§ 1612. Cost-reimbursement contracts

A. Determination required prior to use. No cost-reimbursement prime contract may be made unless it is determined in writing in accordance with regulations that such contract is likely to be less costly to the state than any other type of contract or that it is impracticable to obtain supplies, services, or major repairs of the kind or quality required except under such a contract.

B. Reimbursement of costs. All cost-reimbursement contracts shall contain a provision that only costs recognized as allowable in accordance with cost principles set forth in regulations will be reimbursable.

§ 1613. Use of other types of contracts

Subject to the limitations of R.S. 39:1611 and R.S. 39:1612, any type of contract, including brand name and multiple award contracts, which will promote the best interests of the state may be used, provided that the chief procurement officer must make a written determination justifying the type of contract used. An annual report on the number, type, and volume of such procurements shall be made to the commissioner or cabinet department head within ninety days after the end of the fiscal year.

§ 1614. Approval of accounting system

Except with respect to firm fixed-price contracts, no contract type shall be used unless it has been determined in writing by the chief procurement officer or his designee that:

(1) The proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated; and

(2) The contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.

§ 1615. Multiyear contracts

A. Specified Period. Unless otherwise provided by law, a contract for supplies or services may be entered into for periods of not more than five years, if funds for the first fiscal year of the contemplated contract are available at the time of contracting. Payment and performance obligations for succeeding fiscal years shall be subject to the availability and appropriation of funds therefor. No contract shall be entered into for more than one year unless the length of the contract was clearly stated in the specifications. Any lease or similar agreement affecting the allocation of space in the state capitol shall have the prior approval of the Legislative Budgetary Control Council if it extends for more than one year. A report of all multiyear contracts shall be provided to the Joint Legislative Committee on the Budget no later than ninety days after the end of each fiscal year.

B. Determination prior to use. Prior to the utilization of a multiyear contract, it shall be determined in writing:

(1) That estimated requirements cover the period of the contract and are reasonably firm and continuing; and

(2) That such a contract will serve the best interests of the state by encouraging effective competition or otherwise prompting economies in state procurement.

A written resume of the supportive underlying facts for the foregoing determinations shall be included in the determination, and the resume shall state the estimated savings to be obtained by entering into a multiyear contract.

C. Termination due to unavailability of funds in succeeding years. When funds are not appropriated to support continuation of performance in a subsequent year of a multi-year contract, the contract for such subsequent year shall be terminated. When a contract is terminated under these conditions, no additional funds shall be paid to the contractor as a result of such action.

D. Educational institutions excepted.

(1) An educational institution may enter into a multiyear nonexclusive contract, not to exceed ten years, with a vendor who has made a gift to the institution of equipment utilized for promoting products and university activities at a cost to the vendor in excess of fifty thousand dollars. Further, for this exception to be applicable, the contract shall cover products for resale within the institution.

(2) The state superintendent of education may enter into a multiyear contract, not to exceed ten years, with any public or private agency to act as the depository in the state for school books.

E. With respect to all multiyear contracts, there shall be no provisions for a penalty to the state for the cancellation or early payment of the contract.

F. The Department of Environmental Quality may enter into a multiyear contract, not to exceed seven years, for the operation of privately operated vehicle emission inspection facilities pursuant to R.S. 30:2054(B)(8). The

secretary shall seek and consider proposals for an enhanced inspection maintenance program to be implemented no sooner than January 1, 1995, from contractors proposing to implement currently evolving, cost-effective technologies, presenting minimal public inconvenience, designed to bring Louisiana into compliance with federal ambient air quality standards and meeting EPA required program standards.

§ 1616. Installment-purchase contract

The central purchasing agency may, on behalf of any governmental body, enter into contracts for the installment purchase of supplies or equipment, including but not limited to data processing equipment and telecommunications equipment, procured under the Louisiana Procurement Code and any other applicable laws on the procurement of supplies or equipment, in accordance with the following provisions:

(1) All installment-purchase contracts shall be entered into utilizing the requisite procedures applicable to the particular supply or equipment being procured.

(2) The term of such contract shall not exceed the economic life to the item or items being procured, which shall be established by the central purchasing agency and shall be set forth in the invitation to bid or request for proposal, but in no case shall the term of the contract exceed five years.

