisiana's workforce development system. LED FastStart assists in Louisiana's business recruitment and expansion efforts by fully and definitively addressing a top company concern - the availability of trained/qualified employees.

Program Goals

PROGRAM NUMBER AND NAME: 2521 - Business Development Program

The Business Development Program has the following business development activities:

1. The Community Competitiveness activity provides assistance to local communities to increase their competitive capacity and, thereby increase the effectiveness of local and regional business development efforts in creating more jobs and diversifying Louisiana's economy. A goal of the program of work is to position Louisiana as one of the best places in the country in which to start and grow a small business and to create a more vibrant entrepreneurial culture in Louisiana.
2. Small Business Services provides programming and technical assistance to businesses ranging from entrepreneurial startups to those in a growth mode. LED offers a comprehensive array of educational, managerial and technical programs that cultivate opportunities. By connecting to other local, state and federal resource providers, we deliver a robust ecosystem that supports small businesses and entrepreneurs at all stages of development. LED builds small business capacity through its Small and Emerging Business Development Program, Louisiana Contractors Accreditation Institute and collaboration with the Small Business Development Centers, as well as the federal State Small Business Credit Initiative Program. Attention is paid to cultivating procurement opportunities with state agencies through the Hudson and Veteran's Initiatives and increasing opportunities for construction-based businesses through the Bonding Assistance Program. This activity also supports accelerated growth for second stage growth companies through the LED Growth Network including the System for Integrated Growth and CEO Roundtable programs.
3. The Business Expansion and Retention Group (BERG) conducts on-site visits with the leadership of Louisiana's top economic-driver firms and companies poised for growth to identify challenges and growth opportunities, as well as to provide assertive state support where appropriate to address them in coordination with regional and local economic development partners. The program also offers assistance in preventing the loss of jobs in the state by using proactive techniques to identify businesses at risk of closing, downsizing, or relocating their Louisiana presence.
4. The Business Marketing and Recruitment activity utilizes national-caliber marketing and business development capabilities to attract investment and jobs to Louisiana. The activity focuses on working with in-state, out-of-state, and international companies to convince them to invest and grow their businesses in Louisiana. By influencing these decisions, Business Marketing and Recruitment delivers new jobs and diversifies Louisiana's economy.
5. The Office of Entertainment Industry Development's (OEID) core mission is to create job opportunities for Louisiana residents in the entertainment and digital interactive media & software development industries. It is responsible for the administration and promotion of four distinct industry sectors: motion picture production, digital interactive media & software development, sound recording and live performance. Through these four innovative incentive programs, OEID promotes Louisiana as a premier destination for business location, re-location or expansion within these industries.
6. The Office of Business Development - Executive and support activity, including a wide range of leadership, project management and support services, that promotes and markets the state to domestic and international companies and works with prospects to secure their capital investment and job growth in Louisiana. The Business Development team also adds to the project pipeline by identifying high-potential leads and converting leads into LED project opportunities. The Business Development team also works closely with the department's business intelligence function and integrates that intelligence into the state's business development activities. The Business Development team also leads efforts to cultivate and maximize top regional economic development assets in the state, such as coastal and inland ports.
7. The Office of International Commerce activity manages initiatives focused on attracting foreign direct investment (FDI), increasing trade volumes and expanding trade-related manufacturing activity, as well as coordinating international marketing missions and managing protocol for visits of foreign dignitaries. The activity includes the assessment of Louisiana's existing leadership role in international commerce (e.g., outcome measures related to FDI attraction and trade) as compared to other states in the U.S.; analyses of relevant global and regional trends impacting FDI and trade; benchmarking of state-and-local international commerce activities (e.g., foreign offices, international marketing efforts, staffing) compared to those of other states and regions in the U.S.; articulation of a clear strategy and action plan to substantially expand Louisiana's existing leadership role in international commerce; as well as the identification and prioritization of specific, positive ROI projects that should be supported by the State and/or local entities to expand Louisiana's international commerce activities. The OIC also develops related strategies for capturing economic development opportunities related to bulk cargo trade and re-shoring of targeted industry sectors. Separately, it provides recommended tools and processes to support the work of the International Commerce Board.
8. The Military Affairs and Support activity participates in community development efforts related to retention and expansion of Louisiana's federal and military missions and installations. These include the U.S. Army, U.S. Navy, U.S. Marines, U.S. Coast Guard, U.S. Department of Defense, U.S. Department of Agriculture, and the Louisiana National Guard. This activity also manages and cultivates opportunities around strategic federal and state assets. The activity also optimizes strategies to best address proposed Base Realignment and Closure (BRAC) activity in order to maintain or increase Louisiana's military presence.

PROGRAM NUMBER AND NAME: 2613 - LA Seafood Promotion & Marketing Board

PROGRAM AUTHORIZATION:

R.S. 56:578.1 - 578.7

PROGRAM MISSION:

The purpose of the Seafood Promotion and Marketing Board is to give assistance to the state's seafood industry through product promotion and market development in order to enhance the economic well-being of the industry and the state.

PROGRAM GOALS:

To increase consumption and value of LA seafood products.

PROGRAM ACTIVITY:

In 1981, the State of Louisiana's legislature created the Louisiana Seafood Promotion & Marketing Board with statute R.S. 56:578.2(A)(1), to enhance and support the commercial fisheries industry. Although seafood had grown from a subsistence economy to a world class operation, it was challenged by dramatic changes in the marketplace and in the environment. The Board's statutory mandate is to strengthen and revitalize the Louisiana seafood industry, to identify threats and execute strategic plans to meet them and overcome them. The Board is composed of 14 members appointed by the Lieutenant Governor. Each represents a sector of the industry: harvesters/farmers, processors/wholesalers, restaurateurs/retailers, and marketing specialists. The Board's operating budget is derived from license sales to Louisiana commercial fisher men and seafood wholesalers/retailers, as well as private and federal grants.

PROGRAM MISSION:

The mission of the State Library of Louisiana is to foster a culture of literacy, promote awareness of our state's rich literary heritage and ensure public access to and preservation of informational, educational, cultural and recreational resources, especially those unique to Louisiana.

PROGRAM GOALS:

The State Library focuses its services and resources on six fundamental priorities:

- (1) serve state government and libraries by collecting and disseminating public information and providing reference services and library materials.
- (2) assist libraries to become engines for economic growth, educational opportunity, and workforce development in their communities.
- (3) provide training and consulting to public libraries while assisting them in becoming stronger advocates within their communities.
- (4) meet the informational needs of the blind and physically-handicapped throughout the state as they continue to learn and navigate new technologies and new ways to obtain information.
- (5) expand the focus on Louisiana materials by providing extraordinary reference services and enhancing and preserving the collection.
- (6) develop a coordinated program to promote literacy among all ages, especially early childhood, and a lifelong love of reading among Louisianans that
 - I. Provide access to and preserve Louisiana's cultural and literary heritage.
 - II. Expand services to bring information and resources to Louisiana libraries and into the offices and homes of users through greater use of technology and electronic resources.
 - III. Enhance the quality of life of Louisiana citizens by increasing awareness and usage of the vast array of available resources in Louisiana libraries, fostering economic growth, educational opportunities, and avenues of prosperity.
 - IV. Foster the ongoing professional development of library staff throughout the state, enabling them to be well informed and competent to provide superior library services to their constituencies.
 - V. Remain an energetic and relevant organization through continual improvement and ongoing communication with its users.
 - VI. Identify and serve the needs of special populations.

PROGRAM ACTIVITY:

1. State Library Services to Government & Citizens: This provides for the day-to-day operation of the State Library, the annual Louisiana Book Festival, interlibrary loan services, the reference and research functions, IT services, and the Louisiana Collection.
2. State Library Services to Public Libraries: This provides support and training for the staff of Louisiana's 67 public library systems, statewide electronic resources including Homework Louisiana, literacy programs for all ages, an automated interlibrary loan and delivery system among public libraries, and State Aid to Public Libraries.
3. State Library Services to Special Populations: This provides for the operation of Louisiana's regional library for the blind and physically handicapped, including "talking books" for adults and children and outreach to institutions.

The Museum Program is devoted to the operation of the branches of the Louisiana State Museum located throughout the State and the implementation of programming that complement and enhance the exhibits presented in the branches. In FY 2023, the LSM should have had all ten of its locations open to the public: the Presbytere, the Cabildo complex, the Capitol Park Branch, the 1850 House, the New Orleans Jazz Museum at the Old U.S. Mint, the Louisiana Civil Rights Museum, the Wedell-Williams Aviation and Cypress Sawmill Museum, E.D. White Historic Site, the Louisiana Sports Hall of Fame and Northwest Louisiana History Museum, and Madame John's Legacy (currently under renovation). This program must meet the American Alliance of Museum standards in order for the Museum system to keep its current accreditation qualifications. In order meet those standards, in addition to operating support a Capital Outlay request will have to be made. The properties of the Louisiana State Museum has served the residents of, and the visitors to the state of Louisiana for more than a century, and its premises represent an architectural heritage dating back to 1788.

PROGRAM MISSION:

The mission of the Office of State Museum system is to maintain the Louisiana State Museum as a true statewide Museum system that is accredited by the American Alliance of Museums; to collect, preserve, and interpret buildings, documents and artifacts that reveal Louisiana's history and culture; and to present those items using both traditional and innovative technology to educate, enlighten and provide enjoyment for the people of Louisiana and its visitors.

PROGRAM GOALS:

1. To collect, preserve, and interpret buildings, artifacts, documents and other items that reveal Louisiana's history and culture.
2. To educate, enlighten and provide enjoyment for the people of Louisiana, visitors and others through the development of exhibits, programs and presentations on Louisiana's history, culture, art and people.
3. To provide these services in accordance with the highest standards of professionalism, scholarship, management, and the American Alliance of Museums.

Louisiana State Museum- New Orleans

LSM-New Orleans: The Office of State Museum operates with a core operations based in New Orleans that serves all branches of the Louisiana State Museum. Six LSM museums sit in a place of distinction—the French Quarter, with three sites on Jackson Square: the Cabildo (1799) and Presbytère (1813), one on each side of Saint Louis Cathedral, and the 1850 House, in the Lower Pontalba building. Nearby, Madame John's Legacy (1788) is one of the oldest examples of French Creole architecture in the Quarter. The Louisiana Civil Rights Museum (2023) which is our newest museum housed in the New Orleans Ernest N. Morial Convention Center and the Old U.S. Mint (1838) holds the distinction of being the only mint in the United States to produce coinage for United States and the Confederate States. The Mint now serves as the location of the New Orleans Jazz Museum. In 2025, LSM will continue to present existing and new exhibitions on a variety of Louisiana subjects including, Living with Hurricanes, We Love You New Orleans, People and Power: Building History at the Cabildo, Rex: The 150th Anniversary of the School of Design, and The Wildest! Louis Prima Comes Home. Additionally the museums will continue to present a wide and constant stream of educational special programs and services. And the New Orleans Jazz Museum will continue to offer a significant array of musical performances by Louisiana artists (some in partnership with the National Park Service). The LSM's New Orleans museums serve as the base for system wide general administrative activities, exhibit planning, research and design: education services: and collections management functions for all branches statewide.

Louisiana State Museum- Baton Rouge

CAPITOL PARK MUSEUM- The Louisiana State Museum- In Baton Rouge, the Capitol Park Museum graces the mall of the Louisiana State Capitol building. Opened in 2006, the 69,000 square-foot museum features thematic exhibits on diverse aspects of Louisiana history, industry and culture. The Capitol Park Museum exhibit captures the complexity of Louisiana's history and the richness of its people and cultures. Major centerpieces of the Capitol Park exhibit include an authentic Louisiana made shrimp boat, a sugar cane harvester, and a Civil War era submarine. The museum serves as a proactive partner in PK-20 education by developing and implementing standards-based programs and instructional materials that address the needs of families, students, and educators.

Louisiana State Museum- Regional Museums

WEDELL-WILLIAMS AVIATION MUSEUM AND CYRESS SAWMILL MUSEUM- The dual focus of this museum highlights two very distinct—and compelling—aspects of Louisiana's rich history. The Wedell-Williams Aviation Museum focuses on the legacy of Louisiana aviation pioneers Jimmie Wedell and Harry P. Williams, who formed an air service together in 1928 in Patterson. Both men became nationally prominent during the Golden Age of Aviation. The Cypress Sawmill Museum documents the history of the cypress lumber industry in Louisiana. Patterson was once home to the largest cypress sawmill in the world, owned by Frank B. Williams. The exhibit features a variety of artifacts, photographs and film that tell the story of this important regional industry

E.D. WHITE HISTORIC SITE- This National Historic Landmark, situated on the banks of scenic Bayou Lafourche near Thibodaux, was the residence of two of Louisiana's foremost political figures: Edward Douglas White, who was governor from 1835 to 1839, and his son, Edward Douglass White, who was appointed to the United States Supreme Court in 1894 and served as chief justice from 1910 to 1921. An exhibit in this historic home tells the story of the Bayou Lafourche area, with features on the Chitimacha Indians, Acadian settlers, slavery, sugarcane plantations and the White family.

LOUISIANA SPORTS HALL OF FAME AND NORTHWEST LOUISIANA HISTORY MUSEUM - The Louisiana Sports Hall of Fame celebrates accomplishments by Louisiana athletes, coaches and sports stars in a dazzling museum complex in historic downtown Natchitoches. Exhibits and interactive media trace the history of Louisiana sports and highlight the importance of sports to life in Louisiana. High-definition videos capture in-game drama and excitement, and touch-screens reveal sports stars' life stories, career stats and colorful quotes. The Northwest Louisiana History Museum brings 3,000 years of history forward to the unique cultural traditions that survive and thrive in the region today. The museum tells the story of how diverse groups of people—Caddo Indians, French and Spanish settlers, free and enslaved Africans and rural southern whites—created the region's distinctive culture.

In 1974 with the enactment of the Archaeological Treasure Act (La. R.S. 41:1601-1613), Louisiana's archaeological program began. In 1989 the Louisiana legislature amended, renamed and reenacted this act now called the Archaeological Resources Act. The Division of Archaeology is charged with the implementation of the state's archaeological program. The division is also responsible for administration of the Louisiana Unmarked Human Burial Sites Preservation Act (La. R.S. 8:671-681) and the archaeological portion of the National Historic Preservation Act ("NHPA") (54 U.S.C. 300101 et seq.). The division is also responsible for complying with requirements under the Native American Graves Protection and Repatriation Act of 1990 (25 U.S.C. 3001 et seq.). In 1974, Louisiana's Historic Preservation Program was established as the official state agency to carry out the mandate of the NHPA (La. R.S. 25:911, et seq.). The Division of Historic Preservation is also responsible for approving all work on state owned historic properties in Baton Rouge (La. R.S. 25:781-785). The Division of Historic Preservation also oversees the Federal Historic Rehabilitation Tax Credit (Internal Revenue Code, Section 47) and the Louisiana State Historic Rehabilitation Tax Credits (La. R.S. 47:297.6 and 47:6019). The Council for the Development of French in Louisiana (CODOFIL) was created by Act 409 of the Legislature during the regular session of 1968 (La. R.S. 25:651-655). CODOFIL, according to La. R.S. 25:651, et seq., exists to oversee the state's economic development and tourism activities designed to promote French culture, heritage, and language; to promote, develop and oversee cultural and educational relations and exchanges within the state and between the state of Louisiana and other countries, provinces, and states; to promote, support, and enhance French language immersion educational programs and instruction; to develop a model French immersion program; and to increase the number of French immersion schools in the state, with the specific goal of establishing at least one French immersion school in East Baton Rouge Parish and in each of the parishes which comprise the Acadiana Region. The Atchafalaya Trace Commission was established by Act 1440 of the 1997 Regular Legislative Session. La. R.S. 1222 et seq. outline the roles and responsibilities of the commission. Congress designated the Atchafalaya National Heritage Area (ANHA) in Public Law No: 109-338 (Section B) on October 12, 2006. The ANHA was reauthorized by Congress for 15 years with the signing of the National Heritages Act on January 5, 2023.

PROGRAM MISSION:

The Cultural Development Program has four main parts: Archaeology, Historic Preservation, the Council for the Development of French in Louisiana (CODOFIL), and the Atchafalaya National Heritage Area (ANHA). Together they administer statewide programs and provide technical assistance and education to survey and preserve Louisiana's historic buildings and sites, both historic and archaeological, as well as objects that convey the state's rich heritage and French language.

PROGRAM GOALS:

The Cultural Development Program has four main parts: Archaeology, Historic Preservation, the Council for the Development of French in Louisiana (CODOFIL), and the Atchafalaya National Heritage Area (ANHA). Together they administer statewide programs and provide technical assistance and education to survey and preserve Louisiana's historic buildings and sites, both historic and archaeological, as well as objects that convey the state's rich heritage and French language.

PROGRAM ACTIVITY:

The State Historic Preservation Office activities include the Division of Historic Preservation which encourages the preservation of Louisiana's significant historic sites and buildings, both commercial and residential. The Division of Historic Preservation's Louisiana Main Street Program is our state's implementation of the concepts developed by the National Main Street Center of the National Trust for Historic Preservation. The Main Street Approach® is a comprehensive and incremental program that combines thoughtful preservation of historic assets with prudent business practices. The Division of Archaeology works to identify archaeological sites in our state, increases public awareness of those sites, and encourages preservation of our archaeological resources.

The Council for the Development of French in Louisiana activities are to offer Louisiana's citizens, whether they be of French ancestry or not, the opportunity either to learn French or to enhance and utilize the French they already know; and to explore, preserve and enhance Cajun, Creole and Francophone heritage in Louisiana for the cultural, economic and touristic benefit of all its citizens, including administration of visas.

The Atchafalaya National Heritage Area activities are to enhance the identity of our unique American landscape by preserving and promoting our heritage and by fostering progress for local champions that create authentic, powerful connections between people, culture, and the environment.

In 1975, by Executive Order No. 80, the Louisiana State Arts Council was created. In 1976, the official state arts agency was charged with the responsibility of responding to the needs of cultural community of Louisiana was created by Executive Order No.44. This agency was also designated as the sole agency of state government authorized to represent Louisiana to the National Foundation for the Arts and Humanities and the National Endowment for the Arts. In 1977, through Legislative Act 265, the Division of the Arts became a division of the Department of Culture, Recreation and Tourism in the Office of Cultural Development (La. R.S. 25:891-900.1). In 1999, legislation created the Louisiana Percent for the Art program (La. R.S. 25:900.1), and gave the Office of Cultural Development and the Louisiana State Arts Council a central role in that program.

PROGRAM MISSION:

The arts are an essential and unique part of life in Louisiana to which each citizen has a right. The Louisiana Division of the Arts (LDOA) is the catalyst for participation, education, development and promotion of excellence in the arts. It is the responsibility of the Division to support established arts institutions, nurture emerging arts organizations, assist individual artists, encourage the expansion of audiences and stimulate public participation in the arts in Louisiana while developing Louisiana's cultural economy.

PROGRAM GOALS:

- I. The Louisiana Division of the Arts will increase the number of Louisiana citizens and visitors participating in and experiencing arts and cultural activities.
- II. The Louisiana Division of the Arts will provide meaningful support for the state's emerging and established arts organizations and advance a public environment, which recognizes and assists Louisiana artists as valuable state resources.

PROGRAM ACTIVITY:

The Arts Grants and Administration serve every parish in the state. The Louisiana Division of the Arts administers open and competitive grants program for Louisiana artists and nonprofit organizations. The agency sponsors training and education programs for artists, art educators and art administrators. Finally, the Division serves as a clearinghouse for information about the arts in Louisiana and about national opportunities in the arts for Louisiana artists and organizations.

The Cultural Economy Initiative activities assist with providing incentives for the cultural workforce through grant programs. The activities are designed to sustain people and preserve artistic and cultural assets, enhance capacity for production, and develop new markets.

R.S. 25:901-943) and specifies the signatory authority of any Deputy Historic Preservation Officers who may be appointed. Under authority of the State Historic Preservation Officer, the division may enter into contracts and agreements to further the goals of the state's historic preservation programs, and accept façade easements and servitudes and enter into protective memoranda of agreement with public and private owners of real property. The office shall administer the provisions of law relating to the State Capitol Historic District. In addition, the office shall perform the functions of the state relating to planning and development of all museums and cultural collections transferred to the department, except state historic sites of the office of state parks and the Louisiana State Museum. The office shall be comprised of the following sections: Arts (R.S. 25:891 et seq.), Historic Preservation (R.S. 25:911 et seq.), Archaeology (R.S. 41:1601 et seq.), and CODOFIL (La. R.S. 25:651 et seq.). The Administrative Program provides oversight, accountability, monitoring, and authorization functions. The office shall perform the functions of the state relating to the arts, historical and archaeological preservation, crafts, humanities, cultural heritages and traditions, and related cultural programs and activities assigned to it by law or by the secretary. The Deputy Secretary of the office, who shall be appointed by the Secretary with consent of the Senate also serves as acting secretary in the absence of the Secretary (La. R.S. 36:205).

PROGRAM MISSION:

The goal of the Office of Cultural Development's Administrative Program is to provide management and administrative support at high efficiency to all divisions within the Office of Cultural Development and to CODOFIL and the Atchafalaya National Heritage Area.

PROGRAM GOALS:

The Administrative Program will provide management and administrative support at high efficiency to all divisions within the Office of Cultural Development and to CODOFIL and the Atchafalaya National Heritage Area.

PROGRAM ACTIVITY:

The Office of Cultural Development Administrative program provides management services for the entire agency policy, formulating the agency's budget, providing fiscal oversight, and ensuring that the agency works toward successfully implementing its strategic and operational plans.

PROGRAM MISSION:

It is the mission of the Marketing Program of the Office of Tourism to provide advertising and publicity for the assets of the state of Louisiana; to design, produce, and distribute advertising materials in all media; and to reach as many potential tourists as possible with an invitation to visit Louisiana.

PROGRAM GOALS:

1. The Marketing Program will increase the number of visitors to Louisiana by 2028.
2. The Marketing Program will increase the number of jobs in the tourism industry by 2028.

PROGRAM ACTIVITY:

This program encompass five activities: Communications, Research, Advertising, Marketing/Sales and Welcome Centers.

Research tactics and tools include data collection, analysis and database management and dissemination; visitor surveys and profiling; trend identification and forecasting; and public input and focus group assessment. Develop tourism promotion ideas based on the information from visitor and industry research.

Communications tasks include plan, organize, and conduct familiarization tours of the state to members of the media. Handle all inquiries from the media and route such as per the communication policy. Coordinate and facilitate media missions in conjunction with sales missions. Direct the promotion of the development of cultural, heritage tourism products and programs and coordinates these efforts with tourism stakeholders.

Advertising directs, manages and monitors public relations and advertising agencies through contracts with private sector companies specializing in different aspects of destination marketing practices. Oversees the development, maintenance, and marketing within LouisianaTravel.com website. Designs, activates, and monitors special promotional initiatives. Guides and supervises marketing efforts including brand management, creative product, and media and campaign strategies for LOT.

Marketing and Sales plans, organizes, and manages domestic and international sales missions, trade shows, familiarization tours, and meetings. Works with CVBs, industry partners, and stakeholders to build and sustain top-of-mind awareness. Supervises international, advertising and promoting Louisiana travel in markets including Canada, Brazil, U.K., France, Italy, Spain, India, and Germany.

PROGRAM MISSION:

The mission of Louisiana's Welcome Centers, located along major highways entering the state and in two of Louisiana's largest cities, is to provide a safe, friendly environment in which to welcome visitors and provide them information about area attractions, and to encourage them to spend more time in the state.

PROGRAM GOALS:

1. The Welcome Center Program will provide a safer, friendlier environment in which an increasing number of travelers can learn more about Louisiana's food, culture and attractions.
2. The Welcome Center Program will provide the highest quality customer service at each center.

PROGRAM ACTIVITY:

Each center represents a particular opportunity for visitors and stakeholders to communicate with each other. We will facilitate the most favorable environment possible to make this communication successful for all involved. This is accomplished with optimum and strategic staffing, a program of maintenance and repairs, working closely with our partners at the Department of Transportation and Development on clean, neat and visitor friendly sites with amenities for 21st Century travelers. Our Welcome Centers are where we display the portfolio of opportunities for visitors who come to learn more about Louisiana, her people, food, music and culture. Welcome Centers are where our local citizens and stakeholders feel a special pride of place, and come to learn more about where they live. Our Centers improve the quality of life for visitors and Louisianans by educating them about the variety and diversity of people and cultures and tourism assets in the state.

PROGRAM AUTHORIZATION:

Jefferson Parish Human Services Authority is organized under the following provisions of the Louisiana Revised Statutes (LSA-RS): R.S. 28:771 (C); R.S. 36:254 (E); Act 73 of the 2017 Louisiana Regular Legislative Session; and, related statutes.

PROGRAM MISSION:

Individuals and families in Jefferson Parish affected by Mental Illness, Addictive Disorders and/or Developmental Disabilities shall live full, healthy, independent and productive lives to the greatest extent possible for available resources.

PROGRAM GOALS:

Support sustainability of resources through implementation of evidence-based, best and promising practices.

Attract and retain a qualified workforce committed to Mission and to achieving Vision.

PROGRAM ACTIVITY:

JPHSA's Behavioral Health Community Services provides community-based treatment and support services for adults, children and adolescents with serious mental illness, emotional and behavioral disorders, and/or addictive disorders. Treatment and support services include the development, expansion, and provision of housing, employment, mobile crisis services, in-home treatments and supports, and peer support services as well as linkage to additional community resources. Services prevent psychiatric hospitalization, facilitate independence, and maximize individual recovery and resiliency.

JPHSA's Developmental Disabilities Community Services (DDCS) serves as the Single Point of Entry for individuals with developmental disabilities who live in Jefferson Parish. Supports and services are person-and family-centered and planned to assist individuals with developmental disabilities with achieving full participation and inclusion in their community. DDCS encourages full community participation and inclusion by focusing on increasing independence, promoting equal employment, supporting educational goals, assisting with increasing skill development, and decreasing challenging behaviors that may lead to institutionalization or services in a more restrictive setting.

JPHSA's JeffCare activity provides individuals of all ages with health-center-based behavioral health and/or primary care services utilizing an integrated universal design model to ensure ease of access to services and coordination of care. JeffCare believes individuals are able to live full and productive lives even with behavioral health and primary care issues. Providers render treatment, services, and supports to individuals impacted by physical health, mental health, developmental disability, substance use, and co-occurring disorders. A multidisciplinary team, including the individual receiving services and his/her family, provides personalized treatment and services, utilizing evidence-based and best practices.

JPHSA's Compliance & Performance Support/Business Operations provides quality management (monitoring, auditing, correction and/or improvement activities), legal and regulatory compliance services, decision support (data collection, mining and analysis), outcomes reporting, accreditation maintenance, centralized care coordination, managed care contracting, provider credentialing, revenue cycle management for billable services, denial management, contract and grants administration, fiscal/accounting services, risk management, and infrastructure support and management.

PROGRAM AUTHORIZATION:

Created by Act 594 of the 2003 Louisiana Legislative Session.

R.S 36:258(I); R. S. 28:911-920; R. S. 28:851-854

PROGRAM MISSION:

Florida Parishes Human Services Authority is lighting the path forward by offering services in our communities to help people reach their fullest potential in health and wellness.

PROGRAM GOALS:

Goal I

To assure comprehensive services and supports which improve the quality of life and community participation for persons with behavioral health disorders (substance use and serious/persistent mental illness) and developmental disabilities, while providing effective limited intervention to individuals with less severe needs.

Goal II

To improve the quality and effectiveness of services and/or treatment through the implementation of best practices and the use of data-based decision-making.

Goal III

To promote healthy and safe lifestyles for people by providing leadership in educating the community on the importance of prevention, early detection and intervention, and by facilitating coalition building to address the localized community problems.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY:

Activity 1 - Behavioral Health Services Behavioral Health Services (BHS) provides an accessible system of prevention and treatment services for addictions/substance use and mental health disorders, as well as home and community-based services. These services are available for persons residing in all five parishes served by FPHSA. FPHSA is currently engaged in the Certified Community Behavioral Health Clinic (CCBHC) process through SAMHSA. The CCBHC model is designed to build a coordinated system of outpatient care for behavioral health, focusing on integrating care coordination among behavioral health and medical health services for a client, reducing the burden on clients to access and coordinate care. The CCBHC process support nine core services, supported by care coordination: Crisis Services, Outpatient Mental Health and Substance Use Services, Person- and Family-Centered Treatment Planning, Community-Based Mental Health Care for Veterans, Peer Family Support and Counselor Services, Targeted Care Management, Outpatient Primary Care Screening and Monitoring, Psychiatric Rehabilitation Services, and Screening, Diagnosis and Risk Assessment. FPHSA provides many services listed in the 9 core services and focuses our CCBHC development process on increasing care coordination and other services that support recovery regarding social, mental health, substance use, and physical health concerns.

Primary Prevention

Prevention is the proactive outcome-driven process of promoting healthy lifestyles and improving quality of life by empowering individuals, families, and communities through an integrated system of evidence-based policies, programs and practices. Ideally, prevention is intended to prevent or reduce the risk of developing a behavioral health problem such as underage drinking, tobacco use, vaping, prescription drug misuse and abuse, and illicit drug use. Early intervention is the key to preventing the onset of substance abuse usage issues. Community involvement is vital to ensure that the issue of prevention is being tackled at every level. It is our belief that prevention works. Furthermore, it provides hope for effecting change to support healthy behaviors.

Addictions/Substance Use Disorders and Gambling Treatment

FPHSA promotes and supports healthy lifestyles for individuals, families, and communities by providing treatment for addictions/substance use disorders and compulsive problem gambling.

STATE OF LOUISIANA

Operational Plan Form

Program Goals

PROGRAM NUMBER AND NAME: 3011 - Florida Parishes Human Services Authority

* Outpatient clinics provide intensive and non-intensive outpatient treatment. Intensive outpatient treatment consists of a minimum of nine hours per week at a minimum of three days per week for adults 18 years and older. Non-intensive treatment includes aftercare, counseling, and supportive services. The modes of treatment for substance use and compulsive problem gambling includes individual and group counseling. In addition, supportive services are provided through contract providers in the community as an extension of clinic services. Services offered include telehealth services, when appropriate. Some of these services offered include a crisis phone line for after-hours access, consumer care resources, case management, Recovery Housing Funding, case management, care coordination, and peer support services.

* Residential Treatment (Alcohol Drug Unit/Fontainebleau Treatment Center) is a twenty-four hours a day, seven days a week residential treatment modality providing non-acute care. It includes a planned and professionally implemented treatment regime for persons experiencing alcohol and/or other substance use problems, including persons who are experiencing co-occurring disorders.

* FPHSA will maintain a commitment to supporting, providing, and/or facilitating, through referral, any available Food and Drug Administration (FDA) approved Medication-assisted Treatment (MAT)/Medications to treat Opioid Use Disorder (MOUD) for substance use disorders including tobacco, opioids, alcohol, and other substance use disorders for which MAT has proven effective.

Mental Health Services

FPHSA provides services to adults with severe and persistent mental health disorders, as well as services for children and adolescents. Clinic-based services, as well as outreach and home and community-based services, are provided in the five parish service area in order to enhance accessibility. Services provided are individualized, educational, and supportive to assist individuals in their recovery.

* Clinic-based services include crisis assessments, behavioral health assessments, psychiatric evaluations, individual, family and group therapy, medication management, case management, and provision of psychiatric medications to individuals. In addition, supportive services are provided through contract providers in the community as an extension of clinic services. Services offered include telehealth services, when appropriate. Some of these services offered include a crisis phone line for after-hours access, consumer care resources, case management, Recovery Housing Funding, flexible family funds, and peer support services, and care coordination.

* FPHSA clinics refer persons served to its Home and Community-based services when it is deemed appropriate and that the person may benefit from case management services or supported employment services. These individuals often have difficulty with daily functioning and may benefit from supports being provided in their home or community. Supportive services are also provided to individuals who are in the Permanent Supportive Housing initiative. These services are accepted on a voluntary basis and the program is based on the Housing First philosophy. FPHSA also provides in-home treatment for families through the evidence-based Functional Family Therapy - Child Welfare (FFT-CW) program. The FFT - CW program provides Low-Risk Interventions and High-Risk Treatment services to program participants based on a comprehensive assessment of client need.

Primary Care Services

FPHSA has been expanding services to integrate primary care into the existing continuum of services. Integrated primary care will result in better outcomes for individuals served with respect to traditional physical health outcomes as well as behavioral health outcomes. Statistics show that individuals with severe and persistent mental health disorders die, on average, 25 years earlier than the general population. Integrated primary care and behavioral health services will allow for earlier detection and management of chronic conditions which are responsible for this statistic.

All services are coordinated, and every effort is made to avoid duplication of services, both within the agency and with other community service providers and stakeholders. This philosophy and promotion of coordination and collaboration of service delivery with other area public agencies and service providers helps to maximize use of limited resources, both staff resources and funding for contracted services.

PROGRAM ACTIVITY:

Activity 2 - Developmental Disabilities Services

Developmental Disabilities Services (DDS) provides supports and services which afford people with developmental disabilities and their families a seamless system that is responsive to both the individuals' needs and desires. DDS strives to provide supports and services in order to maintain persons with developmental disabilities in the home with family or in a home of their own.

* DDS is the single point of entry into community-based services which include Support Coordination, Individual and Family Support, Flexible Family Fund, Residential Living Option, and local

solely attributed to mental illness, and results in substantial functional limitations in three or more areas of major life activities. The Entry Services unit determines whether the individual meets criteria for participation in the system.

* Support Coordination assists individuals in obtaining needed services through an assessment of their needs, and development of a Plan of Support (POS) which identifies and provides access to natural community supports and system-funded services (such as Medicaid) to meet their needs. Information and referral to other agencies is provided on an ongoing basis.

* Individual and Family Support services are provided to support those needs of individuals with developmental disabilities which exceed those that can be met by existing resources.

* Diversion services include diversion funding, coordination for those involved in court and/or LDH custody, diversion admission to residential living options, transition coordination, and referral to immediate support services.

* Flexible Family Fund is a flat monthly stipend provided to families of children from birth until age 18 with severe developmental disabilities. Funding assists these families with meeting the extraordinary cost of services and equipment to maintain a child with a developmental disability in the home.

* Residential Living Options include a broad range of living options which provide 24-hour supports such as community homes.

* The DDS Home and Community Based (HCB) waivers include the New Opportunities Waiver (NOW), the Children's Choice Waiver (CCW), the Supports Waiver (SW), and the Residential Options Waiver (ROW).

* Preadmission Screening Resident Review (PASRR) is the review of all nursing home admissions within the FPHSA area of persons with developmental disabilities to determine appropriateness of nursing home environment in meeting their needs in the least restrictive setting and to identify their need for specialized services.

* Louisiana Act 421 Children's Medicaid Option (421-CMO/TEFRA) is a program through the Louisiana Department of Health (LDH) that allows certain children with disabilities to receive Medicaid coverage, even if their parents earn too much money to qualify for Medicaid.

PROGRAM ACTIVITY:

Activity 3 - Executive Administration

Florida Parishes Human Services Authority (FPHSA) is a local governing entity/political subdivision of this state with the mission to direct the operation and management of public community-based programs and services relative to behavioral health disorders (including Alcohol Drug Unit and Fontainebleau Treatment Center) and developmental disabilities in the FPHSA catchment area. FPHSA was created to pool funding dollars in the areas of behavioral health and developmental disabilities services and to bring spending and operational decisions down to the local level. FPHSA's geographical service area includes the five parishes of Livingston, St. Helena, St. Tammany, Tangipahoa, and Washington. The Authority is governed by a nine-member Board of Directors representing the five-parish area. FPHSA, through its Board, directs the operation and management of community-based programs. The Executive Administration oversees the budget, contracting, and purchasing processes, ensuring that the agency optimizes tax-payer dollars; develops, implements, and monitors agency compliance with policies and procedures modeled after state and national best-practices; assesses staff training needs and fosters workforce development by connecting employees with appropriate training opportunities; reduces or eliminates inefficiencies by analyzing and improving on agency processes; keeps pace with the rest of the state by early adoption of technological improvements; and ensures agency adherence to state and federal regulations. A goal of Executive Administration is to avoid duplication, to streamline service delivery, and to improve the quality of care and service delivery to the individuals who are served.

