The Civil Division defends the constitution and laws of the State of Louisiana, provides information and legal services (opinions, counsel, and representation) in the areas of general civil law, public finance and contract law, education law, environmental law, and land and natural resource law.

- The Civil Division is composed of the Education/Interagency Transfer Section, Governmental Litigation Section, Lands and Natural Resources Section, and the Public Finance and Contracts Section.
 - The Education/Interagency Transfer Section provides legal representation to the Board of Elementary and Secondary Education, the Board of Regents, the Department of Education, the Louisiana Community and Technical College System, and various other public agencies on education related litigation. The Education Section responds to requests for attorney general opinions from the various state and local education boards on issues related to elementary, secondary and higher education. This section is responsible for implementing drug testing legislation. This section also supervises up to 10 attorneys in various state departments including Treasury, Labor, Secretary of State, La. Housing Finance Authority, Public Safety and Corrections, and the Inspector General's Office. The attorneys in the IAT Section represent their agencies in a variety of capacities as Assistant Attorneys General, including confidential assistant and general counsel, and perform general litigation defense and draft legal opinions.
 - The Governmental Litigation Section defends the state in constitutional challenges to state laws and defends various state agencies and elected officials in civil claims where torts were not involved. The work of this section includes state and federal litigation, drafting legal opinions to local and state officials and entities, legal representation of boards and commissions, legal advice and management of the tobacco settlement, and legal advice and education to the state's justices of the peace and constables. Legal opinions written by this section include open meetings, public records, dual office holding, compliance with state law, local municipal law, and elections. This section is also responsible for submission of state laws to the U.S. Department of Justice for administrative approval under Section 5 of the Voting Rights Act.

This section defends the title of the state in its political subdivisions to land and water bottoms and safeguards the interests of the state in lands and mineral

transactions involving publicly-owned lands and water bottoms. An important function of the section is the recovery of claims against oil and gas leases for improper or under payment of royalties on state leases. In preparation for litigation involving the Governor to reject the federal government's lease sales of portions of the Outer Continental, the Department of Natural Resources, has set aside funding from the Coastal Wetlands Trust Fund to assist in the prosecution of this matter. For the present time and the first few weeks after the new fiscal year, there will be no litigation. It will be all preparation and administrative activities.

- The Public Finance and Contracts Section provides professional representation on public finance matters to statewide elected officials such as the Treasurer, State Bond Commission, Louisiana Housing Finance Authority, Louisiana Recovery District, and the Office Facilities Corporation. Opinions rendered by this section center around areas of taxation, public finance, public bid law and contracts. This section also prepares legal service contracts and representation agreements on behalf of the Department of Justice, approves professional legal services contracts entered into by state agencies, boards and commissions and approves the employment of special counsel by political subdivisions.

 - The Consumer Protection Section has the responsibility of enforcing consumer protection laws in this state and serving as a public trustee in connection with conserving, protecting and replenishing Louisiana's natural resources. In the Consumer Protection area, the section conducts investigations of unfair or deceptive trade practices. The section works with local, state and federal authorities in joint investigations. The section conducts consumer awareness seminars throughout the state on subjects such as shoplifting, fraud, theft, and other deceptive trade practices. The section mediates and investigates consumer reported complaints and inquiries and enforces the antitrust and related laws relative to the regulation of trade and commerce including protecting small business interests and those injured by antitrust violations, organized business extortion and theft. Within the Consumer Protection Section are the Auto Fraud Unit and the Contract Fraud Unit (new).
 - The Auto Fraud Unit (located within the Consumer Protection Section) mediates complaints of citizens with car dealers, assures the delivery of title and registration of motor vehicles, advises consumers of their rights concerning automobile issues, and investigates and mediates the packing of auto sale contracts. The section coordinates efforts with state and federal agencies to combat odometer fraud, investigates and assists state in remittance of sales tax money due the state and educates consumers on automobile fraud.
 - The Equal Opportunity Section is responsible for the administration and enforcement of the Louisiana Equal Housing Opportunity Act. This section is active in the investigation, conciliation, and judicial enforcement of fair housing claims. Staff personnel cooperates with the federal government in the enforcement of statutes prohibiting discrimination in public accommodations based on an individual's race, color, national origin, religion, sex, handicap or familial status. The section also provides information to Louisiana citizens on their rights regarding the rent/purchase of dwellings under the Louisiana Equal Housing Opportunity Act and the federal Fair Housing Act.