(3) Each contract shall contain an annual appropriation dependency clause which shall provide that the continuation of the contract is contingent upon the continuation of an appropriation of funds by the legislature to fulfill the requirements of the contract. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract or if a veto or reduction of appropriation of funds necessitates the discontinuance of the contract, the contract shall terminate on the last day of the fiscal year for which funds were appropriated, in accordance with R.S. 39:1615(C).

(4) Such contracts shall also conform to any other requirements which may be established by the central purchasing agency through rules and regulations, promulgated in accordance with law.

SUBPART F. INSPECTION OF PLANT AND AUDIT OF RECORDS

§ 1621. Right to inspect plant

The state may, at reasonable times, inspect the part of the plant or place of business of a contractor or any subcontractor which is related to the performance of any contract awarded or to be awarded by the state.

§ 1622. Right to audit records

A. Audit of persons submitting cost or pricing data. The state may, at reasonable times and places, audit the books and records of any person who has submitted cost or pricing data pursuant to R.S. 39:1603 to the extent that such books and records relate to such cost or pricing data.

B. Contract audit. The state shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract other than a firm fixed-price contract to the extent that such books and records relate to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of five years from the date of final payment under the prime contract and by the subcontractor for a period of five years from the date of final payment under the subcontract.

SUBPART G.

DETERMINATIONS AND REPORTS

§ 1625. Finality of determinations

The determinations required by R.S. 39:1595(A)¹, R.S. 39:1595(E)¹, R.S. 39:1597, R.S. 39:1598(C), R.S. 39:1599, R.S. 39:1601, R.S. 39:1603(C), R.S. 39:1612(A), R.S. 39:1613, and R.S. 39:1614 are final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law.

§ 1626. Reporting of suspected collusive bidding or negotiations

A. Notification to the attorney general. When for any reason collusion is suspected among any bidders or offerors, a written notice of the relevant facts shall be transmitted to the attorney general.

B. Retention of all documents. All documents involved in any procurement in which collusion is suspected shall be retained for a minimum of six years or until the attorney general gives written notice that they may be destroyed, whichever period is longer. All retained documents shall be made available to the attorney general or a designee upon request and proper receipt therefor.

§ 1627. Record of certain procurement actions

The chief procurement officer shall retain all contracts made under R.S. 39:1597 or R.S. 39:1598 for a minimum of six years.

SUBPART H. INSURANCE

§ 1631. Direct purchase of insurance

Notwithstanding the provisions of R.S. 22:1171¹ or any other law to the contrary, the state may purchase insurance policies covering any property or insurable interests or activities of the state directly from insurers or underwriters, without the necessity for signature or countersignature of such policies as provided by R.S. 22:1171¹, and in lieu thereof such policy shall be signed by an official or designated representative of the company issuing the policy. The insurers or underwriters making such direct sales to the state shall reduce the policy premiums by the amount of the commissions, which would have been paid, as required by R.S. 22:1171¹, but for the provisions of this Section. However, if any such insurance policy is purchased in accordance with the provisions of R.S. 22:1171¹, the agent may credit any portion of the commission to the state, through the division of administration. The state shall be advised of the amount of any such rebate at the time the agent furnishes a bid for such policy to the state, and the amount of such rebate shall be taken into consideration in determining the cost of such policy.

§ 1632. Splitting of commissions prohibited

It shall be unlawful for an agent to split, pass on, or share with any person, group, organization, or other agent, except the state of Louisiana, all or any portion of the commission derived from the sale of insurance to the state; except that on policies involving properties or exposure in more than one geographic area of the state, said commission may be split, shared, or passed on if authorized in writing by the commissioner of administration. In any such instance where the sharing of a commission on state insurance is authorized, it shall be only with a bona fide insurance agent. Whoever violates the provisions of this Section shall, upon conviction, be fined not less than one thousand dollars nor more than five thousand dollars and shall be imprisoned for not more than two years.

§ 1633. Authorization constitutes public record

Such written authorization as required by R.S. 39:1632 above shall constitute a public record as defined in Chapter 1 of Title 44 of the Louisiana Revised Statutes of 1950.

**SUBPART I.
ACQUISITION OF HOUSING SPACE**

§ 1641. Budget for acquisition of housing space and leases by budget units

A. Contracts and agreements by and in name of state agencies. All contracts and agreements for the lease or rental of space for the housing of state agencies, their personnel, operations, equipment, or activities shall be made in the name of and by the authorized representative or representative body of the state agency but shall be made and entered into only with the approval of the commissioner of administration. The cost of such housing shall be provided for in and defrayed from the budgets of the using agencies.