PROGRAM MISSION:

The mission of the Capital Area Human Services District (CAHSD) is to deliver caring and responsive services, leading to a better tomorrow. We excel at making lives better. The CAHSD is a political subdivision created by the Louisiana Legislature to directly operate and manage community-based mental health, addictive disorders, developmental disabilities, and certain public health functions in the parishes of Ascension, East Baton Rouge, East Feliciana, Iberville, Pointe Coupee, West Baton Rouge and West Feliciana. Functions and funds relative to the operation of these services were transferred to CAHSD from the Louisiana Department of Health (LDH) through a Memorandum of Understanding (MOU) monitored by the LDH Secretary. Some funds relative to these functions are also appropriated directly to CAHSD. To increase responsiveness to local human services needs, CAHSD is governed by a board comprised of members nominated by the respective parish governing bodies, and appointed by the Governor of Louisiana. The District became operational July 01, 1997.

PROGRAM GOALS:

To provide needed mental health, addictive disorders and developmental disabilities services for persons served, their families, and communities; in a manner that provides quick and convenient access.

To ensure that services provided are responsive to the concerns of persons served, integrated in service delivery methods, representative of best practice, and consistent with the values of the Louisiana Department of Health (LDH) and its Program Offices.

To promote healthy, safe lives by providing leadership in educating the community on the importance of prevention, early detection, and intervention, and by facilitating coalition-building to address localized community problems.

To structurally and functionally operate clinics in a manner consistent with the needs of diverse payers that allows for quality service expansion and availability.

Child and Adolescent Behavioral Health Services Goal 1 Provide and facilitate continuum of care that is person-centered, effective, and innovative for adults, children/adolescents, and their families. Goal 2 Continuously improve MHSD quality of care. Adult Behavioral Health Goal 1 Provide and facilitate continuum of care that is person-centered, effective, and innovative for adults, children/adolescents, and their families. Goal 2 Continuously improve MHSD quality of care.

PROGRAM ACTIVITY:

Care Management/Administration - MHSD, serving as the planning body, implements a single point-of-entry care management system that bridges the current gap between inpatient and outpatient behavioral health and developmental disabilities services, assessing the consumer's broad needs, planning and linking the individual to resources to assure access to medical and behavioral health care, and partnering with other community based providers to increase consumer choice around housing and other supportive services. This work will be supported by creating an administrative structure that is efficient, equitable, effective/evidence-based, patient-centered, safe, and timely.

Intellectual/Developmental Disabilities - This activity focuses on providing cost effective, community based services and supporting the continued de-institutionalization of individuals with developmental disabilities. Examples of these supports can include: identification of work and supports to maintain work, assisting with maintaining a household, such as paying bills, and assisting with learning hobbies.

Adult Behavioral Health Services - This activity focuses on improving coordination of services across the outpatient continuum of care for adults with behavioral health problems. MHSD has redesigned its clinic based structure so that mental health and addictive disorder services are integrated for the clients. MHSD will continue to focus its efforts on working with the hand-off between the inpatient and outpatient settings and ensuring that the necessary transitional services are available for these high risk clients. And third, MHSD will expand services available to clients as it continues to build out a comprehensive continuum of care.

Child and Adolescent Behavioral Health Services - This activity focuses on improving the coordination of services across the outpatient continuum of care for children and youth with behavioral health problems. MHSD will continue its re-design of the clinic based delivery system so that mental health and addictive disorder services are integrated for the clients. MHSD will continue to focus its efforts on working with the hand-off between the inpatient and outpatient settings and ensuring that the necessary transitional services are available for these high risk clients. And third, MHSD will expand services available to clients as it continues to building out a comprehensive continuum of care.

PROGRAM NUMBER AND NAME: 3052 - Medical Vendor Administration

PROGRAM AUTHORIZATION:

The Constitution of Louisiana (1974) Article 12, Section 8, declares that the Legislature may establish a system of economic and social welfare, unemployment compensation, and public health. Louisiana Revised Statutes 36:251 et seq., gives the Louisiana Department of Health (LDH) Secretary authority to direct and be responsible for the Medical Assistance Program, Title XIX of the Social Security Act, and the authority to act as the sole agent of the state or, in necessary cases, designate one of the offices within the department or its assistant secretary to cooperate with the federal government and with other state and local agencies in the administration of federal funds granted to the state or directly to the department or an office thereof to aid in the furtherance of any function of the department or its offices, including funding for the Medical Assistance Program. The Balanced Budget Act of 1997 (BBA) (Public Law 105-33), as amended by recent technical amendments (Public Law 105-100, signed into law on November 19, 1997).

PROGRAM MISSION:

The mission of the Medical Vendor Administration is to administer an efficient and effective Medicaid program in compliance with state and federal requirements.

PROGRAM GOALS:

- I. To provide exceptional customer service
- II. To demonstrate good stewardship of public resources

PROGRAM ACTIVITY:

PROGRAM ACTIVITY 1: MEDICAID ELIGIBILITY DETERMINATION AND ENROLLMENT

The Medicaid Eligibility Determination and Enrollment activity serves to identify, engage, enroll, and retain eligible individuals in the Louisiana Medicaid program, applying modern technology and customer service functions. This activity advances the agency's Triple Aim philosophy, as access to quality health care is essential to everyone's ability to achieve and maintain good health and is not possible without comprehensive, continuous health insurance coverage.

The eligibility process begins with the completion of a Medicaid application. Either the prospective beneficiary or an authorized representative may apply online, by mail, at a local Medicaid office or at a Medicaid Application Center. Individuals who apply for Medicaid must meet the eligibility requirements of the program. Eligibility determination is a federally approved process operated in a uniform manner throughout the state. In Louisiana, caseworkers in each of the nine regions of the Department of Health determine an individual's eligibility for Medicaid in accordance with standardized policy. Processing times for applications vary depending on the coverage group and program under consideration, the amount of information the person is able to provide, and how quickly all necessary information is available to Medicaid staff. Eligible individuals and families enrolled in the Louisiana Medicaid Program receive a Medicaid identification card.

In November 2018, LDH replaced its decades old Medicaid eligibility and enrollment system with modern technology. The new system improves customer service to applicants and enrollees. A "self-service" web portal provides applicants and enrollees with the convenience of updating their own information – addresses, employment, household characteristics – 24 hours a day, seven days a week. Eligibility decisions are faster – within minutes for online applications and renewals when additional information or documentation is not required. In addition to real-time eligibility decisions, automated checks of 20 state and federal databases provide greater assurance that benefits go only to those who meet eligibility requirements, increasing program integrity. Likewise, the use of an automated business rules engine provides for consistent application of a complex and dynamic set of rules governing Medicaid eligibility and regulatory compliance.

With this new, highly automated system and technology-reliant customer service functions, Medicaid strives to strike the right balance between streamlining enrollment and continuing coverage of people who meet eligibility requirements and preventing enrollment or ending coverage of people who do not. Understanding that normal life events — such as getting married or divorced, having children or taking a second job — can change a person's income and Medicaid eligibility, the agency seeks to implement policy and work processes that minimize "churn" – moving in and out of health insurance coverage, which can disrupt access to care, lead to poor health outcomes, and increase administrative burden for the Medicaid agency and the people it serves.

PROGRAM ACTIVITY 2: MEDICAID ENTERPRISE SYSTEMS (MES)

Louisiana's Medicaid providers deliver essential health care and long-term care supports and services to Medicaid recipients, and their continued participation is key to access to care and improved health outcomes. Medicaid Enterprise Systems (MES) handles most Medicaid provider relations functions, including the processing of provider claims and issuing payments for the fee for service (FFS) program, the processing of encounters (claims paid by managed care entities) for the managed care program, credentialing and enrolling providers in the Medicaid network, and combating fraud, waste, and abuse in the Medicaid program.

STATE OF LOUISIANA

Operational Plan Form

Program Goals

PROGRAM NUMBER AND NAME: 3052 - Medical Vendor Administration

Aligned with MVA goal of providing exceptional customer service, the provider enrollment and credentialing activity is to improve provider experience with the Medicaid program. In 2020, Louisiana Medicaid will fully implement a new, centralized provider management system and become responsible for credentialing and enrollment of all providers, including managed care and fee-for service.

Providers will no longer need to complete numerous, different applications to enroll, become re-credentialed, or updated information in FFS or with the managed care organizations (MCOs), leading to improved provider satisfaction. This new system will bring LDH in compliance with the Affordable Care Act's managed care screening requirements. Provider management will also be the first MES function to comply with federal modularity requirements and integrate into the statewide enterprise architecture. A primary focus of future MES Activity will be the development and execution of a multi-year strategy for the procurement, design, development and deployment of information technology services and software to further modernize the legacy MES, advancing state strategic objectives and in compliance with federal modularity requirements for MES functions.

PROGRAM ACTIVITY 3: FINANCIAL MANAGEMENT

The federal government and the state jointly fund the Louisiana Medicaid program. States must ensure they can fund their share of Medicaid expenditures for the care and services available under their state plan and are responsible for safeguarding Medicaid funds by making proper payments to providers, recovering misspent funds, and accurately reporting costs for federal reimbursement. Sufficient financial controls, monitoring and reporting functions are necessary to enable program transparency and demonstrate accountability of public resources to Louisiana taxpayers, lawmakers, and other constituents. Financial management supports the agency's broader goals of ensuring cost effectiveness in the delivery of health care services by using efficient management practices and implementing measures that will constrain the growth in Medicaid expenditures.

Medicaid rate setting and audit functions decrease avoidable public expenditures in the Medicaid program and ensure that limited resources are for health care initiatives that have proven to be the most responsive to the needs of Medicaid members. These functions also ensure that funding allocated to institutional services, such as Nursing Homes and Intermediate Care Facilities (ICF) have proper expenditures. It also ensures that the development of Medicaid cost reports and analysis and audit of hospital records, as required by federal regulations assure that hospitals receive reimbursements in accordance with the provisions of state and federal law, rules, and regulations. Additionally, these functions include monitoring of Local Education Authorities (LEAs) participating in Medicaid for school-based health services to ensure access to Early Periodic Screening Diagnostic and Treatment (EPSDT) and other Medicaid allowable services for children and that reimbursement for these services through certified public expenditures are tracked and audited.

The purpose of establishing and maintaining an effective collections/recovery and cost avoidance program is to reduce Medicaid expenditures and improve program integrity. Monitoring of third party liability (TPL) claims processing enables the Department to enforce that Medicaid is the payer of last resort. Maximizing recoveries will result in the most efficient use of Medicaid funds.

Collections:

TPL Collections - Third parties are legally liable individuals, institutions, corporations (including insurers), and public or private agencies who are or may be responsible for paying medical claims of Medicaid enrollees. Medicaid pays only after a known third party has met its legal obligation to pay, with the exception of claims for prenatal, preventive pediatrics, and medical support enforcement, where Medicaid pays first and then pursues the third party payment, referred to as "pay and chase." Liable third parties include other health insurers and parties liable for accidents and injuries to Medicaid enrollees.

Recovery:

Estate Recovery - As required by federal regulations, the State must seek recovery of Medicaid payments for long-term care facility services, home and community-based services, and related hospital and prescription drug services from the estate of an individual who was age 55 or older when he or she received such services.

Recipient Recovery - Payments made to Medicaid providers on behalf of a Medicaid beneficiary are subject to recovery from an offender as restitution. This is pursuant to a court order or as part of an agreement with a prosecutorial agency and, upon the death of the beneficiary, from funds remaining in annuities naming the State as the remainder beneficiary and from assets remaining in Special Needs Trusts (SNTs) that include a Medicaid payback provision.

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 3052 - Medical Vendor Administration

Cost Avoidance:

Cost Avoidance - Cost Avoidance is the main goal of the TPL program. Once other insurance information is in MES, the system will begin cost-avoiding claims by denying them back to the provider with a message that the beneficiary has other insurance on that date of service and he or she should file the claim there first. If the provider has already billed the other insurance, Medicaid will only consider making payment up to the Medicaid allowed amount.

PROGRAM ACTIVITY 4: PROGRAM INTEGRITY

The Department is committed to combating fraud, waste, and abuse in the Medicaid program in compliance with state and federal law and regulations. Louisiana Medicaid focuses resources on specific Medicaid activities, such as provider enrollment compliance, managed care compliance, Unified Program Integrity Contractor (UPIC), payment error rate measurement (PERM), surveillance, and utilization Review (SURS), and beneficiary fraud investigations.

Provider Enrollment: Louisiana Medicaid launched its new Louisiana Medicaid Provider Enrollment Portal July 26, 2021 to perform risk-based screening on new, reenrolled and revalidation fee-for-service providers. The Louisiana Medicaid Provider Enrollment Portal will bring Medicaid into compliance with The Affordable Care Act and 21st Century Cures Act. Once the portal is complete, Medicaid will enroll all Managed Care only providers performing services on Medicaid beneficiaries into the program. Medicaid will check the federal requirements and other lists on providers at enrollment, revalidation, and monthly on active providers.

Managed Care Compliance: Medicaid is responsible for ensuring the integrity of all Louisiana Medicaid managed care entities. Medicaid tracks contract compliance across a number of measures, including participating in quarterly program integrity/Medicaid Fraud Control Unit (MFCU) meetings, reporting all providers terminated for cause, compliance with mandatory exclusions, concurrent reporting of suspected or confirmed fraud to Medicaid, and contractually required MCO reporting. Medicaid ensures MCO adherence to contract requirements through issuance of notices of actions and assessment of monetary penalties for non-compliance.

Unified Program Integrity Contractor (UPIC): UPIC vendors contracted with CMS identify and prevent overpayments in Medicaid and Medicare.

Payment Error Rate Measurement (PERM): PERM measures state payment error rates on a 3-year cycle and determines the national error rate. Louisiana has ranked fifth, third, and eighth lowest in each of the past three PERM cycles, starting in 2008.

Surveillance and Utilization Review System SURS: SURS analyzes data from fee-for-service program and encounter data from Louisiana Medicaid MCOs to detect fraud and abuse by providers.

Medicaid Beneficiary Fraud: Medicaid Beneficiary Fraud (MBF) Unit investigates Medicaid beneficiary eligibility. MBF receives tips and referrals of Medicaid Beneficiaries and determines if there is an ineligible individual receiving benefits.

PROGRAM NUMBER AND NAME: 3061 - Payments to Private Providers

PROGRAM AUTHORIZATION:

The Constitution of Louisiana (1974) Article 12, Section 8, declares that the Legislature may establish a system of economic and social welfare, unemployment compensation, and public health. Louisiana Revised Statutes 36:251 et seq., gives the Louisiana Department of Health (LDH) Secretary authority to direct and be responsible for the Medical Assistance Program, Title XIX of the Social Security Act, and the authority to act as the sole agent of the state or, in necessary cases, designate one of the offices within the department or its assistant secretary to cooperate with the federal government and with other state and local agencies in the administration of federal funds granted to the state or directly to the department or an office thereof to aid in the furtherance of any function of the department or its offices, including funding for the Medical Assistance Program. The Balanced Budget Act of 1997 (BBA) (Public Law 105-33), as amended by recent technical amendments (Public Law 105-100, signed into law on November 19, 1997).

PROGRAM MISSION:

The mission of Payments to Private Providers is to administer a high-performing Medicaid program that maximizes high-value care and minimizes waste, paying for value over volume of services, and ensuring compliance with federal and state requirements regarding medically necessary services for eligible individuals.

PROGRAM GOALS:

- I. To reduce health care costs by providing comprehensive coordinated care that balances health care and prevention spending
- II. To increase access to community-based services as an alternative to institutional care

PROGRAM ACTIVITY:

PROGRAM ACTIVITY 1: Medicaid Managed Care

On February 1, 2012, the Louisiana Department of Health (LDH) transitioned nearly 900,000 Medicaid enrollees from the state's decades old FFS program to a Medicaid managed care model. Rollout occurred in phases based upon designated geographic service areas with the statewide rollout completed on June 1, 2012.

In transitioning from the FFS program to the Medicaid managed care model, Louisiana sought to:

- Improve access to care.
- Improve care coordination.
- Increase emphasis on disease prevention and the early diagnosis and management of chronic conditions.
- Improve health outcomes and quality of care.
- Provide for a more financially stable Medicaid program.

Louisiana's Medicaid managed care program is responsible for providing high-quality, innovative, and cost-effective health care to Medicaid enrollees. Guided by the Triple Aim, LDH partners with enrollees, providers, and health plans to continue building a Medicaid managed care delivery system that improves the health of populations (better health), enhances the experience of care for individuals (better care), and effectively manages costs of care (lower costs).

More specifically, the Medicaid managed care objectives include:

- Advancing evidence-based practices, high-value care and service excellence
- Supporting innovation and a culture of continuous quality improvement (CQI) in Louisiana
- Ensuring enrollees ready access to care including through innovative means such as medical homes and telehealth
- Improving enrollee health
- Decreasing fragmentation and increasing integration across providers and care settings particularly for enrollees with behavioral health needs
- Using a population health approach, supported by health information technology, to advance health equity and address social determinants of health
- Reducing complexity and administrative burden for providers and enrollees
- Aligning financial incentives and building shared capacity to improve health care quality through data and collaboration
- Minimizing wasteful spending, unnecessary utilization, and fraud

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 3061 - Payments to Private Providers

Health Plan (PIHP), and two (2) Dental Prepaid Ambulatory Health Plans (PAHPs) pay for health care services for more than 90 percent of the Louisiana Medicaid population including 727,501 new adults since Medicaid expansion took effect in July 2016 (<https://dh.la.gov/HealthyLaDashboard/>). The Louisiana Medicaid Managed Care program is a full risk-bearing, MCO health care delivery system responsible for providing specified Medicaid core benefits and services included in the Louisiana Medicaid State Plan to Medicaid recipients. An MCO assumes full risk for the cost of core benefits and services under the Contract and incurs loss if the cost of furnishing these core benefits and services exceeds the payment received for providing these services. LDH establishes a Per Member per Month (PMPM) actuarially sound risk-adjusted rate for MCO payments. The rates are not subject to negotiation or dispute resolution. These managed care entities (MCEs) pay for Medicaid benefits and services included in the Louisiana Medicaid State Plan, state statutes and administrative rules, and Medicaid policy and procedure manuals. In addition, these MCEs also provide specified value-added Medicaid benefits and services.

In December 2015, LDH integrated specialized behavioral health services into the managed care program in an effort to improve care coordination for enrollees and facilitate provision of whole person health care. Louisiana also continues to administer the Coordinated System of Care (CSoc), a single behavioral health PIHP to help children with behavioral health challenges that are at risk for out-of-home placement. Wraparound support and other services assist children with staying in or returning to their home.

The Dental Benefit Program (DPB) coordinates dental care for Medicaid recipients. The DBP provides children with preventive and diagnostic services such as regular exams and sealants as well as therapeutic services to treat dental medical problems. Adults receive denture services and comprehensive oral exams.

PROGRAM ACTIVITY 2: Long-Term Services and Supports

In 1981, the Federal Government created Title XIX, Home and Community-Based Services (HCBS), in order to provide home and community-based services to the elderly and persons with physical disabilities, developmental and intellectual disabilities, and/or mental illnesses. Since this act made an exception to the traditional Medicaid requirements, it requires states to seek waivers to offer these services. Waivers allow states to provide specific HCBS to target populations with the intent of preventing unnecessary institutionalization. Each HCBS waiver must be cost neutral or the costs to provide these services must be less than the average per capita cost of institutional care. These waiver programs allow Louisiana residents to receive Medicaid State Plan benefits while having greater flexibility to choose the services and supports that best suit their needs. They also allow individuals to preserve their independence by staying out of institutional settings and maintaining ties to families and friends.

PROGRAM NUMBER AND NAME: 3062 - Payments to Public Providers

PROGRAM AUTHORIZATION:

The Constitution of Louisiana (1974) Article 12, Section 8, declares that the Legislature may establish a system of economic and social welfare, unemployment compensation, and public health. Louisiana Revised Statutes 36:251 et seq., gives the Louisiana Department of Health (LDH) Secretary authority to direct and be responsible for the Medical Assistance Program, Title XIX of the Social Security Act, and the authority to act as the sole agent of the state or, in necessary cases, designate one of the offices within the department or its assistant secretary to cooperate with the federal government and with other state and local agencies in the administration of federal funds granted to the state or directly to the department or an office thereof to aid in the furtherance of any function of the department or its offices, including funding for the Medical Assistance Program. The Balanced Budget Act of 1997 (BBA) (Public Law 105-33), as amended by recent technical amendments (Public Law 105-100, signed into law on November 19, 1997).

PROGRAM MISSION:

The mission of Payments to Public Providers is to administer the Medicaid Program to ensure operations are in accordance with federal and state statutes regarding medically necessary services to eligible recipients.

PROGRAM GOALS:

- I. To facilitate contractual arrangements between safety net public providers and Medicaid managed care entities
- II. To provide cost effective and medically appropriate Medicaid covered services through public providers

PROGRAM ACTIVITY:

This activity provides access to care through state and local governmental providers of healthcare services, including some services not readily available in the private sector, such as services provided to individuals with severe mental illness (Eastern Louisiana Mental Health System, Central Louisiana State Hospital) and developmental disabilities (Pinecrest Services and Supports Center).

With the privatization of the Louisiana State University hospitals and clinics through Public-Private Partnerships, payments to public providers previously made to those entities shifted to the Payments to Private Providers' activity. Remaining public providers include the LDH Office of Public Health, which bills for services provided at local health units, and Local Education Authorities (LEAs) that provide health care services to children attending public schools.

School-based services can improve access to care for children who may have difficulty in receiving services in a physician's office or clinic. This will result in earlier identification of certain medical conditions leading to earlier intervention. The school nurse will make necessary referrals to a physician when appropriate and assist the child's family in making that appointment. School nurses must coordinate with the student's Medicaid managed care entity to assure continuity and coordination of care.

PROGRAM AUTHORIZATION:

The Constitution of Louisiana (1974) Article 12, Section 8, declares that the Legislature may establish a system of economic and social welfare, unemployment compensation, and public health. Louisiana Revised Statutes 36:251 et seq., gives the Louisiana Department of Health (LDH) Secretary authority to direct and be responsible for the Medical Assistance Program, Title XIX of the Social Security Act, and the authority to act as the sole agent of the state or, in necessary cases, designate one of the offices within the department or its assistant secretary to cooperate with the federal government and with other state and local agencies in the administration of federal funds granted to the state or directly to the department or an office thereof to aid in the furtherance of any function of the department or its offices, including funding for the Medical Assistance Program. The Balanced Budget Act of 1997 (BBA) (Public Law 105-33), as amended by recent technical amendments (Public Law 105-100, signed into law on November 19, 1997).

PROGRAM MISSION:

The mission of the Buy-Ins & Supplements Program is to purchase health care services through the payment of premiums to other entities on behalf of certain Louisiana Medicaid and CHIP enrollees. This program has two major components:

1. Medicare Buy-Ins and Supplements is the federal program, which allows states to purchase Medicare coverage for individuals with limited income and resources by paying their monthly Medicare Part A and/or B premiums. By doing so, the state provides medical insurance protection to individuals with limited income and resources. For those individuals dually eligible for Medicaid and Medicare, it has the effect of transferring some medical costs for this population from the Title XIX Medicaid program, which is partially state financed, to the Title XVIII Medicare program, which is fully financed by the federal government. Federal matching money is available through the Medicaid program to assist states with the premium payments for Medicare buy-in enrollees.
2. Louisiana Health Insurance Premium Payment (LaHIPP) is a program authorized under the authority of Section 1906 of the Social Security Act that may reimburse all or a portion of an employer sponsored insurance (ESI) or individual market premium on behalf of a Medicaid recipient, if purchasing such insurance is determined to be more cost effective than having Medicaid as the primary payer of medical expenses. Medicaid may also pay the out of pocket expenses (co-pays and deductibles) for LaHIPP eligibles enrolled in ESI or individual market coverage.

PROGRAM GOALS:

- I. To implement Medicaid cost avoidance through Buy-Ins (paying premiums) for Medicare and Medicaid dual eligibles
- II. To reduce Medicaid expenditures for Medicaid enrollees through reimbursement of employee's share of paid premiums for employer-based or individual market health insurance when cost effective to do so

PROGRAM ACTIVITY:

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 3063 - Medicare Buy-Ins & Supplements

PROGRAM ACTIVITY 1: Medicare Savings Program for Low-Income Seniors & Persons with Disabilities

The ultimate aim of the Medicare Savings Program (MSP) is to improve the health of its beneficiaries. Reducing financial barriers to healthcare can lead to better health outcomes, and expanding access to healthcare improves health status and mortality for those with the lowest incomes. The MSP has been shown to improve access to medical care services. Utilization of all medical service types is greater for MSP enrollees than for eligible non-enrollees, even when accounting for differences in health status and other characteristics. Data has shown that MSP enrollment increases access to preventative and primary care through use of outpatient hospital services and a higher frequency of office visits.

As an added benefit, people who qualify for the MSP are automatically eligible for the low-income subsidy (LIS or Extra Help), which helps pay for the premium, deductible, and some copayments of a Medicare Part D drug plan, enabling them to maintain drug coverage. The state receives regular Medicaid federal match on Qualified Medicare Beneficiaries (income below 100% Federal Poverty Level [FPL]) and Specified Low Income Beneficiaries (income between 100-120% FPL), but expenditures for Qualified Individuals (between 120-135% FPL) are 100% federally funded.

PROGRAM ACTIVITY 2: Louisiana Health Insurance Premium Payment (LaHIPP) Program

The LaHIPP Program Activity focuses on ensuring access to affordable and appropriate care to Medicaid & LaCHIP eligibles and their families who have access to Employer Sponsored Insurance (ESI) or individual market coverage. LDH reinstated the LaHIPP program in April 2017 after it was retired in 2015. LaHIPP reimburses eligible Medicaid recipients for some costs related to ESI or individual market coverage, including premiums, copays, and deductibles when the provider bills Medicaid secondary. The program aims to reduce Medicaid costs by making it more affordable for eligible individuals to maintain private insurance coverage.

Through coordination of services with private health insurance, the state Medicaid agency can leverage other resources that would otherwise have to be assumed for this population in the Medicaid program. LaHIPP reduces the number of uninsured Louisiana residents and establishes a third party resource as the primary payer of medical expenses to reduce Medicaid costs, assuring that Medicaid pays only after the responsible third party has met its legal obligation to pay.

States experience a number of benefits from building and growing premium assistance programs like LaHIPP, according to the National Academy for State Health Policy, including:

- 1) strengthening of the private insurance market and preventing the substitution of public coverage for available private coverage;
- 2) allowing Medicaid agencies to benefit from employer contributions towards the care of Medicaid eligibles;
- 3) easing the transition from public coverage to private coverage; and
- 4) allowing children to enroll in a single health plan with their parents for greater access to services.

PROGRAM NUMBER AND NAME: 3064 - Uncompensated Care Costs

PROGRAM AUTHORIZATION:

The Constitution of Louisiana (1974) Article 12, Section 8, declares that the Legislature may establish a system of economic and social welfare, unemployment compensation, and public health. Louisiana Revised Statutes 36:251 et seq., gives the Louisiana Department of Health (LDH) Secretary authority to direct and be responsible for the Medical Assistance Program, Title XIX of the Social Security Act, and the authority to act as the sole agent of the state or, in necessary cases, designate one of the offices within the department or its assistant secretary to cooperate with the federal government and with other state and local agencies in the administration of federal funds granted to the state or directly to the department or an office thereof to aid in the furtherance of any function of the department or its offices, including funding for the Medical Assistance Program. The Balanced Budget Act of 1997 (BBA) (Public Law 105-33), as amended by recent technical amendments (Public Law 105-100, signed into law on November 19, 1997).

PROGRAM MISSION:

The mission of the Uncompensated Care Costs (UCC) Program is to encourage hospitals and providers to serve uninsured and indigent clients. Because of UCC, the client's quality and access to medical care is improved. Louisiana's disproportionate share hospital (DSH) cap allotment provides federal funding to cover a portion of qualifying hospitals' costs of treating uninsured and Medicaid patients.

PROGRAM GOALS:

To encourage qualifying providers (LSU facilities/public providers, LDH Office of Behavioral Health, and qualifying private hospitals) to provide access to medical care for the uninsured and those eligible for Medicaid with Medicaid reimbursement lower than the cost of service.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY 1: Uncompensated Care Costs (UCC) Program

Without access to care, the uninsured population is likely to experience poorer health outcomes because they may not receive recommended screenings and follow-up care for urgent medical conditions. Delaying or forgoing needed medical care increases overall health care costs either incurred because uninsured patients are more likely to be in an emergency room or hospitalized for avoidable medical conditions. High bills that uninsured patients incur can permanently jeopardize their family's financial security. The Uncompensated Care Costs Program also funds a significant portion of the cost of training physicians in Louisiana hospitals, which results in long-term increased access to primary, preventive and specialty care for all citizens.

PROGRAM NUMBER AND NAME: 3071 - Management and Finance

PROGRAM AUTHORIZATION:

The Louisiana Department of Health (LDH) is authorized under R.S. 36:251-259. It was created as one of twenty executive agencies of state government as provided in the Louisiana Constitution of 1974 (Article IV, Section I) and addresses the public health needs of the State as laid out in Article XII, Section 8 of the Constitution.

PROGRAM MISSION:

The mission of the Office of Management and Finance is to provide both quality and timely leadership and support to the various offices and programs within the Louisiana Department of Health so that their functions and mandates can be carried out in an efficient and effective manner.

PROGRAM GOALS:

The goal of the Office of Management and Finance is to provide overall direction and administrative support to the agencies and activities within the Department.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY 1: Executive Administration and Program Support

Executive Management provides leadership, technical support, strategic and policy direction to various functions throughout the department and ensures that policies and procedures put in place are relevant to the structure of agency operations and adhere to strictest government performance and accountability standards.

The Bureau of Media and Communications (BMAC) coordinates the Department's public information efforts. BMAC maintains the Department's brand through all of its public communication channels including its website and published content. BMAC also serves the Department by working closely with traditional news media outlets to promote news and messages that address the health and safety of Louisiana residents.

Governmental Relations & Community Partnerships The Department's External Relations efforts are led by the Bureau of Media and Communications (BMAC) and the Governmental Relations & Community Partnerships section of the Office of the Secretary. The Governmental Relations & Community Partnerships section is placed within the Office of the Secretary and serves as a support unit for critical research and input to the executive staff on management, policy and legislative decision making. Governmental Relations & Community Partnerships serves as the primary entry point for information, assistance, and problem resolution to all external parties including members of the state and federal legislatures, state and federal agencies, stakeholders and citizens. Governmental Relations & Community Partnerships manages all aspects of the legislative session including bill management, scheduling, position development, fiscal impact analysis and assigning department staff roles and responsibilities during the legislative session.

Human Resources, Training & Staff Development provides services to applicants, employees, and managers in the areas of Time & Attendance, Employee Relations, Labor Law Compliance, Classification, Pay Administration, Performance Evaluation System, Drug Testing, Employee Administration, and Staff Development.

The Governor's Council on Physical Fitness and Sports (Governor's Games) promotes physical fitness and health through participating in competitive sports, workshops and conferences. Its main purpose is to motivate all Louisianans to become and stay physically active by promoting the benefits of physical activity through sports and fitness programs. The Governor's Games offers Olympic style sporting events across the state that provides an opportunity for competition, physical activities for all ages, skill level, and economic demographics. Some of the sporting events include: basketball, baseball, boxing, golf, karate, gymnastics, swimming, volleyball, weightlifting, and track & field. The Governor's Council on Physical Fitness and Sports also hosts

programs foster and encourage ways for Louisiana residents to become physically fit by getting them involved in competitive activities that require physical fitness. The Fitness Council also provides training, teaching strategies, authentic assessment and best practice information to K-12 teachers in the areas of health and physical education. The primary purpose of this project called, Tour de Fitness is to in-service and equip teachers with developmentally appropriate information regarding smoking cessation, the dangers of tobacco (smokeless and smoking), techniques to make their physical education lessons more physically active, and assessment opportunities to measure physical fitness.

PROGRAM ACTIVITY 2: Financial Services

Fiscal Management performs accounting functions which includes depositing revenue into the State's Treasury, processing expenditures, preparing and issuing financial reports and maintenance of LDH's general ledger on the State's financial system, as well as the cash management functions for the Department.

Planning & Budget administers and facilitates the operation of the budget process and performance accountability activities; provides technical assistance, analyzes budget requests, monitors the legislative process, conducts expenditure analyses; manages and monitors the department's performance accountability and strategic planning information by assisting agencies in integrating agency plans with budget requests, developing goals, objectives, performance measures, and reviewing quarterly performance progress reports.

PROGRAM ACTIVITY 3: Legal Services

The Bureau of Legal Services provides legal services, such as advice and counsel, litigation, administrative hearings, policy and contract review, recoupment, legislation, personnel and Civil Service, and special projects. Legal Services also assists in statewide/departmental operations by observing and participating in management discussions, day-to-day operations, conducting legal risk analysis, and providing representation to the various offices of the department.

PROGRAM ACTIVITY 4: Health Standards

Health Standards Section (HSS) has the primary responsibility for the licensing, certification, recertification, and the processing of complaint investigations of all licensed and certified health care facilities and providers of related services in Louisiana that wish to participate regardless of payor source. This section also provides oversight for the administration and certification of both the certified nurse aide and direct service worker registry. HSS also imposes civil monetary sanctions on non-compliant health care providers and coordinates the Minimum Data Set (MDS) and Outcome and Assessment Information Set (OASIS) datasets submitted by nursing facilities and home health agencies.

PROGRAM ACTIVITY 5: Internal Audit

Internal Audit is a unit of management that independently appraises activities, examines and evaluates the adequacy and effectiveness of controls within LDH and provides management with a level of assurance regarding risks to the organization and whether or not appropriate internal controls are in place and are functioning as intended.

PROGRAM AUTHORIZATION:

South Central Louisiana Human Services Authority is organized and authorized under the following provisions of the Louisiana revised statutes (LSA-RS): Original creation RS 28:871-876, repealed by Acts 2017, No. 73, §2, eff. June 7, 2017 and replaced with R.S. 28:910-918; R.S.39:1533 (A); R.S.28: 771 (G); R.S.36:254(J) and 258(J).

PROGRAM MISSION:

The mission of South Central Louisiana Human Services Authority (SCLHSA) is helping people, changing lives through education, prevention, intervention and treatment in an effort to enhance the quality of life.

PROGRAM GOALS:

Goal 1: Administration

Administratively provide management and oversight of services to the individuals working in our behavioral health and developmental disabilities programs, which provide the core services to the individuals in our catchment area.

Goal 2: Behavioral Health with Integrated Primary Care

Increase accessibility and capacity by using best practice tools for screening and evidence-based programs for treatment with special populations, ensuring workforce is adequately trained and model fidelity is maintained.

Goal 3: Developmental Disabilities

Provide support to individuals with disabilities to meet their potential and to live in the least restrictive environment by utilizing support services in the most efficient manner in order to maximize capacity.