- The Insurance and Securities Section has direct involvement in and primary knowledge of every insurance liquidation in Louisiana. This section performs legal work, supervises contract counsel, and works with the Department of Insurance. Staff personnel conduct research in insolvency cases and maintain a proactive position in the areas of insurance liquidation. This section reviews legal bills of contract attorneys, incorporates terms of engagements and development with contract attorneys and the Department of Insurance case management plans for each liquidation.
- The Community Education Assistance Section is comprised of three projects: The U Drink U Drive U Walk (UDUDUW) project, an underage drinking prevention program; the Protect Schools/Student from Violence project, a comprehensive approach to ensuring safe schools; and the Domestic Violence project, an initiative that assists businesses and law enforcement in addressing domestic violence as a safety issue. Programs include youth education and empowerment, teacher in-service training, community awareness seminars on anti-alcohol, drug and violence prevention, and gang abatement. This section provides school safety training, peer mediation/conflict resolution training, and domestic violence in the workplace training. The UDUDUW project is an underage drinking prevention campaign that provides technical assistance to schools, civic groups, and government and private agencies. The project targets urban, inner city schools that traditionally do not receive services from Louisiana's other traffic safety programs. The Protect Schools project provides training, technical assistance, site assessment and resources to Louisiana schools, law enforcement and community agencies. The Domestic Violence project provides educational and technical assistance to private industry and government agencies in addressing domestic violence as a safety issue. In addition, the project assists law enforcement by providing vital training on domestic violence arrests and enforcement of protection orders.
- The Tobacco Section enforces the Tobacco Master Settlement Agreement (MSA) and MSA-related legislation by investigating and litigating violations; performing statewide site and event checks for violations; educating public officials and the public through presentations on the MSA; and coordinating enforcement efforts with other state Attorneys General. Through the Tobacco Section, the Attorney General enforces the Master Settlement Agreement (MSA). The MSA outlines numerous rights and responsibilities of the Attorney General. However, the section's primary responsibility has been to investigate and/or litigate suspected violations of the MSA and to investigate and/or litigate suspected violations of state and/or federal laws including consumer protection laws with respect to the manufacture, use, marketing and sales of tobacco products. Source of Funding

This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications and Federal Funds. Interagency transfers are derived from various state agencies for legal services. Also, interagency transfers are provided from the Louisiana Commission on Law Enforcement to provide educational programming to youths, domestic violence training, and a comprehensive approach to ensuring safe schools and the Department of Public Safety for participation in the U Drink U Drive U Walk project. Fees and Self-generated revenues are derived from fees charged for the legal service associated with collection of delinquent student loans and from other quasi-state agencies for legal services. Statutory Dedications are from the 2004 Overcollections Fund created by R.S. 39:100.21, the Tobacco Settlement Enforcement Fund created by R.S. 39:98.7 and the Tobacco Control Special Fund created by R.S 13:5077. (Per R.S. 39.36B. (8), see table below for a listing of expenditures out of each Statutory Dedicated Fund.) Federal Funds are derived from the Department of Housing and Urban Development for the Administration and Enforcement of the Louisiana open housing law.

Explanatory Note: The compliance checks conducted by the Office of the Attorney General (OAG) are different from the compliance checks performed by the Office of Alcohol and Tobacco Control (ATC) in the Department of Revenue. The OAG checks for violations of the Master Settlement Agreement. These violations can include advertising violations in newspapers or magazines, brand name merchandising violations, brand name sponsorship violations, free sample violations, or other violations. OAG checks identify tobacco products made by tobacco manufacturers that are not part of the Master Settlement Agreement so that the OAG can ensure that those manufacturers establish escrow accounts in accordance with state law (LRS 13:5061), which expressly requires the attorney general to enforce the provisions of the law. The ATC enforces Title 26 of the Louisiana Revised Statutes, the Beer and Liquor Law, and the Youth Access to Tobacco Law by conducting random inspections at locations where alcoholic beverages and tobacco are sold.

Program Description

The mission of the Criminal Law and Medicaid Fraud Program is two-fold (Criminal and Investigation):

To seek justice on behalf of the citizens of the State of Louisiana by providing prompt, professional and ethical services to the people of the state in the prosecution of criminal cases and other matters referred to this division of the Department of Justice; and to investigate violations of criminal laws; to help maintain integrity in government; to assist and protect the state's gaming industry from corruption; to serve all other investigative needs of the department, and to protect and serve the public.

The goals of the Criminal Law and Medicaid Fraud Program are:

- I. Provide superior legal and professional services to Louisiana citizens, private sector organizations, and all governmental entities.
- II. Develop a working environment that encourages competent individuals to seek career employment in the Criminal Law and Medicaid Fraud Program of the Department of Justice.
- III. Improve cooperative working relationships with federal, state and local agencies and private sector organizations.