B. Contracts and agreements by and in name of the state, executed by the commissioner.

(1) When a contract or agreement for the lease or rental of space for the housing of state agencies, their personnel, operation, equipment, or activities, shall pertain to more than one building or facility or shall pertain to a building or facility which is to house more than one state agency, their personnel, operation, equipment, or activities, such contract or agreement may be made in the name of the state and executed by the commissioner of administration, rather than in the name of and by an authorized representative or a representative body of the state agency or agencies to be housed in such building or buildings or facility or facilities.

(2) The commissioner of administration shall allocate space to one or more state agencies in the building or buildings or facility or facilities to which such contract or agreement pertains and shall allocate the cost of such housing to or among such using agency or agencies, which cost shall be provided for in and defrayed from the budgets of the using agency or agencies. The commissioner shall determine the amount of the allocations of the costs of such housing to the various agencies using such building or buildings and facility or facilities in such manner so that the aggregate of the amount so allocated equals the total cost of such housing.

C. Definition of "agency." The definition of "agency" stated in R.S. 39:2(1) shall be the sole definition of the term "state agency" employed in connection with the acquisition of housing space in this and following Sections, and the fact that an agency is supported by fees or taxes collected by, or dedicated to, the agency or which otherwise receives its operating funds through means other than direct appropriations, shall not be a test as to whether this Section shall be applicable to an agency of the state.

D. Applicability. The provisions of this Subpart shall be applicable to all agencies meeting the definition of R.S. 39:2(1) established by the laws of Louisiana.

E. Repealed by Acts 1988, No. 919, § 3.

F. Repealed by Acts 1997, No. 600, § 1.

§ 1642. Uniform space standards; Inventory and evaluation of budget unit space utilization

A. Uniform space standards. The division of administration shall prepare and utilize a uniform set of standards for determining space needs for state agencies. These standards shall also provide for a uniform method of measuring square footage or other measurements used as the basis for lease payments or other

charges.

B. Inventory of state space. The division of administration shall conduct and maintain a complete inventory of state space, both owned and leased.

C. Evaluation of space utilization. The division of administration shall evaluate the utilization of all leased space on a continuing basis to determine the feasibility of locating state agencies in buildings to be purchased and/or constructed by the state.

§ 1643. Advertisement and award of lease bids

A. Every lease for the use of five thousand square feet or more of space in a privately owned building entered into by a state agency as lessee shall be awarded pursuant to R.S. 39:1594 in accordance with the conditions for use set forth in that Section and only after evaluation of the bids in accordance with the specific criteria contained in the invitation for bids as authorized by R.S. 39:1594(E)(2). No such lease shall extend beyond a period of ten years.

B. The ten-year limitation shall not be applicable to the management boards created under Article VIII, Sections 6 and 7 of the 1974 Louisiana Constitution.

§ 1644. Amendment of leases

A. (1) An existing lease for office or warehouse space may be renegotiated with the present lessor, but only after the division of administration has entered into a competitive negotiation process involving discussions with at least three, unless there are less than three, offerors who submit written proposals. Such proposals shall be solicited by advertising as in R.S. 39:1594(C).

(2) If it is determined by the commissioner of administration or his designee, after the evaluation of these proposals and discussions with the current lessor, that to renew the present lease would be in the best interest of the state, the renewal of an existing lease may be renegotiated or the commissioner may enter into a lease with one of these offerors if determined to be in the state's best interest. In making such a determination the commissioner, or his designee, shall take into consideration, over the duration of the lease, rental rates, the amount of funds necessary to relocate, any geographical considerations particular to that state program, the amount of disruption to state business that may be incurred in moving to a new location, and any other relevant factors presented.

B. Any lease for office or warehouse space for under five thousand square feet may be amended up to but not to exceed a maximum of four thousand nine hundred ninety-nine square feet.

C. Existing leases for office or warehouse space between a single state agency, a single lessor and affecting a single building or buildings immediately adjacent to each other which leases have different termination dates, may be renegotiated by the division of administration to perfect a single lease for the whole of the office or warehouse space utilized under the existing leases. The renegotiated lease shall not extend beyond the termination date of the latest existing lease, nor shall the price per square foot paid under the new lease result in a total payment in excess of the total of the combined payments under the preexisting leases.