Activity 1: Administration

Administration provides management and oversight of agency services to include fiscal, human resources, clinical, billing, contract monitoring, information technology, community relations, compliance risk management, medical credentialing, quality improvement and special projects. SCLHSA operates five outpatient Behavioral Health with Integrated Primary Care locations and the Developmental Disability waiver and non-waiver services for the region. SCLHSA's Behavioral Health Adult Intensive Outpatient Program, Adult Outpatient Program, Child & Adolescent Outpatient Program, Developmental Disabilities Service Coordination, Integrated Care Services, and CALL Line have been accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF).

Activity 2: Behavioral Health with Integrated Care

Through the Behavioral Health Services activity, SCLHSA provides Screening/Assessment, plan of care and level of need determination for children, adolescent, adult and senior populations as well as Treatment Services, including individual/group sessions, family/couple sessions, psychiatric evaluations, psychological testing, medication administration, medication management, crisis stabilization, gambling counseling, breath tests, urine screens and referrals. SCLHSA shall make every effort to ensure our client care and services treat each person as an individual, we are responsive to our client's needs and wishes and our services are of the highest possible quality within the resources available. The integration of Primary Care in a Behavioral Health Care setting refers to the intentional, ongoing, and committed coordination and collaboration between all providers treating the individual. SCLHSA recognizes the need for patients to take care of both their physical and behavioral health needs in an outpatient setting and is devoted to making these services available in a "one-stop shop" process.

Activity 3: Developmental Disabilities

SCLHSA Developmental Disabilities (DD) core services consist of serving as the Single Point of Entry (SPOE) into the DD Services System and providing support coordination services to individuals and their families through DD and other available community resources. SCLHSA staff members assess the needs for supports and services, develop individual plans of support, make applicable referrals, and provide ongoing coordination for the client's support plans. Targeted services are centered on Home and Community-Based Services Waiver programs and federal criteria which allow services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. The Family Support Program is designed to assist individuals whose needs exceed those normally used resources in the community, and other natural resources available. Individual and Family Supports include but are not limited to: respite care, personal assistance services, specialized clothing, such as adult briefs, dental and medical services not covered by other sources, equipment and supplies, communication services, crisis intervention, specialized utility costs, specialized nutrition, and family education. The Flexible Family Funds is intended to assist families with children with severe or profound disabilities to offset the extraordinary costs of maintaining their child in their own home.

PROGRAM NUMBER AND NAME: 3101 - Northeast Delta Human Services Authority

PROGRAM AUTHORIZATION:

Louisiana Act: 384 Northeast Delta Human Services Authority; creation; jurisdiction; domicile. The Northeast Delta Human Services Authority is hereby created as a special authority which, through its board, shall direct the operation and management of community-based programs and services relative to mental health, developmental disabilities, and addictive disorders services, including Early Childhood Supports and Services, and the Regional Transition Program for the parishes of Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, and West Carroll. Programs and services relative to the Southern Oaks Addiction Recovery shall be provided in accordance with a twelve-month transition plan developed by the office of behavioral health and the governing board of the authority. B. The domicile of the authority shall be Ouachita Parish, Louisiana. Acts 2006, No. 631, §1, eff. June 23, 2006; Acts 2009, No. 384, §5, eff. July 1, 2010.

PROGRAM MISSION:

NE Delta HSA serves as a catalyst for individuals with mental health, developmental disabilities, and addictive disorders to realize their full human potential by offering quality, excellent care with greater accessibility.

PROGRAM GOALS:

Goal I: Improve the outcomes of citizens by expanding access to a network of appropriate, quality prevention and wellness, integrated care and developmental disability services.

Goal II: Provide integrated services that promote holistic care through best practices and strategies; ensure a person centered approach through prevention, treatment, support, education, and advocacy.

Goal III: Evaluate and analyze outcomes to strengthen internal operations to accommodate trending healthcare environments, payments, and electronic health records systems to produce data-driven decisions that best maximize efficiency and effectiveness.

Goal IV: Proactively address risks that impact the behavioral health of our citizens by using collaboration and sound communication practices both internally and with key partners and providers.

PROGRAM ACTIVITY:

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 3101 - Northeast Delta Human Services Authority

Integrated Care: Northeast Delta HSA provides integrated mental health, substance abuse, and primary care services through the systematic coordination of general and behavioral healthcare which includes integration of behavioral health with primary care services from children/adolescents across the lifespan.

Prevention and Wellness: NE Delta HSA Prevention & Wellness department uses research-based curriculums, environmental strategies, coalition-building and other proactive and data-driven strategies to help prevent and reduce risk-taking behaviors among regional youth, adolescents, and the general population. NE Delta HSA manages and administers these evidence-based prevention programs through its trusted regional and local community partners. Northeast Delta HSA provides prevention & wellness services to 8 of the 12 parishes served.

Through our continuous efforts and great partnerships with local school districts, Northeast Delta HSA has been able to provide evidence-based prevention programs from Pre-K to 10 grades. School districts participate in Red Ribbon Week, Orange Ribbon Week, Prevention Week, and Anti-Bullying Awareness Day; these efforts are achieved with school systems implementing research-based prevention programs and policies.

Developmental Disability Services The Northeast Delta HSA Developmental Disability Services unit has two core specializations:

Waiver Services: Medicaid Home and Community-Based Waiver programs allow people greater flexibility to choose where they want to live and to use services and supports that best suit their needs. Services are provided in the home or in the community.

Home and Community Based Services - Individual and family support services provide assistance not available from any other resource that will allow people with intellectual and developmental disabilities to live in their own home or with their families in their own community. These services include respite care, personal assistance services, specialized clothing, dental and medical services, equipment and supplies, communication services, crisis intervention, utility costs, specialized nutrition, and family education. These services are also inclusive of Flexible Family Funds that provide a monthly stipend to families of eligible children with severe or profound developmental disabilities from birth through age 18 to help families meet extraordinary costs. Services are provided through contractual agreements by private provider agencies or through individualized agreements with individuals and families who obtain their own service providers.

Administrative Functions: Northeast Delta Human Service Authority administrative functions to support the management and operations related to integrated care, prevention and wellness, and developmental disability services. The mission of Northeast Delta HSA administrative functions is to coordinate and organize people, resources and systems to effectively and efficiently support the overall mission, vision and tenets of the agency.

Program Goals

PROGRAM NUMBER AND NAME: 3201 - Administration Protection and Support

PROGRAM AUTHORIZATION:

Senate Bill No. 562/House Bill No. 638 of the 2006 Regular Session amended and reenacted Section 2, R.S. 36:251 (c) (1) and 258 (F) of the Constitution of Louisiana (1974) to establish the Office of Aging and Adult Services (OAAS) within the Louisiana Department of Health (LDH). OAAS shall be responsible for the programs and functions of the state related to the protection and long-term care of the elderly and persons with adult onset disabilities. It shall administer the residential state operated nursing homes, the Villa Feliciana Medical Complex, the protective services program, the long-term supports and services programs, as well as other related programs of the State.

PROGRAM MISSION:

To provide access to quality long-term services and supports in a manner that supports choice, informal caregiving, and effective use of public resources.

PROGRAM GOALS:

- I. Achieve and maintain a legally compliant and appropriately balanced LTSS system, which assures choice within a sustainable, cost-effective continuum of community-based services and facility-based services.
- II. Improve access, quality and outcomes for populations receiving and at risk of needing long-term supports and services.
- III. Ensure vulnerable adults are protected from abuse and neglect while living in community settings.
- IV. Provide specialized facility-based care to persons whose needs are difficult to meet in private facilities.
- V. Administer and operate OAAS programs in a cost-effective manner while achieving high quality outcomes.

PROGRAM ACTIVITY:

EXECUTIVE ADMINISTRATION

This Activity provides executive management, support, and direction to the Office of Aging and Adult Services (OAAS). OAAS operates LDH programs for the elderly and persons with adult onset disabilities. These programs include a 24-hour facility (Villa Feliciana Medical Complex), Adult Protective Services, Traumatic Head and Spinal Cord Injury Trust Fund, and operation of several community-based long-term care programs, which expend approximately \$344 million in Medicaid, funds (SFY 21). OAAS also performs medical certification for nursing home care totaling \$1.2 billion in Medicaid funds (SFY 21). The Executive Administration Activity is also responsible for providing programmatic expertise on aging and disability issues to LDH Executive Management, carrying out legislative directives, and directing implementation of LTSS reforms and program improvements. Not listed as separate activities but still within the purview of Executive Administration, OAAS also manages two non-Medicaid independent living services programs.

ELDERLY AND ADULTS WITH DISABILITIES LONG TERM CARE

This activity manages and operates community-based long term care programs for people with adult-onset disabilities, including Medicaid Home and Community Based Services (HCBS) waivers, Medicaid Long Term Personal Care Services (LTPCS), the Program of All-inclusive Care for the Elderly (PACE), the LDH Permanent Supportive Housing Program, the Nursing Home Resident Trust Fund, the Compliance and Audit Team and the Money Follows the Person Demonstration Grant. The activity also operates nursing home admissions, i.e., certification of individual applicants for nursing home care. This activity provides state and regional office operations necessary to provides state and regional office operations necessary to provide program planning, access, monitoring, quality assurance/improvement, and accountability for these programs as required under state and federal rules, statutes, and program requirements.

This activity optimizes the use of community based - care while decreasing reliance on more expensive nursing home care. It does so by operating a variety of home and community based long term care programs that serve Medicaid participants at a lower average cost per person than Medicaid nursing home care. A challenge addressed by this activity is that demand of community-based LTSS (Long Term Supports and Services) will continue to grow as the population ages; therefore, expenditures on programs operated through this activity are subject to increase . For

available resources. Maximization of federal funding is also an important strategy for addressing increased demand for the services provided through this Activity. This activity is also responsible for researching, developing and implementing more integrated approaches to care delivery for the high risk populations of individuals dually eligible for Medicare and Medicaid and persons with adult-onset disabilities.

Programs and strategies used in this activity are also a direct outgrowth of Louisiana's Olmstead plan, which calls for implementation of a broad array of community-based services and a multifaceted strategy for transitioning individuals from nursing homes to the community. The strategies used in this activity are also consistent with best practices used by states that have achieved a cost effective "rebalancing" from institutional to community-based LTSS. The major programs operated through this Activity have proven effective in preventing institutionalization, with only a small percentage of program participants transitioning to nursing home care. Since SFY 2007 transitions from HCBS to long term nursing home residence remains very low, at only 2% per quarter.

PERMANENT SUPPORTIVE HOUSING (PSH)

This activity provides supportive services to help people with disabilities - particularly those who are or who are at risk for institutionalization or homelessness -- have successful tenancies in mainstream affordable housing. OAAS operates the PSH program under a Cooperative Endeavour Agreement with the Louisiana Office of Community Development (OCD) Louisiana Housing Corporation. Louisiana's PSH program is a cross-disability program that facilitates access to stable housing and preventive services for a population that otherwise makes disproportionate use of high cost emergency and nursing homes services. Louisiana's PSH program is considered a model for cross-disability implementation at the state level and has been evaluated by the Robert Wood Johnson Foundation and others for purposes of replication in other states and communities.

TRAUMATIC HEAD AND SPINAL CORD INJURY (THSCI) TRUST FUND

The THSCI Trust Fund allows survivors of traumatic head and spinal cord injury to avoid unnecessary and costly institutionalization by providing resources or services that they are not otherwise eligible for through any other funding source. The Trust Fund promotes the health of eligible Louisiana citizens by providing services, such as specially designed medical beds, maintenance therapies, and remote in-home client monitoring systems that prevent or delay the onset or progression of diseases and excess disability associated with such injuries. The THSCI Trust Fund was established in the 1993 Regular Session of the Louisiana Legislature as a special fund in the state treasury consisting of monies collected from an additional fee imposed on three specific motor vehicle violations (DWI, reckless operations and speeding).

ADULT PROTECTIVE SERVICES (APS)

Adult Protective Services is committed to preserving and protecting the rights of vulnerable adults with disabilities in need of assistance due to abuse, neglect, self-neglect and/or exploitation in accordance with the provisions of LA R.S. 14:403.2 and LA R.S. 15:1501-1511. This activity assists and enables vulnerable adults ages 18 to 59, and emancipated minors, to live free from harm due to abuse, neglect, exploitation, or extortion. Adult Protective services include but are not limited to:

- receiving and screening information on allegations of abuse, neglect, exploitation and/or extortion
- conducting investigations and assessments of those allegations to determine if the situation and condition of the alleged victim warrants corrective or other action;
- stabilizing the situation;
- developing and implementing plans for preventive or corrective actions;
- referring for necessary on-going services and/or to case management
- ensuing services obtained;
- initiating and/or referring necessary civil legal remedies; and
- referring cases as needed or required to law enforcement and/or the district attorney and cooperating in court proceedings

PROGRAM NUMBER AND NAME: 3203 - Villa Feliciano Medical Complex

PROGRAM AUTHORIZATION:

R.S. 28:22.7, R.S. 40:2002.4, R.S. 40:2142

Senate Bill No. 562/House Bill No. 638 of the Regular Session, 2006, amended and reenacted Section 2, R.S. 36:251(C)(1) and 258(F) of The Constitution of Louisiana (1974) to establish the Office of Aging and Adult Services within the Louisiana Department of Health (LDH). The Office of Aging and Adult Services shall be responsible for the programs and functions of the State related to the protection and long-term care of the elderly and persons with adult onset disabilities. It shall administer the residential state-operated nursing homes, the Villa Feliciano Medical Complex, the protection services program, the long-term supports and services programs, as well as other related programs of the State. R.S. 28:22.7(B) was amended and reenacted to transfer the Villa Feliciano Medical Complex to the Office of Aging and Adult Services.

PROGRAM MISSION:

Villa Feliciano Medical Complex is a state owned and operated Medicare and Medicaid licensed long-term care facility with a mission of providing specialized care and rehabilitative services to medically complex residents.

PROGRAM GOALS:

1. Provide management leadership and administrative support necessary for the delivery of resident care services.
2. Administer and manage resident care in a manner that ensures compliance with applicable standards of care.
3. Provide quality health care services to residents through the identification of need as well as efficient and effective delivery of services.

PROGRAM ACTIVITY:

Villa is a 24-hour long-term care facility that provides quality, comprehensive, in-house health care services. Villa works to prevent the progression of diseases through appropriate medical care, proper nutrition, exercise, therapy, regular check-ups and routine screenings.

Villa contributes to the state goals by decreasing the percentage of avoidable expenditures for the care of citizens who have acute and chronic medical conditions through the provision of comprehensive facility-based services. Villa reduces fragmentation of care, duplication of efforts and unnecessary medical treatments, emergency room visits, and hospitalizations. Villa serves as a training site for students from several Louisiana Technical Colleges, thereby helping to address healthcare labor shortages.

Villa serves as a safety net facility. Many residents have no other placement options due their acuity level and their need for effective disease management not generally offered by private long term care facilities. Villa also provides care to Eastern Louisiana Mental Health System (ELMHS) including forensics patients who require more medical care than ELMHS can provide. Villa is also occasionally named in court-ordered placements for individuals on parole or on medical leave from the Department of Corrections.

Villa also provides on-site medical services specifically structured to meet special health care needs such as:

- Villa provides care to residents under judicial commitment who require long-term care in a secure environment.
- Villa is the only facility in Louisiana that provides in-patient care for clients with tuberculosis. Most of Villa's TB residents have been court-ordered to Villa due to their non-compliance with their treatment regimen in their local community. They remain at Villa until their treatment is complete and they are no longer a public health threat.

PROGRAM NUMBER AND NAME: 3241 - Louisiana Emergency Response Network

PROGRAM AUTHORIZATION:

R.S. 40:2841-2846

PROGRAM MISSION:

The mission of the Louisiana Emergency Response Network is to defend the public health, safety, and welfare by protecting the people of the state of Louisiana from unnecessary deaths and morbidity due to trauma and time-sensitive illness.

PROGRAM GOALS:

Goal I: Decrease risk adjusted time sensitive illness (stroke/STEMI) and trauma related deaths and incidents of morbidity and mortality due to trauma and time-sensitive illness in Louisiana.

Goal II: Maximize the return on investment (ROI) of state dollars and supplement general fund dollars with alternative funding sources.

Goal III: Ensure that all citizens gain access to the statewide trauma network for both trauma and time sensitive related illnesses.

Goal IV: Establish and codify protocols that specify the role of LERN in ESF-8 activities.

PROGRAM ACTIVITY:

The Louisiana Emergency Response Network (LERN) is an agency of state government created by the Louisiana Legislature in 2004 and charged with the responsibility of developing and maintaining a statewide system of care coordination for patients suddenly stricken by serious traumatic injury or time-sensitive illness (such as heart attack and stroke). Getting to the right place at the right time to receive the right care is a matter of life or death for these patients. LERN Administration is dedicated to providing the operational structure to provide access services – connecting patients in need of time-sensitive trauma, stroke and STEMI services with the definitive care hospital or most appropriate resourced hospital. These resources are tracked via the LERN Resource Management screen in the ESF-8 Portal and patients are routed by the LERN Communication Center (LCC) which operates 24/7/365. In CY 2023, the LCC routed 19,282 patients (an 10.5% increase from CY 22 and an 36% increase since CY 18). The administration takes direction from the LERN Board of Directors to fulfill LERN's mission.

LERN is the lead agency for trauma in Louisiana, responsible for developing and maintaining a statewide system of care coordination for injured patients. LERN continues to build a framework for an integrated trauma system and to achieve the LERN Board's vision of establishing an American College of Surgeons (ACS) verified trauma center in every region of the state. Through the LERN Board's guidance and consultation by the LERN Trauma Medical Director we are closer than ever to reaching this goal. In 2011, there were only 2 trauma centers in the state - One in New Orleans and one in Shreveport. This left the majority of the state's population without access to a trauma center. Through LERN's efforts, we now have 11 ACS verified adult trauma centers in Louisiana and 3 Level two pediatric trauma center for a total of 14 ACS verified trauma centers. The trauma centers are: three Level I adult Trauma Centers in New Orleans (University Medical Center), Shreveport (Ochsner LSU Health Shreveport) and Baton Rouge (Our Lady of the Lake Regional Medical Center), 4 adult Level II Trauma Centers located in Alexandria (Rapides Regional Medical Center), Hammond (North Oaks Medical Center), Lafayette (Lafayette General Medical Center) and Covington (Lakeview Regional Medical Center), and

Medical Center and Ochsner LSU Health Monroe. In 2021, Louisiana gained our first Level II ACS Pediatric Trauma Center, located at Ochsner LSU Health Shreveport. In CY 2022, Our Lady of the Lake Children's Hospital obtained Level II Pediatric trauma verification by the American College of Surgeons. In early 2023, Children's Hospital New Orleans was verified a Level II Pediatric Trauma Center, increasing the number of Pediatric Trauma Centers in Louisiana to three. This is a tremendous accomplishment, as Louisiana did not have any Pediatric Trauma Centers prior to 2021. LERN supported all three hospitals, via consultation with LERN's trauma medical director and LERN education initiatives, in their efforts to achieve Level 2 Pediatric trauma center verification. Since 2011, we have expanded "golden hour" (60 minute drive time) access to a trauma center from 40% to 90% of the state's population.

Developing a trauma center in the Northeast corner of the state (LDH Region 8), the Monroe area, was a primary focus for the LERN system. We have achieved this goal. These additions expanded golden hour trauma coverage to 90% of the state.

A new initiative by the LERN Board in CY2019 was to develop a BURN Plan and Network for Louisiana. We made significant progress. The LERN board adopted the Burn Destination Protocol, Pre-Hospital Burn Care Guideline, and the ED Burn Care Guideline. The group developed a Burn Basics for EMS course and 205 paramedics have completed the course. The group recently updated state burn resuscitation guidelines to align with updated guidelines from the American Burn Association. This is important to ensure standard of care is provided to all burn patients across the state. LERN worked with the Louisiana Hospital Association to print and distribute updated burn resuscitation guideline posters. These were distributed to all hospitals statewide. This group was integral in helping to complete the burn annex to the state disaster plan and in the buildout and launch of the burn screen in the ESF-8 Portal. University Medical Center New Orleans - Burn Center passed Burn Center Re-verification by the American Burn Association. This makes them the only ABA verified burn center that is also a Level I trauma center. Our Lady of Lourdes in Lafayette passed ABA verification this year and is the only other ABA verified burn center in the state. The other two burn centers are state certified: Baton Rouge General (Baton Rouge) and Ochsner LSU Health Shreveport. Children's Hospital New Orleans is working to establish a pediatric burn center. LERN is also working with the Southern Regional Burn Consortium to develop a system to provide real time burn bed availability across the southern region of the United States. This is important given the scarcity of burn beds nationwide.

LERN also manages five data registries: State EMS Registry, State Trauma Registry, LERN Call Center Registry, Stroke Registry and the STEMI Registry. There has been an increase in the number of data requests related to opioid overdose, occupational injury, pediatric injury and 12 Lead EKG use. In the 2019 Regular Legislative Session, one TO (Data Manager) was added to our agency. This position has been a tremendous asset to our programs. Specifically, it has allowed us to develop and implement a process for STEMI data collection. Our STEMI registry now includes data from all 37 STEMI Receiving Centers.

LERN continues to provide Trauma education throughout the state. In the past CY (2023), LERN provided 36 Trauma Nurse Core Curriculum Classes (277 students), 15 Emergency Nurse Pediatric Course classes (114 nurses) and 69 Stop the Bleed courses (1576 students). The purpose of the Stop the Bleed campaign is to build national resilience by better preparing the public to save lives by raising awareness of basic actions to stop life threatening bleeding following everyday emergencies and man-made disasters. LERN will now add 15 minutes to every Stop the Bleed Class to educate on AED use and Hands Only CPR. LERN is working with GOHSEP Safe Schools Coalition to implement the requirements of the Safe Schools Act. We secured \$25,000 for trauma and stroke education in Region 8. We utilized \$30,000 in funding from the Highway Safety Research Group for an Injury Coding Course for the hospital trauma registrars. These courses focused on teaching registrars how to accurately and completely code injuries. This education is necessary for the validity of the state trauma registrar. LERN worked with the department to add a Statewide Education Coordinator to the agency. This position has been filled and allowed expansion of educational offering in FY24 - specifically the addition of Stroke Recognition and Response Course and continuing education hours for various courses.

ST-segment myocardial infarction (STEMI) is the most severe and deadliest form of a heart attack afflicting over 700,000 Americans per year. This type of heart attack is caused by the complete closure of a major coronary artery. Timely reopening of the closed artery (reperfusion therapy) can be the difference between life and death, yet up to 30% of STEMI patients never receive the time-sensitive treatments they need. LERN has a legislative mandate to work with the department to develop stroke and ST segment elevation myocardial infarction (STEMI) systems that are designed to promote rapid identification of, and access to, appropriate stroke and STEMI resources statewide. LERN's ongoing development of Louisiana's statewide STEMI system of care is based upon best practice guidelines as established by the American Heart Association's Mission: Lifeline and successful systems across the country. Effective treatments are identified as clot-busting medication administered within 30 minutes or primary percutaneous coronary intervention (PCI) administered within 90 minutes. Addressing the challenge of timely patient access to reperfusion therapy is central to Louisiana's STEMI system of care.

LERN STEMI system of care is implemented through several activities including 12-Lead EKG courses across the state taught by volunteer physician STEMI Champions in all 9 LDH regions. These champions along with the LERN Tri-Regional coordinators implement, monitor, and evaluate the STEMI system. We hired a new STEMI Medical Director in January 2020 to help lead the STEMI system. Under his guidance, the LERN Board approved a STEMI data collection pilot. The pilot was completed in August 2020. The LERN Board made this data collection

mandatory. The implementation date was delayed due to COVID 19, but is now fully implemented with all 37 STEMI Receiving Centers submitting data to LERN. The data allows LERN to compare our state's performance to national benchmarks. As of quarter 2, 2024, the states median door to primary percutaneous intervention (PCI) time is 58 minutes, which is significantly better than the national benchmark of 90 minutes. In July 2022, we again transitioned to a new STEMI Medical Director and he is utilizing the STEMI data to target education to referral centers on the importance of administering fibrolytic for patients unable to reach PCI with 120 minutes of first medical contact. All referral centers now receive quarterly reports indicating the number of transfers to a STEMI Receiving Center with their Door In Door Out (DIDO) time as compared to the benchmark goal of 30 minutes and the state median of 66 minutes. All Receiving Centers are providing feedback report to EMS and Referral Centers in an effort to improve STEMI care.

In CY 23, LERN conducted 19, Twelve Lead EKG Courses throughout the state. A total of 369 nurses and paramedics completed the course. Since 2015 when the course was first developed through CY 2023, we have taught 119 classes and a total of 3,068 nurses and paramedics. This education facilitates rapid identification in the pre-hospital setting of this most deadly heart attack. These patients are directed to the definitive care hospital where the Cath Lab team await their arrival. LERN will continue this training as part of the STEMI System strategic plan.

Stroke is a serious time-sensitive illness. It is the fourth leading cause of death nationally, and Louisiana ranks as the ninth highest state for stroke deaths. Stroke is also the leading cause of adult disability and the number one cause for new admission to nursing homes. Every second of a stroke, a patient loses 32,000 neurons which ages the brain by 8.7 hours. Over 10 hours 1.2 billion neurons are lost and the brain ages by 36 years. This is why it is paramount to restore blood flow to the brain as quickly as possible. LERN's ongoing development of Louisiana's statewide stroke care system is guided by the evidence-based "hub and spoke" model that facilitates widespread patient access to lifesaving care and treatment with tissue plasminogen activator (tPA), the only FDA approved medication for treatment of an occlusive stroke within the first few hours. Louisiana's "hub and spoke" model includes Comprehensive Stroke Center, Thrombectomy Capable Stroke Center and Primary Stroke Center hubs, and Acute Stroke Ready Hospitals (ASRH), known as "spoke hospitals" connected by telemedicine. Louisiana has developed a system of care to comprehensively treat incidents of stroke. In 2015, Louisiana was one of only 12 states and DC who has promulgated rules around level of stroke centers. Through the work of LERN the number of certified stroke centers has increased. The Louisiana Stroke System consists of six Advanced Comprehensive Stroke Centers, and 21 Advanced Primary Stroke Centers. A tremendous achievement was the establishment of two Primary Stroke Center (PSC) in Northeast Louisiana (LDH Region 8). Ochsner LSU Health Monroe and St. Francis Medical Center successfully achieved PSC certification from the Joint Commission. Additionally, Thibodaux Regional Health System also passed Primary Stroke Center Certification - providing all 9 LDH Regions with an advanced certified stroke center.

In 2023, the LERN Call Center routed 4,247 stroke patients to definitive care hospitals. This is a 16% increase from CY 2022. LERN utilizes Louisiana Hospital Inpatient Discharge Data (LaHIDD) to evaluate tPA usage. The data indicates that the tPA usage rate quadrupled since 2010, meaning four times as many stroke patients are receiving this life saving drug. We believe that developing the stroke system where stroke capable hospitals are readily identified contributed to this increase.

The LERN Board also implemented data submission and accountability measures for the 55 Acute Stroke Ready Centers. In CY 2024, the LERN Board mandated data submission from the nine Stroke Capable Off Site Emergency Departments. We now have 100% of the Acute Stroke Level Hospitals submitting data to LERN. All sites are reviewed for continued participation in the system per established benchmarks, required action plans and mock codes. System Performance Metrics are: Median Door to Needle time for ASRH's is 47 minutes - shorter than national benchmark of 60 minutes. The median Door to Needle time for the certified centers (CSC, TSC, PSC-E and PSC hospitals) is 43 minutes. The performance improvement focus for FY 25-26 is improvement on Door In Door Out (DIDO) time for stroke patients presenting within 24 hours of Last Seen Normal (LSN) and positive for a Large Vessel Occlusion (LVO). The phase one target is 90 minutes. The Q3/Q4 - 2022 median for the aggregate is 165 minutes. The Q3/Q4 2023 median for the aggregate is 143 minutes, an improvement of 22 minutes. The LERN Board also adopted and implemented a new pre-hospital destination protocol in CY 2024. This new protocol provides direction for patients waking up with stroke symptoms with an unknown time of symptoms onset. Almost 33% of all patients with ischemic stroke have an unknown time of stroke onset.

LERN continues to play a pivotal communications role during disasters and mass casualty incident (MCI) events in Louisiana. As the statewide "first call" helpdesk and 24/7/365 information coordinator for unfolding events, the LCC provides timely information that helps our hospitals, other healthcare providers, and relevant stakeholder agencies prepare for and manage a local and/or statewide emergency response. Additionally, LERN's role in Louisiana's all disasters response includes: supporting hospital, EMS, and emergency preparedness partners in managing incidents, alerting hospital and emergency response stakeholders with details of the incident through the ESF 8 - Portal messaging system, directing patient transports to the most appropriate hospital emergency departments - based upon scene resources, patient triage, and surrounding hospitals' resources and sharing information throughout the event with affected regional personnel and state leadership.

LERN also manages the EMS Tactical Operations Center (EMS-TOC) during large-scale events that require a larger, prolonged response. The responsibilities of the TOC are to:

- Coordinate ambulance assets during a declared event
- Collaborate with the Bureau of EMS Ambulance Processing Site regarding number of available assets
- Communicate with and track all ground ambulances provided under state and federal contracts from staging, to assigned, to post-mission, and back to staging upon completion or demobilization.
- Coordinate federal assets with federal liaison
- Communicate with Designated Regional Coordinators throughout the state to process mission requests
- Document in real-time all assets assigned to state operations in each region
- Provide situation report to leadership as requested

LERN's role in disaster response also includes joining state, regional, and local partners in conducting emergency preparedness drills across the state including active shooter drills, emergency system tests and planning events, and a MCI (mass casualty incident) boot camp, attending planning meetings, as well as on-site evaluation for many drills. These drills help LERN provide support and necessary feedback to improve efforts, provide education on the Trauma Network and LCC procedures, and to ensure stakeholders have knowledge of resources available to support them.

LERN also manages the EMS Tactical Operations Center during disasters. This includes operating as tactical command for incoming emergency medical assets including air/ground ambulances, para-transit vehicles, and ambu-buses and directing movement and response of ambulances for a declared emergency. Responses may include evacuation of facilities, search and rescue, and support of local 911 or coordinating with local, state, and federal partners to strategically respond to the needs of the citizens of Louisiana during a disaster. Currently, the TOC has been operating since August in support of hurricane Laura response.

PROGRAM NUMBER AND NAME: 3251 - Acadiana Area Human Services District

PROGRAM AUTHORIZATION:

Acadiana Area Human Services District is organized under the following provisions of the Louisiana revised statutes (LSA-RS): R.S. 373.

PROGRAM MISSION:

The mission of the Acadiana Area Human Services District is to improve the quality of life for the citizens of Acadiana who have behavioral health and/or intellectual/developmental disabilities in a timely manner.

The Vision of Acadiana Area Human Services District is to become the preeminent provider of community-based supports and human services which promote the independence, respect, and inclusion of all citizens dealing with issues of behavioral health and/or intellectual/developmental disabilities.

The Values of Acadiana Area Human Services District are:

Accountability - To be good stewards of our resources and to exceed all contractual, legal, and regulatory requirements in providing services.

Transparency - To operate in such a manner as to be above reproach in all our governance and operational processes.

Value - To achieve optimal outcomes by implementing cost-effective evidence-based practices in a timely manner.

PROGRAM GOALS:

Administration:

To develop clear policy objectives, well-defined local roles and responsibilities, and measures to ensure accountability of the provision of quality services to consumers.

Behavioral Health:

Goal 1: To provide behavioral health treatment services as part of the State's continuum of care (per the Human Services Accountability and Implementation Plan) in Acadia, Evangeline, Iberia, Lafayette, St. Landry, St. Martin, and Vermilion parishes.

Goal 2: To improve accessibility for emergency and non-emergency behavioral health services.

Goal 3: To increase stakeholders' involvement in planning, education, and decision-making within the range of services offered by AAHSD.

Developmental Disabilities:

Goal 1: To provide access to appropriate, comprehensive community based supports for individuals with disabilities, their families and/or support system(s) such that they will be able to be maintained within their communities.

Goal 2: To provide quality services and supports information and opportunities for choice for individuals with developmental disabilities and their families.

Goal 3: To increase stakeholders' involvement in planning, education, and decision-making within the range of services offered by AAHSD.

Program Goals

PROGRAM NUMBER AND NAME: 3251 - Acadiana Area Human Services District

Acadiana Area Human Services District is one program comprised of administrative, behavioral health and developmental disabilities functions.

PROGRAM ACTIVITY: Administration

The Louisiana Department of Health (LDH), its program offices and the Louisiana Legislature have created a statewide integrated human services delivery system with local accountability and management to provide behavioral health and developmental disabilities services. These local human service systems are referred to as local governmental entities (LGEs). LGEs feature practices such as a framework anchored in clear policy objectives, well-defined local roles and responsibilities, and measures to assure accountability of delivering quality services to consumers that assist in determining the relative efficiency and effectiveness of public systems. Act 373 of the 2008 Legislative Session, requires that LDH shall not contract with a new LGE until LDH, in consultation with the Human Services Interagency Council (HSIC), has determined and confirmed in writing to the governor that LDH is prepared to contract the provision of services to the LGE after the LGE has successfully completed the Readiness Assessment. The Acadiana Area Human Services District was created by Act 373 in the 2008 Legislative Session for the parishes of Acadia, Evangeline, Iberia, Lafayette, St. Landry, St. Martin and Vermilion. A ten member board was seated in January of 2010 and an Executive Director was hired in November 2011. The Acadiana Area Human Services District will participate in the statewide initiative to transition from the statewide SMO to the five Bayou Health companies to implement an electronic health record to assist with continuous documentation efforts, scheduling of clients to maximize provider time, invoicing and billing procedures to improve collection efforts and standardization of forms/procedures. Acadiana Area Human Services District is seeking national reaccreditation with CARF for its 5 behavioral clinics sites within the region.

PROGRAM ACTIVITY: Behavioral Health

Mental Health

Acadiana Area Human Services District provides Mental Health outpatient clinic services for children, adolescents, and adults. Core services include screening, assessment, crisis evaluation, individual/group/family therapy, medication management (which includes administration and education), and screening for persons with co-occurring disorders. Contracted services include evidence-based practice (Assertive Community Treatment) and Case Management Services for adults and children/adolescents, as well as housing assistance and assistance in application for Supplemental Security Income (SSI). Service delivery includes full participation in the Healthy Louisiana (formerly Bayou Health) initiative.

Addictive Disorders

Acadiana Area Human Services District provides Addictive Disorders outpatient clinic services for adolescents and adults and contracts with community vendors to provide Prevention services to children and adolescents. Core services include orientation/screening, referral, assessment; education, outpatient, intensive outpatient, and aftercare group treatment for gambling addiction, drug screens, HIV/STD/TBB services, and medical history/mental status exams. Addictive Disorders and Prevention service providers focus their attention on providing comprehensive, fully integrated prevention and treatment services and actively seek assistance of partnerships and collaborations to fully meet needs of individuals, families, and communities.

PROGRAM ACTIVITY: Developmental Disabilities

Developmental Disabilities core services consist of serving as the Single Point of Entry (SPOE) into the Developmental Disabilities (DD) Services System and providing support coordination services to individuals and their families through DD and other available community resources. Staff members assess the needs for support and services, develop individual plans of support, make applicable referrals, and provide ongoing coordination for the client's support plans. Targeted services are centered on Home and Community-Based Services Waiver programs and Federal criteria which allow services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. The Family Support Program is designed to assist individuals whose needs exceed those normally used resources in the community, and other natural resources available. Individual and Family Supports include but are not limited to: respite care, personal assistance services, specialized clothing, such as adult briefs, dental and medical services not covered by other sources, equipment and supplies, communication services, crisis intervention, specialized utility costs, specialized nutrition, and family education. The Flexible Family Fund Program is intended to assist families with children with severe or profound disabilities to offset the extraordinary costs of maintaining their child in their own home. The program provides a monthly stipend to families of children who have qualifying exceptionalities identified through their local educational authority.