The Criminal Program intends to develop and implement a work management program to provide input into a quality assurance system that will track and provide management with true accountability of the legal professionals work product. Improve skills and effectiveness of less experienced trial attorneys as the use of this program will encourage attention to detail. It will also provide an additional level of oversight and monitoring of work of less experienced trial attorneys. The work management program will create and develop systems to track work processes and outputs of the department's non legal staff.

The Criminal Program conducts or assists in criminal prosecutions; acts as advisor for district attorneys, legislature and law enforcement entities; provides legal services in the areas of extradition, appeals and habeas corpus proceedings; prepares attorney general opinions concerning criminal law; operates White Collar Crimes Section, Violent Crime and Drug Unit, and Insurance Fraud Unit; investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities and initiates recovery of identified overpayments; and provides investigation services for the department.

- The General Prosecution Section prosecutes violations of all types of criminal laws of the state by conducting or assisting in criminal prosecutions pursuant to the recusal or request of district attorneys. Prosecutions handled by this Section include, but are not limited to, cases involving white collar crime, public corruption, narcotics violations, violent crimes and violations of the state's environmental laws. This Section also serves as (1) advisor to the district attorneys, law enforcement and the legislature, (2) a training agency for law enforcement, and (3) as liaison between various levels of law enforcement within the state.
- The Appeals and Special Services Section provides legal services to the state in the areas of (1) extraditions, (2) federal habeas corpus and post conviction relief, (3) as amicus curiae in matters pending before the U.S. Supreme Court, and (4) by preparation of Attorney General Opinions concerning matters of criminal law.
- The Insurance Fraud Support Unit provides legal services to the state in the area of insurance fraud by providing legal assistance to the Department of Insurance and Louisiana State Police in connection with insurance fraud crimes and by prosecuting all types of insurance fraud cases.
- The Medicaid Fraud Control Unit investigates and prosecutes individuals and entities defrauding the Medicaid Program or abusing residents in health care facilities. It also initiates recovery of identified overpayments.
- The High Technology Crime Unit (HTCU) is a specialized unit with attorneys, investigators, and computer forensic experts all trained in the specific field of cyber-crime investigation and prosecution. This specialized unit concentrates on combating crimes involving digital technology. The HTCU includes the first state computer forensic center and provides forensic examinations of digital evidence to the department and other local, state, and federal government agencies. The Unit includes the Louisiana Internet Crimes Against Children Task Force (ICAC), which investigates crimes relating to child exploitation and abuse on the Internet. ICAC investigators conduct proactive online undercover operations and investigate child exploitation cases referred to the department from other agencies, as well as the National Center for Missing and Exploited Children. The HTCU also works cases involving online auction fraud, computer intrusion, death investigations, domestic violence, economic fraud including online fraud and counterfeiting, email threats, harassment and stalking, extortion, gaming, identity theft, narcotics, prostitution, software piracy, and telecommunications fraud. The unit also provides training to local law enforcement and gives public service lectures in regard to technology based crimes throughout the State of Louisiana.
- The Operations/Special Assignment Section is responsible for coordinating access, safety and security within the Department of Justice including executive security and coordinating with the State Office of Buildings and Grounds with regard to matters within the Livingston Building and offices in the State Capitol. This Section also includes the clerical support function, file room management, case tracking, analytical support, and the maintenance and operation of the Division's computer network, as well as fleet management. In addition, this Section includes investigators assigned to outside agency task forces, workers' compensation fraud investigations, and intelligence information.
- The Investigations Section is divided into two squads that are responsible for the investigation of alleged violations of the criminal laws of this state, conducting of civil and special investigations including investigations of public corruption, institutional and insurance fraud. The Section also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. This Section also responds to the numerous requests for investigative assistance from local, state or federal governmental agencies.

- **Sexual Predator Apprehension Team:** Pursuant to legislative mandate, the Attorney General has established within the Department of Justice a statewide Sexual Predator Apprehension Team. The Team is comprised of special agents, intelligence analysts and prosecutors. The Team will focus on repeat sex offenders and perform the following activities: 1) Coordinate with state and local investigative resources to apprehend sexual habitual offenders and persons required to register under R.S. 15:542 and 542.1 who violate the law or conditions of probation and parole; 2) Proactively target and monitor sex offenders required to register under R.S. 15:542 and 542.1; 3) Offer specialized training and assistance to local law enforcement and prosecutors; 4) Identify, monitor, arrest, and assist in the prosecution of sexual offenders; 5) Collect data to determine if the procedures adopted by the Team are effective in reducing sexual assault offenses; and 6) Develop procedures for operating a multi-jurisdictional task force.

