Overall Progress Narrative:

In 2023 Qtr 2, OCD continued making progress on the implementation of the following programs:

- Restore20 Louisiana Homeowner Program;
- RLHP20 Flood Insurance Assistance Program;
- RLHP20 Interim Housing Program;
- Soft Second Mortgage Program
- Middle-Market Loan Program
- Neighborhood Landlord Rental Program
- Permanent Supportive Housing Program
- Rapid Rehousing Program
- Resilient Mixed Income Gap Funding Program
- HMGP Global Match Program
- Nonfederal Share Match Program
- Resilient Communities Infrastructure Program
- Small Business Loan and Grant Program
- Hometown Revitalization Program

Furthermore, OCD worked with its local, state, regional partners, and stakeholders to assess outstanding unmet recovery needs, as well as develop and amend programs to address those unmet needs. The progress on the individual programs comprising the Flood grant is as follows:

Narrative: As different federal funding programs are tapering off and/or no longer available to reduce or eliminate interim housing costs paid to some program participants, the RLHP provides assistance related to additional eligible rental or mortgage expenses, for up to 20 months, provided the household is at or below 120% AMI and is an active applicant within the RLHP. As of June 30, 2023, the program has assisted 48 total active RLHP20 homeowners with temporary housing assistance while their homes are being repaired or reconstructed, with \$239,308.42 in assistance paid to date. Of these, 45 applicants were temporarily housed in a hotel; 3 applicants were housed directly to a rental unit. The obligated total funding for the total 130 approved IHA participants is \$660,169.18. (218 total Applicants)

Narrative: The Middle-Market Loan Program (MMLP) will provide gap financing to support the rehab and/or construction of multi-family buildings in impacted parishes that serve a range of household incomes, with the goal of achieving below-market rent affordability for LMI households.

That range of "middle-market" rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families and encourages socioeconomic integration into communities.

Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects but will also positively influence design and building standards for Louisiana's affordable housing industry. \$3,900 in expenditures this quarter were for Activity Delivery.

-----------------	------------------	------------------	------------------	------------------	-----------------	-----------------

Narrative: The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments.

PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program's policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents.

With the additional proposed resources from PRIME, the state can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters.

In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

26 Applicants have been selected and will now proceed towards closing award loans. All quarterly spending was for Activity Delivery.

Narrative: The state will administer a lending program for disaster-impacted small businesses for non- construction related expenses. The state will enter into subrecipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the state is unable to identify local community development organizations that can serve the entire impacted area, the state may issue awards directly to small businesses that meet the program criteria.

The 2020 Restore Small Business Loan program expenditures, \$35,616, are for Activity Delivery cost per a task order for Cohn Reznick. The following Lenders have been selected to administer the 2020 Restore Small Business Loan Program: New Corp, South Central Planning, New Orleans Regional Loan Corp, and North Delta Planning.

Narrative: The Restore Louisiana Homeowner Assistance survey opened on Feb. 1, 2022. The program opened applications:

- Phase 1 on May 11, 2022
- Phase 2 ? 3 on Aug. 24, 2022
- Phase 4 ? 5 on Nov. 28, 2022
- Phase 6 on Dec. 15, 2022

As of 06/30/23, 27,901 surveys have been submitted. 18,323 homeowners were determined to be Phases I ? VII. 10,980 environmental reviews were completed and 10,975 respondents have been invited to submit their application. 5,590 applications have been submitted. 3,187 grant awards have been offered to homeowners, amounting to \$257,220,853.53 . Of those, 1,618 homeowners have executed their grant agreements, obligating \$130,811,724.18.

The Solution 4 option of the Restore Louisiana Homeowner Assistance Program is a voluntary real property acquisition program. The buyout program is designed to move residents of damaged properties located in floodways or other high-risk areas out of harm's way to areas of lower risk. Awards are calculated using the fair market value of the damaged property minus any duplication of benefits. Expenditures for this quarter were for Activity Delivery Costs.

Activity Description:

The Middle-Market Loan Program will provide gap financing to support the rehab and/or construction of multi-family buildings that serve a range of household incomes, with the goal of using higher-cost units to generate deeper affordability for LMI renters.

That range of middle-market rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families, and encourages socioeconomic integration in communities.

Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects, but will also positively influence design and building standards for Louisiana's affordable housing industry.

Activity Description:

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments.

PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program's policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents.

With the additional proposed resources from PRIME, the state can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters.

In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

LMI%:

Activity Description:

The state will administer a lending program for disaster-impacted small businesses for non- construction related expenses. The state will enter into subrecipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the state is unable to identify local community development organizations that can serve the entire impacted area, the state may issue awards directly to small businesses that meet the program criteria.