PROGRAM MISSION:

STATE OF LOUISIANA

Operational Plan Form

Program Goals

PROGRAM NUMBER AND NAME: 3262 - Public Health Services

The mission of Public Health Services is to protect and improve the health and well-being of Louisiana's residents, visitors, and native-born Louisianans who no longer reside in the state, by:

- Improve the Health of Louisiana's residents by promoting healthy lifestyles, providing preventive health education and data necessary to enable individuals and communities to assume responsibility for their own health, and assuring the availability of essential preventive health services.
- Operating a centralized vital event registry that provides efficient access to, collection and archival of vital event records.
- Collecting, analyzing, and reporting statistics needed to determine and improve population health status.
- Protecting the health of Louisiana citizens and its visitors by providing the educational resources, regulatory oversight and preventive measures necessary to reduce the incidence of food/waterborne illnesses and other preventable diseases/conditions most commonly associated with unsafe food, water, milk, seafood, molluscan shellfish, drugs, cosmetics, onsite wastewater, biomedical waste, public institutions, commercial body art, commercial tanning, and beach recreational waters.
- Preventing illness and death that can occur from waterborne disease outbreaks or exposure to contaminated drinking water or raw sewage.
- Improving the health of Louisiana citizens by assisting public water systems with delivering safe and affordable drinking water.

PROGRAM GOALS:

The Office of Public Health is dedicated to the development, implementation and management of public health services for the citizens of Louisiana. The agency will continue to deliver Maternal Child Health Services, Nutrition Services (Women, Infants and Children, WIC Services), Family Planning Services, Children Special Health Services, Early Steps Program Services, Immunization Services, Tuberculosis Services and Genetic Disease Monitoring Services. OPH promotes the physical, mental and social health of infants, children, adolescents, women, families and communities through these services via health information/statistics, environmental health, chronic diseases/health promotion, preventive health, epidemiology/surveillance, and access to essential health care services.

PROGRAM ACTIVITY:

Maternal, Child and Family Health

Maternal, child and family health is one of the Foundational Areas in the national Public Health System (PHS) framework. In Louisiana, the Bureau of Family Health, within the Office of Public Health, has the primary responsibility for carrying out the assessment, policy development, and assurance public health functions for this foundational area. The Bureau administers the state's Title V Maternal and Child Health Block Grant; the Title X Family Planning program; the State Perinatal Quality award; the Maternal, Infant, Early Childhood Home Visiting (MIECHV) awards; pediatric and perinatal mental health access grants; newborn genetic and hearing screening systems; children's special health services; support to advance access to adolescent school based health services; violence prevention, trauma and resiliency programming, the Louisiana Commission for the Deaf and multiple other programs, projects, and initiatives designed to monitor and improve reproductive health and birth outcomes and the health of babies, children, teens, adults and individuals with special needs. Programming also includes epidemiology, complex health analytics, and support to over 15 boards, commissions and councils.

Immunization

The Immunization Program is a public health prevention program designed to prevent disease, disability, and death in children and adults through vaccination. This is accomplished by the application of appropriate vaccines and epidemiologic control measures, surveillance, conducting assessments, identification and immunization of clusters of under immunized children, enforcement of immunization laws, promotion of immunizations of persons of all ages, assurance of systematic immunization of susceptible children, adolescents, and adults in organized settings, community outreach/collaboration, and management of vaccines.

Nutrition Services

Nutrition Services is comprised of programs including the Special Supplemental Nutrition Program for Women, Infants and Children (WIC); the Commodity Supplemental Food Program (CSFP); and the WIC Breastfeeding Peer Counselor (BFPC) Program. The overriding mission of Nutrition Services is to improve health outcomes, reduce disparities, and support nutrition security in Louisiana by providing healthy foods, nutrition education, breastfeeding support, and referrals to support services all through coordinated efforts across the landscape of stakeholders. Nutrition Services provides access to high quality supplemental food and nutrition education services, protects and promotes evidence-based nutrition education and breastfeeding practices, develops partnerships that utilize new and existing referral systems, partners with and monitors WIC-authorized grocery stores, and leads a concerted effort to improve access to healthy and culturally appropriate foods. Nutrition Services also partners with other public health programs in the Bureau of Family Health for maternal and child health services and the Bureau of Chronic Disease Promotion and Healthcare Access.

Infectious Diseases

STD/HIV/Hepatitis Program consists of several initiatives and services designed to prevent sexually transmitted diseases, HIV, and Hepatitis. The program ensures the availability of quality medical and social services for people living with or affected by HIV, and to track the impact of the epidemic in Louisiana. The goal of the program is to educate citizens regarding STD/HIV/Hepatitis prevention, to monitor disease trends, and to offer client-centered services via prevention, care and treatment services, surveillance and evaluation. The Tuberculosis Control Program prevents and controls tuberculosis through identification of cases, contacts, and those infected with TB, treatment of TB disease and infection, compliance monitoring, contact tracing, education, consultation with health professionals and other community partners, and implementation of quarantine measures. The TB Categorical Grant Sum is the federal funding source for these TB services. Program coordinate sexually transmitted disease (STD) efforts which are directed toward prevention, detection, and treatment of sexually transmitted diseases such as syphilis, HIV/AIDS, Gonorrhea, Chlamydia, Herpes, Trichomonas, and Chancroid. The program strives to prevent morbidity and mortality related to sexually transmitted diseases among the citizens of Louisiana.

Laboratory Services

The goal of the laboratory services is to provide accurate, legally defensible, and timely laboratory services for public safety and personal health use by state, federal, parish and municipal entities. Currently the LDH/OPH Public Health Laboratory provides chemical, biological, and genetic laboratory support for over thirty public health programs spanning a wide variety of activities such as infectious disease epidemiology and disease prevention, environmental epidemiology and hazardous substances regulation, newborn screening and genetic testing, disaster and emergency response testing including testing for biological and chemical threat agents. Testing is provided for correctional institutions, faith and community based organizations and school based health clinics that are participating in various health programs. The OPH Laboratories' testing is organized into two major subject matter areas: Clinical and Environmental Operations with testing specialties in Microbiology, Chemistry, Newborn Screening, Immunology, Molecular Biology and Virology.

Family Planning/Pharmacy

STATE OF LOUISIANA

Operational Plan Form

Program Goals

PROGRAM NUMBER AND NAME: 3262 - Public Health Services

Reproductive health services and family planning are an important preventive health service to help families space births and plan intended pregnancies to ensure positive birth outcomes and a healthy start for infants. Family planning services offered through the Office of Public Health statewide clinical network and includes physical exams, pregnancy testing, health screenings, laboratory testing, prescriptions, referrals, nutrition counseling and contraception as well as community outreach and coordination, and referral with community agencies and education and information on reproductive health.

Pharmacy Services is part of the treatment arm of direct services available through Public Health, supplying prescription drugs, over-the-counter drugs, and medical supplies for OPH Public Health Units (PHU) located throughout the State. Programs served include Family Planning, Tuberculosis, Sexually Transmitted Diseases, Hemophilia, Children's Special Health Services, and Genetics, and Maternal and Child Health. Pharmacy also serves as an information source for drug identification, doses, adverse reactions, side effects, drug/drug interactions, drug/food interactions, and nutritional and herbal questions.

Emergency Medical Services

Emergency Medical Services assures the quality of out of hospital care through the development of education and examination standards, through the credentialing of all emergency medical services practitioners and telecommunicators, and through the inspection and compliance assurance of emergency medical services providers in the state. The program provides for investigations of all complaints involving emergency medical services practitioners, providers, and facilitates the Emergency Medical Services Certification Commission.

Community Preparedness

The Center for Community Preparedness (CCP) serves as the catalyst that efficiently carries out the roles and responsibilities of the Emergency Support Function (ESF)- 8. ESF-8 is responsible for providing leadership for planning, directing and coordinating the overall State efforts to provide public health and medical services. The CCP uses an all-hazards approach to integrate State and local public health jurisdictions' preparedness for and response to public health threats. The CCP is organized according to National Incident Management System, Incident Command Structure to facilitate management for: Administration/Finance, Logistics, Operations and Planning. The CCP provides strategic direction in the development and implementation of plans that protect all citizens of this state from bioterrorist attacks, emergent infectious diseases such as COVID-19, and preventative medical needs.

Bureau of Chronic Disease Promotion and Healthcare Access

The goal of the Bureau of Chronic Disease Prevention and Healthcare Access (BCDPHA) is to develop community based and/or health system-level interventions to prevent chronic disease and to create access to primary care services for the uninsured, underinsured, and vulnerable populations of Louisiana. The Bureau works proactively to build the capacity of community health systems in order to provide integrated, efficient, and effective health care services and to promote healthy behaviors through public health interventions.

WISEWOMAN was created to help women understand and reduce their risk for heart disease and stroke by providing services to promote lasting heart-healthy lifestyles. Working with low-income, uninsured and underinsured women aged 35-64 years, the program provides heart disease and stroke risk factor screenings and services that promote healthy behaviors. Accounting for 1 in every 4 deaths, heart disease is the leading cause of death for women in the United States.

WellSpot designation program is to change the health environment in the spaces where we work, learn, eat, and live so that the healthy choice becomes the easy choice for Louisiana residents. The program works with businesses, restaurants, healthcare facilities, faith-based organizations, early childhood centers, schools, and colleges and universities to complete evidence-based benchmarks to promote the health of their clients and employees.

division collaborates with local, state, and national partners to establish programs and policies that address second-hand smoke exposure and support tobacco prevention and cessation initiatives for youth and adults.

Diabetes programs work to prevent and better manage diabetes for Louisiana residents by improving access and increasing participation to CDC-recognized lifestyle change programs (NDPPs) and ADA-recognized/ADCES-accredited Diabetes Self-Management Education and Support (DSMES) programs. Diabetes prevention and management programming consists of technical assistance to establish new DPP/DSMES sites, creating and strengthening community-clinical linkages, establishing DSMES telehealth sites, improving insurance coverage, and increasing awareness of prediabetes and diabetes resources.

Heart disease prevention programs help healthcare organizations implement best practices that allow their patients to better manage their hypertension and high cholesterol. BCDPHA connects these organizations with community resources and behavior change programs to provide patients with the information they need to prevent heart disease.

Oral health promotion program works to increase oral healthcare access for all citizens in the state and deliver community-based prevention services to decrease the prevalence of oral disease. As one of 20 states funded through the CDC's Division of Oral Health, BCDPHA uses CDC's best practices and focuses on improving and expanding School Sealant Programs (SSPs), Community Water Fluoridation (CWF) and Oral Health Surveillance.

School health and early childhood education program works to support healthier schools and early childhood education centers through partnerships, professional development and technical assistance to early childhood centers, schools and school districts. The program goal is to ensure all youth have a healthy start to a healthy future.

Rural health program provides assistance to Rural Health Clinics, Federally Qualified Health Centers, Critical Access Hospitals, and other healthcare centers to improve their financial stability. The rural health program provides information regarding state and federal reimbursement structures and connects healthcare centers with grant opportunities.

Primary care program aims to improve access to primary care for Louisianans throughout the state. The program collects information to certify Louisiana Parishes and communities as Health Professional Shortage Areas. This designation qualifies healthcare centers for additional programs and funding. The program also implements the State Loan Repayment Program, which provides incentives for primary care providers to practice in underserved areas, and the Louisiana Conrad State 30 program, which provides visas for physicians to practice in Health Professional Shortage Areas.

Vital Records & Statistics

The Bureau of Vital Records and Statistics registers, issues, and maintains records of all births, deaths, and Orleans parish marriages; collects marriage and divorce data for the state and issues burial transit permits to licensed funeral directors. The Bureau has a Vital Records Quality Management Unit which involves educating and training community partners and assisting initiators of vital event records with capturing data accurately and timely. The Bureau of Vital Records and Statistics promotes public health by providing data and statistical analysis of vital records and public health records to individuals and organizations at local, state, and national levels. The Vital Stats Co-op is utilized under this arm of the Vital Records program. The co-op is a cooperative agreement through which the National Center for Health Statistics purchases Louisiana vital statistics data without identifiers.

Sanitarian Services

The Food and Drug Unit protects the health of consumers by assuring that foods, drugs, cosmetics, and prophylactics manufactured, processed, packed, or sold in Louisiana are pure, safe, wholesome, perform as labeled or advertised, and are not likely to cause illness, injury, or death. The Commercial Body Art Program ensures the inspection of all facilities and equipment used in tattooing, body piercing, and permanent cosmetic application. Tanning facilities are inspected and issued operating permits to facilities and for equipment that exposes human skin to ultraviolet radiation. The program also has a Federal contract with the U.S. FDA to inspect food manufacturing/processing plants.

The Commercial Seafood program protects the health of consumers through regulatory enforcement activities. The Commercial Seafood Program permits and inspects all commercial seafood processors and distributors in the state and monitors the wholesomeness of imported seafood products. The program also has a federal contract with the U.S. FDA to inspect seafood

processing plants.

Infectious Waste prevents the spread of infectious diseases by regulating the packaging, transportation, and treatment of infectious biomedical waste by commercial individual transportation, storage, treatment, and health care facilities.

The Onsite Wastewater Program is responsible for the protection of public health through the education of homeowners who are required to install individual onsite wastewater systems; the training and licensure of individual wastewater system installers; the training of sanitarians; inspections of new and existing onsite wastewater systems; and the monitoring of an ongoing perpetual maintenance program throughout the state. This program has a limited responsibility for managing the private well program such as sample collection for fee (by request) and public information regarding private well safety.

The Retail Food Program prevents and minimizes food-borne disease outbreaks through consulting, monitoring, issuance of permits and regulation of food establishments and the standardization of licensed sanitarians. The program oversees the Food Safety Certification Program which consults with industry, monitors and administers the Food Safety Certification Program. This is accomplished by random checks of food service establishments for compliance with the food safety certification rule in the Louisiana Administrative Code, Title 51, issuing of food safety certificates, collection of fees, approval and monitoring of training programs, food safety courses and exams.

The Molluscan Shellfish program protects the health of consumers through regulatory and enforcement activities. Relating to Louisiana's oyster industry. The program reduces food borne illnesses from Molluscan Shellfish by assuring producers' compliance to guidelines set by the National Shellfish Sanitation Program.

The Milk and Dairy program protects the health of consumers through regulatory enforcement activities relating to milk production, ensuring compliance of milk plants and dairy farms to USFDA regulations, thereby assuring quality/safety controls and minimizing the risk of milk/dairy-borne illnesses.

Building and Premises Inspections assures safe and sanitary conditions for clients, residents, employees, and visitors of day care centers, residential facilities, schools, and public buildings.

The Cannabis Program regulates the state's therapeutic marijuana program and consumable hemp program.

The therapeutic marijuana program ensures that patients who have debilitating conditions as listed in La. R.S. 40: 1046 are able

to access high-quality therapeutics produced from marijuana in accordance with state laws and regulations. The program currently regulates marijuana manufacturers and will be tasked in 2025 with regulating dispensaries as well. The consumable hemp program registers all topical and ingestible products made from legal hemp produced under the U.S. Farm Bill and also inspects manufacturers and distributors of those products for compliance with sanitary regulations.

Drinking Water and Revolving Loan Fund (DWRLF)

Administration- The DWRLF program provides low-interest loans to eligible public water systems in Louisiana assisting them with compliance with Federal and State drinking water regulations.

Capacity Development- The Office of Public Health (OPH) conducts a formal Capacity Development Program for all new and selected existing public water systems in the state as well as all loan recipients. The objective of this program is to ensure, through assessment and assistance that public water systems have the technical, managerial, and financial capacity to properly operate and provide safe drinking water to the public. As a part of the Capacity Development Program, the Office of Public Health has also developed a management training program for the decision-making personnel of water systems, including mayors, councilmen, corporate officers, owners and managers, etc. The ultimate goal is for all public water systems in the state to receive this training.

Technical Assistance- Some of the DWRLF set-aside monies are designated for technical assistance to small public water systems serving under 10,000 population. The DWRLF has a circuit rider who makes on-site visits to these systems providing assistance with technical problems and/or managerial problems. The DWRLF program also contracts with outside parties to provide circuit riders for on-site technical, financial, and managerial assistance to water systems for Capacity Development purposes, as well as provide quarterly training sessions for these systems to educate them in basic public water system requirements, and operations and maintenance.

Safe Drinking Water Program (SDWP) Support- As staff support for the SDWP, the DWRLF program provides funding for a hydro geologist position responsible for compiling and interpreting the hydrogeological information relative to Louisiana aquifers and a Data Management position responsible for monitoring the statewide chemical drinking water sampling program as well as implementing the SDWIS/State Program. DWRLF is now paying for another SDWP position to assist in enforcement activities.

Environmental Epidemiology and Toxicology (SEET)

Environmental Epidemiology and Toxicology identifies toxic chemicals in the environment; evaluates the extent of human exposure and the adverse health effects caused by them; makes recommendations to prevent and reduce exposure to hazardous chemicals; and promotes public understanding of the health effects of chemicals in the environment each year.

Infectious Diseases Epidemiology (IDEpi)

The purpose of the Infectious Disease Epidemiology Section (IDEpi) is to monitor the distribution and determinants of infectious diseases in the community, to conduct infectious disease outbreak investigations, to institute disease control measures, to coordinate programs that prevent the spread of communicable diseases, and to conduct epidemiologic response to public health emergencies.

IDEpi conducts surveillance for more than 80 infectious diseases mandated as notifiable in the Louisiana Sanitary Code. Recommendations for prevention and control are made immediately in response to case identification in order to prevent secondary transmission. IDEpi staffs a 24/7 on-call line to ensure round-the-clock rapid response to potential public health threats. Outbreaks identified by surveillance systems or reported by the public or health professionals are investigated immediately in order to recommend preventive measures.

IDEpi also conduct program activities, including enhanced surveillance and targeted education, in the following areas: Viral Respiratory Disease, emerging Infections, Bioterrorism/Public Health Emergency Preparedness, Healthcare Associated Infections, Vector-Borne Disease, Food-Borne Disease, Water-borne Disease, Vaccine Preventable Disease, Fungal Disease, Syndromic Surveillance, Retail Meat Antimicrobial Resistance Monitoring, and Rabies Control.

PROGRAM NUMBER AND NAME: 3301 - Behavioral Health Admin Community Oversight

PROGRAM AUTHORIZATION:

Act 384 Mental Health Services Addictive Services 36:256(E); R.S. 28:771 et seq.

PROGRAM MISSION:

The Behavioral Health Administration and Community Oversight Program consists of results-oriented managerial, fiscal and supportive functions, including business intelligence, quality management, and evaluation and research, which are necessary to advance state behavioral health care goals, adhere to state and federal funding requirements, monitor the operations of Medicaid-related specialized behavioral health services (SBHS) and support the provision of behavioral health services for uninsured adults and children. The mission of the Behavioral Health Administration and Community Oversight Program is to monitor and manage a comprehensive system of contemporary, innovative, and evidence-based prevention, treatment and recovery support services for Louisiana citizens with serious behavioral health challenges, as well as external monitoring of specialized behavioral health services through clinical analysis and behavioral health subject matter expertise. Additional functions include quality strategy and compliance, planning, monitoring, and providing accountability in the delivery of mental health and addictive disorders services by statewide partners.

PROGRAM GOALS:

I. OBH will ensure that Louisiana citizens receive appropriate public behavioral health services through fiscal and programmatic oversight and monitoring activities, including the assurance that critical functions of specialized behavioral health services administered in a Medicaid managed care environment are being performed within expected standards. II. OBH will ensure accessibility of needed behavioral health services for Louisiana citizens, which will include expansion of Recovery Support Services to support the behavioral health population throughout the state. III. OBH will ensure that effective and efficient prevention services are provided statewide to promote overall wellness and to delay the initiation and progression of behavioral health disorders by increasing knowledge, awareness, and healthy behaviors.

PROGRAM ACTIVITY:

The Behavioral Health Administration and Community Oversight activity provides for the management and delivery of the services and supports necessary to improve the quality of life for citizens with mental illness and addictive disorders. Program staff act as monitors and subject matter consultants for Medicaid's Coordinated System of Care contract and the Healthy Louisiana plans, which manages specialized behavioral health services. OBH also delivers direct care through grants, and oversight of behavioral health community-based treatment programs through the human services districts and authorities, also known as local governing entities (LGEs). Services are provided for Medicaid and non-Medicaid eligible populations. Program staff support the overall purpose of OBH while working to further the OBH vision through the delivery of timely, person-centered, clinically effective, behavioral health and healthcare supports so that residents of Louisiana can experience positive behavioral health outcomes and contribute meaningfully to Louisiana's growth and development. Efforts are focused around building and providing a comprehensive, integrated, person-centered system of prevention and treatment services that promote recovery and resilience for all citizens of Louisiana, and to ensure that these behavioral health services are accessible, have a positive impact, are culturally and clinically competent, and delivered in partnership with all stakeholders. The Behavioral Health Administration and Community Oversight activity consists of 12 distinct sections: Behavioral Health Management, Medical Director, Emergency Preparedness, Fiscal Operations, Grant and Contract Management, Business Intelligence, Health Plan Management (HPM) Operations, Preadmission Screening and Resident Review, HPM Quality Management, Community Based Supports and Program Compliance, Addictions Enhancements and Accountability, and Wellness and Prevention Monitoring.

PROGRAM NUMBER AND NAME: 3303 - Hospital Based Treatment

PROGRAM AUTHORIZATION:

Louisiana Revised Statutes Title 28

PROGRAM MISSION:

The mission of the Hospital Based Treatment Program is to provide comprehensive, integrated, evidence informed treatment and support services enabling persons to function at their optimal level thus promoting recovery.

PROGRAM GOALS:

I. The Hospital-Based Treatment Program will promote recovery through the efficient use of evidence-informed care and successful transition to community-based services. II. Through the Hospital-Based Treatment Program, OBH will provide services to individuals involved with the court system in compliance with the ELMHS Settlement Agreement.

PROGRAM ACTIVITY:

Civil Intermediate - Clients admitted to civil intermediate meet criteria for intensive inpatient treatment. The treatment team assigned to the patient works with the individual patient and other involved parties including the court system if appropriate, to coordinate discharge planning that would enable them to transition into the community setting with appropriate follow up. · Forensic Services - ELMHS is the only one of the state's freestanding psychiatric facilities that includes a division solely designated for the provision of inpatient psychiatric treatment to forensic clients. The state is required to provide psychiatric treatment to forensic clients; and in the case of those requiring competency restoration services, within 15 days from the date of the court order, or two days if the client's needs are determined to be emergent. Although forensic clients make up the majority of the beds, clients may also be ordered through the civil court system to the civil intermediate program. · Hospital Administration and Oversight - The administration of the hospital system and the provision of the necessary support services are critical to meet the demands of the clients while maintaining licensure, accreditation, life safety, and therapeutic mandates. · Hospital-Affiliated Community Services - The ELMHS Community Forensic Services Department (CFS) provides for the supervision and community tracking of over 400 clients in the Conditional Release Program (Con-Rep). The court has ordered that clients who are involved in this program must be monitored and tracked by CFS in order to be conditionally released into the community; otherwise, they would be returned to the inpatient forensic hospital. Specific services available for Con-Rep clients include daily living skills, preparation for vocational adjustment, re-entry into the community, and medication and symptoms management. ICF-ID Community Group Homes are Medicaid-funded facilities that provide an additional pathway to transition clients from the inpatient psychiatric hospital into the community.

STATE OF LOUISIANA

Operational Plan Form

Program Goals

PROGRAM NUMBER AND NAME: 3401 - Administration and General Support

Administration.

- This activity centralizes the management functions, including waiver services, and provides direction and oversight in carrying out both legislative mandates and programmatic responsibilities on behalf of people with developmental disabilities and their families.
- The activity further manages the administrative support functions including accounting and budget control, procurement, contracts, property control, travel and fleet coordination, communications, and information systems management.
- This activity provides leadership to appropriated functions relative to the Statewide Resource Center, the Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID) Programmatic Unit, and the costs associated with closed facilities.
- This activity further provides support to LDH 24-Hour Facilities leadership with regard to the two state-operated facilities that serve individuals with developmental disabilities, the Central Louisiana Supports and Services Center and the Pinecrest Supports and Services Center.

Resource Center

The Resource Center activity directs and manages the activities of clinicians statewide, including the Community Support Teams and Psychologists, who provide training, consultation, technical assistance to service and caregiver resources in the community (i.e., private support staff agencies, community homes, families, and schools) to meet the complex medical, behavior and psychiatric support needs of persons with disabilities in existing community settings and to avoid institutional placement. The activity uses public resources to expand private service capacity and assist the private sector in meeting higher, needed standards of care for individuals with developmental disabilities and complex support needs.

Closed Facilities

The Closed Facilities costs activity provides for the legacy costs associated with public facilities that have either closed or whose operations have been privatized, as well as the maintenance costs for remaining properties. An ICF/IID is a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to individuals with developmental disabilities whose primary need is for developmental services and who may have a recurring, but intermittent, need for skilled nursing services. Historically, OCDD operated nine ICF/IID facilities. Three of the original state-operated facilities were privatized through Cooperative Endeavor Agreements; two of these facilities remain open today and are actively engaging in a downsizing plan. Six of the original facilities have been closed. The costs funded through this activity may include group insurance for retirees from closed or privatized facilities, risk management costs associated with those facilities, and certain operating and maintenance costs.

OCDD Programmatic Unit

The OCDD Programmatic Unit activity provides in-depth technical assistance, training, monitoring and data tracking for ICF/IID Cooperative Endeavor Agreement (CEA) facilities, and consultation upon request to support quality processes to private ICF/IID facilities. ICF/IID CEA monitoring and ICF/IID engagement is intended to ensure that supports and services are planned and provided in a person-centered manner and that the identified supports and services align with the desired outcomes for people who reside in private ICF/IID facilities, as well as those operated under a CEA. This includes 529 facilities and close to 3,900 recipients statewide.

Monitoring and Analytical Support

The Monitoring and Analytical Support unit analyzes service utilization and expenditures as well as monitoring programs and processes that impact supports for individuals with developmental disabilities. The unit is responsible for obtaining data from the Medicaid Data Warehouse and reporting it to leadership for budget projections and decision-making. In addition, the demographic and service utilization data is reported annually on national surveys, which are viewed by stakeholders as indicators of performance.

Program Goals

PROGRAM NUMBER AND NAME: 3402 - Community-Based

PROGRAM AUTHORIZATION:

R.S. 28:451.1 through 455.2 and R.S. 28:821-824

PROGRAM MISSION:

The mission of the Community-Based Program is to effectively and efficiently implement community-based programs in a manner that is responsive to people with developmental disabilities and their families and that promotes independence, participation, inclusion, and productivity at home and in the community through an array of services and supports that include utilization of natural supports.

PROGRAM GOALS:

1. To develop and manage in a fiscally responsible way the delivery of an array of community-based supports and services so that people with developmental disabilities achieve their person-centered or family-driven outcomes in the pursuit of quality of life, well-being, and meaningful relationships.
2. To increase community capacity and competence in a manner consistent with evidence-based practice and national standards of care in order to meet the identified needs of people with developmental disabilities, including the capacity of families, government agencies, and community organizations and businesses, as well as the capacity of those providing specialized disability supports and services.

PROGRAM ACTIVITY:

Central Office.

The Central Office activity provides statewide oversight, management or administrative support for the delivery of state developmental disability services. This oversight, management or support includes the delivery of individualized community-based supports and services, programmatic management of Home and Community-Based (HCBS) waiver services funded through the Medicaid Program, and support through assessment, information/choice, planning, and referral, in a manner that affords opportunities for people with developmental disabilities to achieve their personally defined outcomes and goals. Community-Based services and programs include, but are not limited to, Flexible Family Funds, Individual and Family Support, State-Funded Case Management, Pre-Admission Screening and Resident Review (PASRR), Intermediate Care Facility for Persons with Developmental Disabilities (ICF/DD) Certification, Single Point of Entry, Early Steps and waivers (New Opportunities Waiver, Children's Choice Waiver, Supports Waiver, and Residential Options Waiver).

EarlySteps.

EarlySteps is Louisiana's early intervention system for children ages birth to three years of age with disabilities and/or developmental delays. Services provided include: audiology, speech-language therapy, occupational therapy, physical therapy, special instruction, assistive technology, service coordination, medical evaluation, health services, nursing services, vision services, social work services, psychology services, family training, nutritional services, and transportation.

Money Follows the Person.

The Money Follows the Person activity provides for the administration of the Money Follows the Person Rebalancing Demonstration Grant. Functions include direct contact with persons in facilities to discuss transition options, facilitate planning for transition, provide financial supports and linkages for transition, and to monitor the service recipient after transition for one year, measuring and ensuring goals related to health, welfare, and quality of life are met.

Request for Services Registry (RFSR)/Screening for Urgency of Need (SUN).

The RFSR/SUN activity provides for screenings for urgency of need for participants in determining a prioritization for access for 1915c Home and Community Based Services managed through OCDD and funded through the Medicaid Program. The screenings allow persons with more critical need for services to more efficiently gain access to these services. It is believed that these screenings will allow the state to avoid more costly institutional placements and possibly avoid intensive acute care services.

PROGRAM MISSION:

The mission of Residential Services activity is to support people with intellectual and developmental disabilities to reach treatment goals and to return to more integrated community living settings. The Residential Services activity specializes in the treatment of people with comorbid intellectual and developmental disabilities and complex medical, behavioral, and psychiatric support needs.

PROGRAM GOALS:

Residential Services Goals: 1. To provide specialized residential services to individuals with intellectual and developmental disabilities and comorbid complex medical, behavioral, and psychiatric needs in a manner that supports the goal of returning or transitioning individuals to community-based service options. 2. To provide services in a manner that is efficient, effective and supports choice, dignity and quality of life.

PROGRAM ACTIVITY:

Residential Services.
The Pinecrest Supports and Services Center (PSSC) is a large state-operated 24-hour active treatment facility serving adults and adolescents with developmental disabilities (DD) and comorbid behavioral, psychiatric, medical, and/or physical issues and support needs which significantly limit or preclude their ability to live in home and community based settings. PSSC serves as the safety net for Louisiana's Developmental Disabilities service system with residents from all regions of the state. PSSC provides a unique array of services to the most difficult to serve members of the DD population including psychological services, active treatment, autism services, psychiatry, medical and dental services, nursing services, allied health services, day training and vocational services, laboratory and pharmacy services, and residential services.

PROGRAM NUMBER AND NAME: 3751 - Imperial Calcasieu Human Services Authority

PROGRAM AUTHORIZATION:

The Imperial Calcasieu Human Services Authority is organized under the following provisions of the Louisiana revised statutes (LSA-RS): R.S. 373.

PROGRAM MISSION:

The mission of Imperial Calcasieu Human Services Authority (ImCal HSA) is that citizens with mental health, addictions, and developmental challenges residing in the parishes of Allen, Beauregard, Calcasieu, Cameron, and Jefferson Davis are empowered, and self-determination is valued such that individuals live a satisfying, hopeful, and contributing life.

PROGRAM GOALS:

Administration: Administration shall ensure that services are provided in accordance with applicable licensure requirements, laws, rules, and regulations and that the highest level of ethical standards are adhered to in all functions of operations. Behavioral Health: A. Enhance the quality of life of the persons served and their families.
B. Successfully engage clients in services and support their active engagement with behavioral interventions that encourage and reward positive behaviors.
C. Build positive relationships with clients and demonstrate unconditional positive regard in all interactions with persons served.
D. Motivate clients to make positive behavioral changes in order to reduce symptoms and build resilience.
E. Empower clients to successfully manage their own symptoms and behavior to increase personal independence and integration into the community.
Developmental Disabilities: A. Enhance the quality of life of the persons served and their families.
B. Build positive relationships with clients and demonstrate unconditional positive regard in all interactions with persons served.
C. Empower clients to successfully manage their own activities of daily living to increase personal independence and integration into the community.
D. Provide quality home-based, person-centered services to enable participants to remain in the community.
E. Serve as the Single Point of Entry into the developmental disability services system.

PROGRAM ACTIVITY:

The Louisiana Department of Health (LDH), its program offices and the Louisiana Legislature have created a statewide integrated human services delivery system with local accountability and management to provide behavioral health and developmental disabilities services. These local human service systems are referred to as local governmental entities (LGEs). LGEs feature practices such as a framework anchored in clear policy objectives, well-defined local roles and responsibilities, and measures to assure accountability of delivering quality services to individuals that assist in determining the relative efficiency and effectiveness of public systems. Act 373 of the 2008 Legislative Session, requires that LDH shall not contract with a new LGE until DHH, in consultation with the Human Services Interagency Council (HSIC), has determined and confirmed in writing to the governor that LDH is prepared to contract the provision of services to the LGE after the LGE has successfully completed the Readiness Assessment. The Imperial Calcasieu Human Services Authority was created by Act 373 in the 2008 Legislative Session for the parishes of Allen, Beauregard, Calcasieu, Cameron and Jefferson Davis. ImCal HSA provides a comprehensive system of services addressing the ongoing Behavioral Health needs of individuals with mental, substance use or emotional/behavioral disorders in the community via direct program operation or provision of funding for services thru contractual agreements. ImCal HSA operates outpatient and intensive outpatient behavioral health programs which provide mental health and substance use services for children, adolescents and adults. The scope of core services provided within these programs include screening, triage, and referral; psychosocial assessment and psychiatric evaluation; person-centered treatment planning; individual and group counseling; psycho-education; medication management; peer support groups, comprehensive transition and discharge planning. Lake Charles Behavioral Health Clinic, the largest of the clinics within ImCal HSA also provides primary care services through SAMHSA Primary Care and Behavioral Health Integration Grant funding. Contracted services include substance abuse prevention, intensive and non-intensive residential addiction services, medically supported detoxification, case management, housing, crisis intervention and referral, community based treatment and support services, outreach and referral for homeless or other underserved populations, and consumer care resources to provide financial support. All Behavioral Health clinics in the Imperial Calcasieu Human Services Authority participate as Medicaid Application Centers for persons requesting services. ImCal HSA provides core services for individuals with Developmental Disabilities which consist of serving as the Single Point of Entry (SPOE) into the Developmental Disabilities (DD) Services System and providing support coordination services to individuals and their families through DD and other available community resources. DD services include the assessment of needs for support and services, development of individual plans of support, making applicable referrals, and providing ongoing coordination for the individual's support plans. Targeted services are centered on Home and Community-Based Services Waiver programs and Federal criteria which allow services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. The Family Support Program is designed to assist individuals whose needs exceed those normally used resources in the community, and other natural resources available. Individual and Family Supports include but are not limited to: respite care, personal assistance services, specialized clothing, such as adult briefs, dental and medical services not covered by other sources, equipment and supplies, communication services, crisis intervention, specialized utility costs, specialized nutrition, and family education. The Flexible Family Fund Program is intended to assist families with children with severe or profound disabilities to offset the extraordinary costs of maintaining their child in their own home. The program provides a monthly stipend to families of children who have qualifying exceptionalities identified through their local educational authority.

PROGRAM NUMBER AND NAME: 3761 - Central Louisiana Human Services District

The Central Louisiana Human Services District program includes the following activities:

Administrative Activity

The Central Louisiana Human Services District was created by Act 373 in the 2008 Legislative Session for the parishes of Grant, Winn, LaSalle, Catahoula, Concordia, Avoyelles, Rapides and Vernon. The Central Louisiana Human Services District utilizes an electronic health record to assist with continuous documentation efforts, scheduling of clients to maximize provider time, invoicing and billing procedures to improve collection efforts and standardization of forms/procedures. Central Louisiana Human Services District has received 3 year national accreditation with CARF for its behavioral clinics sites within the region and seeks to maintain the standards of care that are set forth by the CARF accreditation agency for the programs that have been approved for accreditation. The mission of the Administration Activity is to ensure the functioning of the organization at an optimum level of performance in administrative and programmatic quality, while meeting federal, state and other regulatory authorities' guidelines. The Goal of the Administration activity is to oversee and direct the provision of behavioral health and developmental disabilities services in the District. The framework for LGEs consists of clear policies, goals and objectives, well-defined local roles and responsibilities, performance measures that assure accountability for the quality of service delivery and are instrumental in assessing the relative efficiency and effectiveness of public systems.