141_4000 — Risk Litigation

Program Authorization: Act 448 of 1988 (created Litigation Division); Act 107 of 1999 (reauthorized Litigation Section); R.S. 36:701(D) and 704(F); R.S. 39:1533(B)

Program Description

The mission of the Litigation Program is to provide legal representation for the Office of Risk Management, the Self-Insurance Fund, the State of Louisiana and its departments, agencies, boards and commissions and their officers, officials, employees and agents in all claims covered by the State Self-Insurance Fund, and in all tort claims whether or not covered by the Self-Insurance Fund.

The goals of the Risk Litigation Program are:

- I. Provide superior legal and professional services to the Office of Risk Management.
- II. Continue to develop extensive expertise in the defense of public entities, officials, and employees, and strive to retain highly competent and professional litigation staff.
- III. Continue to develop programs to educate agency policy makers to recognize and correct potential liability situations.

The Litigation Program is divided into six substantive law sections: Civil Rights, General Liability, Medical Malpractice, Road Hazards and Workers' Compensation. Additionally, there are substantive matters that are deemed to require special litigation and are assigned to the Special Litigation Section. Each section specializes in litigation matters filed against the State.

- The Civil Rights Section represents state officials, employees, state agencies, and the State of Louisiana in damages action litigation brought on the basis of the Civil Rights Act of 1964, as amended; state statutes dealing with employment discrimination pursuant to R.S. 23:321 et seq; and prisoner suits brought pursuant to R.S. 15:1171 et seq. Defended actions also include diverse suits as Americans with Disabilities Act claims, Age Discrimination Act claims, Pregnancy Discrimination Act claims, Fair Labor Standards Act claims, and Federal Individualized Education Act (IDEA) suits. As an adjunct to Civil Rights Act suits, the section also defends claims for attorney's fees under 42 USC § 1988. The Section is active nationally with the National Association of Attorneys General (NAAG) in making decisions on participating in the presentation of Amicus Curiae briefs in the United States Supreme Court, consulting with NAAG on prison litigation issues and participates yearly in the NAAG Prison Litigation Seminar.
- The General Liability Section provides legal defense to the state, state agencies, and employees against tort litigation in regard to claims of personal injuries or property damages that allegedly occurred on state property or were caused by a state employee or officer.
- The Medical Malpractice Section is responsible primarily for handling malpractice cases against public health care providers (as defined by R.S. 40:1299.39).
- The Road Hazards Section provides legal defense to the Louisiana Department of Transportation and Development (DOTD) in all lawsuits for personal injury, property damage, wrongful death and business losses attendant to DOTD operations and/or conditions of DOTD roads, bridges, or other property. The section typically handles lawsuits involving maintenance, design, construction, and operations of DOTD's roads and bridges.

- The Workers’ Compensation Section is primarily responsible for handling litigated workers’ compensation matters filed against the state, along with providing support for other related concerns, such as advice to the Office of Risk Management regarding claims and handling of settlements, as appropriate. The section also is responsible for Jones Act and maritime matters filed by state employees and pursuit of subrogation claims that are referred by the Office of Risk Management.
- Special Litigation Section handles the representation of the judicial branch of government. This includes representing the judges of the district, appeals, and supreme courts, the judiciary commission, the attorney of disciplinary board, the judicial campaign oversight committee, and judicial administrators.

The Litigation Program has four regional offices in Alexandria, Lafayette, New Orleans, and Shreveport that handle litigation filed in the geographical areas covered by the regional offices.

- Alexandria Office was opened in September 1995. Its function is to serve the litigation needs of the Office of Risk Management in nine parishes: Avoyelles, Rapides, Natchitoches, Grant, Winn, La Salle, Catahoula, Vernon, and Concordia. The attorneys generally handle a range of matters depending on experience and workload.
- Lafayette Office was opened in March 1996. Its function is to serve the litigation needs of the Office of Risk Management in the following parishes: Lafayette, Vermillion, St. Martin, St. Mary, Iberia, St. Landry, Evangeline, Acadia. The attorneys generally handle a range of matters depending on experience and workload.
- New Orleans Office was opened in January 1995. Its function is to serve the litigation needs of the Office of Risk Management in eleven parishes: Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Tammany, Terrebonne, Lafourche and Washington. The attorneys in this office generally concentrate their efforts in one or more specific subject matters. This has been accomplished particularly in the Medical Malpractice defense litigation, followed to a lesser extent as it pertains to Civil Rights, General Liability, Road Hazards and Worker’s Compensation.
- Shreveport Office was opened in August 1994. Its function is to serve the litigation needs of the Office of Risk Management in nine parishes: Caddo, Bossier, Webster, Claiborne, Jackson, Bienville, DeSoto, Red River and Sabine.
- The newly opened Monroe and Lake Charles Satellite Offices will allow Litigation Program attorneys to better serve the Northeast and Southwest Parishes of Louisiana.