D. In the event alterations or modifications of space currently under lease are required to meet changed operating requirements, a lease may be amended. Such lease amendment may, with approval of the division of administration, provide an adjustment in monthly lease payments not to exceed twenty-five percent of the original annual lease price per square foot, sufficient to reimburse the lessor for paying for the leasehold improvements; provided, however, that any adjustment in monthly lease payments shall also require the

approval of the Joint Legislative Committee on the Budget and the continuance of an adjustment in excess of the current lease shall be further contingent on the appropriation of funds therefor in the following fiscal year.

E. A lease may be amended, with approval of the Division of Administration, to provide an adjustment in monthly lease payments not to exceed ten percent of the original annual lease price per square foot and not to exceed ten thousand dollars per year.

SUBPART J. ACQUISITION OF USED EQUIPMENT

§ 1645. Procurement of used equipment

A. Any agency covered by this Chapter may procure any equipment which is used or which has been previously purchased by an individual or corporation where the agency proposing to make such procurement can present satisfactory information to the procurement officer to illustrate that the procurement of said equipment is cost effective to the state.

B. (1) The used equipment shall be purchased by the head of the agency, college, or university, within the price range set by the director of state purchasing or the directors of purchasing at colleges and universities, in a statement of written approval for the purchase which must be obtained by the head of the agency, college, or university, prior to the purchase.

(2) The head of the agency, college, or university, shall certify in writing to the director of state purchasing, or the directors of purchasing at colleges and universities, all of the following:

- (a) The price for which the used equipment may be obtained.
- (b) The plan for maintenance and repair of the equipment and the cost thereof.
- (c) The savings that will accrue to the state because of the purchase of the used equipment.

(d) The fact that following the procedures set out in the Louisiana Procurement Code will result in the loss of the opportunity to purchase the equipment.

SUBPART K. ACQUISITION OF MOTOR VEHICLES

§ 1646 Acquisition of motor vehicles, minimum requirements for fuel efficiency; exceptions

A. Any purchase or lease of a motor vehicle by an agency which is covered by this Chapter shall be made in accordance with the provisions of this Subpart. Such vehicles shall have, at the time of acquisition, a fuel efficiency rating of no less than eighteen miles per gallon for city driving and no less than twenty-eight miles per gallon for highway driving, or a combined city/highway average of twenty-four miles per gallon.

B. For purposes of this Subpart, "motor vehicle" shall include the following vehicles as they are specified or defined in administrative rule or regulation prescribed by the commissioner of administration pursuant to Part XIII of Chapter 1 of Title 39 of the Louisiana Revised Statutes of 1950: alternative fuel vehicle, sedan, and station wagon.

- (1) A vehicle to be used by law enforcement personnel, certified first responders and emergency

personnel when required for the performance of their duties, or a vehicle used in the conduct of military activities.

(2) A vehicle to be used by any state employee when written authorization for such purchase has been provided by the department head to the commissioner of administration and approved by him, or a vehicle to be used by an employee of a political subdivision of the state when the governing authority of the political subdivision authorizes such purchase.

PART IV. SPECIFICATIONS

SUBPART A. SPECIFICATIONS

§ 1651. Duties of the commissioner of administration

A. The commissioner shall promulgate regulations governing the preparation, maintenance, and content of specifications for supplies, services, and major repairs required by the state.

B. As used in this Part, the term "specification" means any description of the physical or functional characteristics, or of the nature of a supply, service, or major repair. It may include a description of any requirement for inspecting, testing, or preparing a supply, service, or major repair for delivery.

§ 1651.1 Shrimp specifications

Notwithstanding any other provision of law to the contrary, regulations promulgated by the commissioner of administration or other purchasing entity, governing the purchase or use of shrimp shall require that the bid specify the count size of such shrimp and not specify size as "jumbo", "extra large", "medium", "small" or any other similar term or nomenclature used in the shrimping industry.

§ 1652. Duties of the chief procurement officer

The chief procurement officer shall prepare, issue, revise, and monitor the use of specifications for required supplies, services, and major repairs.

§ 1654. Relationship with using agencies

The director shall obtain advice and assistance from personnel of using agencies in the determination of needs and development of specifications and may delegate in writing to a using agency the authority to prepare and utilize its own specifications, subject to regulations.