Behavioral Health

Behavioral Health is an activity that includes services provided to Mental Health and Addictive Disorders populations. All Behavioral Health clinics in the Central Louisiana Human Services District serve as Medicaid Application Centers for persons requesting services. CLHSD provides behavioral health and developmental disability services for the residents of Avoyelles, Catahoula, Concordia, Grant, LaSalle, Rapides, Vernon and Winn parishes.

Mental Health

The current budget for mental health services in the Central Louisiana Human Services District catchment area provides for outpatient clinic services for children over the age of five, adolescents, and adults. Core services include screening, assessment, crisis evaluation, individual, group and family counseling and medication management which includes administration, education and screening for people with co-occurring disorders. Contracted services include: Care coordination services.

Addictive Disorders

The District provides Outpatient and Intensive Outpatient (IOP) services for Adults. Residential services are offered via two contracted programs, one serving adults with addictive disorders. Prevention services for addictive populations are implemented by contract providers. The mission of the Behavioral Health Activity is to provide the people we serve with access to comprehensive, integrated, person-family centered system of prevention and treatment services that promote recovery and resilience, have a positive impact on the individual and its community and are culturally and clinically competent and are delivered in partnership with all stakeholders.

Developmental Disabilities

The mission of the Developmental Disabilities activity is to assess the need for support and services of developmentally disabled clients and to develop individual plans that will meet those needs, including referrals and coordination of appropriate services. Developmental Disabilities core services consist of serving as the Single Point of Entry (SPOE) into the Developmental Disabilities (DD) Services System and providing support coordination services to individuals and their families through DD and other available community resources. Staff members assess the needs for support and services, develop individual plans of support, make applicable referrals, and provide ongoing coordination for the client's support plans. Targeted services are centered on Home and Community-Based Services Waiver programs and Federal criteria which allow services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. The Family Support Program is designed to assist individuals whose needs exceed those normally used resources in the community, and other natural resources available. PROGRAM NUMBER AND NAME: 3771 - Northwest Louisiana Human Services District

The Northwest Louisiana Human Services District is one program comprised of administrative, behavioral health and developmental disabilities functions. Northwest Louisiana Human Services District was created by Act 373 of the 2008 Legislative Session as part of a statewide integrated human services delivery system with local accountability and management to provide behavioral health and developmental disabilities services. These local human service systems are referred to as local governmental entities (LGEs) and feature practices such as a framework anchored in clear policy objectives, well-defined local roles and responsibilities, and measures to assure accountability of delivering quality services to consumers that assist in determining the relative efficiency and effectiveness of public systems. Northwest Louisiana Human Services District completed the formation process in 2014 and now serves the parishes of Caddo, Bossier, Webster, Claiborne, Bienville, Red River, Desoto, Sabine and Natchitoches. Administrative services include board governance, executive management, human resources, fiscal services, and operations. The Northwest Louisiana Human Services District is the state's safety-net behavioral health service provider for the uninsured and underinsured in our service area and fiscal services bill for reimbursable services provided to clients insured by Medicaid, Medicare, and other insurance companies or contracted entities. Northwest Louisiana Human Services District provides community behavioral health services to help individuals and families reach their greatest potential. All individuals requesting services are provided equal access regardless of their payment source. A comprehensive array of mental health, addiction and co-occurring services are provided to its identified targeted population of children and adolescents ages 5 through 18, with severe emotional or behavioral disorders or addictive disorder and adults with mental health, addictive or co-occurring disorders. The target population for adults is those individuals with major mental disorders who meet functional assessment criteria under the 1915(i) state plan and individuals requesting medically necessary substance use services. Accessibility of service to persons in need and continuity of care between one service component and another is an integral part of the service delivery system. Northwest Louisiana Human Services District catchment area provides behavioral health services through four outpatient clinics. Outpatient clinic based services include: Information/Referral, Screening/Assessment/Evaluation, Nursing (Injections, HIV, STD and Pregnancy Testing), Individual, Family and Group Counseling, Community Psychiatric Support and Treatment (CPST), Medication Management, Outpatient and Intensive Outpatient Addiction Treatment Services, Co-Occurring Group Therapy, Peer Support Services, Pharmacy Services and Laboratory Services. Contracted mental health services include evidence-based practice Assertive Community Treatment Services, Case Management Services, Homeless Outreach, Consumer Care Resources, Transportation and Supported Housing. Contracted addiction services include Primary Prevention, Residential Adult Treatment, Inpatient Adolescent Treatment and Gambling Treatment (Outpatient, Intensive Outpatient and Inpatient). Service delivery includes full participation in the specialized behavioral health services through the Healthy Louisiana Plans. All Behavioral Health clinics in the Northwest Louisiana Human Services District participate as Medicaid Application and Voter Registration Centers for persons requesting services. Developmental Disabilities serves as the Single Point of Entry (SPOE) into the Developmental Disabilities (DD) Services System. Support Coordination services are provided to individuals and their families through DD where staff members are assigned cases and assess the needs for support and services, develop individual plans of support, make applicable referrals, and provide ongoing coordination for individual support plans. Services through the Home and Community-Based Waiver programs allows services to be provided in a home or community-based setting for the recipient who would otherwise require institutional care. This program is Medicaid funded and allows people greater flexibility to choose where they want to live and choose services and supports that best suit their individual needs. The Individual and Family Support Program is designed to assist individuals whose needs exceed those normally met by use of existing resources in the community, and other natural resources available. IFS provides assistance to individuals that are not available from other resources which will allow people with developmental disabilities to remain in their home or with family in the community. Individual and Family Supports services include but are not limited to: respite care, personal care assistance, specialized clothing such as adult briefs, dental and medical services, equipment and supplies, communication devices, crisis intervention, specialized utility costs, and specialized nutrition. The Flexible Family Fund Program is intended to assist families with children with severe or profound developmental disabilities to offset the extraordinary costs of maintaining their child in their own home. PROGRAM MISSION:

The mission of the Office of the Secretary within Corrections Services is to oversee development and implementation of departmental policy and to give direction and lend support in the administration, control, and operation of departmental programs and other activities related to offenders placed in State custody by the courts. To afford this direction and support, the Office provides department-wide administration, policy development, financial management and leadership, sets the standard for ongoing audit programs, and maintains a corporate culture for management excellence.

PROGRAM GOALS:

- I. Continue to lead the nation in correctional services by maintaining rigorous operational standards.
- II. Assist victims, support community needs, and offer offenders an opportunity to make amends.
- III. Sustain reentry efforts to ensure the focus on reentry in Louisiana is maintained on an annual basis.

PROGRAM ACTIVITY:

To afford department-wide direction and support, the Office of the Secretary Program provides department-wide administration, policy development, financial management and leadership, sets the standards for ongoing audit programs, and maintains a corporate culture for management excellence. The department Secretary is responsible for the functioning and control of all programs within the department. The Secretary formulates regulations and determines policies regarding management, personnel and total operations. The Deputy Secretary is responsible for special duties and functions as assigned by the Secretary.

Executive support staff ensures that all administrative functions are carried out. The Legal Services Section represents and defends the department in pertinent litigation, including civil service matters. The chief of staff serves as chief administrative officer of the department's executive and administrative operations, coordinates headquarters policies, and addresses and resolves broad administrative issues that impact the whole department. The Office of the Secretary Program also maintains the Crime Victims Services Bureau, which publicizes and provides a way for crime victims and their family members to be kept informed about: successful court appeals; parole board or pardon board hearings or other release hearings; information regarding dates of possible release from physical custody, escape, apprehension or otherwise; and inquiries concerning the department's policies and programs for inmates. The office is also responsible for implementation of and reporting on Project Clean-Up, a joint effort of the Department of Public Safety and Corrections (DPS&C), Corrections Services, and the Department of Transportation and Development (DOTD). Project Clean-Up was developed and implemented to improve the appearance of roads and highways across the state. The project involves DPS&C offender crews for litter pickup and DOTD work crews for mowing and litter collection. In addition to picking up litter, adult offenders suitable for outside work details are assigned to clean out ditches, mow grass, and perform general maintenance tasks to help improve the state's appearance. Project Clean-Up offender crews are supervised by correctional officers who are equipped with radios and telephones.

PROGRAM MISSION:

The mission of the Office of Adult Services is to provide administrative oversight and support of the operational programs of the adult institutions. The Chief of Operations leads and directs the Department's audit team, which conducts operational audits of all adult institutions and local facilities and assists all units with matters relative to the maintenance of ACA accreditation. Staff in this office also support the Administrative Remedy Procedure (offender grievance and disciplinary appeals). The Office of Adult Services also provides oversight of local facilities.

PROGRAM GOALS:

- I. The Adult Services Program will maximize capacity utilization.
- II. The Adult Services Program will provide basic/broad-based educational programs to adult offenders who are motivated to take advantage of these services and have demonstrated behavior that would enable them to function within an educational setting.
- III. Prepare offenders for release through implementation of innovative programs and initiatives.
- IV. Maximize public safety through appropriate and effective correctional, custodial, and supervisory programs.
- V. To provide constitutionally acceptable levels of health care that reflect community care standards and operate in an efficient and cost-effective manner.
- VI. To develop and implement a comprehensive mental health program to screen, diagnose and treat mental illness, developmental disabilities, and substance abuse.

PROGRAM ACTIVITY:

Louisiana has 8 state adult correctional facilities. Louisiana's adult prison system came under federal court order in June 1975. During 1997, ten adult state prisons were released from the federal consent decree, under which all state prisons had operated since 1983, (except for a brief period of time when nine had been released from the consent decree). The remaining adult facility, Louisiana State Penitentiary, was released from court supervision in April 1999. According to the 2018 Southern Legislative Conference survey conducted by the Legislative Fiscal Office, Louisiana has the highest incarceration rate in the 15 southern region states – 730.45 offenders per 100,000 population compared to the southern average of 488.16 offenders per 100,000 population.

PROGRAM AUTHORIZATION:

R.S. 15:821-840.2 and R.S. 36:401-409

PROGRAM MISSION:

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, 3) Health Services and 4) Diagnostic (EHCC). It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

PROGRAM GOALS:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

PROGRAM ACTIVITY:

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.) The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training and institutional work programs. The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities. The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

Program Goals

PROGRAM NUMBER AND NAME: 4031 - Youth Services

Program Management

The Program Management Activity will design, implement, and administer a state-level system of care, custody and supervision that serves the needs of youth and their families and assists courts of proper jurisdiction; act on behalf of public safety by preventing and/or deterring delinquent behavior by youth; protect public safety by providing safe, secure, humane, and rehabilitative institutional programs for violent youth; provide a diversified system of community services for youth and their families, including probation, aftercare, residential and nonresidential interventions; and coordinate with local and regional governmental agencies and courts to develop intervention programs. The Administration Activity standardizes as much as possible in order to increase economy and efficiency in areas of responsibility; provides beneficial administration, policy development, leadership, and develops and implements staffing standards/formulas for juvenile services.

Treatment Services

Swanson Center for Youth, Columbia Center for Youth, Acadiana Center for Youth and Bridge City Center for Youth provide services to youths that have been adjudicated to secure care custody. When a youth arrives in secure care custody, an Individualized Intervention Plan (IIP) is developed for him by a multi-disciplinary team. The IIP is based on a risk-assessment and psychological evaluation and is designed to ensure that the youth receives needed services. The IIP is periodically reviewed and refined in order to ensure that the youth makes continuous progress.

Supervision Services

The Regions provide probation and parole supervision, residential and non-residential treatment services for adjudicated youth, status offenders and their families while protecting public safety.

Continuum of Care

To empower families and individuals to become self-reliant, the OJJ utilizes policies and guidelines initiated by the Children's Cabinet to address the many needs of families and the effects of youth offenders on the family unit. Contract Services develops, through community partnerships, contracts which will provide an environment which eliminates destructive behavioral patterns through prevention/diversion programs. These programs vary and present opportunities in skills training for youth, their siblings, and their families. Programs also focus on education, mentor tracker services, family centered services, early intervention, counseling and therapy, local courts, and provide therapeutic intervention to individuals and their families. Services are extended to parents and youth by their involvement in interactive sessions to improve general communicative skills and may include social and emotional adjustment and independent living skills, all of which support the additional goal of Safe and Thriving Children and Families

PROGRAM NUMBER AND NAME: 4052 - Incarceration

PROGRAM AUTHORIZATION:

R.S. 15:821-840.2 and R.S. 36:401-409

PROGRAM MISSION:

The Incarceration program is comprised of the following activities: 1) Incarceration, 2) Rehabilitation, 3) Health Services and 4) Diagnostic (EHCC). It is the mission of the Incarceration activity to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and offenders. The mission of the Rehabilitation activity is to provide an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The mission of the Health Services activity is to provide the appropriate level of healthcare to the offender population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs. The mission of the Diagnostic activity is to provide newly-committed State offenders with a complete medical examination, a thorough psychological evaluation, and an in-depth social work-up.

PROGRAM GOALS:

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

PROGRAM ACTIVITY:

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.) The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training and institutional work programs. The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities. The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

- I. The Incarceration program will continue to provide for the safety of the correctional staff and offenders by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- II. To further rehabilitative efforts by providing an environment that enables behavioral changes by making rehabilitation opportunities available to offenders, which will increase their odds of being successfully reintegrated into society. The statewide Rehabilitative performance indicators can be found in the Corrections Administration/Adult Services Program.
- III. Through the provision of quality health services, assure that the health of all offenders is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain offender health.
- IV. Through the diagnostic process, effectively classify, reclassify, and place offenders in the facility best suited to the offender's and society's needs.

PROGRAM ACTIVITY:

The Incarceration activity encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of offenders and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the offender population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves offender crews for litter pickup and DOTD work crews for mowing and litter collection.) The Rehabilitation activity provides rehabilitation opportunities to offenders through literacy, academic and vocational educational programs, religious guidance programs, recreational programs, on-the-job training and institutional work programs. The Health Services activity provides medical services including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities. The Adult Reception and Diagnostic Center (ARDC) provides modern facilities and procedures for diagnostic and classification services at HRDC and FRDC. Newly committed state offenders receive a complete medical examination, a thorough psychological evaluation, and an in-depth social workup. At the end of this two-week-long process, offenders are assigned to one of the state correctional facilities. This placement is based on security status, specific needs of each offender, and institutional availability and needs. Offenders are then transferred to the facility best suited to their own needs and the needs of society. Adult male offenders are screened upon intake at the ARDC.

PROGRAM AUTHORIZATION:

R.S. 36:406 (A), (B) and (C)

PROGRAM MISSION:

To provide effective management and support services in an efficient and professional manner to all agencies within Public Safety Services and to public and private entities

PROGRAM GOALS:

- I. To promote efficient, effective, results-oriented services that will enhance the general management of the Department.
- II. Through the Office of Legal Affairs, to provide effective, efficient, and professional legal services to the Department of Public Safety agencies.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY:

- Management and Finance Administration is the chief operations activity for all agencies within Public Safety Services. It also handles all administrative functions (Human Resources, Finance, Budget, Internal Audit) for the Governor's Office of Homeland Security and Emergency Preparedness and the Office of Juvenile Justice. Administrators promote responsible management and use of state/federal resources and focus on delivering results aligned with the state's priorities through measures defined in the department's strategic plan. Administrators conduct audits and provide consulting services to assist agency managers in carrying out assigned responsibilities and compliance with laws, rules and regulations. On a daily basis, this activity is responsible for ensuring compliance with all laws and regulations in regards to information technology, revenue and budget management, purchasing, facility management, human resources, contract/lease management, internal audit, property control, risk management and multiple other business functions. This responsibility encompasses over \$2B and approximately 3,600 employees and demands accurate, reliable and accountable information, collection and disbursement of revenues and support of agencies performing direct public service. Another responsibility is to guide department management in the effective discharge of their responsibilities by measuring compliance with department and state policies and procedures, and state and federal statutes. Finally, the activity provides Public Safety Services with analyses, appraisals, recommendations, and information concerning the activities audited.

PROGRAM ACTIVITY:

- The Support Services Activity provides various services to achieve a transparent, accountable and effective support function. Revenue and Budget Management provides management and accounting for over \$2.6 billion in revenue collections and facilitates the procurement and payment of all necessary materials and supplies to accomplish our public safety goals: development, preparation, and monitoring of department budgets, fiscal note preparation and fiscal projections for all agencies within Public Safety Services. Human Resources is responsible for ensuring compliance with Civil Service and State Police Commission rules and regulations and DPS policies and procedures with regard to employee classification, induction, and pay, benefits, training, performance management, recruiting and retention. Facility Services maintains all DPS infrastructure, coordinates facility repairs, and performs preventative maintenance.

PROGRAM ACTIVITY:

- The Office of Legal Affairs (OLA) provides legal consultation to Public Safety Services (PSS). OLA provides legal services in connections with development and implementation of policies relating to the application of the following: Family and Medical Leave Act; Americans with Disabilities Act; Equal Employment Opportunity Act; Health Insurance Portability and Accountability Act; and Uniformed Services Employment and Reemployment Rights Act. OLA also provides legal services relating to the application of rules of the State Police Commission and Civil Service Commission as they affect the employment of PSS employees. OLA provides representation to PSS in legal proceedings pertaining to Driver's License (DL) suspensions, criminal history records, sex offender registry, motor vehicle registration, and DNA databases.

PROGRAM MISSION:

The Traffic Enforcement Program is dedicated to improving public safety through public education, training, and enforcement of statutes and regulations. The Program ensures compliance with commercial and private motor vehicle laws and regulations.

PROGRAM GOALS:

- I. Ensure safety on Louisiana's highways through proactive patrol and the enforcement of statutes and regulations.
- II. Make Louisiana roads safer by enforcing the laws and regulations governing commercial motor carriers, commercial motor vehicles, and the drivers who operate them. In addition, continue partnering with the Federal Motor Carrier Safety Administration (FMCSA) to work towards compliance with an effective roadside inspection program, aggressive traffic enforcement, and public education.

PROGRAM ACTIVITY:

STATE OF LOUISIANA

PROGRAM NUMBER AND NAME: 4191 - Traffic Enforcement

PROGRAM ACTIVITY: Traffic Patrol

Act 120 of 1922 essentially established an agency, which evolved into the present-day State Police, to enforce laws regulating the use of highways. Troopers assigned to troop locations are responsible for promoting highway safety through education and enforcement of the Highway Regulatory Act, in addition to enforcing all criminal laws. Their primary duties include investigating vehicle crashes and protecting the public, both on and off the highway. The Louisiana State Police Patrol enforces traffic and criminal laws, investigates crashes, performs drug interdiction, aids motorists, provides accurate communication of information to the public and other agencies, conducts crime prevention programs, promotes highway safety, and leads and assists local and state law enforcement agencies.

PROGRAM ACTIVITY: Transportation and Environmental Safety Section

Transportation and Environmental Safety Section (TESS) is comprised of Weights and Standards, Towing and Recovery, Right to Know, and Hazmat. The DPS Weights and Standards Police assure the safety of the motoring public and protect the highway infrastructure by enforcing state and federal commercial vehicle weight and size requirements. DPS Weights and Standards Police consists of POST certified officers who are the sole enforcement authority of Portable Scale operations and who collaborate with fixed scale operations to provide accurate and timely communication of related information. LSP is the statutorily mandated authority to respond to and investigate all hazardous material incidents to determine possible causes and enforce any violations of the Louisiana Hazardous Materials Regulations. Hazmat is responsible for coordinating a Statewide Response System for mitigating these incidents, inspecting chemical plants, conducting roadside inspections of commercial motor vehicles involved in transporting hazardous materials, conducting safety education to the chemical industry, and assisting all local and state agencies on hazardous material-related incidents. Federal law mandates Louisiana to collect the previous year's chemical inventory from chemical manufacturing plants and other facilities located in the state. This data is then distributed to local governments in whose boundaries these facilities are located to ensure the safety of the public and responding officers and firefighters in case of chemical spills or releases. The Hazardous Materials Hotline is maintained 24/7 by the LSP to receive reports of releases and spills from chemical plants or on waterways, airways, roadways and railroads. These reports are then distributed to local and state agencies which may be responding to mitigate these incidents. The Right-to-Know unit also reviews chemical incidents reported to the Hotline for possible violations, including late notifications, failing to report chemical spills within the state, and giving misleading or false information when reporting an incident to the Hotline. The primary responsibility of Towing and Recovery is to perform regular inspections of all licensed towing and storage facilities in Louisiana to ensure compliance with applicable regulations. All activities performed by Towing and Recovery are the exclusive responsibility of LSP. The Fixed Scale Weights and Standards Program, formerly under DOTD, is now under LSP. It is restricted only to the enforcement of weight violations with no other law enforcement authority. DPS currently has 22 commissioned law enforcement officers who are tasked with Mobile Weight Enforcement, in addition to normal statewide law enforcement duties. DPS Officers are POST certified with full arrest powers. Additionally, they have advanced training in areas such as Motor Carrier Safety Inspection Certifications, Highway Interdiction, DWI Certification, and other continuing education programs.

PROGRAM ACTIVITY: Motor Carrier Safety Assistance Program

MCSAP is a coordinated and uniform program of inspection and enforcement activities relative to interstate and intrastate commercial motoring. No other agency within state or local government has the responsibility or authority to enforce the Motor Carrier Safety and Hazardous Material Rules and Regulations. MCSAP reduces the number and severity of commercial motor vehicle crashes occurring in Louisiana by immediately placing unsafe drivers and defective vehicles out of service. MCSAP seeks to accomplish this purpose through the five national program elements of the Motor Carrier Safety Assistance Program: roadside inspections of commercial motor vehicles, traffic enforcement, compliance reviews/audits, public outreach and training, and data collection and analysis. In addition, MCSAP manages the Louisiana Truck Center for the purpose of serving as one central location for motor carrier companies and operators to obtain all permits and payment of any fees/charges, allowing them to engage in the commercial motor carrier trade in Louisiana. The Unified Carrier Registration Program, established by the Unified Carrier Registration Act, requires all individuals and companies that operate commercial motor vehicles in interstate, intrastate, or international commerce to register their business and pay an annual fee based on the size of the fleet. MCSAP has the sole responsibility of enforcing the Unified Carrier Registration Agreement in accordance with federal regulations. MCSAP conducts and reviews safety audits in accordance with federal regulations to ensure that basic safety monitoring controls are in place for all new commercial motor carriers. Specifically, these safety audits review a new entrant's safety management systems and a sample of required records to assess compliance with federal regulations.

PROGRAM MISSION:

The Criminal Investigations Program provides Louisiana citizens a safer community through proactive, professional law enforcement services and cooperative efforts with allied enforcement entities.

PROGRAM GOALS:

- I. Ensure the detection of criminal activity and apprehension of perpetrators.
- II. Enhance and improve communications within Louisiana State Police and with local, state, and federal law enforcement agencies.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY:

INSURANCE FRAUD - Insurance Fraud is operated with statutorily dedicated funds. Insurance Fraud maintains a database of reported and investigated occurrences of insurance fraud, which assists in the investigation and prosecution of fraud. Insurance Fraud also assists in the detection of cloned and switched vehicle identification numbers on vehicles. Insurance fraud and auto theft cases are monitored to ensure that the department is in compliance with both federal and state regulations.

PROGRAM ACTIVITY:

STATE POLICE INVESTIGATIVE SUPPORT SECTION (ISS) provides operational and criminal intelligence assistance to the investigative elements of the Louisiana State Police and other requesting federal, state, local, and international law enforcement agencies. The section is composed of the Analytical Support Unit (LA-SAFE), the Criminal Intelligence Unit (CIU) and the Technical Support Unit (TSU). The Louisiana State Analytical and Fusion Exchange, (LA-SAFE) i.e., the Louisiana Fusion Center, promotes collaboration in an all-crimes/all-hazards environment, supporting federal, state, local and private sectors by working together to provide timely information for use in promoting public safety and national security against terrorist and criminal threats. LA-SAFE will support the state during major disasters and emergencies by gathering, analyzing and disseminating information to assist relevant agencies. The principle role of LA-SAFE is to compile, analyze, and disseminate criminal/terrorist information and intelligence and other information (including, but not limited to, threat, public safety, law enforcement, public health, social services, and public works) to support efforts to anticipate, identify, prevent, and/or monitor criminal/terrorist activity. LA-SAFE is recognized by the Department of Homeland Security and the Governor's Office as the primary fusion center for the State of Louisiana. The purpose of the Criminal Intelligence Unit is to provide the department with the information necessary to make informed judgments and take necessary actions to counter the activities of criminal organizations, individuals and conditions that promote criminal activities. Information gathering is a fundamental and essential element in the duties of any law enforcement agency. Information is used to prevent crime, pursue and apprehend offenders, and obtain evidence necessary for conviction. The TSU conducts proactive and reactive investigations in which computers, telecommunications equipment, and other advanced technology are used to facilitate a criminal act or are the targets of an attack.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY: OPERATIONAL SUPPORT - OFFICE OF SUPERINTENDENT

The Deputy Secretary serves as the Governor's appointed authority over the Department of Public Safety and is the Superintendent of Louisiana State Police. The Office of Superintendent is comprised of the Deputy Secretary, Executive Administration, and the Chief of Staff. The Office of Superintendent gives direction and leadership to achieve the Louisiana State Police's philosophy and mission, as well as the strategic goals and objectives. The Office of Superintendent provides oversight to Louisiana State Police. This activity directs, coordinates, and evaluates the effectiveness of programs and policy and procedure. The Office of Superintendent is responsible for managing administrative operations through the coordination of planning and budget by establishing funding priorities. It also affords staff support and guidance to all areas of Louisiana State Police.

PROGRAM ACTIVITY: OPERATIONAL SUPPORT - OPERATIONAL DEVELOPMENT

Operational Development provides staff functions for the Superintendent and his command staff. Operational Development consists of Research, Planning, and Public Affairs. The Planning Unit is responsible for producing the Strategic Plan and Operational Plan, monitoring the department's performance indicators and the budget, and managing of numerous federal grants. The Research Unit is responsible for the development of policy and procedure, serves as the department's liaison with the legislature to facilitate legislative initiatives, and conducts research studies to develop innovative initiatives and internal policies to improve the effectiveness and quality of the service provided to the public. The Public Affairs Unit is responsible for all media relations, educational programs concerning public safety, and recruiting, and provides support for events and programs of interest to the Superintendent.

PROGRAM ACTIVITY: OPERATIONAL SUPPORT - SUPPORT SERVICES

Support Services includes Crisis Response, the Bureau of Criminal Identification and Information, Traffic Records, Internal Affairs, Aviation, Police Supply, Fleet, Applied Technology, HQ Communications, Interoperability, and Training Academy/Cafeteria. Crisis Response consists of the Emergency Operations Center (EOC) and SWAT. Louisiana's Emergency Operations Plan mandates LSP as Primary Responders for the Emergency Support Functions. Crisis Response is responsible for managing critical incidents involving natural disasters, terrorist threats, and criminal activities. SWAT provides a highly trained, well-equipped unit to respond to hostage situations, barricaded suspects, high-risk warrants, or special security events. The Bureau of Criminal Identification and Information is comprised of Criminal Records, Concealed Handguns, Traffic Records, and HQ Communications, providing support and information to criminal justice agencies, public and private agencies, and citizens in accordance with state and federal guidelines. Criminal Records manages and maintains the State Sex Offender and Child Predator Registry, the Computerized Criminal History Database, and the Automated Fingerprint Identification System. Criminal Records provides educational training to local agencies, and communicates information to federal authorities. Concealed Handguns processes permit applications. Traffic Records provides LSP-prepared crash reports to be purchased. HQ Communications serves as the state's liaison with the US Department of Justice, FBI, and Criminal Justice Information Services for accessing Federal Criminal Justice Databases by granting

employees with uniforms, weapons, and other equipment. Fleet Operations manages and provides for transportation needs by conducting preventative maintenance and vehicle repairs. Applied Technology accepts, tests and recertifies all alcohol breath testing instruments, ensures individuals are qualified to perform maintenance and inspection of instruments, and certifies officers. Internal Affairs investigates procedural violations and complaints against DPS employees and conducts background investigations on all applicants applying for sensitive positions within DPS, the Lottery Corporation, and Governor appointees. Interoperability includes the efficient and timely reporting of information to state control agencies, making information accessible to the public in support of transparency and accountability throughout Public Safety Services, and providing technology services that can be utilized to convey relevant and accurate information in regards to public safety in a timely and transparent manner, while safe-guarding critical and confidential information. This activity also provides accessible and up-to-date information to the public via websites, and facilitates maintenance services that responsibly manage and care for the Statewide LWIN Communications infrastructure network. The Donald J. Thibodeaux Training Academy (TA) and the Joint Emergency Services Training Center (JESTC) manage and provide the training, certification, and re-certification of all required law enforcement classes. The TA provides qualified instructors, up to date training materials, classroom facilities, dorm rooms, and all other materials necessary to conduct a State Police Academy. The TA trains the Louisiana State Police Cadets in defensive tactics, handcuffing, penal code, communications, multiculturalism, ethics, critical thinking, problem solving, report writing, firearms, and defensive driving. JESTC consists of 1,472 acres and is used by Louisiana State Police, as well as the U.S. Military, local and federal law enforcement agencies, and private industry, for training. JESTC is a state of the art facility with classrooms, conference rooms, overnight lodging, firearms ranges, a driving track, bomb/explosive ranges, accident investigation and reconstruction, and hazardous material training. The Public Safety Services Cafeteria consists of 2 entities: the Barracks Cafeteria, and the Public Safety Cafeteria.

PROGRAM ACTIVITY: OPERATIONAL SUPPORT - LAB SERVICES

The Crime Lab has a continuing commitment to ensure superior work and provide the highest level of forensic science services to all of the agencies served, through complete, accurate, and consistent analyses by dedicated and highly trained employees. The Crime Lab is accredited through the American Society of Crime Lab Directors. Louisiana State Police Crime Lab provides leadership, training, forensic services, and assistance to state and local agencies. A prime focus of the lab is to reduce the backlog of violent crimes such as murder, rape and other crimes against persons. The goals of the lab's forensic services are: to provide accurate and timely analysis of evidence in the area of toxicology and chemical analysis of evidence with controlled substances; the examination of firearms and tool marks, latent prints, DNA, trace evidence, biology, and crime scene analysis and assistance; to maintain DNA analysis average turnaround time at 30 calendar days on 85% of requests for analysis received; to maintain excellence in the quality of the forensic science services provided to customers; to provide optimal levels of forensic service to the state of Louisiana; to upload and process CODIS samples to the National DNA Indexing System; to facilitate improvement in all aspects of the lab's work; and to provide early identification and correction of problems and potential problems through corrective and preventive action.

PROGRAM ACTIVITY: PROTECTIVE SERVICES

Protective Services is responsible for the safety and security of the Governor and the Governor's immediate family. Louisiana State Police Troopers and Protective Services provide security details to the Lieutenant Governor and other dignitaries and leaders at the Governor's request. Protective Services assists in protecting the President of the United States in collaboration with the Secret Service and further provides protection and logistics for visiting governors and leaders from other states and countries. Louisiana State Police Troopers and Public Safety Officers are assigned to the Governor's Mansion 24 hours a day, year-round, and are responsible for the physical protection of the mansion and its grounds. Protective Services also has a detail assigned to the Louisiana State Capitol that oversees the day-to-day physical security operations at the Governor's office in the Louisiana State Capitol.

PROGRAM ACTIVITY: DPS POLICE

The Department of Public Safety Police is comprised of Physical Security, the Louisiana State Capitol Detail, and Capitol Police. Physical Security provides safety and security for the Department of Public Safety Headquarters and the Joint Emergency Services Training Center. Physical Security houses and supervises approximately 185 inmates who are at the state facilities 24/7. Physical Security has operated for more than twenty years supervising inmates at the State Police Headquarters. The Louisiana State Capitol Detail is comprised of a communications center, patrol officers, and building security officers who are tasked with protecting the property and all employees and visitors in the Capitol Complex. Officers detect and apprehend criminals and strive to communicate with local, state and federal law enforcement agencies to proactively combat crime. Capitol Detail provides aggressive patrols and community policing tactics to ensure a safe environment for the employees, citizens, and visitors of the Capitol Complex. Capitol Police provides security to state-owned buildings outside of the Capitol Complex.

Act 443 of 1987, Act 384 of 1992, Act 1062 of 1991, Act 1154 of 1995, Act 7 of 1996, Act 721 of 1997, R.S.27:308, Act 753 of 1991, R.S.27:20

PROGRAM MISSION:

The Gaming Enforcement Program is committed to the proactive regulations and control of statutorily authorized gaming entities in conjunction with the Louisiana Gaming Control Board. The regulation of gaming and the enforcement of criminal laws promote the public's health, safety, and welfare by safeguarding the people of this state against corrupt and dishonest practices. The Program also provides professional services in an effective, innovative, and fair manner that instills public confidence, while fulfilling duties that ensure accurate revenue collection and reporting from licensees, protects the state's assets, and ensures the integrity of all gaming devices and systems by enforcing compliance with all state laws, regulations, and licensee's internal controls.

PROGRAM GOALS:

- I. Ensure the protection of the people of this state against corrupt and dishonest practices in the gaming industry.
- II. Ensure integrity of gaming devices and systems.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY: OPERATIONS

The Operations Activity is critical to the ongoing control of gaming as mandated by the Louisiana Legislature. It is comprised of Technical Support, Audit, Indian Gaming, and Administration. Audit's primary duty is to fulfill statutory responsibilities in the interest of the state, while assisting the gaming industry in efforts to remain competitive. Audit must keep consistent knowledge of evolving technology and modify its audit programs and processes accordingly. Audit ensures accurate revenue reporting by all gaming licensees, monitors and reviews all gaming tax revenue remitted to the state, provides investigative assistance relative to the financial information submitted by gaming applicants, and conducts proactive investigations of gaming licensee's financial requirements as set forth in Louisiana law and rule. Technical Support monitors and ensures that all licensed gaming devices are accurately communicating with the required Central Computer System. Technical Support ensures the gaming industry's compliance with storage, transfers, and placement of gaming devices. Technical Support reviews new gaming technologies and devices for compliance with applicable Louisiana law and rule and provides investigative assistance in regards to technological data. Administration provides support relative to all administrative matters, such as monitoring and development of all training, budget, personnel, property control, research and legislation relative to Louisiana gaming law and rule, operational/strategic planning, and statistical analysis. Administration reviews and approves the internal controls (internal policy and procedures) for each licensee, and approves tournaments, new games and equipment, and all emergency changes. Indian Gaming is charged with preventing organized crime and other criminal elements from infiltrating and corrupting games of chance on Indian land. Presently, three Indian casinos are in operation: Chitimacha in Charenton, Tunica-Biloxi in Marksville, and Coshatta in Kinder. Signed tribal compacts empower the Louisiana State Police Indian Gaming personnel to regulate the gaming industry on Indian reservations. Operations oversees the requirements to approve all types of games and rules of play, certification of all gaming employees and all casino vendors, and enforcement of criminal statutes on the gaming floor.

PROGRAM ACTIVITY: ENFORCEMENT The Enforcement Activity consists of Enforcement and Licensing. Louisiana has 15 operating riverboats, 4 racetracks, and the New Orleans land-based casino, as well as approximately 2,100 video gaming establishments with 14,000 video poker devices. Licensing provides oversight of all application/background processes associated with all licensed gaming entities subject to the authority of the Louisiana Gaming Control Board. This is inclusive of video draw poker, riverboats, slot machines at horse racetracks, and land-based casinos. Licensing also oversees all applications/background checks for licensure as a manufacturer, supplier, or distributor of gaming devices/equipment, and entities licensed as gaming and non-gaming suppliers. Enforcement's duties are derived from statutorily mandated duties outlined by the Louisiana Legislature. Enforcement conducts proactive enforcement and investigation of violations of state gaming laws and regulations. Compliance inspections are conducted by Enforcement and are an imperative part of ensuring that the gaming industry provides safe, fair, and legal forms of entertainment for the people of the state and patrons, while assisting the industry in being able to conduct successful businesses.

PROGRAM ACTIVITY:

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 4201 - Licensing

'PROGRAM ACTIVITY - MOTOR VEHICLE ADMINISTRATION:

The Motor Vehicle Administration activity administers driver's licenses and motor vehicle regulatory laws in a fair and impartial manner; collects sales tax revenue owed; recommends changes to existing laws that coincide with changes in culture; provides professional and qualified staff; proactively seeks alternative methods to accomplish more with less; and provides tools necessary to cultivate compliance with regulatory laws.

'PROGRAM ACTIVITY - ISSUANCE OF DRIVER'S LICENSES/IDENTIFICATION CARDS:

This activity provides the issuance of driver examination/licensing and issuance of identification cards for Louisiana citizens; provides in-depth review of documentation submitted to prevent fraud and identity theft; creates permanent records of credentials issued; and provides additional non-agency related services such as registering voters and requesting organ donor participation.

'PROGRAM ACTIVITY - ISSUANCE OF PLATES AND TITLES:

This activity is the "gatekeeper" of motor vehicle records. This includes motor vehicle sales tax collection, recordation of motor vehicle financial liens, and proper registration and titling.

'PROGRAM ACTIVITY - SUSPENSION OF DRIVER'S LICENSES/REVOCAION OF PLATES:

This activity provides a system that regulates vehicle owners and operators by providing law enforcement with the driving history, vehicle registration, and compulsory insurance status.

'PROGRAM ACTIVITY - OUTSOURCED SERVICES:

The agency currently has over 250 contracted/licensed business partners providing OMV services to the public.

'PROGRAM ACTIVITY - INFORMATION SERVICES:

This activity is responsible for assisting customers via a call distribution system and online web services. Currently, customers are usually able to contact the agency via telephone due to the ability of management to monitor the telephone traffic and adjust staff accordingly. The call volumes are consistently monitored and if an influx of calls occur, OMV is able to provide the proper staff to address this increase. OMV's web services also provide the capability for individuals to correspond with the agency via email, and in return, receive prompt answers to questions. These services help to eliminate unnecessary visits by the public to field offices.

'PROGRAM ACTIVITY - DOCUMENT MANAGEMENT:

This activity is used for the storage and reproduction of all documentation created and/or received by the Office of Motor Vehicles. The activity also allows for workflow processes in order for employees to add driver license suspensions and motor vehicle revocations.

PROGRAM AUTHORIZATION:

Louisiana Revised Statutes, 40, Chapter 7, Part 3, Act 83 of 1977, Act 738 of 1987 and Act 28 of 2006.

PROGRAM MISSION:

To uphold the law and provide for the protection of life and property from the hazards of fire or explosion, to ensure the safety of our citizens in the constructed environment, to provide equal access to disabled individuals, to promote the efficient use of energy in commercial buildings, and to encourage economic development. The duties and functions associated with the Office of State Fire Marshal will help retain, grow and attract jobs with good pay, benefits, and advancement opportunities in a diversified economy, with personal and corporate income growth and a strong and stable tax base, while protecting safety and wisely utilizing natural resources. Additionally, the activities of OSFM will assist the entire Department of Public Safety Services in its unified efforts to enable individuals and families, including children, to feel safe at home, school, work and while traveling; prevent crime and implement smarter and more proactive policing initiatives making all of LA safer.

PROGRAM GOALS:

- I. To encourage economic development in the State of Louisiana.
- II. To provide a safe constructed environment for citizens to live and work while reducing property loss and loss of life caused by fire.
- III. To increase the efficiency and quality of compliance evaluations, plan review and investigations.

PROGRAM ACTIVITY:

PROGRAM ACTIVITY - INSPECTIONS. Fire and Safety Inspections: Louisiana Revised Statute 40:1563 (B), (C), and (F) provides that the State Fire Marshal shall supervise the inspection of all structures, except the interior of private homes and movables for the purpose of reducing or eliminating fire hazards. Specifically, the Fire Marshal shall conduct final construction/renovation/addition inspections of all completed construction projects having had prior plan review and existing outside the jurisdiction of some certified fire prevention bureaus. The Fire Marshal shall also be responsible for all institutional occupancies requiring a state or federal license, detention, colleges, universities, state-owned and state-leased buildings, and schools where applicable. Other inspections such as special requested inspections and construction visits are performed based on the urgency of the hazard involved and the available resources. Louisiana Revised Statute 40:1730.27 allows the State Fire Marshal to establish contract agreements with municipalities and parishes in order to provide state uniform construction code enforcement on behalf of the municipality or parish as provided in R.S. 40:1730.24. Louisiana Revised Statute 40:1730.51 through 40:1730.66 provides for State Fire Marshal regulation of manufacturers of industrialized buildings, for review of plans and inspection of industrialized buildings for compliance with the building code, and for monitoring of third party review and inspection of same. Louisiana Revised Statute 40:1730.23 allows individual contractors and owners to call upon the State Fire Marshal as a third party provider for building code plan review and inspection of commercial structures in any parish within the state with a population of less than 40,000 and whose boundaries lie north of the 110 mph wind line per the ASCE-7 (American Society of Civil Engineers) wind speeds map of the International Building Code. Life Safety and Property Protection Licensing Inspections. Investigations: R.S. 40:1664.1 et seq. requires the licensing of each life safety and property protection contractor and their employees (includes, fire protection, fire sprinkler, security, locksmith and closed circuit television) doing business in Louisiana and the enforcement and administration of the same. The Section administers the law by processing both firm and individual licenses. The license application process ensures eligibility and competency of both. Additionally, the section conducts criminal background checks on applicants. The section's enforcement responsibility includes investigating complaints of wrongdoing and inspecting contractors for compliance with the law. Mechanical Safety - Inspection of Boilers, Amusement Rides, Fireworks: Comprised of the Boiler Inspection Section (Louisiana Revised Statutes 23:531-545), the Amusement Section (Louisiana Revised Statutes 40:1484.1 to 40:1484.13), and Fireworks (Louisiana Revised Statutes 51:650 et seq). This activity is responsible for the timely inspections of all boilers and certain pressure vessels throughout the state and maintains records of all inspections, and companies authorized to construct, install, repair and operate boilers in Louisiana. It is also responsible for the inspection of all Amusement/Carnival ride equipment operating in Louisiana. These inspections will include the review of all maintenance records, nondestructive testing results, operational tests and the qualifications of the ride operators, as well as the training records of the operators. The section is also responsible for the licensing and inspection of all retail, wholesale, importer and jobber of fireworks locations in Louisiana. In addition, testing and licensing of pyrotechnic operators and special effects pyrotechnic operators is the responsibility of this activity, along with the inspection and permitting of all public firework displays in the state. The section is also responsible for the administration of the Cigarette Fire Safety and Firefighter Protection Program (Louisiana Revised Statutes 40: 1628 through 1636). This provides for test methods and performance standards for cigarette products, certification and product change of cigarette products, the marking of individual packages of cigarettes, inspections relative to cigarettes, and penalties and forfeiture of cigarette products. Health Care - Fire and Safety Inspections of Health Care Facilities: Through contract agreement with the Department of Health and Hospitals per provisions of section 1864 (a) of the Social Services Act, the Health Care Section is required to survey and certify compliance with the Code of Federal Regulations - Title 42. Louisiana Revised Statutes 40:1563 (C) (4) requires fire and safety inspections of all health care facilities requiring a state license and/or federal funding. Fire Information / Statewide Database of Fire Incident Reports: R.S. 40:1566 indicates that the fire marshal shall keep in his office a record of each fire occurring in the state, together with all facts, statistics, and circumstances thereof, including the origin of the fire, that have been determined by the investigations provided for in this section or otherwise. Manufactured Housing Installation Safety Inspections: R.S. 51:911.26 et seq. provides for the duties of the Manufactured Housing Commission, including licensing of manufacturers, retailers, developers, salesmen and installers, inspecting installations of manufactured, holding and conducting hearings on any violation of the provisions and on the imposition of a civil penalty, fine, suspension, or revocation for any such violation. R.S. 51:912.51 et seq. provides for administering the

installers to hear consumer complaints and other information that relates to noncompliance, defects, or imminent safety hazards. All Inspection Sections are responsible for the enforcement of the Novelty Lighter law (Louisiana Revised Statutes 40:1601), which prohibits the sale and distribution of certain lighters that take toy-like physical form. The law provides authority for seizure, forfeiture, and destruction of these lighters. 'PROGRAM ACTIVITY - PLAN REVIEW: Louisiana Revised Title 40, Chapter 7, Part 3, 1574 (a) and (b), Louisiana Revised Statute 40:1738; Part IV-B of Chapter 8 of Title 40:1730.39 requires the plans and specifications for every structure, watercraft or movable constructed or remodeled in the state to be reviewed by the Fire Marshal and must be determined to appear to satisfactorily comply with the adopted fire, life safety, energy and handicapped accessibility laws, rules, regulations and codes of the state prior to construction. Louisiana Revised Statute 40:1730.27 allows the State Fire Marshal to establish contract agreements with municipalities and parishes in order to provide state uniform construction code enforcement on behalf of the municipality or parish as provided in R.S. 40:1730.24. Louisiana Revised Statute 40:1730.51 through 40:1730.66 provides for State Fire Marshal regulation of manufacturers of industrialized buildings, for review of plans and inspection of industrialized buildings for compliance with the building code, and for monitoring of third party review and inspection of same. Louisiana Revised Statute 40:1730.23 allows individual contractors and owners to call upon the State Fire Marshal as a third party provider for building code plan review and inspection of commercial structures in any parish within the state with a population of less than 40,000 and whose boundaries lie north of the 110 mph wind line per the ASCE-7 (American Society of Civil Engineers) wind speeds map of the International Building Code. Louisiana Revised Statute 40:2017.11 and R. S. 40: 1563 (L) authorizes the Fire Marshal to conduct plan reviews for plans or specifications of a facility licensed, certified, or seeking licensure or certification by the Department of Health and Hospitals. Louisiana State Uniform Construction Code Council: The Louisiana Legislature enacted R.S. 40:1730.21 through 1730.40 to provide for a state uniform construction code to govern new construction, reconstruction, additions to homes previously built to the International Residential Code, extensive alterations, and repair of buildings and other structures and the installation of mechanical devices and equipment therein. The state uniform construction code establishes uniform performance standards providing reasonable safeguards for health, safety, welfare, comfort, and security, balanced with affordability for the residents of these devices, materials and techniques. The state uniform construction code encourages the use of construction materials of the greatest durability, lower long-term costs, and greater storm resistance. All issues and concerns of a regulatory nature now have a single forum for discussion, consideration and resolution. Code Enforcement officials, architects, engineers, designers and contractors can now work with a consistent set of requirements throughout the state of Louisiana. The Louisiana State Uniform Construction Code Council consists of nineteen members appointed by the Governor. The council is comprised of individuals with various professional backgrounds including construction, engineering, architecture, insurance and local government.

PROGRAM ACTIVITY - ARSON ENFORCEMENT: Louisiana Revised Statutes, Title 40, Chapter 7, Part 3, Act 83 of 1977 and Louisiana Revised Statute 40:1568 gives the Fire Marshal the responsibility of causing an investigation of all fires within the state (outside of the jurisdiction of local arson enforcement) which are suspected to be caused by criminal neglect or human design and whenever there is any human death. The Fire Marshal is also charged with arresting those responsible for such fires. The office is also responsible for creating and maintaining a state arson registry as defined in a Louisiana Revised Statutes 15:562.

PROGRAM ACTIVITY - EXECUTIVE: The Office of State Fire Marshal (OSFM) was established by the State Legislature by passage of Act 152 of 1904. R. S. 40:1562.1 provides that OSFM shall be organized into the Administrative (Executive), Engineering (Plan Review), Inspection and Investigation sections. OSFM is charged with the responsibility of the protection of the life and property of the citizens of the State of Louisiana from fire, explosion and related hazards in the constructed environment through the enforcement of legislative mandates and administrative rules or directives. OSFM is provided with enforcement authority to investigate fires of suspicious origin and to inspect buildings, structures, watercrafts and movables to ensure that they are operated in a safe manner. OSFM is also responsible for ensuring the provision of equal access to disabled individuals in the same constructed environment, and to promote the efficient use of energy in accordance with the Commercial Building Energy Conservation Code based on ASHRAE/IES 90.1-1989 (Energy Code). Act 125 of the 1958 legislative session created a Fire Marshal Tax which currently funds approximately 85% of the activities of the office. The Fire Marshal specifically performs the following activities in the normal scope of his duties: intervention in code compliance issues; instruction and consultation with architects on Life Safety and other codes/standards; response to fire calls for service; performance of fire investigations; development and delivery of public safety announcements; provision of fire safety education. The Fire Marshal also acts as public information officer for the Fire Marshal's office. The Executive Section also monitors performance indicators and consults with associated industry leaders regarding public need and modifies office practice accordingly. Emergency Services: R.S. 40:1563 (Act 130 of 2009) State of Louisiana Emergency Operations Plan: This law indicates that the Fire Marshal shall take steps that are necessary and proper to perform services as required by the state emergency operations plan. The State Fire Marshal's office has primary and support responsibilities for the following Emergency Support Functions (ESF) as mandated through the State of Louisiana Emergency Operations Plan: ESF 4 – Fire (primary); ESF 6 - Mass Care, Emergency Assistance, Housing and Human Services (support); ESF 8 - Public Health & Medical Services (support); ESF 9 - Search and Rescue (co-primary); ESF 10 - Oil Spill, Hazardous Materials and Radiological (support); and, ESF 15 Emergency Public Information (support). The State Fire Marshal, in its service under the State Emergency Response Plan as ESF-4, is responsible for coordinating all in-state, interstate and federal firefighting resources during times of emergency. In fulfilling this role, the Fire Marshal's office has created within its headquarters facility a designated Emergency Command Center which facilitates interfacing with the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP), state, local and federal resources, as well as processing and tasking fire service support missions and initiating and tracking requests for logistical resources. As such, the Fire Marshal's office has been tasked by GOHSEP with gathering the local fire department resource data (asset tracking) and has done so during the course and scope of its normal duties. Fire Safety Education: The Office of the State Fire Marshal is the state agency responsible for the safety of citizens and visitors to the state, as it pertains to life safety due to fire. There has been a significant need for a "lead" agency to partner with local fire agencies in a collaborative effort to educate citizens on the dangers of fire and what they can do to protect themselves. This function of the OSFM can be utilized in conjunction with other state and local agencies to provide aggressive and pro-active safety education. With adequate funding, the Office of State Fire Marshal anticipates an aggressive program that will meet the following objectives:

- Fire education targeting low-income families and fire prone regions of the State.
- Fire and Life Safety programs geared towards pre-school and school aged children.

PROGRAM MISSION:

The Office of the Secretary was created by R.S. 36:354(A)(4) and provides leadership, guidance, and coordination to ensure consistency within the Department, as well as externally. The program serves to promote the Department, implement the Governor's and Legislature's directives, and functions as Louisiana's natural resources ambassador to the world. Its customers are the Governor, Legislature, oil and gas industry, alternative energy industries, coastal management stakeholders, employees of the Department and other state agencies and departments, other governmental entities, and the citizens of the State of Louisiana.

To lease and/or explore for the development and production of minerals, oil gas, or alternative energy sources on state-owned lands and water bottoms in an environmentally sound and safe manner. To prudently manage said resources by providing timely, accurate, and cost-effective mineral royalty collection and disbursement services. These functions are performed under the authority and direction of the State Mineral and Energy Board. The primary customers of this Office are the citizens of Louisiana, the oil and gas industry, mineral right holders, alternative energy producers, the Legislature and the Division of Administration.

Conserve coastal wetlands by carrying out the no net loss of wetlands policies of the State, the Local Coastal Resources Management Act, and the Coastal Wetlands Conservation Plan. To compensate qualified commercial fisherman claims for losses to equipment and vessels resulting from hitting or snagging underwater obstructions in the waters of the Louisiana Coastal Zone.

The state legislature created the Louisiana Oil Spill Coordinator's Office (LOSCO) in 1991. LOSCO serves as the single point of contact for programs related to oil spills in Louisiana. LOSCO's mission is to minimize unauthorized discharges of oil, provide for an effective spill response, compensate the public for damages to the state's natural resources and services, and assist the public through education, service, and public outreach.

PROGRAM AUTHORIZATION:

Title 36, Chapter 10 of the Louisiana Revised Statutes

PROGRAM MISSION:

LDR wants to be a results-based, innovative, and focused organization that is capable of rapidly responding to the needs of its citizens/stakeholders. LDR exists to fairly and efficiently collect state tax revenues to fund public services and regulate the sale of alcoholic beverages, tobacco, and charitable gaming within Louisiana. LDR wants to continuously improve its abilities in the areas of Customer Service, Operational Efficiency & Accuracy, and Voluntary Compliance & Enforcement by achieving the group initiatives. The Tax Collection Program continuously wants to improve its abilities in the areas of Customer Service; Operational Effectiveness & Accuracy; and Compliance & Enforcement.

- Operational Efficiency and Accuracy means to utilize processes that will strategically streamline operations, lower operating costs, and increase operating effectiveness.
- Voluntary Compliance and Enforcement means to utilize efficient processes and mechanisms that encourage and ensure voluntary compliance is easier and less complex. Meanwhile, these processes and mechanisms should also make involuntary compliance less necessary; but, also ensure involuntary compliance is more productive and efficient. Target measures gauge the success of the agency's compliance and enforcements efforts.

PROGRAM GOALS:

- I. To improve the level of service provided to the citizens, businesses and stakeholders through improved operations in the customer service call center, decreased response time on incoming correspondence and improved refund processing times.
- II. Utilize processes that will strategically streamline operations and increase operating effectiveness by improving average return processing time and improving average remittance processing while increasing the percentage of funds deposited within 24 hours.
- III. Utilize efficient processes and mechanisms that encourage compliance and reduce complexity making involuntary compliance less necessary and in doing so become more productive and efficient.

Program Goals

PROGRAM NUMBER AND NAME: 4401 - Tax Collection

Louisiana's tax system is based on the concept of voluntary compliance, with the expectation that taxpayers will voluntarily pay the right amount of tax timely. The program engages in a wide range of activities that directly or indirectly promote voluntary compliance, stretching from activities that occur before the taxpayer begins to fill out his or her return to enforcement of the tax laws through criminal prosecution. The program comprises the following core activities:

Tax Policy Management - Tax policy activities focus on providing timely and accurate information for policy decision makers, clear guidance to taxpayers, employees, and the public regarding tax law and policy application, and coordinating interdivisional policy analysis and studies. Specific functions include preparing fiscal notes; analyzing and drafting legislation; drafting rules and coordinating the rule-making process; drafting other interpretative statements; and engaging in a number of stakeholder efforts to address emerging and/or sensitive policy issues.

Revenue Collection & Distribution - The collection of data and revenues is an essential function of the tax collection program and is an invaluable resource for revenue forecasting, policy considerations by the Governor and Legislature, and issuance of refunds, rebates and other tax incentives. Primary activities include taxpayer registration, tax return and remittance processing, taxpayer account maintenance, and accounting for and distributing state and local tax revenues.

Taxpayer Assistance - Voluntary compliance is promoted through taxpayer education, information and assistance. Primary activities include helping taxpayers understand their tax reporting and payment obligations via telephone and personal contact, responding to written inquiries, outreach opportunities, consultation visits, and processing of tax exemptions, certifications, permits, and clearances.

Tax Compliance - Tax Compliance activities support voluntary compliance by promoting an optimal level of accurate tax reporting and payment. Activities include examining, auditing, or investigating returns, refund and rebate claims, and reports. Staff conducts tax return examinations and reconciles internal and external information to identify non-filers and under reporters. Field staff, located throughout this state and the United States, conduct audits of businesses that have activity in Louisiana by working directly with taxpayers to identify and correct improper reporting.

Tax Enforcement - The Department is responsible for enforcing the tax laws for those who do not comply voluntarily. Primary activities include the collection of tax dollars owing on delinquent accounts, investigations to discourage tax fraud and evasion, and legal services to defend the state's interest through litigation of tax issues.

Administration - Internal administrative services support activities to effectively carryout agency operations and the strategic business plan. These services include the overall management of the agency through executive oversight, internal auditing, accounting and budgeting, payroll administration, facilities management, purchasing, human resources, organizational development, forms management, mail services and technology management.

PROGRAM MISSION:

The mission of the Office of Alcohol and Tobacco Control (ATC) is to regulate the alcoholic beverage and tobacco industries and to consistently enforce state regulations under Title 26. The agency is committed to reducing alcohol and tobacco consumption by under aged individuals and limiting their access to these products through a combination of effective education and aggressive enforcement efforts. Active coordination with other local, state and federal agencies, local law enforcement and universities is an essential part of our mission.

PROGRAM GOALS:

- I. Provide consistent effective, efficient regulation and enforcement of the alcohol and tobacco industries to protect the citizens of Louisiana and the stakeholders in the industries.
- II. Provide effective and efficient customer service to the permit holders.
- III. Limit underage individual's access to alcohol and tobacco products. Reduce the sale and distribution of unsafe and illegal tobacco and vape products.

PROGRAM ACTIVITY:

The Office of Alcohol and Tobacco Control is comprised of the Administrative and Certification Division and the Enforcement and Field Certification Division. The Administrative and Certification Division is responsible for licensing alcoholic beverage licensees, tobacco licensees, and responsible vendor providers, trainers, and servers. The Administrative Division issues approximately 30,000 alcohol and tobacco permits annually, as well as over 100,000 responsible vendor server permits statewide. The Enforcement Division is responsible for enforcing Title 26, the Beer and Liquor Law, and the Louisiana Administrative Code. Enforcement agents, in conjunction with local law enforcement personnel, conduct random inspections at locations where alcoholic beverages and tobacco products are sold. Agents also investigate current license holders' operations to ensure compliance with complex fair trade laws that govern the industries. The Division conducts over 20,000 inspections and compliance checks annually.

PROGRAM MISSION:

It is the mission of the Department of Public Safety and Corrections through the utilization of Community Rehabilitation Centers and Transitional Work Programs to provide for public safety of the community while providing for custody, control and treatment of offenders assigned to the programs. The transitional work program is designed to be a strong transition process through which participants are prepared for release, return to their communities, and adjust to free living thereby increasing public safety. To this end transitional work programs provide for: 1. Housing, recreation and treatment activities aimed at re-socialization. 2. Employment opportunities through seeking best available jobs for participants. 3. Assist the participant with complying with any special conditions imposed by the Committee on Parole. The transitional work programs have proven to be successful in assisting an offender in making the transition from prison back into the workforce and also providing an income source upon release. The Department of Public Safety and Corrections has developed standard operating procedures (SOPs) to be followed by community contractors who house adult offenders in community rehabilitation centers and transitional work programs; these SOPs include provisions for American Correctional Association (ACA) accreditation. The responsibilities of the Adult Services Program within the Corrections Administration Appropriation have been expanded to include monitoring of functions and services of community rehabilitation centers (halfway houses and transitional work programs).

PROGRAM NUMBER AND NAME: 4742 - Office of Workers Compensation Administration

PROGRAM AUTHORIZATION:

LaRS.23:1310.1 1310.3b(1) and 1310.6 of the Workers' Compensation Act; Louisiana Revised Statutes 23:1291 B (9), (10), (11) and (12); Louisiana Revised Statutes 23:1291 B (4), (13), C (2) and (5)

Occupational Safety & Health Administration (OSHA) Authorization: Louisiana Revised Statutes 23:1291 C (3)

PROGRAM MISSION:

The mission of the Office of Worker's Compensation Administration (OWCA) is to establish standards of payment; utilize and review procedures of injured worker claims; and receive, process, hear, and resolve legal actions in compliance with state statutes. This office also works to educate and influence employers and employees in adopting comprehensive safety and health policies, practices, and procedures, and collect fees.

PROGRAM GOALS:

- I. To administer a financially sound program to meet current and future claim obligations.
- II. To control medical cost.
- III. To maximize the quality of care received by workers injured on the job.
- IV. To administer the resolution of workers' compensation disputes in an efficient, timely, and impartial manner.
- V. To swiftly respond to all requests for safety and health consultation services from Louisiana employers.
- VI. To ensure compliance with duty to maintain workers' compensation coverage and protect against fraudulent activity.

PROGRAM ACTIVITY:

- **Fraud and Compliance:** This activity is the enforcement arm of the Office of Workers' Compensation Administration (OWCA). It is charged with investigating fraudulent activity by any party affiliated with the Louisiana Workers' Compensation System, as well as ensuring all employers within the State comply with their legal duty to be properly secured for workers' compensation coverage. These tasks are completed through the conducting of investigations of any allegations of fraudulent activity received through tips from the public, insurers, employers, law enforcement, or the OWCA Hearings Division, as well as conducting of audits of self-insured employers to ensure proper compliance.
- **Hearings:** This activity conducts hearings on claims for benefits, the controversion of entitlement to benefits, or other relief under the Workers' Compensation Act. Disputed claims may be filed by employees, employers, insurers, or health care providers. Once filed, a mediation conference may be requested with either a Louisiana Workforce Commission (LWC) or private mediator in an attempt to resolve the dispute informally. If resolved, the parties perfect a compromise, or lump settlement, approved by the Workers' Compensation Judge. If not resolved at mediation, a trial is held by a Workers' Compensation Judge, and a final decision rendered. Court activity is concluded in a claim when it is either settled or final judgment rendered.
- **Occupational Safety and Health Act (OSHA):** This activity imparts consultation, regulation, enforcement, and educational information to employers, regarding State of Louisiana and OSHA guidelines and regulations, in an effort to provide Louisiana workers and employers with a healthy and safe work environment, without levying fines and penalties.

PROGRAM AUTHORIZATION:

Louisiana Revised Statutes 23:1471; Federally mandated by the Wagner - Peyser Act of 1933, the Social Security Act of 1935, and the Federal Unemployment Insurance Tax Act (FUTA).

PROGRAM MISSION:

The mission of the Office of Unemployment Insurance Administration is to promote a stable, growth-oriented Louisiana through the administration of a solvent and secure Unemployment Insurance Trust Fund as supported by employer taxes. It is also the mission of this program to pay Unemployment Compensation Benefits to eligible unemployed workers.

PROGRAM GOALS:

- I. To provide financial security to unemployed workers through timely and accurate payment of Unemployment Compensation Benefits funded by employers' payments of quarterly unemployment taxes.
- II. To administer the Unemployment Insurance Trust Fund supported by employer taxes to pay Unemployment Compensation Benefits to eligible unemployed workers.

PROGRAM ACTIVITY:

- Unemployment Benefit Payments: This activity pays unemployment benefits to unemployed individuals in accordance with provisions of the Louisiana Employment Security Law. Funds come from the Unemployment Insurance (UI) Trust, financed by quarterly payroll taxes paid by Louisiana employers. Administrative responsibility includes the determination of monetary entitlement, weekly eligibility, deductible income, and non-monetary eligibility, including disqualifications for voluntary leaving and misconduct discharges. Initial and weekly claims are filed over the Internet or by telephone through the UI Call Center.
- Unemployment Insurance Taxes: This activity registers employers, assigns tax rates, and collects taxes from employers subject under Louisiana Employment Security Law and liable to pay UI taxes. It is a business tax on an employer's payroll, and not a deduction from employee wages. Employers are responsible for submitting quarterly employee payroll data along with the payment of UI taxes. Taxes are deposited into the UI Trust Fund within three (3) days of receipt, and used to pay unemployment compensation to the unemployed. The payroll data is utilized in determining the monetary eligibility of unemployment claims. Compliance audits are conducted to ensure employers are reporting properly, obtain missing wage data, and collect delinquent taxes.

PROGRAM MISSION:

The mission of the Enforcement Division is to establish and maintain compliance through the execution and enforcement of laws, rules, and regulations of the state relative to the management, conservation and protection of renewable natural wildlife and fisheries resources and relative to providing public safety on the State's waterways and lands for the continued use and enjoyment by current and future generations.

PROGRAM GOALS:

- I. To support natural resource preservation by providing frontline enforcement component of laws, regulations, and programs related to Wildlife and Fisheries use, conservation and management. Hours worked and public contacts associated with wildlife, fisheries, and ecosystem enforcement, education and community policing programs are the most relevant measures of the activities related to work toward improving and sustaining the state's natural resources.
- II. To advance crime and safety reform by protecting Louisiana citizens of all ages from life-threatening criminal activities when they are involved in recreational activities on the State's waterways. Hours worked and public contacts associated with boating safety and waterway enforcement, education, and community policing programs are the most relevant measures of the activities related to work toward reducing illegal and dangerous activities on the State's waterways.
- III. Lead, coordinate and provide emergency response services for search and rescue and maritime security operations. Enhance Louisiana's collaborative efforts in the maritime domain and build a safe and secure environment that supports public safety, public confidence and ensures economic stability.

PROGRAM ACTIVITY:

Wildlife, Fisheries, and Ecosystem Enforcement (Natural Resources)

The Enforcement Division is responsible for assuring public compliance with State and Federal laws, regulations, and programs which promote, manage and enhance the conservation of Louisiana's wildlife and fisheries resources and protect and sustain their supporting ecosystems. This activity is conducted through patrols of Louisiana's forests, woods, and marshes, in-vessel patrols of Louisiana's in-shore and off-shore waters and investigation of relevant commercial facilities. The Enforcement Division also conducts community policing activities which publicize legal practices, encourage voluntary compliance and promote safe participation in recreational and commercial activities which use Louisiana natural resources.

Boating Safety and Waterway Enforcement (Public Safety)

The Enforcement Division is responsible for providing public safety on Louisiana's vast waterways through education and enforcement of criminal statutes. These responsibilities include maintaining and improving public compliance with boating safety laws, investigating all reportable recreational boating fatalities and crash incidents, enforcing laws restricting the operation of vessels under the influence of alcohol or drugs and administering the State's mandatory boating education program for operation of motorboats. The Enforcement Division also maintains authority for permitting regattas and other marine events and ensuring compliance with boating safety regulations. The Enforcement Division boating safety and waterway enforcement activities are conducted through boating incident investigations, community policing activities and in-vessel patrols of Louisiana's inshore and off-shore waterways. These activities recruit new recreational boaters, encourage safe and legal activities, protect property and save lives. LDWF/LED regularly coordinates its boating safety and waterway enforcement activities with local law enforcement waterway efforts to direct the State's safety efforts on Louisiana's waterways.

Search and Rescue and Maritime Security (Public Safety, Hurricane Protection)

The Enforcement Division is responsible for providing and coordinating search and rescue response activities for the state. This activity includes State response and coordination of local, parish and federal responses to natural or man-made disasters or other homeland security events involving urban, rural and maritime search and rescue and maritime security activities. The activity includes exercises, training, first response to search and rescue events, maritime security patrols and initiatives focused on saving lives and protection of critical infrastructure. The Enforcement Division is the State's lead agency for the Emergency Support Search and Rescue function and lead for maritime security functions and supports emergency support functions for transportation, communications, firefighting, emergency management and public safety and security.

The Office of State Examiner (OSE) is charged by the constitution and statutes with the responsibility for developing and administering employment tests for the purpose of identifying applicants who are qualified and have the skills necessary for jobs in the fire and police services within the state of Louisiana. In order for a test to be used for selection, it must be validated and supported by adequate documentation, and administered fairly and impartially. The validation of exams is done at all times with a goal of selecting qualified applicants while minimizing adverse impact on protected groups; therefore, the OSE adheres to the professional standards and principles established for employment selection, including the EEOC Uniform Guidelines on Employee Selection Procedures. Each test prepared and administered by the OSE is based on a thorough and extensive job analysis. Entrance tests measure competencies associated with applicants' trainability, such as reading comprehension, math, mechanical aptitudes, and listening skills. Promotional tests generally evaluate job knowledge or expertise that candidates must possess immediately upon promotion, and some upper-level and specialty classes involve assessment center testing where candidates are given a job simulation exercise that allows a pool of trained raters to evaluate management and interpersonal communications skills. On average, the agency administers over 500 examinations each year and tests approximately 6,000 candidates per year. Our process of designing the test around the local job analysis information ensures that it will measure knowledge and skills required on the job.

The Office of State Examiner is charged by the constitution and statutes with the responsibility for the certification and maintenance of entry level Firefighter, Police Officer, Fire Communication Officer, Police Communication Officer, Jailer, Records Clerk, and Secretary to the Chief eligibility lists; for administering examinations for the seven entry-level classes throughout the state of Louisiana; to provide online testing for the seven entry level examinations; to certify and establish an eligibility list for entry level positions within the classified service. The OSE offers statewide testing for seven entry level examinations in different regions throughout Louisiana in order for all eligible candidates to apply and obtain an active score. Applicants receiving a passing score are placed on the statewide eligibility list for the class for which the applicant tested. These certified statewide eligibility lists are utilized by appointing authorities to make an offer of employment within their respective departments. The OSE also offers online testing for the entry classes above. The online testing process allows an applicant to obtain a passing score in a faster manner than in person testing. Online examination scores are placed on the certified statewide eligibility list.

The Office of State Examiner is charged by the constitution and statutes with the responsibility for the development of classification plans based on local job analysis; the review of all personnel movements within the system; the review of requests for examinations by civil service boards; the review of lists of candidates approved by local civil service boards for compliance with the law; the development and distribution of training materials, including manuals and videos; disseminating information via the agency website and seminars, and responding to requests for information through agency in-person visits, letters, telephone and email correspondence. Through the provisions of these services, the MFPCS system operates in accordance with the law and provides the employees in the system with the confidence that they may do their jobs free from political influence in a climate that provides fair hiring and promotions and an independent, objective review of disciplinary actions, to ensure that they are only taken in good faith for cause. Management and administrative personnel, on the other hand, are provided with the tools necessary to ensure compliance with federal and state law in the effective management of fire and police personnel. The Municipal Fire and Police Civil Service System is currently comprised of 120 jurisdictions, each of which have established a fire and police civil service board. Civil service boards are made up of local citizens who serve three-year terms. Generally, these members have no previous experience in civil service or employment law; therefore, the central, independent assistance by the Office of State Examiner makes the operation of the system possible.

The mission of the Ethics Administration Program is to provide staff support for the Louisiana Board of Ethics, which administers and enforces Louisiana's conflicts of interest legislation, campaign finance disclosure requirements and lobbyist registration and disclosure laws to achieve compliance by governmental officials, public employees, candidates, and lobbyists and to provide public access to disclosed information.

PROGRAM GOALS:

- I. Improve the level of education and awareness by public servants in order to ensure compliance with conflicts of interest standards, campaign finance disclosure requirements, and lobbyist registration and disclosure requirements.
- II. Ensure that the administrative duties of the Louisiana Board of Ethics are carried out in a timely and efficient manner by the staff in order to increase public confidence relative to the accountability of public servants, candidates, political committees, and lobbyists.

PROGRAM ACTIVITY:

STATE OF LOUISIANA Operational Plan Form Program Goals

PROGRAM NUMBER AND NAME: 5621 - Administrative

Administrative Support – Ethics

The Ethics Administration Program provides staff support for the Louisiana Board of Ethics, which administers and enforces Louisiana's conflicts of interest legislation, campaign finance disclosure requirements and lobbyist registration and disclosure laws. The Board of Ethics renders advisory opinions and conducts investigations with respect to the aforementioned laws. The Board makes available for viewing, via its website, disclosure reports filed. Furthermore, the Board of Ethics provides training and education opportunities regarding the laws under its jurisdiction. The Administrative Support Activity provides support services for the Louisiana Board of Ethics, as well for the staff to perform the core functions of the Board.