§ 1655. Maximum practicable competition

A. All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the needs of the state, and shall not be unduly restrictive. A specification may be

drafted which describes a product which is proprietary to one company only where:

- (1) No other kind of specification is reasonably available for the state to describe its requirements; or
- (2) There is a requirement for specifying a particular design or make of product due to factors of compatibility, standardization, or maintainability; or
- (3) Such specification includes language which specifically permits an equivalent product to be supplied. Such specification shall include a description of the essential characteristics of the product.
- (4) Such specification is determined to be in the best interest of the state as provided for by R.S. 39:1613.

B. Except in Paragraph (2) of this Section, whenever such proprietary specifications are used, the specifications shall clearly state that they are used only to denote the quality standard of supplies, services, or major repairs desired and that they do not restrict bidders to the specific brand, make, manufacturer, or specification named; that they are used only to set forth and convey to prospective bidders the general style, type, character, and quality of supplies, services, or major repairs desired; and that equivalent supplies, services, or major repairs will be acceptable.

§ 1656. Escalation clause

Bid specifications may contemplate a fixed escalation or deescalation in accordance with the United States Bureau of Labor Statistics, Consumer Price Index and Wholesale Price Index. Bids based on specifications which are subject to a recognized escalation index shall be legal and valid.

§ 1657. Specifications prepared by architects and engineers

The requirements of this Part regarding the purposes and nonrestrictiveness of specifications shall apply to all specifications, including but not limited to those proposed by architects, engineers, designers, and draftsmen for public contracts.

Such provisions shall apply to contracts which have been or will be let without competition pursuant to executive orders related to Hurricane Katrina or Rita which granted exceptions to the requirements of state procurement law.

B. (1) For any contract subject to the provisions of this Section, the information cited in Subparagraphs (a) through (d) of this Paragraph shall be submitted by the primary contractor to the office of state purchasing. (3) The primary contractor for each contract subject to the provisions of this Section shall be notified of the requirements of this Section by the contracting state agency. Such notification shall be made no later than ten days after June 29, 2006 for contracts which are currently in effect. Otherwise, the notification shall be made prior to execution of the contract.

C. The office of state purchasing shall maintain a listing of registry of all information reported to it pursuant to the provisions of this Section.

D. Failure to submit all of the information required as provided in Subsection B of this Section shall be grounds for debarment. It shall be unlawful for any person to intentionally fail to submit such information, which failure is hereby deemed to be a violation of the duty to provide the mandatory information. Whomever violates such provisions of Subsection B of this Section shall be fined in an amount not to exceed one-half of the contract amount and imprisoned for not more than six months, or both.

E. The provisions of this Section shall not be subject to suspension pursuant to the authority granted to the governor by R.S. 29:721 et seq., the Louisiana Homeland Security and Emergency Assistance and Disaster Act.

(4) Termination of the contract in whole or in part for the convenience of the state.

(5) Manufacturers' design drawings shall be supplied in duplicate for all state buildings, to the appropriate state agency at the conclusion of contract.

D. Regulations may permit or require the inclusion in state contracts of clauses relative to reverse auctions pursuant to the implementation of the provisions of R.S. 39:1598.1

PART VI. LEGAL AND CONTRACTUAL REMEDIES

SUBPART A.

PRE-LITIGATION RESOLUTION OF CONTROVERSIES

§ 1671. Authority to resolve protested solicitations and awards

A. Right to protest. Any person who is aggrieved in connection with the solicitation or award of a contract shall protest to the chief procurement officer. Protests with respect to a solicitation shall be submitted in writing

at least two days prior to the opening of bids on all matters except housing of state agencies, their personnel, operations, equipment, or activities pursuant to R.S. 39:1643 for which such protest shall be submitted at least ten days prior to the opening of bids. Protests with respect to the award of a contract shall be submitted in writing within fourteen days after contract award.

B. Authority to resolve protests. The chief procurement officer or his designee shall have authority, prior to the commencement of an action in court concerning the controversy, to settle and resolve a protest of an aggrieved person concerning the solicitation or award of a contract. This authority shall be exercised in accordance with regulations.

C. Decision. If the protest is not resolved by mutual agreement, the chief procurement officer or his designee shall, within fourteen days, issue a decision in writing. The decision shall:

- (1) State the reasons for the action taken; and
- (2) Inform the protestant of its right to administrative and judicial review as provided in this Part.

D. Notice of decision. A copy of the decision under Subsection C of this Section shall be mailed or otherwise furnished immediately to the protestant and any other party intervening.