Compliance – Ethics

R.S. 42:1141, et seq., provides for the procedure whereby the Board can refer a matter to investigation. Complaints as to potential violations of the Code of Governmental Ethics, Campaign Finance Disclosure Act, and the Lobbyist Disclosure Acts are received and considered by the Board of Ethics at its scheduled monthly meetings. If the Board decides to explore the allegations in the complaint, they refer the matter to investigation and the staff of the Ethics Administration Program conducts the confidential investigation. Furthermore, numerous disclosure reports are filed with the Board of Ethics, including, but not limited to, campaign finance disclosure reports by candidates, political committees, and other persons participating in elections; political committee registrations, lobbyist registrations and expenditure reports; and personal financial disclosure reports by elected officials, certain state employees and certain members of board and commissions. If a candidate, lobbyist, or person required to file a report does not timely file a report or does not file a report, late fees and penalties are imposed. If the reports are not filed, an order is issued. If the late fees are not paid and the delays for appeals and waivers have expired, the final orders are transferred to the Attorney General's Office for collection.

Training – Ethics

During the 2007 legislative session and thereafter, provisions were enacted to require all public servants and lobbyists to receive mandatory annual training on the provisions of the Ethics Code. Furthermore, training is required of elected officials on the campaign finance laws and of lobbyists on the lobbying and conflicts of interest laws. Additionally, there is a requirement that agency heads and political subdivisions designate a person to serve as a liaison between the Ethics Administration Program and their agency. Not only does the law require the Ethics Administration Program to provide opportunities to receive such training, but to also track individuals' compliance with the law.

PROGRAM NUMBER AND NAME: 5651 - Administrative

The Board is constitutionally created trial court for tax disputes, an independent tribunal whose statutory activity is to resolve equitably, fairly, expeditiously and independently any state tax dispute between individuals, corporations and other taxpayers and state agencies including the Louisiana Department of Revenue, the Louisiana Department of Wildlife and Fisheries, Louisiana Department of Insurance, Louisiana Office of Motor Vehicles, and the Louisiana Department of Health, as mandated by R.S. 47:1401 et. seq. and La. Const. art. V, Sec. 35. The Board is entirely independent from the Louisiana Department of Revenue or any other taxing authority. The three board members are appointed by the Governor and confirmed by the Senate. Hearings are conducted regularly each month. The types of appeals before the Board range from very simple tax issues and small tax amounts (<\$100) to very complex tax issue amounts (>\$5,000,000). The Board's staff helps taxpayers with information on the appeals procedure, processes appeals and pleadings, digitizes hard copies of cases, organizes the cases and performs other daily administrative duties of a state agency.

The Board has the authority to hear appeals from the imposition of the following types of taxes: individual income, corporate income, corporate franchise, excise, severance, sales and use, withholding, motor vehicle, transportation and communication, hazardous waste, inspection and supervision and inventory special fuels. If a taxpayer is aggrieved by an assessment made by the Secretary of the Louisiana Department of Revenue, the taxpayer may file a petition with the Board seeking relief. The case is assigned for hearing, at which time either party may introduce evidence. After hearing the case and considering the record, the law and the evidence, a judgment is rendered by the Board. If the judgment is not appealed by either party within 30 days, it becomes final. The Board also approves or disapproves claims against the state. If the claim is approved by the Board of Tax Appeals, the legislature is authorized to appropriate funds to pay the claims.

In addition, the Board is authorized to review and approve or disapprove the following: offer of compromise, penalty waiver request, tax lien releases and redetermination of final assessments submitted to it by the Secretary of the Louisiana Department of Revenue. The Board also hears appeals from the Secretary's denial of claims or tax refunds or the refusal to act on claims or refunds.

The Board is authorized by the following statutes to hear the following items:

1. R.S. 47:114(F)(3). Approval of penalty waivers for failure to file annual or final returns of withholding taxes when the penalty exceeds \$25,000.
2. R.S. 47:295(C). Approval of penalty waivers for failure to pay income tax imposed on individuals when the penalty exceeds \$25,000.
3. R.S. 47:303(B)(5)(d). The taxpayer's appeal to the Secretary's refusal to issue certification of title or vehicle registration.
4. R.S. 47:303.1(G). The taxpayer's appeal to the Secretary's denial or revocation of a direct payment number registration.
5. R.S. 47:305.14(C). The taxpayer's appeal to the Secretary's denial of tax exempt status for non-profit organizations.
6. R.S. 47:305.18(C). The taxpayer's appeal to the Secretary's denial of tax exempt status for fairs, festivals, etc.
7. R.S. 47:305.20(E). The taxpayer's appeal to the Secretary's denial of tax exempt status for commercial fisherman.
8. R.S. 47:205.53(B)(2). The taxpayer's appeal to the Secretary's denial of tax exempt status for sickle cell organizations.
9. R.S. 47:647(B). The taxpayer's appeal to the Secretary's refusal to issue tax credit on third party contracts.
10. R.S. 47:1431 through 47:1438. Issues regarding appeals for redetermination of assessment or for the determination of overpayments, or payment under protest petitions.

PROGRAM AUTHORIZATION:

Louisiana Constitution of 1974, Article VIII, Section 7; The Master Plan for Postsecondary Education, 2011; LA R.S. 17:3216; R.S. 17:3221. "Southern University was established in the City of New Orleans by Act 87 of the 1880 General Assembly for the State of Louisiana. In 1891, Southern University was recognized by the Federal Government as a Land Grant College under the Federal Act of 1890, known as the Second Morrill Act of 1890. Act 17 of the 1892 Louisiana General Assembly formally approved the institution's agricultural and mechanical departments. Legislative Act 118 of 1912 authorized the closing and sale of Southern University in New Orleans, and relocation of the University to a new site. On March 9, 1914, Southern University was opened at its current location in Baton Rouge, Louisiana. The Louisiana Constitutional Convention of 1921 authorized the reorganization and expansion of Southern University; and Legislative Act 100 of 1922 provided that the University be reorganized under the control of the State Board of Education. Article 8 (Section 7) of the 1974 Louisiana Constitution authorized a Board of Supervisors for Southern University. Legislative Act 313 of 1975 included Southern University and Agricultural and Mechanical College as an institution in the Southern University System. The System is comprised of five units: Southern University and A&M College at Baton Rouge, Southern University in New Orleans, Southern University in Shreveport, Southern University Law Center, and Southern University Agricultural Research and Extension Center. Southern University and A&M College at Baton Rouge constitutes the largest and most comprehensive of these five units.

Southern University and A&M College is categorized as a SREB Four-Year 3 institution, as a Carnegie Master's College and University (Master's Large), and as the Southern Association of Colleges and Schools Commission of Colleges (SACSCOC) Level V institution.

The Southern University and A&M College serves a diverse student population and is committed to providing equal access and opportunity for all students who are in pursuit of academic success in public higher education."

PROGRAM MISSION:

The mission of Southern University and A&M College, an historically black, 1890 land grant institution, in Baton Rouge, Louisiana is to provide a student-focused teaching and learning environment that creates global leadership opportunities for a diverse student population where teaching, research, service, scholarly and creative expectations for students and faculty are achieved through the bachelor's, master's, and doctoral programs offered at the institution via different instructional modalities and via public service.

PROGRAM GOALS:

The current strategic goal of SU A&M is to:

Louisiana Constitution of 1974, Article VIII, Section 6; The Master Plan for Postsecondary Education, 2011; LA R.S. 17:321

PROGRAM MISSION:

McNeese State University is primarily a teaching institution whose mission is successful education of the undergraduate and graduate students, and services to the employers and communities in its region. McNeese uses a traditional admission process based on courses completed, GPA, and standardized test scores. All academic programs at McNeese State University emphasize in-depth, disciplinary knowledge and its application to academic and professional environments. McNeese graduates achieve success through the studied acquisition of content knowledge, the demonstration of discipline-specific skills and dispositions, and mastery of general education competencies such as critical thinking, effective communication, and quantitative/analytical skills. McNeese is responsible for serving: • Residents of southwest Louisiana who completed high school and seeking either a college degree or continuing professional education; • Two-year college transfer students, particularly those from Sowell Technical Community College; • Employers in the region, both public and private, school districts, health care providers, local governments, and private businesses; • Economic development interests and regional entrepreneurs; and • The area community, by providing a broad range of academic and cultural activities and public events. Array of Programs and Services: • An array of liberal arts programs at the baccalaureate level - arts and humanities, social sciences, natural sciences - appropriate to a teaching institution with a predominately undergraduate student body. • Baccalaureate programs in education, engineering, business, nursing, selected allied health fields, mass communications, and criminal justice. • Graduate programs primarily related to education, engineering, arts and sciences, nursing, and business. • Support for area K-12 schools seeking college general education courses for advanced students, and assistance in ensuring that their graduates are college-and career-ready. • Services specifically designed to meet the needs of regional economic development (small business development, support for entrepreneurs, problem-solving). Special Programs/Features: • Programs in innovation, entrepreneurship, and small business development supported by the Southwest Entrepreneurial and Economic Development Center. • Agricultural and related sciences with opportunities for experiential learning at three working farms, and the Center for Advancement of Meat Processing and Production. • Custom academic programs and professional certifications integrated with area business and industry. • Applied undergraduate research partnerships in engineering, sciences, allied health, and the Louisiana Environmental Research Center. • Cultural events are designed to connect McNeese with the regional arts community and K-12 education.

PROGRAM GOALS:

The goals for McNeese revolve around our commitment to four core values including Academic Excellence, Student Success, Fiscal Responsibility, and Community-University Alliances.

- I. McNeese will be considered a "First Choice" university.
- II. McNeese will support student success through coherent and engaging academic programs and initiatives.
- III. McNeese will support faculty success and development, to ensure the quality and prestige of academic programs.

PROGRAM ACTIVITY:

McNeese State University is a four-year, public institution of higher education that offers associate, baccalaureate, and graduate curricula distinguished by academic excellence. The institution is governed by the President and four divisions including the Division for Academic Affairs and Enrollment Management, Division for Business Affairs, Division for Student Affairs, and the Division for University Advancement. Additional units also reporting to the President include Inclusive Excellence, Information Technology, Marketing and Communications, Internal Auditor, Facilities and Plant Operations, and Athletics. McNeese State University functions in accordance with institutional, University of Louisiana System Board of Supervisors, and Louisiana Board of Regents policies and procedures.

The Division for Academic Affairs and Enrollment Management is responsible for providing leadership and administrative oversight for academic departments and academic support units. Through its Office of Enrollment Management, the Division collaborates with all units of the University and with the broader Southwest Louisiana region to assist students in successfully navigating the collegiate environment. The Division oversees six academic colleges including the College of Business; the Burton College of Education; the College of Science, Engineering, and Mathematics; the College of Liberal Arts; the College of Nursing & Health Professions; and the College of Agriculture, as well as overseeing the Dore School of Graduate Studies.

- II. To provide courses in public school districts as well as for home-schooled students and students in parochial and private schools.
- III. To provide a curriculum that will meet the needs of high-achieving, highly-motivated students in middle and secondary school grades. (R.S. 17:1965 (C))

PROGRAM ACTIVITY:

The LSMSA Virtual School is an LDOE approved provider of online high school courses through the "Supplemental Course Academy" program. Participation in SCA is limited to Louisiana middle and high public school students seeking credit for high school level coursework. Students and parents are able to register for coursework through the SCA online registration system with final approval of the school district. Funds are distributed to the school district through a special MFP SCA allocation. As a SCA provider, the bulk of the funding for the LSMSA Virtual School is provided through an agreement with the Louisiana Department of Education for receipt of tuition from enrolled students and a small percentage are private enrollments. Student enrollment is an unknown variable each year. All LSMSA Virtual School courses are also open to private enrollment for students attending a private school or who are home schooled. In these cases, SCA funds are not used to pay for the tuition. LSMSA Virtual School offers core and electives high school credit online courses. The school operates through web-based instruction and students access class content through a learning management system called Moodle. All course content is available to the student with an internet connected computer or tablet twenty-four hours a day, seven days a week. Instructor email, messaging, discussion, and video chat are contained within the online course shell. In addition, an 800 toll-free telephone number is available for students to call their instructor.

This activity includes the Scholarship and Grant Division that is comprised of the TOPS Initial Eligibility and Renewal Section and Special Programs Section. The Initial Eligibility and Renewal Section screens high school student records to determine their initial eligibility for a TOPS award, screens the records of college students to determine continuing eligibility for a TOPS award and reviews and processes TOPS billings from colleges and universities checking for validity and accuracy. The Special Programs Section administers the Louisiana Go Grant, M. J. Foster Promise Award, Geaux Teach, TOPS-Tech Early Start, federal/state grant programs (TOPS Teacher Repayment Tracking, BESE Tuition Program for Teachers, Louisiana Grant Opportunity for Youth ChalleNge Skills Training Program (Go-Youth ChalleNge), Rockefeller Wildlife Scholarship, Chafee ETV, Strategies to Empower People (STEP), John R. Justice, Regional Contract Program (RCP), and Paul Douglas) and other aid programs as assigned.

This activity also includes awards to students who qualify for the state's Taylor Opportunity Program for Students (TOPS) merit-based scholarship program. This activity includes expenditures for the following awards: 1) TOPS Honors Award; 2) TOPS Performance Award; 3) TOPS Opportunity Award; 4) TOPS Tech Award; 5) TOPS-Tech Early Start Award; and 6) Louisiana National Guard member education benefits.

Saving Programs - This activity includes functions that are directly related to the administration of the state's Student Tuition Assistance and Revenue Trust Program, commonly referred to as the START Saving Program, the Achieving a Better Life Experience (LA ABLÉ) Saving Program, and the START K-12 Program. These programs are assigned to the Louisiana Tuition Trust Authority (LATTA) and the Louisiana Office of Student Financial Assistance (LOSFA). This activity primarily involves LOSFA's START Division that performs essential customer service duties to service and maintain START, LA ABLÉ and START K-12 accounts. This activity does not include any of the money invested by account owners.

- The Student Tuition Assistance and Revenue Trust Program, commonly referred to as the START Saving Program, is an innovative college saving plan designed to help families contend with the growing costs of educating their children after high school. The START Saving Program is a Qualified Tuition Plan under Section 529 of the Internal Revenue Code that maximizes the opportunities for an increased number of students to pursue their postsecondary educational goals and helps families contend with the growing costs of a college education.
- The Louisiana Achieving a Better Life Experience (LA ABLÉ Saving) Program is a program which allows families to save for disability related expenses of their loved ones. The advantage of this program is that it allows the family to save without worrying about whether the assets in an account will be counted as an asset for purposes of determining eligibility for federal and state benefits programs such as Medicaid and Social Security. The LA ABLÉ Saving Program is assigned to the Louisiana Tuition Trust Authority (LATTA) and the Louisiana Office of Student Financial Assistance (LOSFA) with an LA ABLÉ Account Advisory Council which advises and consults with LATTA relative to the authority's administration of and adoption of rules pertaining to the LA ABLÉ program in accordance with R. S. 17:3089.
- The START K-12 saving plan allows families to save for tuition expenses related to attendance at any Louisiana school that provides kindergarten through twelfth grade instruction. START K-12 is a Qualified Tuition Plan under Section 529 of the Internal Revenue Code. This activity also includes the funding for the payment of Earnings Enhancements. Under the state's START Saving Program, a saving account for college, called an Education Saving Account (ESA), may be opened on behalf of a named beneficiary by anyone, including legal entities, provided that the account owner or beneficiary is a resident of Louisiana. Account owners invest with the state their personal funds with the benefit of having their money professionally managed. In addition, as an incentive to save, the state of Louisiana annually matches a percentage of the deposits made to an account during the calendar year, depending upon the category into which the account has been classified and the federal adjusted gross income reported by the account owner for the previous year. This match is called an Earnings Enhancement and this activity includes funding to pay the Earnings Enhancement match.

The ASSESSMENT, ACCOUNTABILITY, ANALYTICS Activity will assist in the effective implementation of State content standards in schools, school systems, regional and state level activities, and it will provide valid and reliable measures of students' academic performance.

The School Choice Activity facilitates student and family choice for those children in underperforming schools by offering quality of options for Louisiana's students through the non-public scholarship program.

The Operations Activity, through the Division of Nutrition Services, provides administrative oversight, assistance, training, and leadership to participants in the Federal Child Nutrition Programs administered by the Louisiana Department of Education, and will continue to conduct administrative reviews of all sponsors, with all sponsors being reviewed at least once every five years, as per Federal guidelines.

The Early Childhood Activity, through Early Childhood Operations, protects the health, safety and well-being of children who are in licensed child care facilities.

The Operations Activity, through the Federal Support and Grantee Relations Division, provides leadership, coordination and oversight for the 21st Century Community Learning Centers statewide, such that there will be an increase in the number of the 21st Century Community Learning Center providers that earn a letter grade of A, B or C in the annual program evaluation process in academic performance.

The Operations Activity, through the Statewide Monitoring Division, will provide leadership and support in addressing the requirements of children with special needs in ways that will enable them to function as participating members of their communities to the maximum extent possible, such that through 2028, the Division will maintain the current 100% by completing evaluations within mandated timelines.

The Teaching and Learning Activity, through the Educator Development Division, will ensure Local Education Agencies (LEAs) statewide have access to a real-time teacher and leader evaluation data platform.

The Career and College Activity prepares all students for post-secondary success as evidenced by increasing the Louisiana 4-Year Cohort Graduation Rate and thereby reducing the high school dropout rate.

The Teaching & Learning Activity provides support to local school systems in reading, mathematics and early intervention for all grades PreK-12 such that 3rd and 8th grade students will be proficient in English Language Arts (ELA) and mathematics on the Statewide Assessment.

The Teaching and Learning Activity will provide leadership and support in the implementation of school improvement best practices that will drive fundamental changes in leadership and instructional practices that will help school systems and communities focus on improved student achievement, such that low performing schools are increasing their School Performance Score.

The Career and College Readiness Activity will provide leadership and support in the implementation of learning opportunities that enable students to exit high school with career or college credentials.

The Career and College Readiness Activity will provide leadership and support in the implementation of evidence-based best practices and policy to support student engagement and attendance.

The Teaching and Learning Activity, through the Division of Educator Development, will provide leadership and support with recruitment and retention efforts to strengthen the educator workforce in Louisiana.

The Career and College Readiness Activity will provide leadership and support to school systems to ensure graduating seniors can access post-secondary opportunities.

The Teaching and Learning Activity, through the Division of School Improvement, will provide leadership and support to school systems with implementing evidence-based school improvement best practices to decrease the number of persistently struggling schools.

The Teaching and Learning Activity, through the Division of School Improvement, will provide leadership and support to school systems with implementing evidence-based school improvement best practices to decrease the number of comprehensive intervention and urgent intervention-academics required schools.

OGB Administration:

Performs and/or manages the administrative duties associated with the design and management of OGB's self-funded health insurance plans, customer service, and general agency operation. This activity includes overseeing the third-party administrator(s) and costs associated with the operation of OGB's self-funded health insurance plans.

Third-party Administration:

Provides for the payment of fees charged by third-party vendors for the administration of OGB's self-funded health plans' medical and prescription drug benefits, COBRA and Disability COBRA benefits, flexible spending benefits, capitated primary care network access and Medicare Exchange market access. Depending on contracted terms, fees charged by TPAs may be assessed on a per member per month ("PMPM"), per enrollee per month ("PEPM"), per participant per month ("PPPM"), a per claim processed basis, or a flat monthly fee.

Self-funded Health Insurance:

Provides employees, retirees and dependents of the State of Louisiana and other eligible participating groups comprehensive health insurance plans by offering the following OGB designed and managed health plans: Magnolia Open Access, Magnolia Local, Magnolia Local Plus, Pelican HSA775, and Pelican HRA1000. All of these plans include medical, prescription drug, mental health, and substance abuse coverage; as such the expenditures associated with this activity represent the payment of such claims.

Fully Insured Health Insurance:

Provides an alternative option for those members whose needs are not best suited by enrollment in the self-funded health insurance plans designed and managed by OGB. The alternatives offered may include a HMO/Medical Home Health Plan and Medicare Advantage Plans. These products are fully insured by the underwriters as such the expenditures associated with this activity represent the pass-through of premiums collected to the applicable insurers.

Fully Insured Life Insurance:

Provides affordable term life insurance products for eligible employees and retirees, with the State of Louisiana participating in 50% of the cost. Life insurance is also available on eligible dependents, with no State participation. These products are fully insured by the underwriters; as such the expenditures associated with this activity represent the pass-through of premiums collected to the applicable insurers.

Health Savings Account Contributions:

Provides employees of the State of Louisiana and other eligible participating groups who are members of the Pelican HSA775 Plan access to a Health Savings Account ("HSA"). Funding represents a combination of employer and employee pre-tax contributions. Expenditures associated with this activity represent the pass-through of these contributions to the HSA bank.

Louisiana Department of Health Products:

PROGRAM NUMBER AND NAME: 804R - Office Of Risk Management

PROGRAM AUTHORIZATION:

Louisiana R.S. 39:1527-1548

PROGRAM MISSION:

The mission of the Risk Management Program is to develop, direct, achieve and administer a cost effective comprehensive risk management program for all agencies, boards and commissions of the State of Louisiana and for any other entity for which the state has an equity interest, in order to preserve and protect the assets of the State of Louisiana; to fund the claims and loss related liabilities and expenses of the self-insurance program of the state as administered by the Office of Risk Management; to provide funding for contract legal services used to defend the state against claims and legal actions; and to provide funding for Louisiana Department of Justice, Division of Risk Litigation services used to defend the state against claims and legal actions.

PROGRAM GOALS:

1. To provide a comprehensive loss prevention program that promotes loss reduction and asset protection.
2. To manage all state property and casualty insurance through commercial insurance, self-insurance, or a combination of both utilizing sound management practices.

PROGRAM ACTIVITY:

- Administration - provides for the overall executive leadership and management of the self-insurance program. It provides administrative support functions performed by state employees such as personnel administration, underwriting, contracts administration, loss prevention administration, claims payment controls, disaster recovery management, litigated claims management, claims reserves authority, and performance monitoring activities of the Third Party Administrator's processes relating to claims management and loss prevention.
- Claims Losses & Related Payments - funds the payment of adjusted/settled claims, commercial excess insurance premiums, and related costs. The program activity also funds certain payments to the Third Party Administrator (TPA). The contractual costs paid to the TPA from this program include fees for claims adjusting, processing and administrative services, ancillary services, loss prevention services and emergency adjusting services when necessary.
- Disaster Management and Recovery - the Office of Risk Management (ORM) serves as the single applicant for Federal Public Assistance grants representing the state for all damaged state-owned public facilities. Through this activity, ORM works with the Governor's Office of Homeland Security & Emergency Preparedness (GOHSEP) and the Federal Emergency Management Agency (FEMA) to support state agencies through the coordination of benefits between insurance and federal public assistance grants.
- Contract Litigation - funds the payment of contracts issued for the professional legal defense of claims made against the state, including contract attorneys and other related expenses.

PROGRAM AUTHORIZATION:

LPAA operates under the authority provided by Louisiana Revised Statutes 39:321-332, 39:361-364, and rules and regulation promulgated under this authority.

PROGRAM MISSION:

The mission of the Louisiana Property Assistance Program is to provide for the accountability of the state's movable property using sound management practices; to ensure that all state agencies comply with the State Property Control and Fleet Management Regulations; to provide a savings and return on state and federal monies through redistribution and sale of surplus property; and to track the utilization of the state's fleet of passenger vehicles.

PROGRAM GOALS:

- I. To ensure accountability of the state's movable property according to the guidelines set forth in property control and fleet management regulations (R.S. 39 part XI, Sections 321- 332 & Part XIII, Sections 361-364).
- II. To provide pickup services for surplus property that meet the needs of our customers while being timely and efficient (R.S. 39 Part XI, Sections 321-332 & Part XIII, Sections 361-364).

PROGRAM ACTIVITY:

- Property Certifications - Responsible for ensuring that all state agencies comply with property and fleet regulations. This is achieved, in part, by the review of inventory certification documents submitted by each agency. Approval of certification (or rejection) depends upon factors such as percentage, dollar value, or types of items that cannot be located.
- Surplus Property - Assists state agencies by providing transportation and manpower resources to remove surplus property from state agency locations across the state. Louisiana Property Assistance Agency (LPAA) attempts to reutilize surplus movable property by making it available to other state agencies, municipalities, and qualifying non-profit entities.

PROGRAM NUMBER AND NAME: 811Q - Prison Enterprises

PROGRAM AUTHORIZATION:

R.S. 15:1151-1161

PROGRAM MISSION:

The mission of Prison Enterprises is to lower the costs of incarceration by providing productive job opportunities to offenders that instill occupational and skills training, while producing quality products and services for sale to state and local governments, non-profit organizations, political subdivisions, and others. Operation of Prison Enterprises' programs serves to further the DPS&C reentry initiative by enabling offenders to increase the potential for successful rehabilitation and reintegration into society.

PROGRAM GOALS:

- I. Operate in a professional, customer focused work environment in order to provide quality products and services at competitive prices ensuring customer satisfaction and increased sales.
- II. Increase involvement in the Department's reentry efforts through the continued use of Occupational Job Titles for the offender workforce and through the expansion of offender work programs, and Private Sector/Prison Industry Enhancement (PS/PIE) programs. By continuing to instill occupational and skills training to the offender population, this will ultimately reduce the recidivism rate for offenders working in the Prison Enterprises' programs.
- III. Research, evaluate, expand and/or curtail existing industrial, agricultural or service programs, product lines, etc. based upon financial data, market trends, customer requests, and overall operational value.

PROGRAM ACTIVITY:

Prison Enterprises is an ancillary agency within the Department of Public Safety and Corrections and receives no state funding for its yearly operational budget. PE provides unique job opportunities for offenders that may otherwise be unavailable. These jobs teach offenders valuable skills as well as a work ethic and a sense of responsibility; all of which are vital for eventual re-entry into society. Due to these opportunities, PE's recidivism rate is typically lower than that of the Department. The overall goal of PE is to employ offenders, who are normally a financial burden on taxpayers, to work to produce a variety of products and services that save taxpayer dollars. PE pays the offender incentive wages for the entire Department of Public Safety and Corrections resulting in yearly savings of over one million dollars. Prison-based industry and agriculture operations play an important role in the institutional environment: increasing offender jobs, decreasing the number of correctional officers necessary to supervise the offender population, and assisting in basic work ethic development among the offenders.

Industry Operations - The purpose of Industry Operations is to utilize offender labor in the production of low-cost goods and services, which reduce the overall cost of incarceration and save funds for other state agencies, parishes, and local government entities. Prison Enterprises operates fifteen different industries located within six different adult correctional institutions across the state. The major goal of these operations is to provide quality, low-cost products to the department, thus reducing the cost of incarceration. Prison Enterprises strives to produce goods that meet or exceed the quality of similar products available on state contract, offering them for sale at lower prices.

Agriculture Operations - The purpose of Agriculture Operations is to utilize offender labor in the production of a wide variety of crops and livestock sold on the open market. Prison Enterprises operates thirteen agricultural entities located within five different adult correctional institution across the state. Range herd operations produce cattle that are sold at public auction. A continual goal of the Agriculture Operations is to improve the efficiency of the row crop and cattle programs to meet or exceed state and regional yields and prices for similar operations.

PROGRAM MISSION:

The mission of the Technology Services Program is to establish competitive, cost-effective technology systems and services while acting as the sole centralized customer for the acquisition, billing and record keeping of those technology services. The Office of Technology Services (OTS) shall charge respective user agencies for the cost of the technology and services provided including the cost of the operation of the office in a fair, equitable, and consistent manner, in full compliance with State of Louisiana statutes.

PROGRAM GOALS:

1. To procure and provide competitive, cost effective technology systems and services by leveraging the state's buying power to secure the most favorable contract.
2. To determine the most cost effective sourcing and procurement for the state enterprise.
3. To provide a comprehensive package of technology systems and services which meet the needs of the government enterprise and enables individual agencies/customers to carry out their operational plans, missions, program goals and objectives.
4. To assist customers in the assessment of their technology requirements and provide consolidated management, administration, and implementation coordination/support of services as appropriate.

PROGRAM ACTIVITY:

Technology Services - As the central procurement and provisioning agency for all technology goods and services, OTS is uniquely positioned to identify the total cost of ownership/operations and make appropriate strategic sourcing determinations. OTS directly supports the administration's goal for a transparent, accountable and effective state government through the full disclosure of consumption levels and costs of technology services. Additionally, OTS works collectively with the Division of Administration to increase customer satisfaction by establishing satisfaction level baselines for rates, service responsiveness and reliability and by improving upon them.

This activity serves as the outreach arm for the Louisiana Department of Environmental Quality (DEQ) by providing educational outreach and technical compliance assistance to businesses, municipalities/communities, non-governmental organizations, schools and the public at large.

The Legal Affairs Division provides advice, consultation, and representation to all offices of the Department and is organized to provide attorneys with expertise and experience for every major type of environmental (and internal) action. Attorneys litigate corrective and compensatory actions to repair environmental damage, pursue environmental violators, collect penalties and fees owed to the department, and defend permit and other agency actions in administrative hearings and in both state and federal courts. The Division also routinely draft, review, and negotiate contracts, agreements, and settlements, and research and prepare legal opinions, reports, and other documentation to support agency decisions and actions.

The Criminal Investigations Division operates in compliance with La. R.S. 30:2025.F (4). Once a determination has been made that a criminal violation of the Louisiana Environmental Quality Act may have occurred, the Department is required to notify the district attorney in whose jurisdiction such possible violation has occurred. The Department is required to provide the district attorney with any and all information necessary to evaluate the alleged violation for criminal prosecution. In doing so, the criminal investigation division supports the overall mission of the Department and acts as the ultimate deterrent to would-be criminal violators of environmental laws. Deterrence is accomplished through arrests, serving search warrants, and developing and investigating environmental criminal cases for prosecution. The criminal investigations division complements the Department's civil enforcement efforts by focusing on the most egregious, habitual violators and escalating leads to criminal referrals to the district attorney when civil enforcement remedies fail or fall short. The criminal investigations division partners with various state and federal law enforcement agencies on criminal cases with an environmental nexus.

Audit Services conducts performance, operational, investigative, and financial audits of the operations of the Department. Also, Audit Services audits those private entities that do not appear to be paying fees to the Department on a self-reporting basis. These include new and used tire dealers and motor fuel distributors. Audit Services assesses fees and interest on delinquent accounts. These audits provide the Department with assurances that fees are remitted promptly and accurately.

The Communications section handles all media functions including media inquiries, press releases, the LDEQ website, Facebook, Twitter and YouTube. These activities provide valuable information to the public on LDEQ environmental activities that are of interest to or that impact them. The section has video capabilities and produces educational and informational videos for public outreach and provides support for public hearings, workshops, environmental projects and outreach activities. These include a monthly e-newsletter Discover DEQ, the LDEQ Annual report and informational and education material and brochures.

PROGRAM NUMBER AND NAME: 8562 - Office of Environmental Compliance

PROGRAM AUTHORIZATION:

La.R.S. 30:2011 (C)(1)(c)

PROGRAM MISSION:

The mission of the Office of Environmental Compliance (OEC), consisting of the Surveillance, Emergency and Radiological Services, and Enforcement Divisions, is to protect the health, safety and welfare of the people and environmental resources of Louisiana. OEC protects the citizens of the state by conducting inspections of permitted and non-permitted facilities, assessing environmental conditions, responding to environmental incidents such as unauthorized releases, spills and citizen complaints, and by providing compliance assistance to the community when appropriate.

The OEC establishes a multimedia compliance approach; creates a uniform approach for compliance activities; assigns accountability and responsibility to appropriate parties; and provides standardized response training for all potential responders. The OEC provides for vigorous and timely resolution of enforcement actions.

PROGRAM GOALS:

The goals of the OEC are to operate in an open, fair, and consistent manner; to strive for and assist in attaining environmental compliance in the regulated community; and to protect environmental resources and the health and safety of the citizens of the State of Louisiana.

The Surveillance Division inspects facilities for compliance with their permits or other authorizations (regulations, or enforcement actions), responds to and investigates incidents and complaints, and conducts media sampling. The U.S. Environmental Protection Agency (EPA) authorized DEQ to administer, implement, and enforce federal statutes for air, water and hazardous waste. Through an inspection strategy DEQ achieves that mission. DEQ Surveillance Division engages other state agencies and plays a critical role in their decision-making process. Data collected achieves meaningful environmental results that promote compliance statewide of state and federal statutory mandates. The adaptability and flexibility allows opportunities to provide compliance assistance to small and medium facilities that are not permitted, but reported to ensure they understand the requirements of environmental regulations. Surveillance is responsive to citizens who report information; DEQ Surveillance incident and complaint investigations/inspections are initiated based on information received from citizens, required upset/release notifications, and from other sources of information (such as sister agencies). Ambient water monitoring is conducted statewide under Clean Water Act requirements and policies to ensure there is adequate data to evaluate and set standards related to uses for specific water bodies (swimming, fishing, drinking water supplies). The data is provided to the Water Planning & Assessment Division (who set standards), and also to the Department of Wildlife and Fisheries (for habitat and aquatic propagation), and Department of Health Drinking Water program, as needed.

The Emergency and Radiological Services Division (ERSD) responds to chemical and environmental emergencies and provides administrative services for radiation sources. The ERSD established the Single Point of Contact (SPOC) for public reporting of spills and complaints to the Department. Emergency Response (ER) conducts monitoring at incidents where chemicals have been released or have the potential to be released into the environment or to affect public health. ER reviews and monitors cleanup activities at incidents to ensure the protection of the environment and the safety of Louisiana's citizens. SPOC receives and processes spill and complaint notifications from the general public and routes them to either ER responders or Surveillance inspectors. Chemical Accident Prevention (CAP) inspects specially designated facilities, which if involved in a catastrophic release, would affect a significant segment of a population with life-threatening chemical exposure. CAP inspections verify these facilities are conducting required maintenance, have sufficient response resources allocated, and have trained personnel and up-to-date plans in place to protect the public in the event of a catastrophic release. Radiological Emergency Planning & Response (REP&R) plans, coordinates and implements training to meet Nuclear Regulatory Commission (NRC) requirements for three nuclear power plants. REP&R provides training to first responders that would come in contact with low level radiation shipments that routinely travel by land, water, and air. REP&R administers testing of radiographers that certify competency to safely and knowledgeably handle and utilize radioactive sources. In addition, Radiation registers licenses and inspects all radioactive sources in the state. These sources, found extensively in medical and industrial settings, are used for the treatment and identification of disease, to locate flaws in construction where conventional inspection means would be inadequate and in maintenance of the thousands of miles of pipelines throughout the state.

The Enforcement Division ensures compliance with the environmental permitting laws and regulations and to deter future non-compliance by issuing the appropriate enforcement actions. Enforcement activity strives to ensure that the government, the private sector, and the public comply with federal and state laws designed to protect human health and the environment and sustain the environmental resources of the state. Enforcement works to achieve this goal by: 1) review of inspection reports; 2) assign accountability to violators; 3) issue timely and appropriate enforcement actions; 4) collect penalties issued to violators of state and federal environmental laws and regulations; 5) maintain environmental compliance databases; 6) provide expertise in the negotiation, litigation, and settlement of cases; and 7) provide awareness of environmental compliance. Priority is given to cases posing the greatest risk to human health or environmental resources in order to ensure prompt mitigation of any damages caused by the non-compliance.

PROGRAM NUMBER AND NAME: 8563 - Office of Environmental Services

PROGRAM AUTHORIZATION:

La. R.S. 30:2011(C)(1)(d)

PROGRAM MISSION:

The mission of the Office of Environmental Services (OES) is to ensure that the citizens of Louisiana have a clean and healthy environment for present and future generations. This will be accomplished by establishing and assessing environmental standards, regulating pollution sources through permitting activities which are consistent with laws and regulations, interface between the department and its customers, including public participation. The permitting activity will provide single entry/contact point for permitting; a multimedia team approach; technical guidance for permit applications; permit tracking; and focus on applications with the highest potential for environmental impact.

PROGRAM GOALS:

The goal of OES is to maintain, protect and enhance the environment of Louisiana through establishing and assessing environmental standards, permitting and licensing, and by issuing multimedia accreditations, notifications and registrations.

PROGRAM ACTIVITY:

The Air Permits Division (APD) ensures the protection of air quality by issuing permits protective of human health and the environment. The APD maintains and protects Louisiana's environment and natural resources by conducting comprehensive technical evaluations of incoming air permit applications. Permits must be compliant with the United States Clean Air Act (CAA) and the Louisiana Environmental Quality Act; accurately reflect all applicable laws and regulations; ensure compliance with federal and state air quality standards; and contain testing, monitoring, recordkeeping, and reporting requirements sufficient to assure compliance with the terms and conditions of the permit. Permit decisions are based on sound, comprehensive information that is scientifically supported. Louisiana has been delegated by U.S. Environmental Protection Agency (EPA) to implement the air permitting program established by Title V of the CAA. Other federal requirements implemented by the APD include the Prevention of Significant Deterioration program, the Non-attainment New Source Review program, and the permitting aspects of the Acid Rain Program. The APD also processes applications for other actions such as administrative amendments, authorizations to construct, changes of tank service, exemptions to test, variances, Emission Reduction Credits, and issues applicability determinations and other letters of response. The APD also reviews and performs air quality modeling for air permits to ensure that emissions from permitted facilities will not cause a violation of air quality standards. While EPA retains oversight of the APD's Part 70 Operating Permits Program, no activities duplicate or overlap with those of federal government or another state agency. Nor are the APD's services available elsewhere in the public sector or in the private sector. DEQ has been given jurisdiction over matters affecting the regulation of the environment within the state, including the regulation of air quality (R.S. 30:2011(A)(1)).

The Waste Permits Division (WSTPD) ensures protection of the soil and groundwater resources by issuing permits and standards that are protective of human health and the environment. WSTPD performs comprehensive technical reviews of permit requests and performs regulatory determinations for generators, processors, and disposers of solid and hazardous waste. WSTPD issues operating and post-closure permits for hazardous waste treatment, storage, and/or disposal facilities. For solid waste, the WSTPD issues operating permits to municipal landfills, industrial landfills, construction and demolition debris landfills, surface impoundments, processors, processing transfer stations, composting facilities, and separation, wood waste processing facilities, and waste tire processors. The WSTPD also supervises the proper closure of solid and hazardous waste management facilities. The WSTPD reviews, comments on, and approves closure plans requiring monitoring of groundwater in the vicinity of closed landfills and surface impoundments. Additionally, the WSTPD provides technical expertise and reviews groundwater monitoring reports, monitoring well installation and construction plans, assessment and corrective action monitoring reports and work plans, groundwater statistical evaluations, and plugging and abandonment of groundwater monitoring wells via the geology section. Permit decisions are based on sound scientific principles. Compliance with the Louisiana Environmental Quality Act and applicable local, state, and federal regulations is required. As we work to protect the natural resources of the state, we provide an important benefit to the general public, municipalities, and industry for allowing waste to be handled in a manner that is protective of human health and the environment. The WSTPD also reviews, processes, and responds to other requests such as solid waste beneficial reuse, one-time soil reuse, waste tire beneficial reuse, household hazardous waste collection events and facilities, local recycling collections, waste minimization plans, technical inquiries from the public, elected officials, and the regulated community. The WSTPD reviews and approves hazardous waste transfer stations and regulated used oil processors. Act 662 of the 2006 Regular Session of the Legislature enacted as LA R.S. 30:2413.1 and directed the DEQ to develop and implement a comprehensive debris management plan for certain debris generated by natural disasters. The WSTPD issues pre-approvals to emergency debris sites that aid in a more efficient and effective response to natural disasters.

The Water Permits Division (WPD) ensures protection of water quality by issuing permits protective of human health and the environment. WPD is delegated by the U.S. Environmental Protection Agency (EPA) to implement the Louisiana Pollutant Discharge Elimination (LPDES) program. WPD is responsible for the issuance of LPDES water permits. Other responsibilities, include biosolids/sewage sludge permits and registrations, and Clean Water Act water quality certifications. WPD is responsible for coordinating all water permitting and other related activities of the State's LPDES Program for approximately 14,940 permits. Water permits incorporate monitoring, record-keeping, and reporting requirements, to ensure that waters of the state meet all water quality standards, thus protecting human health and the environment. Point source entities which discharge pollutants into surface waters of the state must apply for and obtain a water discharge permit prior to any actual discharge. WPD manages water quality certification activities; these certifications are required for all federal permits and licenses which includes every United States Army Corps of Engineers permit which involves "discharge of fill material into the waters of the United States". The DEQ 401 Water Quality Certification assures that all dredge and fill activity permitted under a 404 permit will be protective of site-specific water quality standards. WPD oversees the regulation and permitting of all generators of sewage sludge and biosolids for use or disposal. This affects all domestic wastewater treatment facilities; and selected industrial facilities. Additionally, WPD manages the registration of sewage sludge haulers. DEQ has jurisdiction over matters affecting the regulation of the environment within the state, including the regulation of water quality (La. R.S. 30:2001, et seq.).

The Public Participation and Permit Support Division (PPPSD) function is to facilitate public participation and provide administrative, database and certification notifications support to the media-based permit divisions. PPPSD consists of two sections: Permit Support and LELAP (Louisiana Environmental Laboratory Accreditation Program) Section (PLS) and Notifications and Accreditations Section (NAS). PLS provides administrative services to the media permit divisions in processing applications and issuing permits within statutory and regulatory timelines. PLS also processes notifications for Name and Ownership changes. Within the PLS, Permits Application Administrative Review (PAAR) Group receives and analyzes all incoming documents for OES to ensure proper placement into the DEQ's Electronic Document Management System (EDMS). PAAR conducts all initial administrative reviews, creates permitting records in DEQ's database, TEMPO, and ensures that all permit fees received are properly handled. The Public Participation Database Support Group (PPDSG) in the PLS ensures that permits generated by OES are properly public noticed as required by state and federal regulation. The group also organizes and conducts all public hearings and/or public meetings for OES. PPDSG manages TEMPO, which is used by permits, inspections, enforcement divisions, and fiscal staff to perform many of their duties. PPDSG also converts federal and state regulations into standard database language for use in permits, inspection checklists, and enforcement documents. The Laboratory Accreditation Group (LAG) within the PLS accredits and audits commercial laboratories to confirm approved methods and quality to ensure accuracy, precision, and reliability of data provided to DEQ. NAS processes multimedia accreditations, notifications, and registrations. Within NAS, the Certifications and Accreditations Group (CAG) registers Solid Waste (SW) Generators and Transporters and conducts certification testing for SW Operators; CAG oversees providers of asbestos and lead training courses, verifies qualifications of individuals conducting training courses, and accredits asbestos and lead workers to ensure that they are trained to follow proper work practice controls to protect the public from asbestos and lead exposure. CAG also reviews asbestos and lead project notifications to ensure contractors are licensed. CAG uses manifests to ensure proper handling of asbestos-related waste by approved transporters and landfills. In addition, CAG reviews Asbestos Management Plans for schools and State buildings to ensure safety of children and adults learning and working in these buildings. The Waste Notifications and Reporting Group (WNRG) in NAS ensures Annual Hazardous Waste (HW) Report information submitted by Large Quantity Generators and Treatment, Storage and Disposal facilities (TSDs) is properly maintained by managing the process for the information upload into the EPA's Resource Conservation and Recovery Act (RCRA) Information database. The WNRG also processes all Hazardous Waste notifications for Large Quantity Generators, Small Quantity Generators, Very Small Quantity Generators, Transporters, and other notifications required by regulation. The WNRG prepares the annual Hazardous Waste Import/Export Report for the Legislature.

PROGRAM MISSION:

The mission of the Office of Management & Finance is to provide effective and efficient support and resources to all Louisiana Department of Environmental Quality (DEQ) Offices and external customers necessary to carry out the mission of the Department. The specific role of the Support Services activity is to provide administrative services (property control, safety, and other general services) to the department and its employees.

PROGRAM GOALS:

To administer and provide effective and efficient support and resources to all DEQ Offices and external customers.

PROGRAM ACTIVITY:

The Financial Services activity includes Budget & Expenditure Reporting, Accounts Payable, Employee Travel Reimbursements, Billing & Data Management, Accounts Receivable, Funds Management, Grant Processing and Expenditure Reporting, Revolving Loan Financial Processing and Reporting, Contract Processing and Management, Procurement, and Motor Fuel Trust Fund Reimbursement Processing.

The OMF Support activities include Safety & Training, Human Resources, Information Technology, Records Management (active and inactive records, imaging, records management policy and procedures, records management training, EDMS support), Property Control, Fleet Maintenance and Reporting, and General Services Support. This section includes the appropriation to pay for services directly provided by the Division of Administration for Information Technology (IT) from the Office of Technology Services.

PROGRAM MISSION:

The mission of the Office of Environmental Assessment is to maintain and enhance the environment of the state in order to promote and protect the health, safety and welfare of the people of Louisiana. This program provides an efficient means to develop, implement and enforce regulations, assess, inventory, monitor and analyze releases, and pursue efforts to prevent and to remediate contamination of the environment. The OEA also strives to develop plans and projects to assist stakeholders via financial assistance in environmental restoration and protection actions.

PROGRAM GOALS:

Improve the state of environmental protection through effective planning, evaluation and monitoring of the environment.

The Air Planning and Assessment Division (APAD) evaluates the overall quality of the air resources of the state. APAD is responsible for developing and maintaining Louisiana's State Implementation Plan (SIP), which describes control strategies to address all areas within the state for all federally mandated ambient air quality standards. The APAD is responsible for developing comprehensive criteria and toxic pollutant emissions inventories for Louisiana and reports these to the U.S. Environmental Protection Agency. APAD works closely with the regulated community, trade groups, and other state and federal agencies to develop and maintain high quality and current emissions data. The data is used in developing effective rules and regulations, "reasonable further progress" submittals (demonstrating emission reductions necessary to attain national standards) to EPA, and modeling demonstrations for air permit applications. The Air Planning and Assessment activity also operates and maintains a statewide ambient air monitoring network and provides quality assurance checks on the data produced to determine compliance with requirements of the National Ambient Air Quality Standards (NAAQS), and to evaluate trend changes in air quality throughout the state. The division maintains the two Mobile Air Monitoring Labs - self-contained mobile laboratories capable of real-time sampling and analysis; and develops and oversees the federally mandated vehicle Inspection and Maintenance program for areas that are not attaining the federal ozone standard. The APAD represents the department and participates directly in the development of federally required transportation conformity analyses for the state's air quality non-attainment and maintenance areas where applicable. APAD coordinates the development of required motor vehicle emissions budgets and reviews federal aid projects proposed in the state to advise project sponsors of specific general conformity requirements. The staff is also working with gasoline fueling stations to decommission Stage II Vapor Recovery systems.

The Water Planning and Assessment Division evaluates the overall quality of the water resources of the state, establish and assess water quality standards, and assist with environmental restoration and protection actions. Water quality standards are established to protect the uses of the state waters while not requiring unnecessary treatment costs for business, industries and municipalities. Water quality standards are the basis for water quality assessments, pollution allocations, and permit limits. Water quality assessments are conducted based on ambient data to determine if water bodies are impaired and are reported biennially in the Integrated Report. Protection plans, programs and projects are developed to assist stakeholders, local communities, organizations and citizens to plan environmental restoration and protection actions that are eligible for federal funding.

The Remediation Division (RD) protects the soil, groundwater, and surface water resources of the state from unauthorized future and historical releases to the environment. The RD activity investigates, evaluates, monitors and cleans up contamination at both active facilities and abandoned sites. The RD activity includes hazardous waste, solid waste, groundwater, Superfund, and Brownfields sites, as well as large chemical plants and refineries. All site clean-ups, and any contaminants that may be allowed to remain at these sites, must meet the human health risk-based clean-up standards established by state regulation so that human health and the environment are protected, and the properties can be safely used. The environmental evaluation and/or remediation of these properties allows contaminated properties to be returned to active commerce while achieving the goal of natural resource preservation. For example, Brownfields are underutilized sites that are either contaminated or perceived to be contaminated. These sites are evaluated and/or cleaned up so properties can be safely put back into use or commercial construction, reused, conserving undeveloped areas for other uses. Other sites are discovered during due diligence investigations prior to commercial sales transactions where money is being loaned by banks which require property assessments and some form of environmental "clearance" from the DEQ. The assessments completed under this activity often facilitate these commercial transactions and provide for the appropriate reuse of the property in question. By cleaning up past contamination and preventing future releases, the RD promotes the restoration and preservation of three of Louisiana's most important natural resources – land, groundwater and surface water, for the continued benefit of Louisiana's economy and the use of future generations.

The Underground Storage Tank Division (USTD) protects the soil, groundwater, and surface water resources of the state from unauthorized future and historical releases to the environment from underground storage tank (UST) sites. The USTD activity investigates, evaluates, monitors and cleans up contamination at both active and closed UST sites. All site clean-ups, and any contaminants that may be allowed to remain at these sites, must meet the human health risk-based clean-up standards established by state regulation so that human health and the environment are protected, and the properties can be safely used. The environmental evaluation and/or remediation of these properties allows contaminated properties to be returned to active commerce while achieving the goal of natural resource preservation. There are approximately 10,000 USTs at 3,800 UST facilities in Louisiana. As required by the Federal Energy Act of 2005, all tanks must be inspected at least once every three years. Regulations require that these facilities must be constructed, operated, and monitored to minimize leaks, as well as to minimize leak discovery time in the event that leaks occur. USTD conducts inspections to ensure that these facilities are in compliance with regulations, and, if a release does occur, ensures that contamination is detected quickly and cleaned up to levels protective of human health and the environment. By cleaning up past contamination and preventing future releases, the USTD promotes the restoration and preservation of three of Louisiana's most important natural resources – land, groundwater and surface water, for the continued benefit of Louisiana's economy and the use of future generations.

PROGRAM MISSION:

The Water Planning and Assessment Division in conjunction with the Support Services Division - State Revolving Fund Section strive to uphold Title VI and amended section 221 of the federal Clean Water Act and to protect the health and welfare of the citizens of the state, as well as to enhance the environment of the state by administering the Clean Water State Revolving Fund and the Sewer Overflow and Stormwater Reuse Municipal Grants Program. The Remediation Division's Brownfields Program, in conjunction with the Financial Services Division, strives to uphold the Small Business Liability Relief and Brownfields Revitalization Act and 2018 Brownfields Utilization, Investment, and Local Development (BUILD) Act to address environmental concerns at vacant and underutilized properties to facilitate their reuse and to support community revitalization.

PROGRAM GOALS:

To protect the health and welfare of the citizens of the state, as well as to enhance the environment of the state, by providing financial assistance to eligible borrowers or grantors for improvement and/or construction of wastewater treatment facilities, sewer overflows, sanitary sewer overflows, and stormwater management; and for Brownfield sites, cleanup of hazardous substances, pollutants, contaminants (including hazardous substances co-mingled with petroleum), and/or petroleum. DEQ is committed to supporting the three major objectives found in Title VI and amended section 221 of the Clean Water Act for the Clean Water State Revolving Fund, and Sewer Overflow and Stormwater Reuse Municipal Grants Program. (1-4) As well as the major objectives found in the Small Business Liability Relief and Brownfields Revitalization Act and 2018 Brownfields Utilization, Investment, and Local Development (BUILD) Act. 1. Construction of publicly owned treatment works (Section 212)
2. Implementing a management program (Section 319); and
3. Developing and implementing a conservation and management plan (Section 320).
4. Planning, Design, and Construction of—
 - (A) treatment works to intercept, transport, control, treat, or reuse municipal combined sewer overflows, sanitary sewer overflows, or stormwater; and
 - (B) any other measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water eligible for assistance under section 603 (c)

PROGRAM MISSION:

The mission of the SDWRLF is to provide for the correction of conditions that may cause poor water quality and/or quantity delivery to Louisiana citizens.

PROGRAM GOALS:

The goal of the SDWRLF is to provide assistance in the form of low-interest loans and technical assistance, to public water systems in Louisiana to assist them in complying with state and federal drinking water regulations ensuring that their customers are provided with safe drinking water thereby protecting the public health.

PROGRAM ACTIVITY:

The OPH Safe Drinking Water Revolving Loan Fund (SDWRLF) is an ancillary fund that was created to assist public water systems in financing needed drinking water infrastructure improvements (e.g., treatment plant, distribution main replacement, storage facilities, and new wells). The recipients of the services provided by the SDWRLF Program are the consumers of water from those publicly and privately owned community water systems and nonprofit, non-community publicly owned water systems in the state of Louisiana. The SDWRLF consists of federal and state match funds (proceeds of bond sales) that are used to make direct loans to community water systems on the state project list to finance improvements.

Explanatory Notes: The Louisiana State Racing Commissioners work through the Executive Director and the Executive Administrative Activity daily with Racing and State Management Officials to prepare and execute the annual budget of self-generated revenues and statutory appropriations to efficiently and successfully meet all of the complex management needs and requirements of the multi-million-dollar Louisiana horse breeding and racing industry with minimum legal risks. Executive Administration operations are transparent and supported by public participation and trust in Louisiana and throughout the USA. The Louisiana State Racing Commission (LSRC) conducts formal, open public meetings with an agenda during the fiscal year to approve live racing dates requested by racetracks, to provide LSRC committee reports on various components of the racing industry to horse organizations and the public, and for disciplinary cases. A court reporter records minutes of the LSRC meetings.

Explanatory Notes:

The Regulatory and Licensing Activity enforces all of the racing statutes and regulations daily through the published Rules of Racing Manual and on-site racing field offices with a State Steward and experienced staff at each racetrack. Licenses are issued to all racing participants. The Racing Commission approves key racing officials and racetrack licenses to operate the racetracks. Self-generated revenues are collected and audited daily and weekly. Human drug and alcohol tests are administered according to rigid standards to protect the racing participants and for maintaining integrity to prevent illegal activity in the sport. Racing statistics are maintained for administration of racing trends, security, and numerous reports. Disciplinary actions and penalties are enforced for violations and certain cases are brought to the Racing Commission with the direct action of the Assistant Attorney General at scheduled Racing Commission Meetings for legal decision.

Explanatory Notes: The Louisiana State Racing Commission reimburses the thoroughbred and quarter horse official statutory breeder organizations for payment of cash breeder awards to breeders of winning accredited Louisiana bred horses and to eligible Louisiana stallions. This statutory requirement promotes large fields of competitive horses to race in Louisiana. Without a sufficient number of horses to fill a race according to the criteria of the race, the race would have to be cancelled.

 Explanatory Notes:

Pre-race inspections are an absolute necessity to assure racing soundness of all equine participants. The welfare of the horse and safety of the rider must be protected. Post race testing assures that no illegal drugs are used to achieve an unfair advantage. Exams and testing provide a level of integrity to the constant demands of the wagering public and the news media throughout the USA for honest horse racing properly regulated. No one wants to see catastrophic horse breakdowns. Racing statistics must be maintained to provide evidence of results of strong controls in a very active, physical sport and for required monitoring.

| Explanatory Notes: | The Historical Horse Racing (HHR) Devices Activity enforces all of the HHR statutes and regulations daily through the published Rules of Racing and Administrative HHR staff. Per the directive of State Statutes and the Racing Commission, licenses are issued to all racing associations, operators, management companies, wagering vendors, and individuals who work with the HHR terminals in the State of Louisiana after investigation of their suitability. Self-generated revenues are collected and audited. Administrative HHR staff, along with the designated Independent Testing Laboratory and Integrity Auditor, ensure the integrity, security, and honest administration of HHR pari-mutuel wagering through inspections and audits of HHR activities and operations to maintain fairness for the wagering public. Per Act 258 of the 2023 Regular Session of the Louisiana Legislature, the LSRC Staff audits and reconciles HHR Revenue Reports to the LaGov Revenue Financial Report prior to the disbursement of the HHR License Fees as mandated in Louisiana Revised Statute 4:218.1. |

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Explanatory Notes:

The purpose of the Horticulture Commission is to protect the public through licensing and/or permitting, and regulating persons engaged in horticultural businesses. The commission licenses individuals, through examination, for the following professions: Landscape Architect, Landscape Horticulturist, Landscape Irrigation Contractor, Arborist, and Utility Arborist. The commission also permits the occupations of Nursery Stock Dealer, Floral Dealer, and Cut Flower Dealer. The commission governs the qualifications and practices of persons engaged in these professions and occupations, works to prevent fraudulent practices, and encourages participation in continuing education. This is accomplished through administering licensing exams, investigating complaints related to persons (1) operating without proper licenses or permits, (2) performing services that do not meet adopted standards, (3) selling poor quality material, etc. The activities of the Horticulture Commission partner with the activities of the department's Plant Pest Quarantine related programs in the surveillance of plant pests that could endanger Louisiana's agricultural (food and fiber supply), forestry, horticultural, and apiary industries and the environment.

Explanatory Notes:

Explanatory Note: Plant pest quarantine related programs are designed to monitor for, and provide for the prevention, control, and eradication of regulated and exotic pests and diseases endangering Louisiana's agricultural (food and fiber supply), forestry, horticultural, and apiary industries and the environment, and to ensure that products certified for export are in fact free from regulated pests. This is accomplished through implementation and enforcement of the Crop Pests and Diseases Law, Sweet Potato Dealers Law, Sweet Potato Pests and Diseases Law, and Apiary Law. These activities protect Louisiana's food and fiber supply, support and contribute to healthy environmental habitats, and increase awareness of the impacts of exotic pests. LDAF partners with USDA and the LSU AgCenter for many of its quarantine or regulated pest activities to achieve the greatest efficiency and effectiveness in accomplishing the tasks. While LDAF and/or USDA take the lead in regulatory activities, the LSU AgCenter generally is the lead for outreach and education. All activities utilize the latest science and technology available to the greatest extent possible, such as electronic information and data transfer; digital imagery; pheromone trapping of pests; GPS mapping; electronic permitting; and biocontrols of certain pests. Quarantine Program, administered through the Crop Pests and Diseases Law, is designed to safeguard Louisiana's agricultural and forestry industries and the environment through early detection of and rapid response to plant pests. In a 2009 USDA analysis ranking the relative risk exotic pests pose to the 50 states, Louisiana was ranked ninth. Subsequent year analyses have ranked Louisiana at a similar risk level. Risk elements utilized in the rankings were: 1) Likelihood of introduction; 2) Economic impact; 3) Environmental Suitability; and 4) Natural Resource impact. In many instances, program activities also provide the ability to certify agricultural products for movement within the state, out of the state, and out of the country. The Quarantine Program conducts pest surveys and inspections on many commodities in the state. These surveys and inspections allow the department to certify commodities for export to other states or countries. Without this certification, product markets may be limited or in some cases eliminated because the receiving state or country will not accept the product. Some of the commodities affected by the Quarantine Program activities include nursery stock, grains, citrus, sweet potatoes, sugarcane, honeybees and forest products. Other items, such as cotton field equipment, are also affected. Nursery Program regulates the shipment of nursery and greenhouse stock in an effort to minimize the spread of harmful insects, diseases, and other pests. The goal is to maintain adequate quarantines and regulations to prevent the introduction and spread of serious crop pests and diseases. Pest-free certification of nursery stock is required of all states for movement in interstate commerce. This program activity enables Louisiana-produced nursery stock to move to other states throughout the country and in some cases to other countries. The total value of the Louisiana Nursery Industry at the wholesale level for 2014 was \$166.9 million. A study conducted by the LSU AgCenter reported that in 2001, Louisiana's green industry was responsible for about \$2.2 billion in gross sales, provided nearly \$1.2 billion in personal income to business owners and employees and contributed nearly \$1.7 billion to the gross state product. The green industry also was responsible for around 56,700 Louisiana jobs. Sweet Potato Program touches all aspects of the state's sweet potato industry. The department certifies all fresh market stock as sweet potato weevil (SPW) free; we trap and survey every seed bed, commercial field and storage shed for SPW throughout the season; we pay routine visits to the north Louisiana processing plant to collect revenue information and spot check compliance with basic regulatory requirements for cleanliness, cull disposal, weevil status, etc.; we confirm seed and field treatments as required and conduct inspections to confirm beds and fields are destroyed properly within prescribed deadlines. In addition, department personnel conduct marketplace inspections to make sure potatoes offered for sale meet regulatory requirements. One aspect of this program is to maintain the weevil-free production area in Northeast Louisiana which comprises approximately 77% of the sweet potato acreage. Another aspect is to manage the SPW populations in the generally infested areas of the state at a level that will not cause an economic impact to the industry. According to LSU AgCenter reports, the 2020 gross farm value of the sweet potato industry in Louisiana was estimated at \$44 million. If value-added is included the figure increases to ~\$77 million. The program enables Louisiana sweet potatoes to move throughout the country. In 2009-2010, the state invested \$37 million in attracting ConAgra Lamb Weston to build a processing facility in our weevil-free area of Northeast Louisiana. The program activity is an integral part of protecting that investment. In 2015, department-industry cooperative efforts initiated a program to move sweet potatoes from the SPW-regulated area into SPW-non-regulated areas for processing, significantly helping the industry's economy. The purpose of the Apiary Program is to prevent the introduction and spread of infectious diseases and pests of honeybees. This is accomplished through hive registration, surveys, inspections, sampling, and control of pests of honeybees. The gross farm value of honey production alone in 2014 was \$3.8 million, with value-added products and services increasing this number to \$4.6 million. Apiary program activity enables the department to certify Louisiana beekeepers to sell queen and package bees to beekeepers in other states and to enter into pollination contracts in other states. In 2007, the estimated value of queen and package sales were \$75,000 - \$150,000 and pollination services were \$2.2 million. A healthy honeybee population is important to the general public and environment. It is estimated that nearly half of American households have gardens. Honeybees are important in the pollination of vegetables, fruits and flowers in those gardens. Additionally, honeybees are important pollinators of plants that provide food and habitat for birds and wildlife. As of 2014, LDAF participates in a multi-agency group addressing pollinator protection issues.

Explanatory Notes:

Explanatory Note: The Boll Weevil Eradication Program was designed to fully eradicate the boll weevil from the state of Louisiana. Upon completion of eradication, a minimal detection program is necessary to protect the state's investment by insuring that the state does not become re-infested. Currently, over \$167 million has been spent on boll weevil eradication (\$77.6 million by the state, \$25 million by USDA, and \$64.3 million by the cotton growers). The boll weevil has been eradicated from Louisiana, and we are currently in a maintenance program. Continuation of the Boll Weevil Eradication Program will restrict movement of cotton, cotton seed, equipment, etc., from infested areas into Louisiana to insure that we do not become re-infested. Likewise, it enables these regulated articles to move freely from Louisiana to other states. Environmental Impact - Boll Weevil Eradication decreases the amount of insecticides applied to cotton by 70%; it results in slower buildup of insect resistance to insecticides; increases the utilization of integrated pest management practices; and increases the numbers of beneficial insects present in cotton. Following Eradication - Changes documented in other states include an average increase in cotton yield of 41% per acre and an average economic benefit of the program of \$190 per acre. To date, in Louisiana we have seen an average increase in yield of approximately 50% and an average economic benefit of the program of \$231 per acre.

PM OBJECTIVE: 1603-04 - Protect the environment along with the health and general prosperity of Louisiana citizens by providing safe and proper distribution, use and management of pesticides; by facilitating the protection of natural resources and pollution prevention and by providing effective control of pest.

Explanatory Notes:

Explanatory Note: Maintaining the number of incidences of verified environmental contamination by improper pesticide application at no more than 150. The Pesticide and Environmental Program Division (PEPD) is directed by law to collect fees for various activities conducted and also directed in that same section of law to conduct certain services, inspections, monitoring, certifications, etc. The performance outputs are a means of tracking the activity level in each program area. The PEPD inspects, enforces and regulates the registration, distribution, sale, offering for sale, and application of pesticides. The PEPD regulates, trains and certifies appropriate pesticide applicators of multiple disciplines in agricultural and non-agricultural areas, Restricted Use Pesticide (RUP) Salespersons, Agricultural Consultants, and Worker Protection Standards (WPS) Trainers and Structural Pest Control operators. The respective businesses of each of these disciplines are regulated and licensed/ permitted by PEPD as well. The PEPD also monitors the state's water resources for pesticides and participates in affiliated federal programs such as Endangered Species programs, Worker Protection Standards and Producer Establishment Inspections (PEI). The Advisory Commission on Pesticides (ACP) and the Structural Pest Control Commission (SPCC) assists in protecting the public's health, property and environment through governing the practices of these regulated areas. This is accomplished through training and inspections. Certification Program: responds to the statutory mandate for training and continuing education which provides the regulated community with the appropriate tools to ensure the safety/value of the public's health, property and environment is maintained; Enforcement Program: provides monitoring/response "presence" to ensure proper practices are executed and provides an arena to hold violators accountable which in turn discourages future detrimental behavior. The activities of the PEPD through outreach, inspections, certifications, licensing, monitoring and enforcement provide for the proper use of pesticides to assure that the health and environment of the state's citizens and its natural resources are maintained and enhanced. The activity in these areas is not always directly related to output but are many times influenced by environmental factors beyond human control.

PM OBJECTIVE: 1603-06 - Through the Regulatory Seed Testing and Louisiana Seed Certification Programs, to continue the office's efforts to ensure that 97% of samples tested test within established tolerances, 95% of acres petitioned for certification meet the requirements of Standards. Additionally, through the LDAF Industrial Hemp Program, ensure that industrial hemp remains a viable agricultural commodity in Louisiana, and is produced in compliance with state and federal laws.

Explanatory Notes:

The Regulatory Seed Testing Program is designed to prevent Louisiana farmers and public consumers from involuntarily purchasing low quality seeds and ensures that Louisiana does not become a dumping ground for lower quality seeds by requiring that seed being offered for sale meets quality standards and truth in labeling. The program also ensures that a reliable and consistent supply of high quality seeds and other propagating materials, free of noxious weeds, are available to all Louisiana growers. The Louisiana State Seed Testing Laboratory is the only seed testing facility available in the state and provides a wide range of testing services for companies and individuals requiring standard or special seed tests on agriculture, vegetable, lawn, wildflower and forest tree seeds. Of importance to state farmers are the purity, germination and special tests that assist farmers to more accurately project actual field emergence which determines planting rates. The Louisiana Department of Transportation and Development (DOTD) law requires contractors to provide Louisiana seed laboratory analysis reports in order to be reimbursed for seed lots used in highway construction jobs. Additionally, laboratory analysis reports on planted seed lots are required in order for farmers to receive program payments from the Farm Service Agency (FSA). The Louisiana Seed Certification Program provides a wide range of services that aid certified seed growers in the production, identification, distribution, and promotion of new and improved crop varieties. The Louisiana Seed Certification Program provides a wide range of services that aid certified seed growers in the production, identification, distribution, and promotion of new and improved crop varieties. The Louisiana Seed Certification Program is a required integral step for the Louisiana State University's Foundation Seed Program to release these new and improved certified crop varieties to Louisiana growers. Certified seed is the highest quality seed available to local farmers, providing a value-added product for the certified seed producers and an increase in crop production potential to farmers and the general public. The program further serves to protect the seed industry and Louisiana's food supply through the early detection and prevention of the introduction of genetically modified (GM) seed traits within important economic crops. The Program also provides phytosanitary inspections of seed fields, and a mechanism whereby Louisiana seed growers may export locally grown seed to European countries who are members of the Organization of Economic Cooperation and Development (OECD). A memorandum of understanding also exists with the US Department of Agriculture to carry out OECD seed schemes and to inspect seed fields to determine OECD eligibility. The Louisiana Industrial Hemp Program ensures that industrial hemp is produced in compliance with state and federal laws through regulatory licensing, inspection, sampling and testing of industrial hemp plants and seeds being grown, processed or transported in Louisiana. The division is administered under LA R.S. 3:1461-1484. (Industrial Hemp Act) and pursuant regulations.

PROGRAM ID: 1607 - Soil and Water Conservation

PM OBJECTIVE: 1607-01 - Attain a reduction in soil erosion on 450,000 acres of agriculture and forest land for a cumulative total of 3,375,000 tons of soil saved over the next 5 years.

Children's Budget Link:

Human Resource Policies Beneficial to Women and Families Link:

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Explanatory Notes:

Reduction of soil erosion maintains soil health and productivity, and helps improve surface water quality.

PM OBJECTIVE: 1607-06 - To utilize the existing conservation partnership network of NRCS, LDAF, and SWCDs in collaboration with APHIS to continue carrying out conservation planning, information/outreach training, control and recovery activities for feral swine management on private lands to respond to the threat feral swine pose to agriculture, native ecosystems and human & animal health.

Other Links (TANF, Tobacco Settlement, Workforce Development Commission, or Other):

Explanatory Notes:

Feral swine reduction significantly reduces crop damage and other agricultural losses, reduces soil erosion and improves water quality, improves wildlife habitat and stability of threatened, endangered or declining wildlife populations, and lessens disease transmission to native wildlife, livestock, and people.

Explanatory Notes: Footnote KS: 1322 - 1 Calendar year tax generated visitor spending is calculated annually by DK Shifflet (DKSA) in May for the Office of Tourism. Therefore, the fiscal year actual is the best guess available based on the most recent of visitor spending reports. D.K. Shifflet, a MMGY Global Corporation, data is collected using KnowledgePanel®, an online, address based sample panel offered by Knowledge Networks, that draws a national probability sample and returns are balanced to ensure representation of the U.S. population. 1323 - 2 Calendar year visitation is calculated annually by DK Shifflet (DKSA), a MMGY Global Corporation, and by the Tourism Economics International Travel Dashboard in May for the Office of Tourism. Therefore, the end of year actual is the best guess available based on the most recent of visitor spending reports. DKSA uses person-stays which counts every stay on a trip through a comprehensive study measuring the travel behavior of US residents. Tourism Economics calculates international visitation by leveraging multiple sources of data sets to arrive at estimates.

Explanatory Notes: Footnote KS: 1325 - 1 Calendar year state sales tax generated from visitor spending is calculated annually in June by UNO-HRC for visitors to Louisiana. UNO does not provide quarterly estimations of this indicator. Therefore, the end of year actual is the best guess available based on the most recent tax collections. 15675 - 2 The Office of Tourism has traditionally relied on the number of inquiries as a performance indicator. The Office no longer relies solely on inquiry counts or research conducted of inquiries as a performance indicator. The discontinued use of inquiries as a primary indicator is due to the greater use and unpredictability of the Office of Tourism's website to produce inquiries. The website contains all of the same information that is in the Louisiana Inspirational Guide. Louisiana's travel web address is contained in every ad. Four (4) welcome centers are permanently closed.

Explanatory Notes: Footnote KS: 15678 - 1 Employment within hotels and motels make a major part of tourism employment. The number of hotel/motel room nights sold (demand) is a direct indicator of hotel/motel business and supplied by STR; therefore, an ideal supporting indicator for employment. 15677 - 2 Calendar year tourism direct employment is calculated by the Bureau of Labor Statistics, which provides leisure hospitality employment calculations on a monthly and quarterly basis. Therefore, the end of year actual is the estimated average based on industry performance indicators.