E. Finality of decision. A decision under Subsection C of this Section shall be final and conclusive unless:

- (1) The decision is fraudulent; or
- (2) The person adversely affected by the decision has timely appealed administratively to the Commissioner in accordance with R.S. 39:1683.

F. Stay of procurements during protests. In the event of a timely protest under Subsection A of this Section, the state shall not proceed further with the solicitation or with the awarding of the contract unless the chief procurement officer makes a written determination that the awarding of the contract is necessary without delay to protect the substantial interests of the state. Upon such determination by the chief procurement officer, no court shall enjoin progress under the award except after notice and hearing.

G. Award of costs to protestants. In addition to any other relief, when the protest is administratively or judicially sustained and the protesting bidder or offeror should have been awarded the contract but is not, the protesting bidder or offeror shall be entitled to the reasonable costs incurred in connection with the solicitation, including bid preparation costs other than attorney's fees, provided that any administrative determination of such costs shall be subject to the written concurrence of the attorney general.

H. Promulgation of regulations. The state director of purchasing is hereby authorized to promulgate regulations relative to protests, in accordance with the Administrative Procedure Act, to implement the provisions of R.S. 39:15981.

§ 1672. Authority to debar or suspend

A. Applicability. This Section applies to a debarment for cause from consideration for award of contracts or a suspension from such consideration during an investigation where there is probable cause for such a debarment.

B. Authority. After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the chief procurement officer shall have authority to suspend or debar a person for cause from

consideration for award of contracts, provided that doing so is in the best interests of the state. The causes for debarment are set forth in Subsection C of this Section. The chief procurement officer may suspend a person from consideration for award of contracts if he determines that there is probable cause to believe that such person has engaged in any activity which might lead to debarment. The suspension shall not be for a period exceeding six months. The authority to debar or suspend shall be exercised in accordance with regulations.

C. Causes for debarment. The causes for debarment include the following:

(1) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(2) Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a state contractor;

(3) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(4) Violation of contract provisions, as set forth below, of a character which is regarded by the chief procurement officer to be so serious as to justify debarment action:

(a) Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

(b) A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts; provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment.

(5) Any other cause the chief procurement officer determines to be so serious and compelling as to affect responsibility as a state contractor, including debarment by another governmental entity for any cause listed in regulations; and

(6) Violation of the ethical standards set forth in Chapter 15 of Title 42.

D. Decision. The chief procurement officer shall issue a written decision to debar or suspend. The decision shall:

(2) Inform the debarred or suspended person involved of its rights to administrative and judicial review as provided in this Part.

E. Notice of decision. A copy of the decision under Subsection D of this Section shall be mailed or otherwise furnished immediately to the debarred or suspended person and any other party intervening.

F. Finality of decision. A decision under Subsection D of this Section shall be final and conclusive unless:

(1) The decision is fraudulent; or

(2) The debarred or suspended person has timely appealed administratively to the commissioner in

accordance with R.S. 39:1684.

§ 1673. Authority to resolve contract and breach of contract controversies

A. Applicability. This Section applies to controversies between the state and a contractor and which arise under or by virtue of a contract between them. This includes without limitation controversies based upon breach of contract, mistake, misrepresentation, or other cause for contract modification or rescission. § 1732. Definitions of terms used in this Part

(1) "Small business" means a small business as defined by the Small Business Administration of the United States Government which for purposes of size eligibility or other factors meets the applicable criteria set forth in 13 Code of Federal Regulations, Part 121, as amended, and which has its principal place of business in Louisiana.

(2) "Dominant in its field of operation" means exercising a controlling or major influence in a business activity in which a number of businesses are engaged. In determining if a business is dominant, the following criteria, among others, shall be considered: number of employees; volume of business; financial resources; competitive status or position; ownership or control of materials, processes, patents, license agreements, and facilities; sales territory; and nature of business activity.

(3) "Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least twenty percent owned by a business dominant in that field of operation, or by partners, officers, directors, majority shareholders, or their equivalent of a business dominant in that field of operation.

"Control" in this context means exercising the power to make policy decisions. "Operate" in this context means being actively involved in the day-to-day management. § 1733. Procurement from small businesses

state procurement of goods and services excluding construction. The commissioner shall divide the procurements so designated into contract award units of economically feasible production runs in order to facilitate offers or bids from small businesses. In making his annual designation of set aside procurements the commissioner shall attempt to vary the included procurements so that a variety of goods and services produced by different small businesses shall be set aside each year. The failure of the commissioner to set aside particular procurements shall not be deemed to prohibit or discourage small businesses from seeking the procurement award through the normal solicitation and bidding processes.

B. Contract procedure. The commissioner shall establish a contract procedure in accordance with law, for the awarding of a procurement contract under the set aside program established in this Part. Surety bonds guaranteed by the federal small business administration shall be acceptable security for a construction award under this Part.

At least ten percent of the value of the procurements designated for set aside awards shall be awarded, if possible to businesses owned and operated by socially or economically disadvantaged persons. In the event small businesses owned and operated by socially or economically disadvantaged persons are unable to perform at least ten percent of the set aside awards, then the commissioner shall award the balance of the set aside contracts to other small businesses.

E. Preference to women. At least ten percent of the value of the procurements designated for set aside awards shall be awarded, if possible, to businesses owned and operated by women. In the event small businesses owned and operated by women are unable to perform at least ten percent of the set aside awards, then the commissioner shall award the balance of the set aside contracts to other small businesses.

F. Award of contracts after unsuccessful set aside procedures. In the event that the provisions of this Part do not operate to extend a contract award to a small business, the award shall be placed pursuant to the existing solicitation and award provisions established by law. The commissioner shall thereupon designate and set aside for small businesses additional state procurements corresponding in approximate value to the contract unable to be awarded pursuant to the provisions of this Part.

G. Conflict with other code provisions. All laws and rules pertaining to solicitations, bid evaluations, contract awards, and other procurement matters shall apply as consistent to procurements set aside for small businesses. In the event of conflict with other rules, the provisions of this Part shall govern.

§ 1734. Assistance to small businesses

The commissioner of administration and the executive director of the Louisiana division of minority and women's business enterprise in the Department of Economic Development shall publicize the provisions of the set-aside program, attempt to locate small businesses able to perform set-aside procurement awards, and encourage participation. When the commissioner of administration determines that a small business is unable to perform under a set-aside contract, he shall so inform the secretary of economic development, who shall assist the small business in attempting to remedy the causes of the inability to perform a set-aside award. In assisting the small business, the executive director of the Louisiana division of minority and women's business enterprise, in cooperation with the commissioner of administration, shall use any management or financial assistance programs that may be available by or through the Louisiana division of minority and women's business enterprise or other state or governmental agencies.

§ 1735. Determination of disadvantaged

The commissioner of administration shall promulgate regulations, rules, standards, and procedures for certifying that small businesses and small businesses owned and operated by socially or economically disadvantaged persons are eligible to participate under the requirements of R.S. 39:1733 and 1734. The procedure for determination of eligibility may include self certification by a business, provided that the commissioner retains the ability to verify a self certification. The commissioner shall promulgate other regulations and rules as may be necessary to carry out the duties set forth in this Part.

The commissioner of administration shall submit an annual report to the governor and the legislature, with a copy thereof going to the Louisiana division of minority and women's business enterprise, indicating the progress being made toward the objectives and goals of this Part during each fiscal year. This report shall include the following information:

(4) All contracts must contain the following annual appropriation dependency clause: "The continuation of this contract is contingent upon the continuation of an appropriation of funds by the Legislature to fulfill the requirements of the contract. If the Legislature fails to appropriate sufficient monies to provide for the continuation of a contract or if such appropriations is reduced by the veto of the governor or by any means provided in the appropriations act to prevent the total appropriations for the year from exceeding revenues for that year or for any other lawful purpose and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the last day of the fiscal year for which funds were appropriated."

of procurement. selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and sub grantees will use time and material type contracts *only* -

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and sub grantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or sub grantee of any contractual responsibilities under its contracts. **Federal agencies will not substitute their judgment for that of the grantee or sub grantee unless the matter is primarily a Federal concern.** Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and sub grantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protester must exhaust all administrative remedies with the grantee and sub grantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or sub grantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or sub grantee.

(c) Competition.

(1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of 85.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a brand name product instead of allowing an equal product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and sub grantees will conduct procurements in a manner that prohibits the use of statutory or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, **a brand name or equal description** may be used as a means to define the performance or other salient requirements of a procurement. **The specific features of the named brand which must be met by offerors shall be clearly stated;** and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and sub grantees will ensure that all pre qualified lists of persons, firms, or products which are
